NOTE 1: DESCRIPTION OF PLAN

The following description of the Save Mart Companies Retirement Savings Plan (the "Plan") provides only summarized general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, formerly the Save Mart Supermarkets 401(k) Company Match Plan, established January 1, 2010, was spun off from the Save Mart Supermarkets 401(k) Plan (the "401(k) Plan") and the Save Mart Supermarkets Retirement Plan (the "Retirement Plan"). The 401(k) Plan was first established in 1960 and the Retirement Plan was established in 1982; both the 401(k) Plan and the Retirement Plan were amended and restated effective January 1, 2006. The Plan is a qualified defined contribution plan covering all eligible employees of the Plan Sponsor, Save Mart Supermarkets, who have attained the age of 18. There is no service requirement in order to participate for elective salary deferral contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). A committee appointed by the Board of Directors of the Plan Sponsor acts as the Plan administrator. Vanguard Fiduciary Trust Company acts as the Plan trustee.

The Plan was amended and restated effective October 21, 2016 to allow for a health benefit profit sharing contribution and to remove the six month service eligibility requirement for participation. The Plan was again amended and restated effective January 1, 2017 to raise the automatic salary deferral increase threshold from 10% to 15%. Effective December 1, 2017, the plan was amended and restated to change the name of the Plan to Save Mart Companies Retirement Savings Plan and to make employer profit sharing contributions discretionary.

Plan Year

The Plan year begins January 1 and ends December 31.

Contributions

The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute from 1% to 50% of their eligible wages, subject to various nondiscrimination tests and limitations prescribed by the Code. The Plan has an automatic enrollment feature. All non-union employees are automatically enrolled on the first day of the pay period beginning on or after the date in which the employee satisfies the eligibility requirements. The automatic enrollment salary deferral contribution rate is 5% and increases 1% on January 1 of each year up to 15%. Employees may affirmatively opt out of automatic enrollment and/or automatic salary deferral increases. Union employees are excluded from automatic enrollment and auto-escalation. Participants are also eligible to make Roth elective deferral contributions.

- *Employer Safe Harbor Matching Contributions*
  The Plan Sponsor makes a matching contribution equal to 100% of the amount of salary deferrals that do not exceed 3% of the participant's eligible compensation and 50% of the amount of salary deferrals that exceed 3% of compensation but do not exceed 5% of compensation. Union employees are not eligible for employer safe harbor matching contributions.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

- *Employer Base Annual Contributions*
  Through the plan year ending December 31, 2016, the Plan Sponsor would contribute an amount to each eligible employee equal to 2% of the first $40,000 of the employee's compensation. Union employees are not eligible for employer base annual contributions. Employees must be employed on the last day of the Plan year to be eligible to receive a base annual contribution. The Plan was amended in 2017 to instead allow for a discretionary profit sharing contribution.

- *Employer Age and Service Contributions*
  Through the plan year ending December 31, 2016, the Plan Sponsor would contribute an amount to each eligible employee using a formula outlined in the Plan document. The amount of the contribution is equal to the employee's eligible compensation multiplied by a ratio which incorporates age and years of service. Employees must be employed on the last day of the Plan year and have at least ten years of service to receive an age and service contribution. Union employees are not eligible for an employer age and service contribution. The Plan was amended in 2017 to instead allow for a discretionary profit sharing contribution.

- *Employer Health Benefit Contribution*
  Beginning in the Plan year ending December 31, 2016, the Plan Sponsor shall contribute $2,000 to all non-union employees hired prior to October 1, 2015. In addition, for the 2016 Plan year, the employer made a one-time tiered contribution to non-union employees hired prior to October 1, 2015 that are not considered eligible to participate in the Plan Sponsor's retirement health plan. The one time tiered contribution was equal to $1,000 for those participants with zero to five years of service, $1,500 for those with six to ten years of service, $2,000 for those with 11-15 years of service, and $2,500 for those with 16-19 years of service. Union employees are not eligible for a health benefit contribution.

- *Employee Rollover Contributions from Another Qualified Plan*
  Participants may make rollover contributions from another qualified plan.

Participant Accounts

The Plan provides various investment fund options and allows participants to direct their investments. Participant accounts are credited with the participant's contributions and an allocation of earnings and plan expenses, as defined by the Plan document. Investment earnings and losses are allocated to participants' accounts based on the earnings or losses of the investments selected.

