Rogers Enterprises
Incentive Savings Plan (REISP)
Notes to Financial Statements
December 31, 2017 and 2016

Note 1: Description of Plan

The following description of Rogers Enterprises Incentive Savings Plan (REISP) (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Rogers Enterprises, Inc. and its subsidiaries (Company) who have completed one full year of service, as defined and attained at least 18 years of age. The Plan is comprised of a profit sharing fund and a 401(k) elective salary deferral fund. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Company Contributions

Company profit sharing contributions are discretionary amounts determined at year-end by the Board of Directors of the Company. There were no discretionary profit sharing contributions for 2017 and 2016. Company 401(k) matching contributions are discretionary amounts determined in advance by the Board of Directors of the Company. Effective May 1, 2014, the Company made a discretionary matching contribution of 10% of the first 5% of participant contributions. Effective June 2, 2017, the Company suspended the discretionary matching contribution. The Company made discretionary matching contributions of $10,991 and $22,003 for the years ended December 31, 2017 and 2016, respectively.

Participant Contributions

Each pay period participants may elect to make 401(k) contributions in an amount equal to any whole percent of compensation, as defined in the Plan, not to exceed the maximum permitted by the Internal Revenue Service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching or discretionary contributions and (b) plan earnings (losses) and charged with an allocation of administrative expenses. Company 401(k) matching contributions are allocated to participant accounts based upon the amount of their elective salary deferrals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective salary deferrals and the related earnings thereon. Participants become vested in the Company contributions as follows:

Years of Service	Vesting Percentage
1	25%
2	50%
3	75%
4	100%

Hardship withdrawals are subject to approval by the plan administrator. Participants may withdraw their employee pre-tax contributions, if any, to satisfy immediate and heavy financial needs, as defined in the Plan.

Participant Notes Receivable

The rate of interest shall be the prevailing prime rate at the time the loan is made as published in the *Wall Street Journal*, plus 1%. Principal and interest are paid ratably through payroll deductions. The loan period may not exceed five years, unless the proceeds of the loan are used to purchase a primary residence, for which the repayment period may not exceed fifteen years. The loans bear interest from 4.25% to 6.00% at December 31, 2017.

Forfeited Accounts

All forfeitures will be used to pay plan administrative expenses or used to reduce Company contributions to the Plan. During 2017 and 2016, $314 and $0, respectively, of forfeitures were used. At December 31, 2017 and 2016, there are no forfeitures available for future use.

Investment Options

Participants may direct the investment of all contributions in one or more of the various investment options offered by the Plan. The Plan currently offers various registered investment companies and a common or collective trust fund as investment options for participants.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting periods. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan. The common or collective trust fund is valued at the net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses relating to the Plan are paid by the Company on behalf of the Plan. Such expenses include costs related to certain employees of the Company who perform administrative and trustee services for the Plan for which the Plan does not reimburse the Company. Investment management fees are included in the net appreciation in fair value of investments. Other administrative and transaction costs incurred by the Plan are recognized as incurred.

Note 3: Financial Data Certified by the Plan's Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under *Employee Retirement Income Security Act of 1974*. Accordingly, Alerus Financial, N.A., the custodian of the Plan, has certified to the completeness and accuracy of all investments, at fair value, non-interest bearing cash and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, and the supplemental schedule of assets (held at end of year) as of December 31, 2017, and the investment income components and interest income from participant notes receivable reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2017.

The fair value of shares of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

		Fair Value Measurements at Reporting Date Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets/ Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2017				
Registered investment companies (included in fair value hierarchy)	$ 10,044,392	$ 10,044,392	$ -	$ -
Investments measured at net asset value (A)	1,310,068	-	-	-
Total	$ 11,354,460	$ 10,044,392	$ -	$ -

Registered investment companies (included in fair value hierarchy)	$ 8,341,528	$ 8,341,528	$ -	$ -
Investments measured at net asset value (A)	1,277,458	-	-	-
Total	$ 9,618,986	$ 8,341,528	$ -	$ -

