STAFF ONE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Staff One, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General and eligibility

The Plan is a multiple-employer plan maintained by Staff One, Inc. and its affiliates (the Company or Sponsor) as a defined contribution plan covering eligible employees of the Company and Adopting Employers. With the consent of the Company, an Adopting Employer or Participating Employer may adopt the Plan by executing an adoption agreement. The provisions of the Plan as applicable to the Participating Employer and its employees are based on the selections of the Participating Employer with respect to the variable features provided by the Plan Document and the adoption agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a multiple-employer plan as described in Section 413(c) of the Internal Revenue Code (IRC). The Company is a Professional Employer Organization (PEO) and provides payroll processing and human resources to its clients. Each client of the Company has the option of adopting this Plan for the benefit of its employees. A client establishes its eligibility requirement related to age and length of service for its employees in accordance with the Plan Document and IRC. An Adopting Employer may elect to waive or change the service eligibility requirement for individuals who are performing services for the Adopting Employer as of the date the Plan is adopted. However, hiring individuals after the adoption date is subject to the standard requirements, unless otherwise elected.

The Plan's Retirement Committee is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Each year, participants may contribute up to 50 percent of their pre-tax annual compensation, as defined by the Plan, up to the maximum allowable under the Internal Revenue Code (IRC). Participants may also roll over amounts representing distributions from other qualified defined-benefit or contribution plans. For the years ended December 31, 2017 and 2016, individual participants' contributions were limited to \$18,000. Participants who are age 50 and older may also contribute an additional \$6,000 for each of the years ended December 31, 2017 and 2016.

Participants may change their contribution percentages at any time or may elect to completely suspend contributions at any time. A Participating Employer may also make a discretionary profit-sharing contribution and a discretionary matching contribution at an amount determined in accordance with the formula specified in the adoption agreement, if so elected in the adoption agreement. A Participating Employer may also elect to make safe harbor contributions intended to meet the requirements of Section 401(k)(12) of the IRC, if so elected in the adoption agreement. If a Participating Employer has elected to make a safe harbor contribution, the Participating Employer shall provide each participant with written notice of the participant's rights and obligations under the Plan. Participating Employer contributions, if any, are recorded in the year for which the contributions apply. Aggregate Participating Employer contributions applicable to the years ended December 31, 2017 and 2016 amounted to \$1,158,999 and \$1,402,538, respectively. Participating Employer contributions are invested in funds in accordance with the participant's direction and the Plan's provisions.

Note 1 – Description of Plan, Continued

Participant accounts

Each participant account is credited with the participant's contribution and the Company's or the Participating Employer's safe harbor matching and discretionary contributions, as well as allocations of Plan earnings or losses. Allocations of fund earnings or losses are based on the participants' account balances as of the end of each quarter. All participant contributions are participant-directed and may be invested in one fund or allocated among different funds. Participants may change the allocation of contributions among funds pursuant to Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Allocation and vesting of benefits

Participants are immediately vested in their voluntary contributions and the Company's or Participating Employer's safe harbor contributions plus actual earnings thereon. The Company or the Participating Employer discretionary contributions made on behalf of a participant, and earnings thereon, vest in accordance with the schedule specified in the corresponding Participating Employer's adoption agreement. Participating Employers may also elect to make safe harbor contributions with automatic enrollment.

Forfeitures

Forfeitures are used to reduce Participating Employers' elective contributions and/or used to pay Plan administration expenses. Forfeitures are allocated to participants' accounts in the same manner as Participating Employers' matching contributions. At December 31, 2017 and 2016, the net assets available for benefits included unallocated forfeitures of \$13,418 and \$6,305, respectively.

Payment of benefits

On termination of service due to death, disability, retirement, or other reasons, or qualifying under certain "hardship" rules, as prescribed by the IRS, a participant may receive distributions from the Plan equal to the value of the participant's vested interest in his or her account. Distributions may be in the form of a lump-sum payment, installment payments, or a rollover into another qualified plan. Additionally, participants reaching 59½ years of age may receive in-service distributions from the Plan.