Forfeitures

Forfeitures are first used to restore the amounts of returning participants and then used to reduce employer contributions to the Plan. Forfeited amounts totaling $140,467 and $81,335 were used to reduce employer contributions funded during the years ended December 31, 2017 and 2016, respectively. Forfeited amounts totaling $22,999 and $11,683 were available to reduce employer contributions as of December 31, 2017 and 2016, respectively.

Vesting

Participants are always 100% vested in their salary deferral, rollover, and employer matching contributions. Employer base annual contributions and employer age and service contributions and gains/losses credited thereon vest over a six-year graded schedule with participants becoming 20% vested after two years of service and another 20% each year thereafter until 100% vested after six years. Employer health benefit contributions and gains/losses credited thereon vest over a five-year graded schedule with participants becoming 20% vested after one year of service and another 20% each year thereafter until 100% vested after five years.

For vesting purposes, periods of service are measured under the elapsed time method.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) termination of the Plan, 4) upon demonstration of financial hardship, 5) in-service upon age 59 ½, or 6) death or disability of the participant. Benefit payments are made in a single lump sum distribution. Benefits are recorded when paid.

Administrative Expenses
Administrative expenses are paid by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

Notes Receivable From Participants
The Plan allows participants to borrow from their accounts. Loans may not exceed the lesser of 50% of the vested balance in a participant's account or $50,000 and are due within five years (ten years for primary residence loans).

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The financial statements of the Plan are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Investment Valuation and Income Recognition
Investments are reported at fair market value. Fair market value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year. Increases in the unit values of investments are reflected in each participant's individual account. Investments are valued daily.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits to participants are recorded when paid.

Income Taxes
The Plan has adopted a prototype plan which obtained a favorable opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan is acceptable under Section 401 of the Code. That Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2017 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine examinations by taxing authorities; however there are currently no examinations for any tax periods in progress.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **INFORMATION CERTIFIED BY THE TRUSTEE**

Amounts included in these financial statements were taken directly from statements provided and certified as complete and accurate by the Plan trustee, Vanguard Fiduciary Trust Company, as of and for the years ended December 31, 2017 and 2016 as follows:

	2017	2016
Money market funds	$ 16,265,190	$ 16,555,613
Mutual funds	$ 493,094,453	$ 707,109,410
Collective trust funds	$ 388,168,071	$ 52,064,605
Notes receivable from participants	$ 18,304,688	$ 18,691,733
Net realized and unrealized appreciation in fair value of investments	$ 115,403,217	$ 36,346,925
Interest and dividend income	$ 18,161,414	$ 21,722,902
Interest income from notes receivable from participants	$ 1,009,940	$ 1,079,416

NOTE 4: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4: **FAIR VALUE MEASUREMENTS (Continued)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market funds: Underlying short term investments with quoted prices in active markets to preserve the value of the investment at $1.00 per share.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Invest mainly in mutual funds, primarily target date funds. The majority of the underlying assets have Level 1 quoted pricing inputs and observable Level 2 pricing inputs, including quoted prices for similar assets in active markets.

Stable value collective trust fund: A stable value fund that is valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level within the fair value hierarchy the Plan's financial assets that were accounted for at fair value on a recurring basis at December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
Investments	Level 1	Level 2	Level 3	Total

NOTE 4: **FAIR VALUE MEASUREMENTS (Continued)**

The following table summarizes investments for which fair value is measured using the net asset value per unit practical expedient as of December 31, 2017 and 2016:

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund	$ 45,217,231	n/a	Daily	12 months

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund	$ 52,064,605	n/a	Daily	12 months

NOTE 5: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 6: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7: **RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS**

All plan investments are units of funds managed by Vanguard Fiduciary Trust Company, the trustee of the Plan. Plan assets also include notes receivable from participants. Administrative expenses are paid to the trustee for certain investment advisory services, recordkeeping and trustee fees. Indirect compensation for investment management services are recorded in appreciation in the fair value of investments. These transactions and investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 8: **RECONCILIATION TO FORM 5500**

The following tables provide a reconciliation of amounts reported in the financial statements to Form 5500:

NOTE 9: **SUBSEQUENT EVENTS**

Plan management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 10, 2018, the date the financial statements were available to be issued, and Plan management has determined that no subsequent events have occurred that should be disclosed.

