Employees of the Company who are not covered by a collective bargaining agreement, and are not independent contractors, leased employees, or nonresident alien employees, who are age 21 or older are eligible to participate in the Plan. Eligible classes of full-time employees may participate in the Plan immediately after completing 60 days of service and eligible classes of part-time employees may participate in the Plan immediately after completing twelve months of service, during which the employee is credited with at least 1,000 hours of service.

In addition, full-time and part-time employees may be eligible to receive an employer matching contribution, should such a contribution be made by the Company for the given year. Participants must be credited with 1,000 hours of service during a Plan year and be employed by the Company on the last day of the Plan year to share in the employer matching contribution for that year, however, these provisions will be waived if the participant is on an authorized leave of absence, becomes disabled, dies or reaches early or normal retirement age during the Plan year.

UNICOM GLOBAL, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
For the year ended December 31, 2017

NOTE 1: DESCRIPTION OF PLAN (Continued)

Contributions:

Participants may contribute from 1% to 80% of their pay as pre-tax or Roth contributions, up to the maximum allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan allows for the Company to make discretionary employer matching contributions. For the year ended December 31, 2017, the Company elected to make $398,627 in discretionary employer matching contributions, which are net of $42,962 of forfeitures used to reduce the Company's contribution, and is equal to 20% of each participant's deferral amount, up to 6% of eligible compensation.

Participant accounts:

Each participant's account is credited with the participant's contribution, the Company's matching contribution, an allocation of the Company's discretionary contribution, if any, and Plan earnings, and charged with allocations of administrative expenses and investment advisory fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service or after attaining the age of 65, whichever occurs first. Any employee who transferred employment to the Company or became an employee of the Company in connection with the Company's acquisition of the operating assets or stock of an acquired company is credited with any prior service with such acquired company for purposes of the employee's eligibility and vesting. Participants who become totally disabled or die before normal retirement age become fully vested in their accrued benefits.

Payment of benefits:

On termination of service due to retirement, death, disability, or other reasons, a participant with an account balance that exceeds $5,000 may elect to 1) receive a lump-sum distribution, 2) transfer the vested balance to a qualified plan, or 3) leave the vested balance in the Plan. If a participant's account balance does not exceed $5,000, and an election to receive a distribution from the Plan in either a lump sum or direct rollover into a qualified plan is not made at the time of termination, the participant will automatically receive a direct rollover to an individual retirement plan designated by the plan administrator. At any time, a participant may withdraw from the Plan the portion of their account attributable to any rollover and/or Roth rollover contributions made to the Plan. The Plan also provides for in-service distributions for participants after attaining age requirements or other requirements as defined in the Plan agreement.

(Continued)

NOTE 1: DESCRIPTION OF PLAN (Continued)

Hardship withdrawals:

A participant may be permitted to withdraw a portion or all of the balance of their account that is attributable to the participant's deferred compensation (without earnings) for the reasons specified by and to the extent permitted under regulations issued by the Internal Revenue Service. Participants may not contribute to the Plan for six months following a hardship withdrawal.

Forfeited accounts:

Forfeited non-vested accounts will first be used to pay expenses of the Plan and then to reduce the Company's contributions, if any. During the year ended December 31, 2017, no forfeitures were used to pay expenses of the Plan and forfeitures amounting to $49,082 were used to reduce the Company's 2016 discretionary employer matching contributions to the Plan that was deposited into the Plan in March 2017. Forfeitures amounted to $42,724 for the year ended December 31, 2017 and forfeited non-vested accounts amounted to $43,131 and $49,653 as of December 31, 2017 and 2016, respectively.

Notes receivable from participants:

Notes receivable from participants are not permitted under the Plan, however, any participant who had one or more outstanding loans under the U.S. Robotics Corporation 401(k) Plan, the Network Engines, Inc. 401(k) Plan, or the GTSI Employees' 401(k) Investment Plan as of the date these plans were merged into the Plan, is allowed to continue repayment on such notes under the terms applicable to such notes on the date immediately preceding the merger. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.0% per annum as of and for the year ended December 31, 2017. Principal and interest are paid ratably through regular payroll deductions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(Continued)

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment valuation and income recognition:

Investments, as certified by John Hancock Trust Company LLC (the "Trustee"), are reported at fair value, except for the benefit-responsive guaranteed investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the Trustee and the Plan's investment advisor. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded as reported by the Trustee. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments purchased and sold, as well as, held during the year. Differences between the fair value of investments at the beginning of the year, or cost if acquired subsequently, and fair values at the end of the year are recorded as appreciation or depreciation in fair value of investments.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the borrowing participant's account and are included in administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and included in administrative expenses. Investment related expenses other than investment advisory fees are included in net appreciation of fair value of investments.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan assets are held by the Trustee pursuant to the Trust Agreement which provides that all funds received by the Trustee shall be held, administered, invested, and distributed by the Trustee, and that no part of the corpus or income shall be used for, or directed to, purposes other than for the exclusive benefit of participants or their beneficiaries.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee.

