GOFUNDME 401(K) PLAN

Notes to Financial Statements

December 31, 2017

Note 1 - Description of Plan:

The following description of the GoFundMe 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by GoFundMe, Inc. (the "Company" or "Plan Sponsor") on January 1, 2015, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan provides benefits for all eligible employees of the Company.

The Company is the Plan administrator and retains the services of third parties to assist in the administration of the Plan. Through December 31, 2017, the Plan's record keeper and third party administrator was Vanguard Group, Inc. ("Vanguard"), and the Plan's trustee was Ascensus Trust Company ("Ascensus").

Eligibility - All employees of the Company are eligible to participate in the Plan if they are at least eighteen years of age. Participants may begin deferring a portion of their compensation into the Plan on the first day of each month of the Plan year.

Participant contributions - Each year, participants may elect to contribute up to 100% of their eligible compensation to the Plan, up to the maximum allowed under section 401(k) of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make "catch up" contributions, subject to statutory limits. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the allocation of their contributions to various investment options offered by the Plan. Deferrals consist of pre-tax 401(k) contributions.

Employer contributions - The Company may at its sole discretion make an employer matching contribution. For the year ended December 31, 2017 the matching contribution was 100% of employee deferrals up to 6% of compensation with an annual cap of $3,000. For the Plan year ended December 31, 2017, the Company made matching contributions of approximately $581,000.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's matching contributions, and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account at the date immediately preceding the commencement of processing the distribution.

Note 1 - Description of Plan (continued):

Investment options - The Plan provides for investments to be directed by participants into a number of investment options held by the trustee. Some Plan investments are units of funds managed by the trustee, therefore, these investments and most investment transactions are party-in-interest transactions. Earnings of each investment fund are allocated to participants' accounts in proportion to each participant's share of that fund.

Vesting - Participants are immediately vested in their contributions, including rollovers of funds from other qualified retirement plans and earnings thereon. Participants are immediately vested in the Company's matching and profit sharing contributions.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested account balances invested in mutual funds and the money market funds. The loans bear interest at the prime rate at the time of the loan. Loan terms may not extend beyond five years except for loans used for a purchase of a primary residence, which may be repaid over a longer period. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, or termination of employment. In-service distributions of a participant's vested account balance are permitted providing the participant has attained age 59 ½. Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. The Plan allows for automatic lump sum distributions of participant vested account balances that do not exceed $5,000.

Administrative expenses - Substantially all administrative expenses of the Plan are paid by the Company. Separate fees for loan processing and certain investments as specified in the service agreement, are charged to individual participant's accounts.

Note 2 - Significant accounting policies:

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted ("GAAP") in the United States of America. Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition - The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The money market funds are valued at cost plus accrued interest, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements - The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Net appreciation in fair value of investments - The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investments companies and other investments are recorded in the accompanying financial statements as net appreciation in fair value of investments.

Subsequent events - The Plan has evaluated subsequent events through the date that the financial statements were available to be issued which is the date of the independent auditors' report.

Note 3 - Fair value:

The Plan performs fair value measurement in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Note 3 - Fair value (continued):

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis were all deemed to be level 1, by the Plan administrator, and consisted of the following types of investments as of December 31, 2017 and 2016.

	2017	2016
	(Audited)	(Compiled)
Mutual funds	$ 4,539,413	$ 1,426,029
Money market fund	89,817	46,086
Total investments measured at fair value	$ 4,629,230	$ 1,472,115

Note 4 - Investments:

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Ascensus, the trustee of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's trustee as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017 and 2016.

- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017.

- Investment income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year presented.

- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017.

Note 5 - Party-in-interest transactions:

At December 31, 2017 and 2016, the Plan held investments of approximately $4,629,000 (audited) and $1,472,000 (compiled), respectively, in mutual funds and money market funds managed by Vanguard. Vanguard is the recordkeeper as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer matching account balances.

Note 7 - Income tax status:

The prototype plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Subsequent to receiving this determination letter, the prototype plan was amended. The Plan administrator believes that the amended prototype plan, as adopted by the Company, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

Note 9 - Reconciliation of financial statements to Schedule H of Form 5500:

The following is a reconciliation of net assets per the financial statements to the Schedule H of the Form 5500 at December 31, 2017 and 2016:
