Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 1, 2018, the Plan was merged into the newly created DexYP Savings Plan, at which time, net assets totaling \$502,189,405 were transferred to the DexYP Savings Plan. On December 29, 2017, the last business day of the plan year, investments in the Plan totaling \$457,470,099 were sold; however, the sales did not settle and the cash proceeds were not transferred to the DexYP Savings Plan until subsequent to December 31, 2017. Therefore, the Plan recorded a "Due from broker for securities sold" in the amount of \$457,470,099 as of December 31, 2017. The in-kind transfer of investments to the DexYP Savings Plan totaling \$34,968,116 was also initiated on December 29, 2017, along with an in-kind transfer of Notes receivable from participants in the amount of \$8,807,525. These assets were not received by the DexYP Savings Plan until subsequent to December 31, 2017. Therefore, the Plan recorded an "Assets in transit for in-kind transfers" in the amount of \$43,775,641 as of December 31, 2017.

The Plan is a defined contribution plan covering substantially all eligible non-bargained for employees of the Company and collectively bargained for employees, if coverage is provided for in the collective bargaining agreement. Leased employees, non-resident aliens and independent contractors are not eligible for participation in the Plan.

Trustee and Administration of the Plan: The plan administrator is Dex Media's Employee Benefits and Asset Management Committee ("EBAMC"), which was appointed by the Compensation and Benefits Committee of Dex Media's Board of Directors. The EBAMC has the authority to select, retain, monitor and discharge recordkeepers and is responsible for administering the Plan, including day to day functions, benefit payments, and claims, and for effectuating amendments. The EBAMC has authority to remove and/or instruct the trustee, establish and maintain a funding and investment policy and select and monitor funds.

Great West Trust Company LLC ("Great West") was the trustee as of December 31, 2017 and 2016 and for the year ended December 31, 2017. Great-West Financial Services, LLC provided recordkeeping services and other administrative services for the Plan.

Eligibility: The Plan provides eligible employees of the Company with a convenient way to save for retirement. Eligible employees enrolled in the Plan may make tax-deferred, Roth or after-tax contributions to the Plan and are eligible to receive employer-matching contributions as soon as administratively practicable following the date of hire. A participant's active participation in the Plan shall terminate when the individual ceases to be an eligible employee. However, the individual shall remain a participant until his or her entire account balance under the Plan has been distributed or forfeited.

Contributions: Participants may elect to contribute from 1% up to 75%, in whole percent increments, of their eligible compensation, as defined by the Plan document and as limited by the Internal Revenue Code ("IRC"). Participant contributions may be on a pre-tax, Roth, or after-tax basis. Participant pre-tax and Roth contributions are limited to \$18,000 by the IRC in 2017.

NOTE 1 - PLAN DESCRIPTION (Continued)

Each active participant who becomes eligible to participate in the Plan and who does not make an affirmative election either to contribute or not contribute to the Plan or to make elective deferrals at a specified level, shall be deemed to have elected to contribute 3% of their compensation on a pre-tax basis during their first year in the Plan. This election will increase by 1% annually until the participant is contributing 10% or changes their deferral rate.

Catch-up contributions may also be made by participants if they are age 50 or older and certain other criteria are met. The 2017 IRC limit for catch-up contributions was \$6,000. Catch-up contributions are eligible for matching contributions by the Company, subject to Plan limits.

Employer-matching contributions are credited to a participant's account in accordance with the participant's current contribution investment selections. The Plan provides a safe harbor matching contribution to all eligible management employees and certain eligible non-management employees covered by collective bargaining agreements. This match allows the Plan to automatically satisfy certain nondiscrimination tests required by Section 401(k) and 401(m). Prior to January 1, 2017, the Plan provided a regular matching contribution to all other eligible non-management employees that did not receive the safe harbor matching contribution. The Plan's safe harbor matching contribution is 100% of the first 3% and 50% of the next 3% of the participant's contributions for each pay period. There is also an annual true-up contribution to ensure that participants receive the full safe harbor contribution for the plan year, as further described in the Plan document.

Additionally, the Company may make a discretionary, performance-based contribution to management employees participating in the Plan in an amount of up to 50% of the participant's matched contributions for the plan year. The Company did not make a discretionary contribution in 2017.

Participants may also contribute amounts representing rollovers from other qualified defined benefit or defined contribution plans.

The participant and employer contributions for the plan year are subject to certain limitations imposed by the IRC and the Plan's terms.

Participant Accounts: Each participant's account is credited with the participant's contributions (pre-tax, Roth, after-tax and catch-up), rollover contributions, the employer contributions, an allocation of earnings and losses on investments, and is charged with the participant's withdrawals and distributions and related expenses on a daily basis. The investment earnings or losses are allocated to each participant's account pro-rata by investment fund. Each participant is entitled to the benefit that can be provided from the participant's vested account.