	2017	2016
Investments	$ 66,245,667	$ 54,960,570
Investment income:		
Dividends and interest	$ 1,283,496	
Net realized and unrealized appreciation in fair value of investments	$ 8,492,344	

NOTE 4: GUARANTEED INVESTMENT CONTRACT

The Plan has entered into a benefit-responsive guaranteed investment contract, the New York Life Insurance Company Guaranteed Interest Account, which is made available through a group annuity contract issued through the Trustee, who maintains the contributions in a general account. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than one percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

(Continued)

NOTE 4: GUARANTEED INVESTMENT CONTRACT (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE 5: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

All of the Plan's investments at fair value were in level one at December 31, 2017 and 2016. Under level one, inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(Continued)

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

Investments in mutual funds are valued at the closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. There have been no changes in the methodologies used at December 31, 2017 and 2016.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6: RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of a guaranteed investment contract managed by an affiliate of the Trustee. Therefore, transactions in this investment qualify as party-in-interest transactions. The current value of the guaranteed investment contract managed by the affiliate of the Trustee amounted to $1,779,060 and $1,375,417 as of December 31, 2017 and 2016, respectively.

Fees paid by the Plan for administrative services provided by the Trustee for the year ended December 31, 2017 amounted to $132,798.

The Plan contracts with an investment advisor and fees paid by the Plan for investment advisory services qualify as party-in-interest transactions. Fees incurred by the Plan for investment advisory services for the year ended December 31, 2017 amounted to $87,702.

NOTE 7: TAX STATUS

The Internal Revenue Service (“IRS”) has determined and informed the Company by a letter dated January 18, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”).

Accounting principles generally accepted in the United States of America require the Plan’s management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There are no uncertain tax positions as of December 31, 2017 and 2016. The Plan is subject to routine audits by the IRS and/or Department of Labor. There are currently no audits for any tax periods in progress.

UNICOM GLOBAL, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
For the year ended December 31, 2017

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in a number of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

Some of the Plan's assets are invested in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

NOTE 10: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 9, 2018, the date which the financial statements were available to be issued. There were no subsequent events noted that would require adjustment to or disclosure in these financial statements.

UNICOM GLOBAL, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
For the year ended December 31, 2017

NOTE 1: DESCRIPTION OF PLAN

The Unicom Global, Inc. 401(k) Plan (the "Plan") is a defined contribution plan sponsored by Unicom Systems, Inc. The following description of the Plan provides only general plan information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is being administered by an administrative committee that is appointed by the board of directors of Unicom Systems, Inc. and has the general authority and responsibility to control the operation and administration of the Plan. The Plan covers eligible employees of Unicom Systems, Inc. and eligible employees of Unicom Systems, Inc.'s wholly-owned subsidiaries (collectively referred to as the "Company") as follows:

-UNICOM Government Inc.
-UNICOM Engineering Inc.
-U.S. Robotics Corporation

Eligibility:

Employees of the Company who are not covered by a collective bargaining agreement, and are not independent contractors, leased employees, or nonresident alien employees, who are age 21 or older are eligible to participate in the Plan. Eligible classes of full-time employees may participate in the Plan immediately after completing 60 days of service and eligible classes of part-time employees may participate in the Plan immediately after completing twelve months of service, during which the employee is credited with at least 1,000 hours of service.

In addition, full-time and part-time employees may be eligible to receive an employer matching contribution, should such a contribution be made by the Company for the given year. Participants must be credited with 1,000 hours of service during a Plan year and be employed by the Company on the last day of the Plan year to share in the employer matching contribution for that year, however, these provisions will be waived if the participant is on an authorized leave of absence, becomes disabled, dies or reaches early or normal retirement age during the Plan year.

UNICOM GLOBAL, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
For the year ended December 31, 2017

NOTE 1: DESCRIPTION OF PLAN (Continued)

Contributions:

Participants may contribute from 1% to 80% of their pay as pre-tax or Roth contributions, up to the maximum allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan allows for the Company to make discretionary employer matching contributions. For the year ended December 31, 2017, the Company elected to make $398,627 in discretionary employer matching contributions, which are net of $42,962 of forfeitures used to reduce the Company's contribution, and is equal to 20% of each participant's deferral amount, up to 6% of eligible compensation.

Participant accounts:

Each participant's account is credited with the participant's contribution, the Company's matching contribution, an allocation of the Company's discretionary contribution, if any, and Plan earnings, and charged with allocations of administrative expenses and investment advisory fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service or after attaining the age of 65, whichever occurs first. Any employee who transferred employment to the Company or became an employee of the Company in connection with the Company's acquisition of the operating assets or stock of an acquired company is credited with any prior service with such acquired company for purposes of the employee's eligibility and vesting. Participants who become totally disabled or die before normal retirement age become fully vested in their accrued benefits.

