INDEPENDENT AUDITORS' REPORT

To the Plan Trustees and Plan Administrator of
Brannan Sand and Gravel Company Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Brannan Sand and Gravel Company Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Standard Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statement, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matters – Supplemental Schedule

The supplemental Schedule H Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2017, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2016 Financial Statements

The financial statements of the Plan as of December 31, 2016, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Standard Insurance Company, the custodian of the Plan. Their report, dated October 8, 2017, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Brannan Sand and Gravel Company Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution 401(k) plan covering all eligible employees of Brannan Sand and Gravel Company (the "Plan Sponsor" or "Employer"), Brannan Construction Company, and Brannan Management Company (collectively the "Company," "Companies" or "Employers"), as defined in the Plan document.

Employees who have attained the age of 21 and have met the service requirement are eligible to become members of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Act of 1974, as amended ("ERISA"). Oversight of the Plan is held by the plan administrator. The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan Sponsor's management.

CONTRIBUTIONS

Each year, participants may elect to make pre-tax contributions to the Plan, as defined in the Plan document. For any calendar year, a participant's elective deferral may not exceed the lesser of a specific amount ($18,000 in 2017) as determined by the Internal Revenue Code ("IRC"), or 100% of the participant's eligible compensation. For participants fifty years of age or older as of December 31, 2017, an additional $6,000 contribution is allowed in accordance with the IRC. Participants may also contribute amounts representing distributions from other qualified plans ("Rollovers").

The Plan provides Employers the ability to make discretionary matching contributions up to 6% of its' employees' eligible compensation. During the year ended December 31, 2017, the Employers' elected to match 50% of the first 6% of eligible compensation that an employee contributes to the Plan. The Plan also allows Employers to make discretionary non-elective contributions ("NEC") to the Plan. The Employers elected to make NECs in the amount of $200,000 for the year ended December 31, 2017. These NECs are allocated to the individual participants based on the individual's Plan contributions as a percentage of the total employee contributions to the Plan during the year ended December 31, 2017. Employer contributions are limited only to those employees of the Employers contributing to the Plan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, rollovers into the Plan, allocation of the Company's discretionary matching and NEC contributions, if any, and Plan earnings or losses. Each participant's account is reduced by any withdrawals or distributions and administrative fees paid by the Plan. Allocations are based on participant earnings (losses) or accounts balances, as defined by the Plan document. The benefit to which a participant is entitled at termination or retirement is the benefit that can be provided from the participant's vested portion of the account balance.

Participants may direct the investment of employee and employer contributions into various investment options offered by the Plan. The Plan offers a variety of mutual funds and an insurance guaranteed interest contract as investment options for participants. The plan administrator, through its investment advisor, monitors the Plan's investments and the risks associated therewith on a regular basis, which the plan administrator believes minimizes these risks.

VESTING

Participants are immediately vested in their salary deferral contributions (including rollovers) and actual earnings thereon. Vesting in the Company's discretionary matching contributions and NECs are based on years of continuous service. A plan year during which a participant works at least 1,000 hours is counted as one year of service. A participant is 100% vested after six years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Upon termination of employment, a participant's non-vested amounts are forfeited in accordance with the Plan document. Upon death, total disability or retirement, participants become 100 percent vested in their Company's discretionary matching and NEC contributions.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of (i) 50 percent of the participant's account balance or (ii) $50,000 (reduced by any loan repayments during the prior year). Loan terms shall not exceed five years unless the loan proceeds are used to acquire a principal residence, for which the term cannot exceed 10 years. The loans are secured by the balance in the participant's account and bear interest at a rate of 3.25 to 5.25 percent, which is commensurate with local, prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through monthly payroll deductions.

DISTRIBUTIONS

When a participant is entitled to a distribution of his or her account upon retirement, death, disability or other termination of employment, such distribution is made in either a lump sum or in equal cash payments over a period not to exceed the participant's life expectancy or joint life expectancies of the participant and his or her spouse.

Any participant who has participant contributions may withdraw all or a portion of such contributions in the event of extreme financial hardship, as defined by the Plan, and approved by the Plan Administrator.

FORFEITURES

Forfeitures of non-vested account balances may be used to pay the Plan's administrative expenses or to offset the Plan Sponsor's discretionary matching contributions. At December 31, 2017 and 2016, there was approximately $3,000 and $11,000 respectively, of available forfeitures. In 2017, employer contributions were reduced by approximately $36,000 and administrative fees of $3,000 were paid using forfeited nonvested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared using the modified cash basis of accounting. That basis differs from generally accepted accounting principles primarily because the Plan has not recognized receivables from participants or the Company and accounts payable to participants or administrators and their related effects on earnings. Interest income on participant loans is recognized when received. Accordingly, the financial statements are not intended to present the net assets available for benefits and the changes in net assets available for benefits of the Plan in conformity with the accounting principles generally accepted in the United States of America.

USE OF ESTIMATES

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ significantly from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for the Plan's fully benefit responsive investment contract which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and Standard Insurance Company (the "Custodian"). See Note 5 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income and dividends are recorded as received. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ADMINISTRATIVE EXPENSES

The Company pays certain professional fees related to the Plan. Personnel and facilities of the Plan Sponsor were used for certain Plan administrative functions at no charge to the Plan and are excluded from these financial statements. All other expenses incurred in the administration of the Plan are charged and paid by the Plan. Fees related to the administration of notes receivables from participants are charged directly to the participant accounts and are included in administrative expenses. Fees paid by the Plan for investment management services are included in net appreciation of fair value of investments.

SUBSEQUENT EVENTS

Subsequent to December 31, 2017, two separate amendments to the Plan were made. The first amendment is effective March 1, 2018, and allows employees to make Roth elective deferrals and allows Roth accounts to be used as a source for hardship distributions. Subsequent to year end, this had no material effect on the Plan.

The second amendment is effective July 1, 2018, and allows for employees of Ready Mixed Concrete Company, LLC, a wholly-owned subsidiary of the Plan Sponsor, to participate in the Plan. As of the issuance of this report, 166 participants have enrolled in the Plan and rolled over contributions of approximately $3,482,000 and rolled over loans of approximately $399,000 into the Plan.

The Plan has evaluated all other subsequent events for potential recognition and disclosure through October 12, 2018, the date the financial statements were available to be issued. Other than those items noted above, there were no other events identified requiring recognition or disclosure in the financial statements.

NOTE 3 - INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform auditing procedures with respect to the information certified by Standard Insurance Company ("Standard"). Accordingly, Standard, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying Statements of Net Assets Available for Benefits - Modified Cash Basis as of December 31, 2017 and 2016, the related investment activity reflected in the accompanying Statement of Changes in Net Assets Available for Benefits - Modified Cash Basis for the year ended December 31, 2017, and the information reflected in the accompanying supplemental Schedule H Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2017.

NOTE 4 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participant account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits - Modified Cash Basis, and the accompanying Statement of Changes in Net Assets Available for Benefits - Modified Cash Basis.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, are described below:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016, and no transfers

Mutual Funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as level 1 investments within the fair value hierarchy. The fair value of these mutual funds are $11,897,520 and $9,009,899 at December 31, 2017 and 2016, respectively.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 - GUARANTEED INTEREST CONTRACT

The Plan has a fully benefit-responsive guaranteed interest contract ("GIC"), Standard Insurance Company Guaranteed Interest Fund, with Standard that is also administered by Standard. The custodian maintains the contributions in a general account. The account is credited with earnings (losses) on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the GIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits. The GIC is presented on the face of the accompanying Statements of Net Assets Available for Benefits - Modified Cash Basis at contract value. Contract value, as reported to the Plan by the custodian, represents contributions made under the contract, plus earnings (losses), less participant withdrawals and administrative expenses.

NOTE 6 - GUARANTEED INTEREST CONTRACT (CONTINUED)

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. The plan administrator does not believe that any of such events which would limit the Plan's ability to transact at contract value with participants are probable of not occurring. The GIC does not permit the issuing company to terminate the agreement prior to the scheduled maturity date.

NOTE 7 - TAX STATUS

The Plan adopted a Volume Submitter Profit Sharing Plan with cash or deferred arrangements ("CODA") which received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which stated that the Plan and related trust, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods pending or in progress. Any penalties and interest would be recorded as a component of income tax expense to the Plan.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan should terminate, the plan administrator will facilitate the distribution of account balances under the provisions of the Plan document until all assets have been distributed by the custodian. In the event of Plan termination, participants will become fully vested in their account balances.

NOTE 9 - RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the custodian, the trustees and the administrator of the Plan. These investments and transactions qualify as party-in-interest transactions. Fees incurred and paid directly by the Plan for the investment management services were approximately $50,000. Loans to Plan participants by the Plan also qualify as party-in-interest transactions. Notes receivable from participants totaled approximately $319,000 and $266,000 as of December 31, 2017 and 2016, respectively. Interest income on notes receivable from participants was approximately $14,000 for the year ended December 31, 2017.