Investment Options: Participants may direct their contributions into various collective trusts or mutual funds offered by the Plan and can change their investment options on a daily basis, subject to the restrictions and procedures as are established by the recordkeeper and the fund prospectus. Under the self-directed brokerage window, participants may purchase any mutual fund offered by Chase Investment Services Corporation.

NOTE 1 - PLAN DESCRIPTION (Continued)

Notes Receivable from Participants: Participants may borrow up to the lesser of \$50,000 or one-half of their vested account balance, less the highest outstanding loan balance within the past 12 months. Participants may not have more than two note receivables outstanding at any time. The minimum note receivable amount is \$1,000. The minimum note receivable term is 6 months and the maximum note receivable term is 57 months unless the proceeds are used to acquire a participant's principal residence, in which case the maximum term is 117 months. A participant's note receivable shall become due and payable if such participant fails to make a principal and/or interest payment as provided in the note receivable agreement, subject to a grace period.

The note receivable is secured by the balance in the participant's account. The interest rate is determined by adding 2% to the prime rate of interest as published in *The Wall Street Journal* as of the last day of the month preceding the note receivable and is fixed for the term of the note receivable. Principal and interest is paid ratably through payroll deductions.

Expenses: Account maintenance fees, audit expenses, and investment advisory fees are paid from plan assets. The Company pays for all other expenses incurred in connection with the administration of the Plan. Investment management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

Vesting: A participant is immediately fully vested in that portion of their account attributable to the employee's pre-tax, Roth, after-tax and catch-up contributions, and rollover contributions. Employees are fully vested in all employer matching and safe harbor contributions upon two years of service and are fully vested in all discretionary, performance based contribution upon completion of three years of service.

For purposes of vesting, years of credited service are computed as the total time period (regardless of actual service hours) commencing with the employee's first date of employment and ending on the date the employee's break in service begins. Participants also become fully vested in their accounts upon reaching normal retirement age (65), death or disability. There are certain other special events which can cause immediate vesting as further described in the Plan document.

Under the Plan's vesting provisions, all active employees shall be 100% vested in the Company-Matching Contributions and Income thereon as of July 29, 2016, the date of the Change in Control as defined by the Dex Media, Inc. Savings Plan provisions. Effective January 1, 2017 the Change in Control vesting provisions were eliminated for employees hired on or after January 1, 2017, for any future change in control event.

Forfeitures: The amount of any non-vested forfeiture attributed to a participant's break in service as specified by the Plan document may be used to restore the participant's forfeited employer contribution, fund employer contributions, or pay expenses. During the year ended December 31, 2017, \$394,068 of forfeitures were used to fund employer matching contributions. As of December 31, 2017 and 2016, forfeited non-vested accounts were \$0 and \$224,436, respectively.

NOTE 1 - PLAN DESCRIPTION (Continued)

Payment of Benefits: Upon termination of service, death, disability, or attainment of normal retirement age (65), a participant may elect to receive a lump sum distribution payment equal to the vested value of the participant's account or transfer these amounts to another qualified retirement plan or individual retirement account ("IRA"), unless a participant elects to receive annual, semiannual, quarterly or monthly cash installments in equal amounts to be paid out for a period of 2 to 20 years, as selected by the participant. Terminated participants who do not elect a distribution type and have an account balance of less than \$1,000 must take an immediate lump sum distribution. If the amount is more than \$1,000 but less than \$5,000, their account balance will be rolled over into an IRA. Participants may also take voluntary in-service withdrawals and hardship withdrawals if certain criteria are met and subject to certain limitations as outlined in the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates: The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States (U.S. GAAP), which require management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition: The investments held are reported at fair value. The fair value is based on the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of investments are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded when earned. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Participant contributions and the related Company matching contributions are recorded in the period payroll deductions are made.

Payments of Benefits: Benefits are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit loss, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balance.

Excess Contributions: Refunds of excess participant deferral contributions may be required to satisfy the relevant nondiscrimination provisions of the Plan. Such refunds are accrued as a liability and reduction in contributions in the Plan year in which the excess deferrals were made to the Plan.

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Great West, was the trustee of the Plan as of December 31, 2017 and 2016 and for the year ended December 31, 2017. As indicated in Note 1, Great West held investment assets and executed transactions therein from January 1, 2017 through the liquidation of investments on December 29, 2017 and as of December 31, 2016. Substantially all information pertaining to the Plan's investments, and notes receivables from participants included in the financial statements as of December 31, 2016, including the associated investment loss and interest earned on notes receivable from participants for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Great West. This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* ("ASC 820") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted market prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

Mutual funds: The shares of mutual funds are valued at quoted market prices in an exchange and active market, which represents the net asset values ("NAV") of shares, held by the Plan at year end and are classified as Level 1 investments.

