KINDERCARE EDUCATION SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS

1. Plan Description

The following description of KinderCare Education Savings and Investment Plan (the Plan, formerly Knowledge Universe Education LLC Savings and Investment Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions. The Plan's most recent restatement is effective January 1, 2017.

General

The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of KinderCare Education LLC (the Company, formerly Knowledge Universe Education LLC), and any adopting affiliate and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company is the Plan's sponsor and serves as Plan Administrator. The Administrative Committee oversees the governance of the Plan.

Eligibility

Full and part time and substitute employees who are not a highly compensated employee as defined by the Plan for the current Plan year are eligible to participate if they are at least 21 years old, are not classified as temporary employees, and are not otherwise excluded from participation as defined by the Plan. Eligible employees may enter the Plan the first of the month following 30 days from the date hired. Temporary employees are eligible to participate if they are at least 21 years old, and may enter the Plan on the first of the month following one year of service.

Contributions

Participant contributions – Each year, participants may contribute pre-tax compensation up to the limits provided by the Internal Revenue Code (IRC). Individuals who attain age 50 by the end of the Plan year are eligible to make additional pre-tax "catch-up" contributions. Participants may also contribute amounts representing rollover distributions from other qualified retirement plans. All participant contributions shall be fully vested at all times.

Employer match contributions – For the years ended December 31, 2017 and 2016, the Company matched 40 percent of employee contributions, up to 5 percent of eligible compensation deferred to the Plan.

Contributions are subject to regulatory limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and (b) Plan earnings, and is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. Participants direct the investment of their accounts into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Plan Description, continued

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Company contributions is based on years of continuous service.

Participants vest in the Company's contributions based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	-0-%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts at a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case the loan must be repaid within a reasonable period of time not to exceed fifteen years. The loans bear interest at a reasonable rate commensurate with prevailing interest rates, as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Effective May 1, 2015, the Plan also permits loan repayments to be made by personal check.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in equal installments over an agreed upon number of years. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan provides for hardship withdrawals in the event of an immediate and heavy financial need in an amount not to exceed the lesser of the participant's elective deferrals and rollover contributions, excluding earnings, or the amount of the financial need. In the event of a hardship withdrawal, participant contributions will be automatically suspended and the participant will be ineligible to resume such contributions for six months following the date of distribution.

NOTES TO FINANCIAL STATEMENTS

1. Plan Description, continued

Forfeitures

Forfeitures are the non-vested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and are used to pay Plan administrative expenses or to reduce future Company contributions. As of December 31, 2017 and 2016, forfeited non-vested accounts available totaled \$11,299 and \$1,305, respectively. For the years ended December 31, 2017 and 2016, \$15,000 and \$20,052 of forfeitures were used to pay Plan expenses and \$296,945 and \$269,321 of forfeitures were used to reduce employer contributions, respectively.

Expense Budget Account

The Plan holds interest-bearing cash in an Expense Budget Account (EBA). The EBA is credited with an annual amount equal to 0.13 percent of participants' account balances in each of the investment options, and is accrued daily. Funds in the EBA are to be used to reimburse the Plan sponsor for Plan related expenses or to pay Plan service providers directly. For the years ended December 31, 2017 and 2016, expenses paid from the EBA account of \$154,317 and \$55,157, respectively, were used for payment of Plan administrative and investment expenses. The balance in the account was \$16,595 and \$-0- for the years ended December 31, 2017 and 2016, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's trustee and investment advisor. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income and earnings on the collective trust are recorded on the accrual basis. Net change in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

KINDERCARE EDUCATION SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus accrued interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Administrative Expenses and Fees

General Plan administrative expenses may be paid out of the forfeiture account or the EBA account. Administrative expenses may also be paid by the Company and are therefore excluded from these financial statements. Investment management, distribution, and loan transaction fees are paid directly from participant accounts. Investment related expenses are included in net change in fair value. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

KINDERCARE EDUCATION SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements, continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Registered investment companies: Quoted market prices are used to value each fund based on the net asset value (NAV) of shares held by the Plan at year-end. All mutual funds held by the Plan are open-end mutual funds that are registered with the SEC and are deemed to be actively traded and have a readily determinable fair value.

Common/collective trusts: Units held in the common/collective trusts are valued using the NAV of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. Participant transactions (purchases and sales) may occur daily at NAV. The common/collective trust funds measured at NAV have not been classified in the fair value hierarchy. See Note 4 for description of the new accounting standard concerning investments in common/collective trust funds.

Cash equivalents: Valued at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2016. As of December 31, 2017, there were no investments for which fair value is measured using the NAV per share practical expedient.

4. New Accounting Standard

In May 2015, FASB issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement* (Topic 820), *Disclosure for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The ASU impacts reporting entities that measure an investment's fair value using the net asset value per share (or an equivalent) as a practical expedient. The amendments in ASU No. 2015-07 eliminate the requirement to classify the investment within the fair value hierarchy. The new guidance is effective for reporting periods beginning after December 15, 2016. The ASU is to be applied retrospectively in all periods presented in an entity's financial statements. The adoption has been reflected in the fair value measurement note.

5. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated October 31, 2013, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been restated and amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule as complete and accurate as of and for the years ended December 31:

	<u>2017</u>	<u>2016</u>
Investments, at fair value:		
Registered investment companies	\$ 1,784	\$ 95,281,999

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing the information with the information included in the financial statements and supplemental schedule.

8. Transfer of Assets

During the year ended December 31, 2017, the Plan elected to change record-keepers, which resulted in the transfer of Plan assets from State Street Bank and Trust Company (State Street) to Great-West Life and Annuity Insurance Company (Great-West). On December 29, 2017, the Plan's assets were liquidated and transferred from State Street to Great-West, and at December 31, 2017, the Plan's assets were held in a non-interest bearing cash account. On January 3, 2018, the assets were received by Great-West and re-invested and allocated to the participants' accounts. The amounts transferred totaled \$141,332,562, which included notes receivable from participants of \$2,917,460 and assets of \$138,415,102 which have been reported as uninvested cash on the statement of net assets available for benefits at December 31, 2017.

9. Party in Interest Transactions

Plan investments include shares of registered investment company funds managed by Transamerica Retirement Solutions, the record-keeper, and Diversified Collective Trust Funds, an affiliate of Transamerica. Total fees paid by the Plan to Transamerica Retirement Solutions for the years ended December 31, 2017 and 2016, were \$408,321 and \$672,162, respectively. Through December 29, 2017, the Plan's investments were held by State Street Bank and Trust Company, the trustee of the Plan. These party in interest transactions are exempt from the prohibited transaction rules of ERISA.

10. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of full or partial Plan termination, affected participants would become 100 percent vested in their employer contributions.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the net income reported on Form 5500 for the years ended December 31:

	<u>2017</u>	<u>2016</u>
Change in net assets per the financial statements	\$ 14,076,738	\$ 10,651,237
Add: Prior year deemed distributed loans not on Form 5500	<u>-</u>	<u>23,582</u>
Net income per the Form 5500	<u>\$ 14,076,738</u>	<u>\$ 10,674,819</u>

12. Subsequent Events

The Plan was restated effective January 1, 2018, through the execution of an adoption agreement in which the Plan adopted the Great-West Trust Company Defined Contribution Prototype Plan and Trust. The trustee of the Plan as of the effective date is Great-West Trust Company, LLC.

Management evaluates events and transactions that occur after the statement of net assets available for benefits date as potential subsequent events. Management has performed this evaluation through the date of the independent auditor's report.