Payment of benefits:

On termination of service due to retirement, death, disability, or other reasons, a participant with an account balance that exceeds $5,000 may elect to 1) receive a lump-sum distribution, 2) transfer the vested balance to a qualified plan, or 3) leave the vested balance in the Plan. If a participant's account balance does not exceed $5,000, and an election to receive a distribution from the Plan in either a lump sum or direct rollover into a qualified plan is not made at the time of termination, the participant will automatically receive a direct rollover to an individual retirement plan designated by the plan administrator. At any time, a participant may withdraw from the Plan the portion of their account attributable to any rollover and/or Roth rollover contributions made to the Plan. The Plan also provides for in-service distributions for participants after attaining age requirements or other requirements as defined in the Plan agreement.

(Continued)

NOTE 1: DESCRIPTION OF PLAN (Continued)

Hardship withdrawals:

A participant may be permitted to withdraw a portion or all of the balance of their account that is attributable to the participant's deferred compensation (without earnings) for the reasons specified by and to the extent permitted under regulations issued by the Internal Revenue Service. Participants may not contribute to the Plan for six months following a hardship withdrawal.

Forfeited accounts:

Forfeited non-vested accounts will first be used to pay expenses of the Plan and then to reduce the Company's contributions, if any. During the year ended December 31, 2017, no forfeitures were used to pay expenses of the Plan and forfeitures amounting to $49,082 were used to reduce the Company's 2016 discretionary employer matching contributions to the Plan that was deposited into the Plan in March 2017. Forfeitures amounted to $42,724 for the year ended December 31, 2017 and forfeited non-vested accounts amounted to $43,131 and $49,653 as of December 31, 2017 and 2016, respectively.

Notes receivable from participants:

Notes receivable from participants are not permitted under the Plan, however, any participant who had one or more outstanding loans under the U.S. Robotics Corporation 401(k) Plan, the Network Engines, Inc. 401(k) Plan, or the GTSI Employees' 401(k) Investment Plan as of the date these plans were merged into the Plan, is allowed to continue repayment on such notes under the terms applicable to such notes on the date immediately preceding the merger. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.0% per annum as of and for the year ended December 31, 2017. Principal and interest are paid ratably through regular payroll deductions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(Continued)

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment valuation and income recognition:

Investments, as certified by John Hancock Trust Company LLC (the "Trustee"), are reported at fair value, except for the benefit-responsive guaranteed investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the Trustee and the Plan's investment advisor. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded as reported by the Trustee. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments purchased and sold, as well as, held during the year. Differences between the fair value of investments at the beginning of the year, or cost if acquired subsequently, and fair values at the end of the year are recorded as appreciation or depreciation in fair value of investments.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the borrowing participant's account and are included in administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and included in administrative expenses. Investment related expenses other than investment advisory fees are included in net appreciation of fair value of investments.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan assets are held by the Trustee pursuant to the Trust Agreement which provides that all funds received by the Trustee shall be held, administered, invested, and distributed by the Trustee, and that no part of the corpus or income shall be used for, or directed to, purposes other than for the exclusive benefit of participants or their beneficiaries.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee.

	2017	2016
Investments	$ 66,245,667	$ 54,960,570
Investment income:		
Dividends and interest	$ 1,283,496	
Net realized and unrealized appreciation in fair value of investments	$ 8,492,344	

NOTE 4: GUARANTEED INVESTMENT CONTRACT

The Plan has entered into a benefit-responsive guaranteed investment contract, the New York Life Insurance Company Guaranteed Interest Account, which is made available through a group annuity contract issued through the Trustee, who maintains the contributions in a general account. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than one percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 4: GUARANTEED INVESTMENT CONTRACT (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE 5: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

All of the Plan's investments at fair value were in level one at December 31, 2017 and 2016. Under level one, inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

Investments in mutual funds are valued at the closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. There have been no changes in the methodologies used at December 31, 2017 and 2016.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6: RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of a guaranteed investment contract managed by an affiliate of the Trustee. Therefore, transactions in this investment qualify as party-in-interest transactions. The current value of the guaranteed investment contract managed by the affiliate of the Trustee amounted to $1,779,060 and $1,375,417 as of December 31, 2017 and 2016, respectively.

Fees paid by the Plan for administrative services provided by the Trustee for the year ended December 31, 2017 amounted to $132,798.

The Plan contracts with an investment advisor and fees paid by the Plan for investment advisory services qualify as party-in-interest transactions. Fees incurred by the Plan for investment advisory services for the year ended December 31, 2017 amounted to $87,702.

NOTE 7: TAX STATUS

The Internal Revenue Service (“IRS”) has determined and informed the Company by a letter dated January 18, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”).

Accounting principles generally accepted in the United States of America require the Plan’s management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There are no uncertain tax positions as of December 31, 2017 and 2016. The Plan is subject to routine audits by the IRS and/or Department of Labor. There are currently no audits for any tax periods in progress.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in a number of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

Some of the Plan's assets are invested in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

NOTE 10: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 9, 2018, the date which the financial statements were available to be issued. There were no subsequent events noted that would require adjustment to or disclosure in these financial statements.