NOTE 1: DESCRIPTION OF PLAN

The following description of the Save Mart Companies Retirement Savings Plan (the "Plan") provides only summarized general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, formerly the Save Mart Supermarkets 401(k) Company Match Plan, established January 1, 2010, was spun off from the Save Mart Supermarkets 401(k) Plan (the "401(k) Plan") and the Save Mart Supermarkets Retirement Plan (the "Retirement Plan"). The 401(k) Plan was first established in 1960 and the Retirement Plan was established in 1982; both the 401(k) Plan and the Retirement Plan were amended and restated effective January 1, 2006. The Plan is a qualified defined contribution plan covering all eligible employees of the Plan Sponsor, Save Mart Supermarkets, who have attained the age of 18. There is no service requirement in order to participate for elective salary deferral contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). A committee appointed by the Board of Directors of the Plan Sponsor acts as the Plan administrator. Vanguard Fiduciary Trust Company acts as the Plan trustee.

The Plan was amended and restated effective October 21, 2016 to allow for a health benefit profit sharing contribution and to remove the six month service eligibility requirement for participation. The Plan was again amended and restated effective January 1, 2017 to raise the automatic salary deferral increase threshold from 10% to 15%. Effective December 1, 2017, the plan was amended and restated to change the name of the Plan to Save Mart Companies Retirement Savings Plan and to make employer profit sharing contributions discretionary.

Plan Year

The Plan year begins January 1 and ends December 31.

Contributions

The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute from 1% to 50% of their eligible wages, subject to various nondiscrimination tests and limitations prescribed by the Code. The Plan has an automatic enrollment feature. All non-union employees are automatically enrolled on the first day of the pay period beginning on or after the date in which the employee satisfies the eligibility requirements. The automatic enrollment salary deferral contribution rate is 5% and increases 1% on January 1 of each year up to 15%. Employees may affirmatively opt out of automatic enrollment and/or automatic salary deferral increases. Union employees are excluded from automatic enrollment and auto-escalation. Participants are also eligible to make Roth elective deferral contributions.

- *Employer Safe Harbor Matching Contributions*
  The Plan Sponsor makes a matching contribution equal to 100% of the amount of salary deferrals that do not exceed 3% of the participant's eligible compensation and 50% of the amount of salary deferrals that exceed 3% of compensation but do not exceed 5% of compensation. Union employees are not eligible for employer safe harbor matching contributions.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

- *Employer Base Annual Contributions*
  Through the plan year ending December 31, 2016, the Plan Sponsor would contribute an amount to each eligible employee equal to 2% of the first $40,000 of the employee's compensation. Union employees are not eligible for employer base annual contributions. Employees must be employed on the last day of the Plan year to be eligible to receive a base annual contribution. The Plan was amended in 2017 to instead allow for a discretionary profit sharing contribution.

- *Employer Age and Service Contributions*
  Through the plan year ending December 31, 2016, the Plan Sponsor would contribute an amount to each eligible employee using a formula outlined in the Plan document. The amount of the contribution is equal to the employee's eligible compensation multiplied by a ratio which incorporates age and years of service. Employees must be employed on the last day of the Plan year and have at least ten years of service to receive an age and service contribution. Union employees are not eligible for an employer age and service contribution. The Plan was amended in 2017 to instead allow for a discretionary profit sharing contribution.

- *Employer Health Benefit Contribution*
  Beginning in the Plan year ending December 31, 2016, the Plan Sponsor shall contribute $2,000 to all non-union employees hired prior to October 1, 2015. In addition, for the 2016 Plan year, the employer made a one-time tiered contribution to non-union employees hired prior to October 1, 2015 that are not considered eligible to participate in the Plan Sponsor's retirement health plan. The one time tiered contribution was equal to $1,000 for those participants with zero to five years of service, $1,500 for those with six to ten years of service, $2,000 for those with 11-15 years of service, and $2,500 for those with 16-19 years of service. Union employees are not eligible for a health benefit contribution.

- *Employee Rollover Contributions from Another Qualified Plan*
  Participants may make rollover contributions from another qualified plan.

Participant Accounts

The Plan provides various investment fund options and allows participants to direct their investments. Participant accounts are credited with the participant's contributions and an allocation of earnings and plan expenses, as defined by the Plan document. Investment earnings and losses are allocated to participants' accounts based on the earnings or losses of the investments selected.

