(the "Employer"). Advanced Systems Research, Inc. ceased operations in 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

The following comments provide only general information about the Plan which was restated effective January 1, 2015. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Eligibility - Effective July 1, 2015, employees are eligible after completing one hour of service and having attained the age of twenty-one years. Prior to July 1, 2015, employees were eligible after completing one year of service (minimum of 1,000 hours) and having attained the age of twenty-one years.

Contributions - Effective July 1, 2015, participants may contribute 100% of pre-tax annual compensation, subject to statutory limitations under the Internal Revenue Code, as defined in the Plan. Prior to July 1, 2015, participants could contribute up to a maximum of 12% of pretax annual compensation, as defined in the Plan. Additionally, participants may make catch-up contributions in amounts pursuant to the Internal Revenue Code. A participant's total contribution in any plan year may not exceed the maximum amounts for that plan year as specified in Sections 401(k) and 415 of the Internal Revenue Code and regulations thereunder. The Employer may elect to make a matching contribution on behalf of participants who are eligible, to be determined each year by the Employer, of each participants' deferral amount. Forfeitures of terminated participants' nonvested accounts are used to reduce the Employer's matching contribution or pay Plan expenses.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and (b) plan earnings, and charged with an allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting of participants' accounts - Participants are immediately vested in their contributions plus actual earnings thereon. The provisions of the Plan provide for the normal vesting of the participants' portion of the Employer's matching contribution plus actual earnings thereon based on the following:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3 - 6	Annual increments of 20% until fully vested

Investment options - Participants in the Plan direct the investment of their account.

Payment of benefits - On termination of service due to death, disability or retirement, a participant becomes 100% vested in their employer contribution account. For termination of service prior to retirement, participants with a vested interest in their account balance of $5,000 or greater will receive the value of the vested interest in their account upon giving a written consent to the Plan Trustee. Participants with a vested interest in their account balance of less than $5,000 will receive the value of the vested interest in their account in a lump-sum payment as soon as feasible following the date of termination.

Notes receivable from participants - Participants may borrow from their accounts any amount up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. For the purpose of this limitation, all loans from all plans of the Employer are aggregated. Loan repayments must be made monthly, in level payments of principal and interest, and repaid within five years, except for loans made in connection with the purchase of a primary residence. All loans are required to bear a reasonable rate of interest and are secured by the balance of the participant's account. There is no allowance for losses at December 31, 2017 and 2016.

2. Summary of Significant Accounting Policies

Basis of accounting - The Plan prepares its financial statements on the accrual basis of accounting.

Investment valuation and income recognition - Investments in all funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. All income earned on the Plan's mutual fund investments is included in the unit value and, accordingly, is recorded as net appreciation (depreciation) in fair value of mutual funds, which includes the Plan's gains and losses on mutual fund investments bought and sold as well as held during the year.

Payment of benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Notes receivable from participants - Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are reported as investments on Form 5500. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Subsequent events - The Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2018, the date the financial statements were available to be issued.

3. Termination of the Plan

The Plan is intended to be permanent, but may be terminated by the Board of Directors of the Employer. In the event that the Employer terminates the Plan, all participants' account balances at the time of the Plan's termination become fully vested.

4. Fair Value Measurements

FASB ASC 820, Fair Value Measurement, establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment. Level 1 investments of the Plan consist of registered investment companies (mutual funds) which are valued at the net asset value (NAV) of shares held by the Plan at year end where NAV is publicly available.

Level 2 - Valuations based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement that reflect the assumptions that market participants would use. Level 3 investments of

the Plan consisted of a guaranteed investment contract, that was disposed of during 2017, which was valued by discounting the related cash flows at current rates for similar instruments with comparable durations.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with those investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Investments at Fair Value at December 31, 2017

5. Investments

Voya Institutional Trust Company, the trustee of the Plan, has certified to the accuracy and completeness of investments and related income as recorded in the accompanying financial statements and supplemental schedule.