DEX MEDIA, INC. SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Collective trusts: The fair value of the Plan's interest in collective trusts is based on the NAV reported by the fund manager as of the financial statement date and recent transaction prices. The collective trusts provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. Under unusual circumstances, redemptions may be suspended should the withdrawal cause a material adverse impact on other participating plans. The Plan is permitted to redeem investment units at NAV on the measurement date.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds that are valued at quoted market prices in an exchange and active market, which represents the net asset values ("NAV") of shares, held by the Plan at year end and are classified as Level 1 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Management believes the Plan's valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the level within the fair value hierarchy of the Plan's investments measured at fair value on a recurring basis as of December 31, 2016:

	Fair Value Measurements at December 31, 2016 Using			Total
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Mutual funds	\$ 179,864,500	\$ -	\$ -	\$ 179,864,500
Brokerage accounts	4,196,185	-	-	4,196,185
Collective trusts*	-	-	-	301,989,161
Total	<u>\$ 184,060,685</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 486,049,846</u>

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated September 22, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). While the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is currently being operated in accordance with the applicable provisions of the IRC. Therefore, no provisions for income taxes has been included in the Plan's financial statements.

NOTE 5 - INCOME TAX STATUS (Continued)

In accordance with GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Fees paid by the Plan for account maintenance fees, audit expenses, and investment advisory fees for the year ended December 31, 2017 were \$546,872. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Notes receivable from participants also reflect party-in-interest transactions.

Transactions noted above qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

NOTE 7 - RISKS AND UNCERTAINTIES

Investments held by the Plan consisted of mutual funds and collective trusts. Investments are exposed to various risks such as interest rate, market and credit risks. Additionally, the value, liquidity and related income of the investments are sensitive to changes in economic conditions. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the fair value of such investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and each participant's account.

NOTE 8 - COMMITMENTS AND CONTINGENCIES

On December 10, 2009, plaintiff, a former employee with a history of litigation against the Company, individually and on behalf of others allegedly similarly situated filed a putative class action against certain of the Company's current and former officers, directors and members of the Company Employee Benefits Committee. The complaint seeks to recover alleged losses to the various savings plans that were allegedly caused by the breach of fiduciary duties in violation of ERISA by the defendants in administering the plans from November 17, 2006 to March 31, 2009. The complaint alleges that the defendants wrongfully allowed all the plans to invest in Idearc common stock, that the defendants made material misrepresentations regarding the Company's financial performance and condition, that the defendants had divided loyalties, that the defendants mismanaged the plan assets, and that certain defendants breached their duty to monitor and inform the committee members of required disclosures. The plaintiffs seek unspecified compensatory damages and reimbursement for litigation expenses. A class was not certified.

NOTE 8 - COMMITMENTS AND CONTINGENCIES (Continued)

On April 1, 2010, another plaintiff filed a virtually identical case against the named defendants. After a consolidation motion, the plaintiffs filed a consolidated complaint on April 23, 2010, with the identical allegations. The Company defendants filed a motion to dismiss the complaint on June 22, 2010. On March 16, 2011, the Court granted the Company defendants motion dismissing the case entirely. The plaintiffs re-pleaded the complaint and the Company defendants filed another motion to dismiss the amended complaint. On March 15, 2012, the court granted the Company defendants' second motion dismissing the case with prejudice. On July 9, 2013, the 5th U.S. Circuit Court of Appeals issued a decision affirming the dismissal of the trial court.

On July 23, 2013, the plaintiffs filed a petition for rehearing en banc with the 5th U.S. Circuit Court of Appeals which was denied. The plaintiffs filed a Petition for Writ of Certiorari with the United States Supreme Court. After the Supreme Court's decision in Fifth Third Bancorp v. Dudenhoeffer, the court granted plaintiffs' writ vacated the 5th Circuit opinion and remanded the case to the 5th Circuit to rule in conformity with the Fifth Third opinion. Subsequently, the case was remanded to the trial court. On February 17, 2015, the plaintiffs filed an amended complaint and on February 26, 2016 the Court granted the defendants motion to dismiss the amended complaint and also granted leave to file an amended complaint. On April 8, 2016 the defendants' moved to dismiss the amended complaint, which the court granted with prejudice on October 4, 2016. On November 2, 2016, plaintiffs filed a notice of appeal, and they filed their opening brief on February 13, 2017. On April 14, 2017, defendants filed a brief in support of affirming the district court's judgement, and the parties' briefing concluded on April 28, 2017. Oral arguments were held on December 4, 2017. On June 27, 2018, the 5th U.S. Circuit Court of Appeals issued an opinion affirming the district court's dismissal of the plaintiffs' action. The plaintiffs failed to appeal to the Supreme Court by the deadline of September 25, 2018 therefore the case is closed and no longer a potential commitment to the Company.