Forfeitures

Forfeitures are first used to restore the amounts of returning participants and then used to reduce employer contributions to the Plan. Forfeited amounts totaling $140,467 and $81,335 were used to reduce employer contributions funded during the years ended December 31, 2017 and 2016, respectively. Forfeited amounts totaling $22,999 and $11,683 were available to reduce employer contributions as of December 31, 2017 and 2016, respectively.

Vesting

Participants are always 100% vested in their salary deferral, rollover, and employer matching contributions. Employer base annual contributions and employer age and service contributions and gains/losses credited thereon vest over a six-year graded schedule with participants becoming 20% vested after two years of service and another 20% each year thereafter until 100% vested after six years. Employer health benefit contributions and gains/losses credited thereon vest over a five-year graded schedule with participants becoming 20% vested after one year of service and another 20% each year thereafter until 100% vested after five years.

For vesting purposes, periods of service are measured under the elapsed time method.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) termination of the Plan, 4) upon demonstration of financial hardship, 5) in-service upon age 59 ½, or 6) death or disability of the participant. Benefit payments are made in a single lump sum distribution. Benefits are recorded when paid.

Administrative Expenses
Administrative expenses are paid by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

Notes Receivable From Participants
The Plan allows participants to borrow from their accounts. Loans may not exceed the lesser of 50% of the vested balance in a participant's account or $50,000 and are due within five years (ten years for primary residence loans).

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The financial statements of the Plan are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Investment Valuation and Income Recognition
Investments are reported at fair market value. Fair market value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year. Increases in the unit values of investments are reflected in each participant's individual account. Investments are valued daily.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits to participants are recorded when paid.

Income Taxes
The Plan has adopted a prototype plan which obtained a favorable opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan is acceptable under Section 401 of the Code. That Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2017 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine examinations by taxing authorities; however there are currently no examinations for any tax periods in progress.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **INFORMATION CERTIFIED BY THE TRUSTEE**

Amounts included in these financial statements were taken directly from statements provided and certified as complete and accurate by the Plan trustee, Vanguard Fiduciary Trust Company, as of and for the years ended December 31, 2017 and 2016 as follows:

	2017	2016
Money market funds	$ 16,265,190	$ 16,555,613
Mutual funds	$ 493,094,453	$ 707,109,410
Collective trust funds	$ 388,168,071	$ 52,064,605
Notes receivable from participants	$ 18,304,688	$ 18,691,733
Net realized and unrealized appreciation in fair value of investments	$ 115,403,217	$ 36,346,925
Interest and dividend income	$ 18,161,414	$ 21,722,902
Interest income from notes receivable from participants	$ 1,009,940	$ 1,079,416

NOTE 4: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4: **FAIR VALUE MEASUREMENTS (Continued)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market funds: Underlying short term investments with quoted prices in active markets to preserve the value of the investment at $1.00 per share.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Invest mainly in mutual funds, primarily target date funds. The majority of the underlying assets have Level 1 quoted pricing inputs and observable Level 2 pricing inputs, including quoted prices for similar assets in active markets.

Stable value collective trust fund: A stable value fund that is valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level within the fair value hierarchy the Plan's financial assets that were accounted for at fair value on a recurring basis at December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017

NOTE 4: **FAIR VALUE MEASUREMENTS (Continued)**

The following table summarizes investments for which fair value is measured using the net asset value per unit practical expedient as of December 31, 2017 and 2016:

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund	$ 45,217,231	n/a	Daily	12 months

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund	$ 52,064,605	n/a	Daily	12 months

NOTE 5: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 6: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7: **RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS**

All plan investments are units of funds managed by Vanguard Fiduciary Trust Company, the trustee of the Plan. Plan assets also include notes receivable from participants. Administrative expenses are paid to the trustee for certain investment advisory services, recordkeeping and trustee fees. Indirect compensation for investment management services are recorded in appreciation in the fair value of investments. These transactions and investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 8: **RECONCILIATION TO FORM 5500**

The following tables provide a reconciliation of amounts reported in the financial statements to Form 5500:

NOTE 9: **SUBSEQUENT EVENTS**

Plan management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 10, 2018, the date the financial statements were available to be issued, and Plan management has determined that no subsequent events have occurred that should be disclosed.