The following is a summary of the financial data certified by the trustee as of December 31, 2017 and 2016 and for the year ended December 31, 2017:

	2017	2016
Investments at fair value	$31,869,779	$28,032,039
Interest income	$ 95,746	
Net appreciation in fair value of mutual funds	3,064,244	

At December 31, 2017, the Plan has an investment in the Wilmington Trust Collective Investment Trust III for MetLife Group Annuity Contract No. 25554 (the "Trust"). The Trust was formed for the purpose of investing all assets under the Trust in a guaranteed separate account contract, the MetLife Group Annuity Contract No. 25554 (the "Contract") issued by MetLife to Wilmington Trust, N.A. to establish a stable value fund. MetLife guarantees the contract value of the Trust's investment which represents contributions, plus interest, less participant-initiated withdrawals or transfers. MetLife provides a fixed interest rate which applies to the contract that is reset every quarter with consideration of various factors, including the market value of the underlying investments, the anticipated market yields-to-maturity of benchmark indices of

underlying investments, expected payments into and out of the Contract, amortization of the difference, if any, between the market value of the underlying investments and the guaranteed value of the Contract, and the fees allowed under the contract. The Trust invests in a fully benefit-responsive investment contract with MetLife. Under the contract, deposits by the Trust are invested by MetLife in separate accounts. The investments held in the separate accounts are owned by MetLife. The Plan's investment in the Trust is not an investment in a fully benefit-responsive investment contract and is therefore measured and reported at fair value. The net asset value reported by the Trust is used by the Plan as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. If the Plan initiates a full redemption of its investment in the Trust, the issuer reserves the right to require 60 days notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments as of December 31, 2017.

At December 31, 2016, the Plan had an investment contract (the Voya Fixed Account) with Voya Retirement Insurance and Annuity Company ("Voya"). The account was credited with earnings and charged for participant withdrawals and administrative expenses. The contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

At December 31, 2016, the Plan determined that the Voya Fixed Account was not fully benefit-responsive because the Plan expected to terminate the agreement in 2017. Investment contracts that do not meet the definition of a fully benefit-responsive investment contract are presented at fair value. There are no unfunded commitments as of December 31, 2016. Under the terms of the contract, the Employer must provide a minimum of 90 days notice to Voya prior to redemption of the contract. During February 2017, the Plan liquidated its investment in the Voya Fixed Account. Participants in the account were allocated a market value adjustment increase (above the contract value) of approximately $381,000.

The Plan is not permitted to make partial surrenders under the agreement. However, the Plan may surrender the contract at any time for its full contract value subject to a market value adjustment, as defined.

6. Tax Status

The Internal Revenue Service has determined in its letter dated March 31, 2014 that the Plan as designed was in compliance with the applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of ERISA and the Internal Revenue Code and therefore fulfills the criteria for exemption from

federal and state income tax. The Plan was amended since receiving the determination letter.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken by the Plan that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. During the year ended December 31, 2017 the Plan was under audit by the Internal Revenue Service for the years ended December 31, 2016 and 2015. The audits were concluded and the returns were accepted as filed. There are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for 2015, 2016 and years prior to 2014.

7. Party-in-Interest Transactions

Certain services are rendered to the Plan by the Employer at no cost and during the year ended December 31, 2017, the Employer paid certain administrative expenses of the Plan. The Voya Fixed Account (liquidated during 2017) and certain of the Plan's investments that are mutual funds are managed by affiliates of the Plan's trustee. Administrative fees of $38,911 were paid by the Plan to the Plan's trustee. Additionally, record keeping fees for the Plan are paid to the trustee directly from mutual fund companies whose investments are included in the Plan.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Prohibited Transaction

During 2017, the employer failed to withhold 401(k) deferrals on certain compensation (i.e. payouts on PTO and sick pay adjustments) as required by the Plan document. The Plan sponsor utilized the IRS Self-Correction Program. The Plan sponsor engaged an ERISA specialist and made a contribution, totaling $562, of the amounts that were not withheld plus the earnings on that amount through the date the

correction is deposited based on the performance of such participant's account along with the related matching contribution.

During 2016 and 2015, the Employer failed to withhold 401(k) deferrals on certain compensation (i.e. bonus and cash awards), as required by the Plan document. The plan sponsor utilized the IRS Self-Correction Program. The plan sponsor engaged an ERISA specialist and made a contribution of the amounts that were not withheld plus the earnings on that amount through the date the correction was deposited based on the performance of such participant's account along with the related matching contribution. The amount of the aforementioned contribution was $12,482 and was recorded by the Plan as an employer contribution receivable at December 31, 2016 and paid into the Plan during 2017.

10. Subsequent Event

Effective August 8, 2018, the Plan changed its trustee to Reliance Trust Company and its recordkeeper to J.P. Morgan Invest Holdings LLC.
