Notes to financial statements

December 31, 2017 and 2016

A - DESCRIPTION OF THE PLAN

The Charles Machine Works, Inc. (the "Company") sponsors The Charles Machine Works, Inc. 401(k) Plan (the "Plan") for the benefit of its employees, along with the employees of its subsidiaries, American Augers, Inc. ("AA"), MTI Equipment ("MTI"), Radius HDD Direct, LLC ("Radius"), Earth Tool Company ("ETC") and Subsite LLC. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering employees of the Company, AA, MTI, Radius, ETC and Subsite, who have completed one-quarter year of service and who have attained age 18. Nonresident aliens who receive no earned income from the Company within the United States of America, leased employees and employees of any affiliates or subsidiaries (not previously listed) of the Company are not eligible to participate in the Plan. Employees may begin participating in the Plan on the first day of the month after the employee meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

2. Contributions

Employees can make elective and voluntary pre-tax contributions, with a maximum contribution percentage of 60% of eligible compensation, as defined in the Plan agreement, not to exceed the maximum amount allowable under the Internal Revenue Code ("IRC"). Employees are also allowed to make rollover contributions to the Plan. Under provisions of the Plan agreement, the Company may make profit sharing contributions, qualified matching contributions or qualified nonelective contributions to the Plan at the Company's discretion. Discretionary profit sharing contributions are allocated to participants based on the ratio that each participant's compensation bears to the total compensation of all participants during the Plan year. Qualified matching contributions and qualified nonelective contributions are determined each year by the Company. The Company made a qualified nonelective contribution of \$3,257,884 paid in 2017 relating to the 2016 Plan year. The Company made a qualified nonelective contribution of \$2,389,923 paid in 2018 relating to the 2017 Plan year. The Plan had \$2,566,390 of rollover contributions during 2017.

3. Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of Company contributions and an allocation of the Plan's earnings and losses. Plan earnings and losses are allocated to the participants' accounts based on the ratio of each participant's account in each investment fund to the total of all participants' accounts in each investment fund. Contributions are invested under the direction of the participant. The Plan allows participants to alter their elections between funds daily.

4. Vesting

Participants are immediately vested in their own contributions and any Company contributions plus or minus any earnings or losses thereon.

5. Notes Receivable from Participants

Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in their participant's account. A participant may have only one loan outstanding at any time. Loans bear interest at Wall Street Journal Prime plus 1%. Loans must be repaid within a maximum of five years. At December 31, 2017 and 2016, all loans bore interest of 4.25% - 5.50%. Principal and interest are paid ratably through payroll deductions, which are made at least monthly.

The Charles Machine Works, Inc. 401(k) Plan

Notes to financial statements - continued

December 31, 2017 and 2016

6. Payment of Benefits

Participants are eligible to receive the balance of their accounts upon death, retirement, termination of employment or total and permanent disability. Upon termination of service, if the participant's account balance exceeds \$1,000, a participant may elect a lump-sum distribution, partial payments or installment payments over a specified period of time, not exceeding life expectancy. Only lump-sum distributions are available for vested account balances less than \$1,000. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. In-service withdrawals from a participant's account are allowed once a participant reaches age 59½.

7. Hardship Withdrawals

The Plan provides for participant withdrawals in the event of financial hardship. Hardship withdrawals are approved upon meeting the Internal Revenue Service's ("IRS") requirements for a hardship withdrawal.

8. Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company. During the 2017 year, the Company paid approximately \$6,000 in administrative expenses related to the Plan. The Company does not seek reimbursement from the Plan for the payment of these administrative expenses.

9. Plan Amendment

Effective January 1, 2016, the Plan was amended to change the enrollment process for new participants. Under the amended plan rules, employees are automatically enrolled in the Plan once they meet eligibility requirements, and will contribute a default rate of 1% of eligible compensation, unless the employee elects to contribute a different rate, or elects not to participate in the Plan. Effective July 2017, the Plan was amended to change the default rate of contribution upon automatic enrollment from 1% to 3%.

B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements are prepared under the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are stated at fair value based on quoted market prices. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

The Plan provides for investments in various investment securities, which in general, are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Charles Machine Works, Inc. 401(k) Plan

Notes to financial statements - continued

December 31, 2017 and 2016

4. Payment of Benefits

Benefits are recorded when paid.

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

C - INFORMATION CERTIFIED BY THE PLAN'S ASSET CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Massachusetts Mutual Life Insurance Company ("Mass Mutual" or the "Recordkeeper"), as agent for Reliance Trust Company ("Reliance"), the asset custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2017 and 2016
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2017
- Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2017
- Schedule H, Line 4j - schedule of reportable transactions for the year ended December 31, 2017

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

D - FAIR VALUE MEASUREMENTS

The Plan follows the provision of the FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*. ASC 820 defines fair value, establishes a framework for measuring fair value and expands disclosure requirements about items measured at fair value.

ASC 820 establishes a fair value hierarchy that distinguishes between assumptions based on market data (observable inputs) and the Plan's assumptions (unobservable inputs). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level one measurements) and the lowest priority to unobservable inputs (level three measurements). The three broad levels of fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and

The Charles Machine Works, Inc. 401(k) Plan

Notes to financial statements - continued

December 31, 2017 and 2016

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liabilities have a specified (contractual) term, the level two input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following methods and assumptions were used in estimating fair value:

Money market funds: Investments in securities backed by the full faith and credit of the U.S. Government managed to maintain a constant \$1.00 share price where cost equals fair value.

Mutual funds: Valued at the NAV of shares held by the Plan at year-end. The NAV is based on quoted market prices.

The preceding methods may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by the three levels as established by ASC 820, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2017				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 44,198,943	\$ -	\$ -	\$ 44,198,943
Investments in the fair value hierarchy	\$ 44,198,943	\$ -	\$ -	\$ 44,198,943
Common/collective funds at NAV (a)				79,333,307
Total investments at fair value				\$ 123,532,250

2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 100,669,495	\$ -	\$ -	\$ 100,669,495
Money market fund	126	-	-	126
Investments at fair value	\$ 100,669,621	\$ -	\$ -	\$ 100,669,621

- (a) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of net assets available for benefits.

E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is a relevant measure for fully benefit-responsive investment contracts as this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Investments at contract value were valued at \$5,355,477 and \$5,995,505 for the years ended December 31, 2017 and December 31, 2016, respectively.

The investment contract held by the Plan is a group annuity contract. The objective of the fund is to provide a stated rate of return that insulates the account from daily market fluctuations.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code 66.
- Premature termination of the contracts
- Plan termination or merger
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events might allow an issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

F - TAX STATUS

The Plan received favorable opinion letters from the IRS dated March 31, 2008. The Plan has been amended since receiving the 2008 opinion letter. However, the Plan administrator and the Plan's tax counsel believe the Plan is currently designed in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company may amend or terminate the Plan at any time subject to the provisions of ERISA. If the Plan is terminated, the Plan assets will be distributed to the participants in accordance with the Plan agreement.

H - RELATED PARTY TRANSACTIONS

Certain Plan investments are common/collective funds managed by MassMutual, the Plan's trustee. These transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.

I - NONEXEMPT TRANSACTIONS

During 2017 there were unintentional delays by the Plan Sponsor in submitting employee contributions in the aggregate amount of \$28,266 to the trustee. The Plan Sponsor will reimburse the Plan for lost interest in 2018.

J - SUBSEQUENT EVENTS

The Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. The Plan has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued with no events identified requiring additional disclosure in the accompanying financial statements.
