NOTE 1 - DESCRIPTION OF PLAN

The following description of the Hardy Diagnostics 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established for all employees of Hardy Diagnostics (the "Company"). Employees are eligible to participate after they have attained the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute a portion of their pre-tax annual compensation, subject to limitations determined by the Internal Revenue Service and 75% of eligible compensation. The participant, upon application, specifies the available funds into which the contributions shall be invested. Participants may elect to change the manner in which contributions are allocated and may transfer contributions between funds on a daily basis. Participants who have attained age 50 by the end of the Plan year may make catch-up contributions in accordance with Code Section 414(v). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan provides for a discretionary employer matching contribution. The employer matching contribution was equal to 10% of each participants deferrals of the first 8% of the participant's compensation. The Plan also provides for a discretionary employer profit sharing contribution. However, the Company's contributions for any Plan year shall not exceed the maximum amount allowable under the provisions of the Code. During 2017, the Company did not make an elective profit sharing contribution.

Participant Accounts: Each participant's account is credited with the participant's and employer's contributions and an allocation of Plan earnings and charged with an allocation of administrative expenses and his or her withdrawals. Allocations are based on participant account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer matching and discretionary profit sharing contributions plus earnings thereon is based on years of service. After a participant's first two years of service, participants vest 20% each year. A participant is 100% vested after six years of service.

Forfeitures: Forfeitures are used to reduce future employer matching contributions and to pay administrative expenses. At December 31, 2017 and 2016, forfeitures of $17,426 and $12,316, respectively, were available to reduce future employer matching contributions and to pay administrative expenses. During 2017, $8,366 of forfeitures were used to reduce employer matching contributions.

Payment of Benefits: Upon termination of service for any reason, a participant may elect to receive an amount equal to the value of his or her account in the form of a lump-sum amount. A participant may also elect to leave his or her account balance in the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements of the Plan have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America. Accordingly, investment income is recognized when earned and expenses are recognized when incurred.

Investments Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2017 Using Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual funds	$ 8,219,390

	Fair Value Measurements at December 31, 2016 Using Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual funds	$ 6,593,022

Administrative Expenses: The Plan is administered by members of the Company's management. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other administrative expenses are paid by the Company.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan provides for various investment options including any combination of certain mutual funds. The investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect amounts reported in the statements of net assets available for benefits and participants' individual account balances.

Benefit Payments: Benefits are recorded when paid.

NOTE 3 – RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their account.

NOTE 4 – INVESTMENTS– UNAUDITED INFORMATION

Substantially all information pertaining to the Plan's investments included in the financial statements, including the associated investment income, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 5 – TAX STATUS OF THE PLAN

The Plan sponsor adopted a prototype plan document. The Internal Revenue Service has determined and informed the prototype plan sponsor, by a letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS or Department of Labor; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

(Continued)

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain of the Plan's investments as of December 31, 2017 and 2016, were held by and invested in mutual funds administered by Fidelity Investments, an affiliate of Fidelity Management Trust Company. As Fidelity Management Trust Company is the trustee of the Plan, these investments qualify as party-in-interest investments. Fidelity Investments Institutional Operations Company, Inc. is affiliated with Fidelity Management Trust Company and is the recordkeeper as defined by the Plan, and therefore, qualifies as a party-in-interest. Fees paid to Fidelity Investments Institutional Operations Company, Inc., by the Plan for recordkeeping and administrative services, amounted to approximately $7,000 for the year ended December 31, 2017.

NOTE 7 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 10, 2018 which is the date financial statements were available to be issued.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Hardy Diagnostics 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established for all employees of Hardy Diagnostics (the "Company"). Employees are eligible to participate after they have attained the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute a portion of their pre-tax annual compensation, subject to limitations determined by the Internal Revenue Service and 75% of eligible compensation. The participant, upon application, specifies the available funds into which the contributions shall be invested. Participants may elect to change the manner in which contributions are allocated and may transfer contributions between funds on a daily basis. Participants who have attained age 50 by the end of the Plan year may make catch-up contributions in accordance with Code Section 414(v). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan provides for a discretionary employer matching contribution. The employer matching contribution was equal to 10% of each participants deferrals of the first 8% of the participant's compensation. The Plan also provides for a discretionary employer profit sharing contribution. However, the Company's contributions for any Plan year shall not exceed the maximum amount allowable under the provisions of the Code. During 2017, the Company did not make an elective profit sharing contribution.

Participant Accounts: Each participant's account is credited with the participant's and employer's contributions and an allocation of Plan earnings and charged with an allocation of administrative expenses and his or her withdrawals. Allocations are based on participant account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer matching and discretionary profit sharing contributions plus earnings thereon is based on years of service. After a participant's first two years of service, participants vest 20% each year. A participant is 100% vested after six years of service.

Forfeitures: Forfeitures are used to reduce future employer matching contributions and to pay administrative expenses. At December 31, 2017 and 2016, forfeitures of $17,426 and $12,316, respectively, were available to reduce future employer matching contributions and to pay administrative expenses. During 2017, $8,366 of forfeitures were used to reduce employer matching contributions.

Payment of Benefits: Upon termination of service for any reason, a participant may elect to receive an amount equal to the value of his or her account in the form of a lump-sum amount. A participant may also elect to leave his or her account balance in the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements of the Plan have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America. Accordingly, investment income is recognized when earned and expenses are recognized when incurred.

Investments Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Investments measured at fair value on a recurring basis are summarized below:
