NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2017

NOTE 1 - DESCRIPTION OF PLAN

The following description of the 24Hr Homecare 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all eligible employees of 24Hr HomeCare, LLC (the "Company") who are at least age 18 and have completed three consecutive months of eligibility service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 92% of eligible pay or the maximum contribution of $18,000 (plus a $6,000 catch up provision for participants that have attained age 50), in accordance with the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various money market funds and mutual funds as investment options for participants.

The Plan does not provide for Company matching contributions, however, the Plan does provide the Company the option of making discretionary profit sharing contributions. In order to qualify for profit sharing contributions employees must be at least 21, have one year of service in which 1,000 hours have been completed, and be employed on the last day of the Plan year. No such contributions were made by the Company during the year.

Participant Accounts

Each participant's account is credited with the participant’s contributions and employer profit sharing contribution as well as an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, if applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts is based on years of continuous service. Participants vest 20% per year beginning after the second year of service and become fully vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Also, participants are limited to one outstanding loan at any time. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Loan maturity is not to exceed five years, except in the case where the loan is used to acquire or construct the participant's principal residence. In such a case, the repayment period may not extend beyond ten years from the date of the loan. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to retirement, disability, death, or other reasons, a participant may elect to receive (a) a lump sum distribution equal to the value of his/her account, (b) partial payments of the vested account balance, (c) an annuity contract or (d) rollover distributions directly into an individual retirement account ("IRA") or a new employer's qualified retirement plan. Vested account balances payable that are less than or equal to $5,000 will be distributed as a lump sum distribution as directed by the Plan administrator.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Plan and the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. These contributions are refunded to participants subsequent to year-end.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Concentrations

As of December 31, 2017, the Plan held an investment in Invesco Growth and Income Fund Class R for $59,259 that represented 10% or more of the Plan's total investment balance. There were no concentrations as of December 31, 2016.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are held by Mid Atlantic Trust Company ("Mid-Atlantic"). Mid-Atlantic is the custodian as defined by the Plan and therefore, they are considered a party-in-interest to the Plan. The Plan has retained Paychex, Inc. as the recordkeeper of the Plan, therefore they are also considered a party-in-interest to the Plan.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2017

NOTE 5 - INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid-Atlantic, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplementary schedule are complete and accurate with respect to investments:

- Investments at fair value
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary schedule.

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 10, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan is therefore exempt from federal income taxes under the provisions of Section 401(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

NOTE 8 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 8 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2	Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of relevant unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market funds: Highly liquid instruments purchased with an initial maturity of three months or less and considered to be cash equivalents valued using level 1 inputs.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 8 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total

The Plan is not aware of any significant events that occurred subsequent to the statement of net assets available for benefits, but prior to October 11, 2018, that would have a material impact on its financial statements other than what is disclosed below.

Effective January 1, 2018, the Company adopted an amendment that will change the eligibility requirements whereby, beginning April 1, 2018, employees must be age 21 and have one year of service in which 1,000 hours have been completed.
