NOTE 1 – DESCRIPTION OF PLAN

The following description of the American Integrated Services, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of American Integrated Services, Inc. (the "Company"). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan initially became effective on April 1, 2001. The Plan Adoption Agreement was amended and restated on May 1, 2015.

Employees will become eligible to participate in the Plan after they have completed 6 months of service, 500 service hours, and have reached the age of 21. Plan entry dates are on January 1st and July 1st after satisfying eligibility requirements. The Plan excludes union and leased employees, as well as non-resident alien employees.

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, up to the IRC annual maximum. Such contributions may be Pre-Tax Elective Deferrals (as defined). Participants may also contribute amounts representing distributions from other qualified plans ("rollovers"). Participants who are 50 years of age or older and have met the IRC annual deferral limit may contribute catch-up contributions of up to IRC limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

Under the Plan provisions, upon notice, the Company will make Safe Harbor Employer Contributions (as defined) equal to 3% of the participant's compensation. Certain safe harbor requirements under the IRC must be satisfied, in which case, certain annual non-discrimination tests are not required for that year. For the year ended December 31, 2017, the Company made safe harbor contributions of $461,799.

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Contributions (Cont'd)

In addition to the Safe Harbor Employer Contributions, the Plan allows the Company to make an annual discretionary profit sharing contribution ("Profit Sharing Contribution") and qualified non-elective contributions ("QNEC Contributions"). Participants are required to have at least 1,000 hours of service and be employed by the Company on the last day of the Plan year to be eligible to receive an allocation of the Company Profit Sharing Contribution. QNEC Contributions are allocated to non-highly compensated employees to assist the Plan in passing certain annual IRC non-discrimination tests. For the year ended December 31, 2017, the Company made discretionary profit sharing contributions of $541,337.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings or losses, and (c) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their Deferral Contributions and Safe Harbor Employer Contributions plus actual earnings thereon. The Company's Profit Sharing contributions and earnings thereon will be vested in accordance with the following schedule:

Years of Service	Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

The vesting percentage for a participant who is an employee on or after the date he reaches normal retirement age (as defined by the Plan) will be 100% vested in employer contributions.

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their account balance, whichever is less. The Plan calls for the maximum loan amount to be further reduced by the highest outstanding loan balance in the participant's account during the prior year. The loans are secured by the balance in the participant account. All loans shall bear an interest rate equal to the prime rate plus 1%, which shall remain fixed throughout the duration of the loan. All loans must be repaid within five years unless it is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 30 years from the date of the loan, and amortized on a substantially level basis.

Principal and interest is paid ratably through payroll deductions. Each participant may have one loan outstanding at any time.

Payment of Benefits

Upon leaving the Company for any reason (retirement, termination, disability or death) a participant can elect to receive their vested benefits in the form of either a single lump-sum cash payment or have a payment paid as a direct rollover to an individual retirement account or to another employer's tax qualified plan. All vested balances exceeding $1,000, but not exceeding $5,000 may be rolled into an Individual Retirement Account. All vested account balances not exceeding $1,000 may be immediately distributed in a lump-sum amount.

Additionally, under certain circumstances of financial hardship, participants are allowed to have hardship distributions from their accounts. Hardship distributions are subject to income taxes and may be subject to additional tax based on early withdrawal. Participants may not contribute to the Plan or any other retirement plan for six months following a hardship withdrawal.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures are retained in the Plan and may be used to pay Plan expenses or reduce future employer contributions. As of December 31, 2017 and 2016, forfeited non-allocated accounts totaled $8,005 and $15,804, respectively. For the year ended December 31, 2017, the employer contributions were not reduced from forfeited non-vested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on a cash basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan offers The Standard Stable Asset A investment fund ("Stable Value Fund") as an investment option through the Plan's group annuity contract with Standard. The Plan's investments in the Stable Value Fund are considered to be fully benefit-responsive, and therefore, are reported at contract value, which approximates fair value. See Note 4 for further information regarding the investments in the Investment contract.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent notes receivable that are deemed by the plan administrator to be in default are treated as distributions based on the terms of the Plan document. Interest income on notes receivable from participants is recorded when it is received.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Payment of Benefits

Benefit payments consist of payments to participants (or, if applicable, the beneficiary) at retirement, disability, death or termination of employment. Benefit payments are made in the form of lump-sum distributions, direct rollovers or annuities. Benefits are recorded when paid.