Participant notes receivable

Participants may borrow from their fund accounts a minimum of \$1,000 and up to the lesser of 50% of the value of the participant's vested interest in his or her account or \$50,000. Loan originations and repayments are treated as transfers between investment funds and the participant's loan fund. Loan terms may not exceed five years, except in the case of loans for the purchase of a primary residence. The loans are secured by the balance in a participant's account and bear interest, ranging from 4.25% - 5.25% as of December 31, 2017. Principal and interest are collected ratably through monthly payroll deductions.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets.

Plan administration

The Plan is administered by the Company pursuant to the terms and conditions of the Plan and trust. Under the terms of the Plan, by action of the Board of Directors of the Company, the Company may designate one or more of its employees to perform the duties of the Plan Administrator. Lincoln National Life Insurance Company (Lincoln or the Custodian) is the Custodian and record-keeper. Pinnacle Financial Services, Inc. is the Plan's third party administrator.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts which are at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Unit values

Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the accounts, but have an interest therein represented by units valued daily. The accounts earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan Document.

Administrative expenses

Administrative expenses for the years ended December 31, 2017 and 2016 were \$329,911 and \$287,967, respectively.

STAFF ONE, INC. 401(k) PLAN

Note 2 – Summary of Significant Accounting Policies, Continued

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the high level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Concentration of credit risk

Financial instruments which potentially subject the Plan to concentrations of credit risk consist of the Plan's debt securities included in investment vehicles. Management believes that the Custodian maintains the Plan's investments with high credit-quality institutions and attempts to limit the credit exposure of any particular investment.

Payment of benefits

The Plan records benefits when paid.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan subsequently refunded the excess contributions to the applicable participants.

Note 3 – Information Certified by the Plan's Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Lincoln National Life Insurance Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2017 and 2016;
- Net investment activity and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016;
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2017.

STAFF ONE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 3 – Investments Certified by the Plan’s Custodian, Continued

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2017 and 2016. During the years ended December 31, 2017 and 2016, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts - Valued at NAV based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs, but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

Guaranteed investment contracts - Valued at NAV based on contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Note 4 – Fair Value Measurements, Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

Fair Value Measurements as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts and total in the fair value hierarchy	\$ -	\$ 19,563,296	\$ -	\$ 19,593,296

Investments, at fair value	<u>\$ -</u>	<u>\$ 19,593,296</u>	<u>\$ -</u>	<u>\$ 21,783,858</u>

Fair Value Measurements as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts and total in the fair value hierarchy	\$ -	\$ 23,213,157	\$ -	\$ 23,213,157

Investments, at fair value	<u>\$ -</u>	<u>\$ 23,213,157</u>	<u>\$ -</u>	<u>\$ 26,312,443</u>

* In accordance with subtopic 820-10, certain investments that were measured at contract value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present the reconciliation of the fair value hierarchy to line items presented in the statements of net assets available for benefits.

Note 5 – Fair Value of Investments in Entities that use Contract Value

The following table summarizes investments measured at fair value based on contract value as of December 31, 2017 and 2016:

	2017	2016
Managed Principal Protection Portfolio	\$ -	\$ 2,512,384
Guaranteed Stable Value Account	<u>2,205,652</u>	<u>586,902</u>
Total Guaranteed Funds	<u>\$ 2,220,562</u>	<u>\$ 3,099,286</u>

The guaranteed funds can be redeemed daily. The Plan has no unfunded commitments at December 31, 2017.

Note 6 – Party-In-Interest Transactions

The Plan's investments include shares of pooled separate accounts and guaranteed funds that are administered by Lincoln National Life Insurance Company. Therefore, transactions in these investments qualify as party-in-interest transactions. Lincoln is the issuer of the guaranteed investment contracts.

STAFF ONE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 – Plan Transfers

In the normal course of business, the Company adds Adopting Employers, and assets from the individual qualified plans that the added Adopting Employers previously sponsored are transferred into the Plan, when administratively feasible to do so. Likewise, as Adopting Employers leave the Company and adopt different qualified plans, assets attributable to these outgoing Adopting Employers are transferred out of the Plan.

Note 9 – Tax Status

On December 15, 2009, the IRS stated that the volume submitter profit sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 10 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2017 through October 12, 2018, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