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2017				
Common or collective trust fund	$ 1,310,068	$ -	Daily	None
December 31, 2016				
Common or collective trust fund	$ 1,277,458	$ -	Daily	None

Note 5: Party-in-Interest Transactions

The Plan paid expenses in the amount of $31,318 and $29,434 during 2017 and 2016, respectively, for legal, accounting and other professional services rendered by parties-in-interest.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 7: Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter plan sponsored by Alerus Financial NA. This volume submitter plan has been filed with the appropriate agency and the sponsor has obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the volume submitter plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the plan is qualified and the related trust is tax exempt as of the financial statement date.

Note 8: Subsequent Events

Subsequent events have been evaluated through September 13, 2018, which is the date the financial statements were available to be issued.

Rogers Enterprises
Incentive Savings Plan (REISP)
Notes to Financial Statements
December 31, 2017 and 2016

Note 1: Description of Plan

The following description of Rogers Enterprises Incentive Savings Plan (REISP) (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Rogers Enterprises, Inc. and its subsidiaries (Company) who have completed one full year of service, as defined and attained at least 18 years of age. The Plan is comprised of a profit sharing fund and a 401(k) elective salary deferral fund. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Company Contributions

Company profit sharing contributions are discretionary amounts determined at year-end by the Board of Directors of the Company. There were no discretionary profit sharing contributions for 2017 and 2016. Company 401(k) matching contributions are discretionary amounts determined in advance by the Board of Directors of the Company. Effective May 1, 2014, the Company made a discretionary matching contribution of 10% of the first 5% of participant contributions. Effective June 2, 2017, the Company suspended the discretionary matching contribution. The Company made discretionary matching contributions of $10,991 and $22,003 for the years ended December 31, 2017 and 2016, respectively.

Participant Contributions

Each pay period participants may elect to make 401(k) contributions in an amount equal to any whole percent of compensation, as defined in the Plan, not to exceed the maximum permitted by the Internal Revenue Service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching or discretionary contributions and (b) plan earnings (losses) and charged with an allocation of administrative expenses. Company 401(k) matching contributions are allocated to participant accounts based upon the amount of their elective salary deferrals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective salary deferrals and the related earnings thereon. Participants become vested in the Company contributions as follows:

Years of Service	Vesting Percentage
1	25%
2	50%
3	75%
4	100%

Payment of Benefits

Upon retirement, disability, death or termination of service prior to retirement, participants (or their beneficiaries) are eligible to be paid their account balances either in a lump-sum amount or in installments as provided for in the Plan.

Hardship withdrawals are subject to approval by the plan administrator. Participants may withdraw their employee pre-tax contributions, if any, to satisfy immediate and heavy financial needs, as defined in the Plan.

Participant Notes Receivable

Participants may borrow from their investment accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Participants may have a maximum of two loans outstanding at any given time. The rate of interest shall be the prevailing prime rate at the time the loan is made as published in the *Wall Street Journal*, plus 1%. Principal and interest are paid ratably through payroll deductions. The loan period may not exceed five years, unless the proceeds of the loan are used to purchase a primary residence, for which the repayment period may not exceed fifteen years. The loans bear interest from 4.25% to 6.00% at December 31, 2017.

Forfeited Accounts

All forfeitures will be used to pay plan administrative expenses or used to reduce Company contributions to the Plan. During 2017 and 2016, $314 and $0, respectively, of forfeitures were used. At December 31, 2017 and 2016, there are no forfeitures available for future use.

Investment Options

Participants may direct the investment of all contributions in one or more of the various investment options offered by the Plan. The Plan currently offers various registered investment companies and a common or collective trust fund as investment options for participants.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 7: Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter plan sponsored by Alerus Financial NA. This volume submitter plan has been filed with the appropriate agency and the sponsor has obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the volume submitter plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the plan is qualified and the related trust is tax exempt as of the financial statement date.

Note 8: Subsequent Events

Subsequent events have been evaluated through September 13, 2018, which is the date the financial statements were available to be issued.
