NOTES TO THE FINANCIAL STATEMENTS

December 31, 2017 and 2016

Note A - Description of Plan

The following description of the LBC Holdings, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan established in 1998 by LBC Holdings, Inc. (the Company) to provide benefits to eligible employees, as defined in the Plan document as those who have completed twelve months of service and are age 21 or older. The Plan is subject to the provisions of ERISA.

Administration. Under the terms of the Plan, a group of designated officers of the Company act as the trustee. The Company has appointed an Administrative Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with Hicks Pension Services to act as the third-party administrator. Substantially all expenses of maintaining the Plan are paid by the Company.

Contributions. Participants may elect to have the Company contribute up to 100% of eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified dined benefit or defined contribution plans. Participants direct the investments of their contributions into various investment options offered by the plan. The plan currently offers various mutual funds as investment options for participants.

Annually the Company is allowed to make discretionary matching contributions. The Company elected to make 25% matching contribution for the year ended December 31, 2017. The Plan also allows for a discretionary profit sharing contribution. In 2017 and 2016, the Company has not made a discretionary profit sharing contribution. A participant must be employed on the last day of the Plan year to be eligible for the discretionary profit sharing contribution.

Participant Accounts. Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. Allocation of the Company's discretionary profit sharing contribution is based on employee eligible compensation, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their salary deferral, rollover contributions and related earnings. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after four years of credited service, receiving 25 percent annually after one year of service.

Notes Receivable from Participants. Participants may borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the participant's vested balance. The loans are secured by the balance in the participants account. Outstanding loans as of December 31, 2017 bear interest at rates with a range of 4.25 to 5.25 percent, which are commensurate with local prevailing rates as determined quarterly. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits. On termination of service due to death, disability, or retirement, the participants or beneficiaries may elect to leave their account balance in the Plan, receive the benefits in a lump sum amount equal to the value of the participant's vested interest in their account or in the form of a life annuity. The Plan allows for the automatic lump sum distribution of participant vested account balances that do not exceed $5,000.

Forfeitures. As of December 31, 2017 and 2016 the balance of the forfeited non-vested account totaled $3,198 and $1,627, respectively. These accounts will be used to deduct future employer contributions or offset administrative expenses. During the plan year the Company did not utilize forfeitures to offset any contributions or expenses.

Note B - Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefit of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the

amount a participant normally would receive if they were to initiate a permitted transactions under the terms of the Plan

Use of Estimates. The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note I for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the modified cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when received. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit loss has been recorded as of December 31, 2017 and 2016. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of benefits. Benefits are recorded when paid.

Expenses. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and participant distributions are charged directly to the participants account as applicable. In 2017, fees were paid to Reliance Trust Company and Mass Mutual Life Insurance Company for record-keeping services. Investment related expenses are included as reductions of earnings on each investment fund and charged to participant accounts.

Subsequent Events. The plan has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued.

Note C - Related Party Transactions and Party in Interest Transactions

Certain Plan investments are managed by Mass Mutual. Mass Mutual is the custodian and recordkeeper for the Plan, and therefore, these transactions qualify as party in interest transactions.
Mass Mutual provides certain administrative services to the Plan pursuant to a Service Agreement between the Company and Mass Mutual. Mass Mutual receives revenue from mutual fund service providers for services Mass Mutual provides to the funds. This revenue is to offset recordkeeping and other service fees that would otherwise be owed to Mass Mutual.

If the revenue received by Mass Mutual from such mutual fund service providers exceeds the amount payable by Mass Mutual becomes part of Mass Mutual's revenue.

Note D – Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness an accuracy of all investments reflected on the accompanying statement of net assets available for benefit as of December 31, 2017 and the related investment activity reflected in the statement of changes in assets available for benefits for the year ended December 31, 2017 and 2016.

Note E - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and resolution of its Board of Directors. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note F - Tax Status

The Internal Revenue Service has determined and informed that the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan as taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note G- Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at the least reasonably possible that changes in market values, interest rates or other factors will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statement of net assets available for benefits.

Note H - Fair Value Measurements

That framework provides a fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan can access at the measurement date.
Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,330,615	-	-	$ 3,330,615
Total assets at fair value	$ 3,330,615	$ -	$ -	$ 3,330,615

Assets at Fair Value as of December 31, 2016

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,805,310	-	-	$ 2,805,310
Total assets at fair value	$ 2,805,310	$ -	$ -	$ 2,805,310

Transfer between Levels:

For years ended December 31, 2017 and 2016, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.