NOTE 1: DESCRIPTION OF PLAN

The following description of the Save Mart Companies Retirement Savings Plan (the "Plan") provides only summarized general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, formerly the Save Mart Supermarkets 401(k) Company Match Plan, established January 1, 2010, was spun off from the Save Mart Supermarkets 401(k) Plan (the "401(k) Plan") and the Save Mart Supermarkets Retirement Plan (the "Retirement Plan"). The 401(k) Plan was first established in 1960 and the Retirement Plan was established in 1982; both the 401(k) Plan and the Retirement Plan were amended and restated effective January 1, 2006. The Plan is a qualified defined contribution plan covering all eligible employees of the Plan Sponsor, Save Mart Supermarkets, who have attained the age of 18. There is no service requirement in order to participate for elective salary deferral contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). A committee appointed by the Board of Directors of the Plan Sponsor acts as the Plan administrator. Vanguard Fiduciary Trust Company acts as the Plan trustee.

The Plan was amended and restated effective October 21, 2016 to allow for a health benefit profit sharing contribution and to remove the six month service eligibility requirement for participation. The Plan was again amended and restated effective January 1, 2017 to raise the automatic salary deferral increase threshold from 10% to 15%. Effective December 1, 2017, the plan was amended and restated to change the name of the Plan to Save Mart Companies Retirement Savings Plan and to make employer profit sharing contributions discretionary.

Plan Year

The Plan year begins January 1 and ends December 31.

Contributions

The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute from 1% to 50% of their eligible wages, subject to various nondiscrimination tests and limitations prescribed by the Code. The Plan has an automatic enrollment feature. All non-union employees are automatically enrolled on the first day of the pay period beginning on or after the date in which the employee satisfies the eligibility requirements. The automatic enrollment salary deferral contribution rate is 5% and increases 1% on January 1 of each year up to 15%. Employees may affirmatively opt out of automatic enrollment and/or automatic salary deferral increases. Union employees are excluded from automatic enrollment and auto-escalation. Participants are also eligible to make Roth elective deferral contributions.

- *Employer Safe Harbor Matching Contributions*
  The Plan Sponsor makes a matching contribution equal to 100% of the amount of salary deferrals that do not exceed 3% of the participant's eligible compensation and 50% of the amount of salary deferrals that exceed 3% of compensation but do not exceed 5% of compensation. Union employees are not eligible for employer safe harbor matching contributions.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

- *Employer Base Annual Contributions*
  Through the plan year ending December 31, 2016, the Plan Sponsor would contribute an amount to each eligible employee equal to 2% of the first $40,000 of the employee's compensation. Union employees are not eligible for employer base annual contributions. Employees must be employed on the last day of the Plan year to be eligible to receive a base annual contribution. The Plan was amended in 2017 to instead allow for a discretionary profit sharing contribution.

- *Employer Age and Service Contributions*
  Through the plan year ending December 31, 2016, the Plan Sponsor would contribute an amount to each eligible employee using a formula outlined in the Plan document. The amount of the contribution is equal to the employee's eligible compensation multiplied by a ratio which incorporates age and years of service. Employees must be employed on the last day of the Plan year and have at least ten years of service to receive an age and service contribution. Union employees are not eligible for an employer age and service contribution. The Plan was amended in 2017 to instead allow for a discretionary profit sharing contribution.

- *Employer Health Benefit Contribution*
  Beginning in the Plan year ending December 31, 2016, the Plan Sponsor shall contribute $2,000 to all non-union employees hired prior to October 1, 2015. In addition, for the 2016 Plan year, the employer made a one-time tiered contribution to non-union employees hired prior to October 1, 2015 that are not considered eligible to participate in the Plan Sponsor's retirement health plan. The one time tiered contribution was equal to $1,000 for those participants with zero to five years of service, $1,500 for those with six to ten years of service, $2,000 for those with 11-15 years of service, and $2,500 for those with 16-19 years of service. Union employees are not eligible for a health benefit contribution.

- *Employee Rollover Contributions from Another Qualified Plan*
  Participants may make rollover contributions from another qualified plan.

Participant Accounts

The Plan provides various investment fund options and allows participants to direct their investments. Participant accounts are credited with the participant's contributions and an allocation of earnings and plan expenses, as defined by the Plan document. Investment earnings and losses are allocated to participants' accounts based on the earnings or losses of the investments selected.

