NOTE 1 DESCRIPTION OF PLAN

The following description of the Frank, Rimerman & Co. LLP 401(k) & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was established by Frank, Rimerman & Co. LLP (the Company), originally effective June 1, 2003. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective November 1, 2017. The Plan excludes leased employees, interns, nonresident aliens and employees covered by a collective bargaining agreement. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan sponsor and Plan administrator. The Plan trustees are Larry Gentry, Candace Vaughn, and Brian Kreischer. Charles Schwab Bank is the Plan custodian.

Eligibility

Employees who have attained the age of 21 are eligible to participate in the salary deferral portion of the Plan on the first of each month following satisfaction of age requirement.

Company employees who have reached the age of 21 become eligible to participate in the Company discretionary profit sharing contribution portion of the Plan on the first day of the month following satisfaction of age requirement. Each eligible employee receives a discretionary profit sharing contribution regardless of whether he or she has made a salary deferral contribution.

Company employees are eligible to participate in the Company discretionary matching contribution portion of the Plan only if they have met the eligibility to make salary deferrals (are at least 21 years of age) and actually contribute to the plan. Participants are eligible to participate in matching contributions on the first day of the month after meeting the eligibility requirements.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, and their contributions invested in the designated default fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

The Company may make discretionary matching contributions. The amount of each matching contribution for a participant shall be based upon a formula periodically established by the Company, including the participant's elective salary deferral contributions and compensation for the year, for participants meeting the requirements as set forth in the Plan. The Company made matching contributions of $1,113,537 and $936,970 for the years ended December 31, 2017 and 2016, respectively.

An additional discretionary profit sharing contribution may be made by the Company for each Plan year. The Company has established allocation groups to allow flexibility in the amount and manner of allocation of the discretionary profit-sharing contribution to the participant within IRC guidelines. Each Plan year, the Company decides how much, if any, to contribute to eligible participants within each group. Allocation of the discretionary profit-sharing contribution to an eligible participant is based on the ratio of the participant's compensation to all other eligible participants within that allocation group. Total discretionary profit sharing contributions for the Plan totaled $-0- for both the years ended December 31, 2017 and 2016.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, an allocation of the Company's profit sharing contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Discretionary Company matching and profit sharing contributions vest over six years on a graded schedule of 20% after two years and 20% after each of years three through six for participants terminated prior to January 1, 2016. Participants employed as of January 1, 2016 who had attained three years of vesting service became 100% vested in profit sharing contributions and any future discretionary matching contributions on January 1, 2016. Participants who were employed as of January 1, 2016 who had attained 20% vesting, but had not yet completed three years of vesting service remained 20% vested in the company profit sharing contributions and future discretionary Company matching contributions until they attained three years of vesting service. Participants hired after January 1, 2016 are on a cliff-vesting schedule and vest 100% in discretionary Company matching and profit sharing contributions after three years of vesting service. A year of vesting service is defined as any calendar year in which a participant works 1,000 hours or more. If employment is terminated due to death, permanent disability, or attainment of normal retirement age, employer contributions become 100% vested.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow the lesser of $50,000 or one-half the vested balance in their account, reduced by the highest outstanding note balance in the account during the prior 12-month period. Notes bear a reasonable rate of interest and are secured by the account balance of the participant. Notes become due and payable in full in the event of the participant's termination of employment, death, disability, or retirement, as defined by the Plan.

Benefit Payments

Upon termination of service, death, disability, or retirement, a participant may elect to receive the value of the vested interest in their account in the form of a lump-sum distribution or in installments. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions, subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed $5,000, the Plan administrator may authorize that the benefit payment be rolled into an individual retirement account in the participant's name, without the participant's consent.

Forfeited Accounts

Forfeited nonvested accounts are first used to reduce administrative expenses and then are used to reduce future Company contributions. Forfeited nonvested accounts totaled $21,740 and $17,275 as of December 31, 2017 and 2016, respectively. There were $42,457 and $7,500 of forfeitures used to pay administrative expenses for the years ended December 31, 2017 and 2016, respectively. There were no forfeitures used to reduce Company contributions for the years ended December 31, 2017 and 2016.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in the mutual funds, including money market funds, are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Purchases and sales of investments are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan, which are not reflected in the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2018, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Charles Schwab Bank, the custodian of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016, and the supplemental schedule of assets (held at end of year) as of December 31, 2017.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2017 and 2016.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2017 and 2016.

Mutual Funds: Investments in the money market mutual funds (or mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2017			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 55,789	$ -	$ -	$ 55,789
Mutual Funds	39,439,101	-	-	39,439,101
Total Investments at Fair Value	$ 39,494,890	$ -	$ -	$ 39,494,890

	2016			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 838,025	$ -	$ -	$ 838,025
Mutual Funds	29,994,379	-	-	29,994,379
Total Investments at Fair Value	$ 30,832,404	$ -	$ -	$ 30,832,404

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their account balances.

NOTE 7 PLAN TAX STATUS

The Plan is a prototype 401(k) profit-sharing plan. The Plan is placing reliance on an opinion letter dated March 31, 2014, received from the Internal Revenue Service (IRS) on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC and is, therefore, not subject to tax under current income tax law.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in a Charles Schwab Bank money market fund. As Charles Schwab Bank serves as custodian of the Plan, purchases and sales of this money market fund qualify as party-in-interest. There were no fees paid by the Plan to Charles Schwab Bank for the years ended December 31, 2017 and 2016.

Notes receivable transactions with participants also qualify as party-in-interest transactions.

The above transactions are exempt from the prohibited transactions rules under ERISA.
