Note 1: Description of Plan

The following description of the Harvey 401 (K) Plan provides only general information. Participants should refer to the Plan's adoption agreement and Summary Plan Description for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of the Dublin Honda, Tracy Honda, Tracy Mazda, Dublin Mazda, and Harvey & Sons, Inc. ("the Company"), except collective bargaining employees and non-resident aliens, who have 6 months of service, and 500 hours of service, and are age 21 or older. It is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA).

Administration. Under the terms of the Plan, certain corporate officer's of the sponsor are designated as Plan Trustee. The Plan has contracted with Transamerica Life Insurance Company ("Transamerica") to act as custodian and perform all administrative functions for the plan, including record keeping services, performance of compliance testing, and preparation of required tax filings.

Contributions. Each year, participants may contribute from 1 - 100% of their compensation, as defined in the Plan, subject to IRS limits. The Company may make non-matching contributions equal to a discretionary amount to be determined by the Company. The Company made a matching contribution of $72,102 for the 2017 plan year. This amount was allocated to participants in 2018.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, if any, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts, and charged with an allocation of administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is one hundred percent vested after six years of service.

Forfeitures. The total non-vested portion of terminated employees account balances are used by the plan sponsor to offset plan expenses with any unused balance allocated to participants who are employed as of the last day of the plan year and have worked over 1000 hours during the year. During the year ended December 31, 2017, there were $4,802 of forfeitures generated, and $1,755 was used to pay plan expenses. As of December 31, 2017, there were $3,083 of unused forfeitures available to offset plan expenses or be allocated to participants as an additional employer contribution.

Investment Options. Upon enrollment in the Plan, a participant may direct employee contributions in various increments to the investments administered by Transamerica Life Insurance Company. Participants may change their investment options on a daily basis. Participants can choose from a variety of mutual funds as detailed in the Transamerica new participant enrollment package.

Notes Receivable from Participants. Participants may borrow from their fund accounts in cases of financial hardship. Loans amounts may range from a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loans must be repaid in level installments and, except in limited circumstances, within five years. The loans are secured by the balances in the participants' accounts and bear interest at a commercially reasonable rate of interest as determined by the Plan Administrator.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account as a lump sum distribution or in a series of installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. All investments available in the plan allow for daily redemptions with no redemption notice period required.

Note 1: Description of Plan (continued)

Amendments - There were no amendments to the Plan during the year ending December 31, 2017.

Note 2: Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation - The Plan's investments in pooled separate accounts are stated at fair value as reported by Transamerica. Fair value is based on market prices of the underlying mutual funds held in each pooled separate account. The Plan's investment in the Transamerica Stable Value Option is stated at contract value as reported by Transamerica. Contract value is based on the principal amount invested with Transamerica by each plan participant, the cumulative compounded interest earned in each participant account, less any withdrawals and fees.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Risks and Uncertainties - The Plan provides for various investment options which are exposed to a variety of risks, including interest rate, market fluctuations, valuation, and credit risks. Due to the level of risk associated with certain investments, it is possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits. At December 31, 2017, the Plan's investment in the Stable Value Option represented 21% of plan assets. A significant deterioration in the creditworthiness of Transamerica may result in participants' receiving less than full contract value.

Purchases and Sales of Securities - Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - Plan management has evaluated subsequent events through October 11, 2018, the date the financial statements were available to be issued.