Deemed Distributions

Plan provisions provide that participants must repay notes receivable balances upon termination from the Plan. Outstanding balances that are not repaid are treated as deemed distributions.

Fees and Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan has evaluated events through October 11, 2018, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

NOTE 3 – FAIR VALUE MEASUREMENTS (CONT'D)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONT'D)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Fair Value Measurements Using Input Type			
INVESTMENTS	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,345,323	$ -	$ -	$ 9,345,323
Investments measured at fair value hierarchy	$ 9,345,323	$ -	$ -	$ 9,345,323

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Using Input Type			
INVESTMENTS	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,132,150	$ -	$ -	$ 8,132,150
Investments measured at fair value hierarchy	$ 8,132,150	$ -	$ -	$ 8,132,150

In regards to the classification of investment options offered by the Plan, there were no reclassifications in or out of levels 1, 2 or 3 during the years ended December 31, 2017 and 2016.

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan offers the Investment contract as an investment option for plan participants under the Plan's group annuity contract with Standard. The fund seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U. S. Treasury bills.

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONT'D)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of Standard or otherwise. The contract value of the investment contract at December 31, 2017 and 2016 totaled $1,419,059 and $1,125,498, respectively, which equaled fair value. This investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U. S. Treasury Bills.

The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, credited on a daily basis, and with no set maturity. The effective credited interest rate is set monthly and effective on the first day of the month. Contract charges may reduce this return. The investment is not a separate account investment choice; it is an investment in Standard Insurance Company's general account.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONT'D)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 5 – INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodians have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, respectively;

- Investment income and interest income on notes receivable as reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2017.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the sponsoring Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in any employer contributions.

NOTE 7 – TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and being operated, compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 7 – TAX STATUS (CONT'D)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments in mutual funds are managed by Charles Schwab Bank and Trust, custodian of the Plan. In addition, the Plan's Investment contract operates under the terms of the Plan's group annuity contract with Standard Insurance Company, custodian of the fund. These transactions qualify as party-in-interest transactions, for which there is a statutory exemption. Additionally, the notes receivable from participants qualify as party-in-interest transactions, for which there is also a statutory exemption.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – PROHIBITED TRANSACTION AND OPERATIONAL ERRORS

Delinquent Participant Contributions

For the year ended December 31, 2014, the Company made Safe Harbor and Profit Sharing contributions to the Plan totaling $750,000. These contributions were required to be remitted to the Plan by September 2015, but were not received by the Plan until February 2016. In 2017, the Company took the appropriate steps to correct the late remittances under the IRS's Self-Correction Program and remitted to the Plan lost earnings and the applicable excise taxes.

NOTE 10 – PROHIBITED TRANSACTION AND OPERATIONAL ERRORS (CONT'D)

During 2016, employee contributions and loan repayments totaling $111,112 were not remitted timely by the sponsor as required by the Department of Labor's Regulations. In addition, as of December 31, 2016, the Plan had not corrected late remittances related to 2012 – 2015, totaling $1,564,483. The Department of Labor considers late remittance of employee contributions and loan repayments to be prohibited transactions. In 2017, the Company took the appropriate steps to correct the late remittances under the IRS's Self-Correction Program and remitted to the Plan lost earnings and the applicable excise taxes.

Operational Errors

During 2016, management identified certain operational errors related to the Plan's notes receivable from participants. These operational errors include failure to issue 1099s for some of the participant loans that were treated as deemed distributions, not remitting repayments for certain loans within a reasonable amount of time, and accounting errors in the application of payments towards certain loans. In 2017, the Company self-corrected outside of ERISA's Voluntary Fiduciary Correction Program and has implemented procedures to ensure that these errors are rectified. Despite the operational errors identified, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Department of Labor.
