Notes to Financial Statements
December 31, 2017 and 2016 (Unaudited)

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Advanced Medical Management Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for more detailed information of the Plan's provisions.

General - The Plan is a defined contribution plan. The Plan covers employees of Advanced Medical Management Inc. (the Company) who are at least 21 years of age and have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on August 18, 1989.

Contributions - Participants' contributions are made to the Plan by means of salary deferral by which the participant is entitled to defer the lesser of 90% of their compensation or a fixed amount determined annually by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified benefit plans.

The Company may voluntarily match participant contributions up to 100% of the first 1% of the employee compensation. The Company may also elect to make discretionary nonelective profit sharing contributions. For the year ended December 31, 2017, the Company made discretionary matching contributions of $62,522 and discretionary nonelective profit sharing contributions of $557,478. Participants direct the investment of all contributions to their account into various investment options offered by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contribution, the Company's matching contribution and allocation of the Company's discretionary profit sharing contribution, if any, plus Plan earnings. Allocations are based upon participant wages, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in their account.

Automatic Enrollment - Participants who fail to make any contribution election, within the time prescribed by Plan provisions, shall be deemed to have elected to contribute 1% of the participant's compensation on a pre-tax basis. Participants may elect to opt out of the automatic enrollment feature.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50% of their vested account balance up to $50,000. The loans are secured by the vested balance in the participant's account, and bear interest at rates that are commensurate with local prevailing rates, as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. The interest rates on borrowings ranged from 5.50% to 6.25% as of December 31, 2017.

Vesting - Participants are vested on their contributions plus earnings, immediately. Vesting in the Company's matching and profit sharing contributions is based on years of service. A year of vesting service is defined as any year in which a participant completes 1,000 hours in that year. The following schedule describes the vesting percentages for participants.

Years of Service	Vested Benefit Percentage
Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

Forfeitures - Amounts forfeited from terminating participants' nonvested portion of the Company's contributions and earnings on Company contributions can be used to reduce future employer contributions or pay administrative expenses. At December 31, 2017, forfeited non-vested accounts totaled $16,717. During the year ended December 31, 2017, amounts from forfeited non-vested amounts of $1,572 were used to pay administrative expenses. No forfeited amounts were used to reduce employer contributions during the year ended December 31, 2017.

Payment of Benefits - Upon reaching the Federal eligibility age of 59½ or upon termination of service, a participant may receive a lump-sum payment equal to the vested value of his or her account. Benefit claims are recorded as expenses when they have been paid by the Plan.

Investments - Each participant directs the allocation of his or her contribution, employer matching, discretionary profit sharing contributions, and rollover to one or more of 34 core investment options. Purchases and sales of securities are recorded on a trade-date basis.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The financial statements have been prepared in compliance with the Department of Labor Rules and Regulations for reporting and disclosure under ERISA.

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are measured at quoted prices in an active market and have been certified complete and accurate by the Plan's custodian (Note 4). Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses - Administrative expenses are paid by the Plan unless absorbed by the Plan sponsor and are subject to provisions of the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risk and Uncertainties - The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Recent Accounting Pronouncements - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016. Plan management adopted ASU 2015-07 for the year ended December 31, 2017 which has been reflected in Note 3 - Fair Value Measurements of the financial statements. The adoption had no impact on the statements of net assets available for benefits or the statements of changes in net assets available for benefits as of December 31, 2017.

Subsequent Events - The Plan evaluated subsequent events through October 8, 2018, the date these financial statements were issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(Note 3 continued on the following page)

ADVANCED MEDICAL MANAGEMENT INC.
RETIREMENT PLAN

Notes to Financial Statements
(Continued)
December 31, 2017 and 2016 (Unaudited)

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016 (Unaudited).

Registered investment companies (Mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Following is a description of the valuation methodologies used for assets measured at Net Asset Value (NAV) as the practical expedient to estimate fair value:

Common/collective trusts: Common/collective trusts (CCT) are valued at NAV which is based on the fair value of the underlying investments of the CCT, less any liabilities. The underlying investments of the CCT are mainly equity securities. The investment strategies of the Plan's CCT vary generally based on the investment objectives of the asset class of which they are a part. Such investment strategies include investments in equity funds in domestic markets for growth and value objectives as well as to replace market indexes. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The Plan had no unfunded commitments related to the CCT. The redemption of the CCT is subject to the preference of the individual Plan participants and contains no restrictions on the timing of redemption.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statement of Net Assets Available for Benefits as of December 31, 2017.

- Net appreciation in fair value of investments, interest and dividends reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, so that each participant receives 100% of his or her account balance as of the date of termination.

NOTE 6 - TAX STATUS

The Plan document is a defined contribution plan that received a favorable opinion letter from the Internal Revenue Service (IRS) on July 8, 2014, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designated and being operated in compliance with the applicable requirement of the IRC.

The Plan sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Internal Revenue Service; however there were no open examinations at December 31, 2017. The Plan is no longer subject to tax examinations for years prior to 2014.