Forfeitures

Forfeitures are first used to restore the amounts of returning participants and then used to reduce employer contributions to the Plan. Forfeited amounts totaling $140,467 and $81,335 were used to reduce employer contributions funded during the years ended December 31, 2017 and 2016, respectively. Forfeited amounts totaling $22,999 and $11,683 were available to reduce employer contributions as of December 31, 2017 and 2016, respectively.

Vesting

Participants are always 100% vested in their salary deferral, rollover, and employer matching contributions. Employer base annual contributions and employer age and service contributions and gains/losses credited thereon vest over a six-year graded schedule with participants becoming 20% vested after two years of service and another 20% each year thereafter until 100% vested after six years. Employer health benefit contributions and gains/losses credited thereon vest over a five-year graded schedule with participants becoming 20% vested after one year of service and another 20% each year thereafter until 100% vested after five years.

For vesting purposes, periods of service are measured under the elapsed time method.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) termination of the Plan, 4) upon demonstration of financial hardship, 5) in-service upon age 59 ½, or 6) death or disability of the participant. Benefit payments are made in a single lump sum distribution. Benefits are recorded when paid.

Administrative Expenses
Administrative expenses are paid by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

Notes Receivable From Participants
The Plan allows participants to borrow from their accounts. Loans may not exceed the lesser of 50% of the vested balance in a participant's account or $50,000 and are due within five years (ten years for primary residence loans).

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The financial statements of the Plan are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Investment Valuation and Income Recognition
Investments are reported at fair market value. Fair market value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year. Increases in the unit values of investments are reflected in each participant's individual account. Investments are valued daily.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits to participants are recorded when paid.

Income Taxes
The Plan has adopted a prototype plan which obtained a favorable opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan is acceptable under Section 401 of the Code. That Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2017 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine examinations by taxing authorities; however there are currently no examinations for any tax periods in progress.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **INFORMATION CERTIFIED BY THE TRUSTEE**

Amounts included in these financial statements were taken directly from statements provided and certified as complete and accurate by the Plan trustee, Vanguard Fiduciary Trust Company, as of and for the years ended December 31, 2017 and 2016 as follows:

	2017	2016
Money market funds	$ 16,265,190	$ 16,555,613
Mutual funds	$ 493,094,453	$ 707,109,410
Collective trust funds	$ 388,168,071	$ 52,064,605
Notes receivable from participants	$ 18,304,688	$ 18,691,733
Net realized and unrealized appreciation in fair value of investments	$ 115,403,217	$ 36,346,925
Interest and dividend income	$ 18,161,414	$ 21,722,902
Interest income from notes receivable from participants	$ 1,009,940	$ 1,079,416

NOTE 4: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4: **FAIR VALUE MEASUREMENTS (Continued)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market funds: Underlying short term investments with quoted prices in active markets to preserve the value of the investment at $1.00 per share.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Invest mainly in mutual funds, primarily target date funds. The majority of the underlying assets have Level 1 quoted pricing inputs and observable Level 2 pricing inputs, including quoted prices for similar assets in active markets.

Stable value collective trust fund: A stable value fund that is valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level within the fair value hierarchy the Plan's financial assets that were accounted for at fair value on a recurring basis at December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017

NOTE 4: **FAIR VALUE MEASUREMENTS (Continued)**

The following table summarizes investments for which fair value is measured using the net asset value per unit practical expedient as of December 31, 2017 and 2016:

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund	$ 45,217,231	n/a	Daily	12 months

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund	$ 52,064,605	n/a	Daily	12 months

NOTE 5: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 6: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7: **RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS**

All plan investments are units of funds managed by Vanguard Fiduciary Trust Company, the trustee of the Plan. Plan assets also include notes receivable from participants. Administrative expenses are paid to the trustee for certain investment advisory services, recordkeeping and trustee fees. Indirect compensation for investment management services are recorded in appreciation in the fair value of investments. These transactions and investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 8: **RECONCILIATION TO FORM 5500**

The following tables provide a reconciliation of amounts reported in the financial statements to Form 5500:

NOTE 9: **SUBSEQUENT EVENTS**

Plan management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 10, 2018, the date the financial statements were available to be issued, and Plan management has determined that no subsequent events have occurred that should be disclosed.
