INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Athens Services 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Athens Services 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8,which was certified by Transamerica Financial Life Insurance Company, the custodian of the plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2017 and 2016 and for the year ended December 31, 2017, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1: Description of Plan

The following description of the Athens Services 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, including amendments, for a more complete description of the Plan's provisions.

General

The Athens Services 401(k) Profit Sharing Plan (the Plan) is a defined contribution pension plan covering all employees of Arakelian Enterprises, Inc., dba Athens Services (the "Company"), who have met certain requirements as to length of service, who are not members of a collective bargaining unit and whose job classification is not defined as a sorter. The plan assets at December 31, 2017, were held by Transamerica Financial Life Insurance Company (Transamerica). Certain shareholders of the Company act as Trustees to the Plan and all investment decisions are fully directed by the participants. The Plan's contract administrator is Qualified Benefits Incorporated, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

.

Contributions

Each year, participants may contribute (by Payroll deduction) up to 100% of their pretax annual compensation as defined in the Plan with a maximum of $18,000, plus an additional $6,000 if over 50 years of age. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make discretionary contributions to the Plan each year. The amounts of such contributions, if any, are determined annually by the Board of Directors of the Company. The Plan has the option, each year, of electing to be treated as a "Safe Harbor Plan" under the Internal Revenue Code and Regulations. Such election must be made by December 1 of the Plan year and all eligible participants notified regarding such election, by the same date. For the year ended December 31, 2017, the Employer made discretionary profit sharing contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participants' qualified payroll as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The Plan provides for vesting at the rate of 20% per year commencing two years after completion of the year in which an employee becomes employed by the Company and works 1,000 hours or more for two consecutive years. A participant will be fully vested after six years of service. Each participant will also become fully vested upon termination of the Plan, or upon retirement at or after normal retirement date, or discontinuance of employment due to death or permanent disability. For any given year that the Plan elects a "Safe Harbor" Contribution, that contribution vests 100% immediately for all recipients of the contribution. Also, all participants' elective deferred contributions are fully vested upon date of contribution.

Note 1: Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate, and the term of the loan is five years or less (20 years if the purpose was to purchase a principal residence). Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other separation, a participant receives a lump sum amount equal to the value of the participant's vested interest in his or her account, or if they have attained the age of 70 ½ years, they may receive annual installments over their expected life. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Investment Options

Plan contributions are invested under a Group Annuity Contract issued by Transamerica and are allocated to the various investment funds at the direction of the participant. Investment options may be changed daily by the participant.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled $35,548 and $54,214 respectively. These accounts will be used to reduce future employer contributions or to offset certain administrative expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Stable Value Fund is fully benefit-responsive and is reported at contract value. Contract value represents the accumulated contributions plus accrued net earnings, less distributions.

Note 2: Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017, or 2016. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Expenses

Certain expenses incurred of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 2, 2018, the date the financial statements were available to be issued.

Note 3: Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the terms of the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts and will receive distributions of their share of Plan net assets.

Note 5: Employer Contributions

Contributions presented in the financial statements are based upon the accrual basis. The Company has declared a contribution of $1,482,997 for the 2017 year, which has been funded in 2018. The Company declared a contribution of $1,337,954 for the 2016 year, that was funded in 2017. The balances of the contributions are reflected in the statements of net assets available for benefits as an employer contribution receivable.

Note 6: Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive investment contract with Transamerica, who maintains the contributions in the Stable Value Option account. The account is credited with earnings based on interest rates set monthly and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Transamerica. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As described in Note 2, because the Stable Value Fund investment is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Transamerica Group Annuity Contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average crediting interest rates for the year ended December 31, 2017 was 0.70%.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Note 7: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (Contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled separate accounts: These investments are public investment securities valued using the Net Asset Value ("NAV") as a practical expedient provided by the investment custodian. The NAV is quoted on a private market that is not active, however, the unit price is based on the underlying investments. A majority of the investments held by each fund are traded on an active market.

The pooled separate accounts with fair values totaled $38,823,642 and $32,173,474 at December 31, 2017 and 2016, respectively. These investments were measured at NAV per share (or its equivalent) as a practical expedient and have not been classified by level in the fair value hierarchy.

Note 7: Fair Value Measurements (Continued)

At December 31, 2017 and 2016, all Plan investments reported on net asset value ("NAV") as a practical expedient have no unfunded commitments, other redemption restrictions or redemption notice period. The redemption frequency on all investments reported on NAV is two transactions per month. The strategy of these investments is to mimic the related mutual fund. See the attached supplemental schedule for the fair value of each investment reported on NAV.

Note 8: Information Prepared and Certified by Custodian

The Plan administrator obtained a certification from the Plan custodian, Transamerica Financial Life Insurance Company, that the following Plan information furnished by them and included in the financial statements is complete and accurate.

Investments as of December 31, 2017 and 2016. The investment for the fully benefit-responsive contract is certified at contract value.

Investments transactions, investment income and related transactions for the year ended December 31, 2017.