Note 3: Information Certified by Trustee

Transamerica Life Insurance Company, the trustee of the Plan, has certified as to the completeness and accuracy of the investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016, the investment activities and reflected on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017, and the investment information reflected in the supplemental Schedule of Investments Held at December 31, 2017, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This information has been certified as complete and accurate and is summarized below:

	2017	2016
Value of interest in Pooled Separate Accounts	$ 13,436,827	$ 10,994,478
Transamerica Stable Value Option	3,747,532	3,824,763
Value of Participant Notes Receivable	233,896	254,948
Net appreciation in fair value of investments	1,754,210	
Interest on Funds Held in General Account (Unallocated Contracts)	41,104	
Interest on Participant Notes Receivable	10,533	

Note 4: Transamerica Stable Value Option

The Plan has entered into a deposit contract with the Transamerica Life Insurance Company (Transamerica) to provide participants in the Plan the Stable Value Option. The Stable Value Option investment choice is an obligation of Transamerica, and invested assets are commingled with the other assets in Transamerica's general account. There is no specific portfolio of assets in which the Plan's Stable Value Option funds are invested. The crediting interest rate is backed by the income received from assets held in the general account.

Transamerica has stated that the contract value approximates fair value, and there is no fair value adjustment reflected in these financial statements. The investment is considered fully benefit responsive and normal participant withdrawals and transfers from the Stable Value Option are processed at contract value. If the Plan were to request a liquidation, surrender charges and/or market value adjustments may apply. At December 31, 2017, the Plan's investment in the Stable Value Option represented 21% of plan assets. A significant deterioration in the creditworthiness of Transamerica may result in participants' receiving less than full contract value.

Note 5: Fair Value Measurements

Financial Accounting Standards Board ASC 820-10 (formerly FASB Statement No. 157), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets:

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and December 31, 2016.

Pooled Separate Accounts: Valued at fair value as determined by Transamerica , based on the number of units held and market prices of the underlying mutual fund investments.

Note 5: Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and December 31, 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Fair Value
Pooled Separate Accounts	$ -	$ 13,436,827	$ -	$ 13,436,827
Total assets at fair value	$ -	$ 13,436,827	$ -	$ 13,436,827

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Fair Value
Pooled Separate Accounts	$ -	$ 10,994,478	$ -	$ 10,994,478
Total assets at fair value	$ -	$ 10,994,478	$ -	$ 10,994,478

Note 6: Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service dated March 31, 2014. The Plan has not been amended since receiving the determination letter, and the Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administration has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Note 7: Administrative and Investment Fees

Administrative fees deducted from the plan were $38,342 for the year ended December 31, 2017. Fees charged to the Plan included $17,922 for administrative fees paid to the custodian and record keeper, Transamerica Life Insurance Company, $9,020 paid to DeRoo & Associates for administration of contribution and census data, and $11,400 to Pomares & Co for audit fees. Transamerica also receives indirect compensation from the underlying mutual funds for record keeping. This amount of indirect compensation Transamerica receives varies from 0.70% to .79%, dependent on the investment choice selected. Total fund level fees including fees paid to Transamerica range from .85% to 1.49%. Transamerica Life Insurance Company paid $39,906 in commissions to the plan's advisor, Merrill Lynch.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 9: Reconciliation of Financial Statements to Schedule H of Form 5500

Participant Contributions:

The Plan's Form 5500 is prepared on a cash basis of accounting while these financial statements are on the accrual basis. The following is a reconciliation of contributions per the financial statement for the year ending December 31, 2017 and contributions as stated on Schedule H of Form 5500:

Total contributions received & receivable per schedule H of Form 5500	$	823,369
Add employee and employer contributions receivable for the 2017 Plan year received by the Plan in 2018		93,957
Less employee and employer contributions receivable for the 2016 Plan year received by the Plan in 2017		(102,684)
Total contributions per the financial statement	$	814,642

Net Income shown on Schedule H of form 5500 is $2,344,067. Net income per these financial statements is $2,335,340, or $8,727 lower than the amount reported on Schedule H. The difference relates to the cash vs. accrual differences detailed above.

Note 10: Party-In-Interest Transaction

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Some of the plan's pooled separate accounts and the investment contract are managed by Transamerica, the trustee. Transamerica is the investment advisor for these investments, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Transamerica for investment management services of these underlying mutual funds or the investment contract is included as a reduction of the return on each fund. Notes receivable from participants also reflect party-in-interest transactions.