Note 9: Related-Party and Party In Interest Transactions

Certain Plan investments are managed by Transamerica, the custodian and record keeper of the Plan. These transactions qualify as party in interest transactions. Fees for the investment management services paid during the year amounted to $23,152.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near team and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Athens Services 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Athens Services 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8,which was certified by Transamerica Financial Life Insurance Company, the custodian of the plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2017 and 2016 and for the year ended December 31, 2017, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1: Description of Plan

The following description of the Athens Services 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, including amendments, for a more complete description of the Plan's provisions.

General

The Athens Services 401(k) Profit Sharing Plan (the Plan) is a defined contribution pension plan covering all employees of Arakelian Enterprises, Inc., dba Athens Services (the "Company"), who have met certain requirements as to length of service, who are not members of a collective bargaining unit and whose job classification is not defined as a sorter. The plan assets at December 31, 2017, were held by Transamerica Financial Life Insurance Company (Transamerica). Certain shareholders of the Company act as Trustees to the Plan and all investment decisions are fully directed by the participants. The Plan's contract administrator is Qualified Benefits Incorporated, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

.

Contributions

Each year, participants may contribute (by Payroll deduction) up to 100% of their pretax annual compensation as defined in the Plan with a maximum of $18,000, plus an additional $6,000 if over 50 years of age. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make discretionary contributions to the Plan each year. The amounts of such contributions, if any, are determined annually by the Board of Directors of the Company. The Plan has the option, each year, of electing to be treated as a "Safe Harbor Plan" under the Internal Revenue Code and Regulations. Such election must be made by December 1 of the Plan year and all eligible participants notified regarding such election, by the same date. For the year ended December 31, 2017, the Employer made discretionary profit sharing contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participants' qualified payroll as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The Plan provides for vesting at the rate of 20% per year commencing two years after completion of the year in which an employee becomes employed by the Company and works 1,000 hours or more for two consecutive years. A participant will be fully vested after six years of service. Each participant will also become fully vested upon termination of the Plan, or upon retirement at or after normal retirement date, or discontinuance of employment due to death or permanent disability. For any given year that the Plan elects a "Safe Harbor" Contribution, that contribution vests 100% immediately for all recipients of the contribution. Also, all participants' elective deferred contributions are fully vested upon date of contribution.

Note 1: Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate, and the term of the loan is five years or less (20 years if the purpose was to purchase a principal residence). Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other separation, a participant receives a lump sum amount equal to the value of the participant's vested interest in his or her account, or if they have attained the age of 70 ½ years, they may receive annual installments over their expected life. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Investment Options

Plan contributions are invested under a Group Annuity Contract issued by Transamerica and are allocated to the various investment funds at the direction of the participant. Investment options may be changed daily by the participant.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled $35,548 and $54,214 respectively. These accounts will be used to reduce future employer contributions or to offset certain administrative expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Stable Value Fund is fully benefit-responsive and is reported at contract value. Contract value represents the accumulated contributions plus accrued net earnings, less distributions.

Note 2: Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017, or 2016. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Expenses

Certain expenses incurred of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 2, 2018, the date the financial statements were available to be issued.

Note 3: Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the terms of the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts and will receive distributions of their share of Plan net assets.

Note 5: Employer Contributions

Contributions presented in the financial statements are based upon the accrual basis. The Company has declared a contribution of $1,482,997 for the 2017 year, which has been funded in 2018. The Company declared a contribution of $1,337,954 for the 2016 year, that was funded in 2017. The balances of the contributions are reflected in the statements of net assets available for benefits as an employer contribution receivable.

Note 6: Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive investment contract with Transamerica, who maintains the contributions in the Stable Value Option account. The account is credited with earnings based on interest rates set monthly and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Transamerica. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As described in Note 2, because the Stable Value Fund investment is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Transamerica Group Annuity Contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average crediting interest rates for the year ended December 31, 2017 was 0.70%.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Note 7: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (Contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled separate accounts: These investments are public investment securities valued using the Net Asset Value ("NAV") as a practical expedient provided by the investment custodian. The NAV is quoted on a private market that is not active, however, the unit price is based on the underlying investments. A majority of the investments held by each fund are traded on an active market.

The pooled separate accounts with fair values totaled $38,823,642 and $32,173,474 at December 31, 2017 and 2016, respectively. These investments were measured at NAV per share (or its equivalent) as a practical expedient and have not been classified by level in the fair value hierarchy.

Note 7: Fair Value Measurements (Continued)

At December 31, 2017 and 2016, all Plan investments reported on net asset value ("NAV") as a practical expedient have no unfunded commitments, other redemption restrictions or redemption notice period. The redemption frequency on all investments reported on NAV is two transactions per month. The strategy of these investments is to mimic the related mutual fund. See the attached supplemental schedule for the fair value of each investment reported on NAV.

Note 8: Information Prepared and Certified by Custodian

The Plan administrator obtained a certification from the Plan custodian, Transamerica Financial Life Insurance Company, that the following Plan information furnished by them and included in the financial statements is complete and accurate.

Investments as of December 31, 2017 and 2016. The investment for the fully benefit-responsive contract is certified at contract value.

Investments transactions, investment income and related transactions for the year ended December 31, 2017.

Note 9: Related-Party and Party In Interest Transactions

Certain Plan investments are managed by Transamerica, the custodian and record keeper of the Plan. These transactions qualify as party in interest transactions. Fees for the investment management services paid during the year amounted to $23,152.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near team and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.
