Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of The DP Media Network - Denver Newspaper Guild (Excluding Newsroom) Employees' Pension Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a non-contributory defined benefit plan established April 1, 2001 by The Denver Newspaper Agency, LLP (the "DNA"). When the DNA was dissolved on August 26, 2009, The Denver Post LLC continued the Plan as a successor employer. Effective June 30, 2010, the Plan name changed from Denver Newspaper Agency - Denver Newspaper Guild Employees' Pension Plan to The Denver Post - Denver Newspaper Guild (Excluding Newsroom) Employees' Pension Plan. Effective June 28, 2017, DP Media Network LLC (the "Company") assumed sponsorship of the Plan, and the Plan name changed to The DP Media Network - Denver Newspaper Guild (Excluding Newsroom) Employees' Pension Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective December 31, 2007 ("Freeze Date"), the DNA froze the Plan, ceasing additional benefit accruals for credited service after that date. New employees as of January 1, 2008 are not eligible to participate in the Plan.

Prior to January 1, 2008, eligible employees became participants in the Plan on the first day of the month coincident with or following the later of (1) the date the employee completes one year of participation service or (2) the date the employee commenced covered employment. Covered employees are defined as employees of the DNA who were not covered by another plan of the Company, leased employees, or independent contractors.

The Company has elected committees that administer the Plan. Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. (collectively, "Prudential") serves as trustee, manages Plan assets, and maintains the Plan's records.

Funding Policy

The funding target attainment percentage is obtained by dividing the Plan's net plan assets by the plan liabilities on the valuation date. The funding target attainment percentage was 90.17% at January 1, 2017 and 94.95% at January 1, 2016.

Contributions to the Plan are based on actuarial determinations provided by the Plan's actuary. All contributions are made by the Company in cash in amounts adequate to meet the minimum funding requirement of ERISA. Contributions of \$1,400,000 and \$200,000 were made to the Plan for the years ended December 31, 2017 and 2016, respectively.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting and Payment of Benefits

Participants earn one year of vesting service for each calendar year in which a participant is credited with at least 1,000 hours of service. Generally, all of a participant's service prior to April 1, 2001 with Scripps, DPC, and their subsidiaries will be credited for vesting purposes using the vesting service calculations of the participant's predecessor plan.

Pension benefits are provided to participants under several types of retirement options based upon years of service and age. Normal retirement commences as of the participant's normal retirement date (age 65). Participants with five years of vesting service may receive reduced retirement benefits for early retirement (age 55). A participant may also elect late retirement (after age 65). A participant who, prior to normal retirement age, becomes disabled and who has completed five years of vesting service is eligible to receive a disability benefit, calculated as specified in the Plan document. A participant who terminates employment and is not eligible for normal, early, or late pension benefits, but who has completed five years of vesting service, is eligible to receive a deferred vested retirement benefit once the participant reaches the age of 55. Pension benefits are subject to an annual maximum, as described in the Plan document. The normal form of benefit payment is a single life annuity; however, participants may elect various forms of joint and survivor annuities. Participants can elect lump-sum payments in certain situations, as defined in the Plan document.

The spouse of a participant who dies while employed and has completed five years of vesting service, or after termination with normal, early, late, deferred, or disability retirement benefits but before the participant's annuity starting date, as defined in the Plan document, is entitled to a death benefit. The death benefit is payable in the form of a qualified joint and 50% survivor annuity or in the form of a qualified joint and 100% survivor annuity if the proper elections have been made. The death benefit becomes payable no earlier than the date the participant would have become eligible to receive benefits. Participants transferring from the Plan and The Denver Post Non-Union Employees' Pension Plan have different calculations of death benefits, as defined in the Plan document.

The spouse, or the designated beneficiary if the proper elections have been made, of a participant who dies after normal, early, late, deferred, or disability benefits have commenced is entitled to death benefits payable as elected when the participant became eligible for the benefit, as defined in the Plan document. However, if the participant is unmarried, the designated beneficiary is eligible for death benefits, as described in the Plan document, payable in a single lump sum.

Benefit payments to participants are recorded when paid.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event the Plan terminates, the net assets of the Plan would be allocated for payment of Plan benefits to the participants in an order of priority determined in the Plan document. The Pension Benefit Guaranty Corporation guarantees the payment of all non-forfeitable (vested) benefits subject to certain limitations prescribed by ERISA.

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The investments of the Plan are comprised of mutual funds, a pooled separate account, and hedge funds, which are stated at fair value.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statements of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' benefits and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

As of December 31, 2017 and 2016, four and two investments accounted for approximately 91% and 85%, respectively, of total investments at fair value. During the years ended December 31, 2017 and 2016, three and two investments accounted for approximately 100% and 93%, respectively, of net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through the auditors' report date, which is the date the financial statements were available to be issued. There were no additional material subsequent events that required recognition or disclosure in the financial statements.

Note 2 - Investments Certified by the Trustee

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2017 and 2016 and the income earned or losses incurred thereon for the years then ended, as reflected in the accompanying financial statements, supplemental schedule of assets (held at end of year), and supplemental schedule of reportable transactions, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5(c) and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements, supplemental schedule of assets (held at end of year), and supplemental schedule of reportable transactions.

Note 3 - Fair Value Accounting

Accounting principles generally accepted in the United States of America require disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

Investments measured at fair value as of December 31, 2017 are as follows:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 23,967,274</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 23,967,274
Investments measured at net asset value ("NAV")				<u>20,908,216</u>
Total investments				<u>\$ 44,875,490</u>

Investments measured at NAV are not required to be reported within the fair value hierarchy but are included to reconcile to total investments.

As of December 31, 2016, no investments were required to be presented in the fair value hierarchy. As of December 31, 2016, investments of \$43,977,992 were measured at NAV.

Investments in mutual funds are reported at the last reported sales price at the end of the respective periods using quoted market values.

The Plan's investments in a pooled separate account ("separate account") and hedge funds are recorded at NAV reported by the funds' managers as a practical expedient to estimating the fair value as these investments do not have readily determinable fair values. Hedge fund assets for which no external pricing sources are available are valued at fair value based upon estimates made by the funds' managers using what management believes, in its discretion, to be appropriate techniques consistent with market practices for the relevant type of investments. Due to the nature of these investments, changes in market conditions and the economic environment may significantly impact the recorded NAV of the separate account and hedge funds and, consequently, fair values of the funds' interest in the funds. The fair value of these investments is measured using the NAV per share of the Plan's ownership interest in the separate account and hedge funds on an equivalent measure where it is not probable that the fund will sell a separate account or hedge fund at a price other than NAV.

The separate account is redeemable daily and has a one-day notice period. The separate account had no redemption restrictions or unfunded commitments as of December 31, 2017 and 2016. The KLS Diversified Fund, Limited is redeemable as of the last day of any calendar quarter-end upon 60 days' prior notice. The Alden AGBPI Fund, Limited is redeemable as of any month-end upon 90 days' prior notice. The Alden Global CRE Opportunities Fund is redeemable in four quarterly installment payments equivalent to 25%, 33 1/3%, 50%, and 100% of the fund's balance as of any calendar quarter-end upon 90 days' prior notice. The redemption notice may be reduced to 60 days; however, it becomes subject to a 5% withdrawal fee. The withdrawal amount may exceed 25%; however, all excess balances withdrawn over 25% become subject to an additional 10% withdrawal fee if 60 days' notice is given or a 5% withdrawal fee if standard notice is given.

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

Alden gave notice that they are closing the AGBPI Fund, Limited and Alden Global CRE Opportunities Funds. Voluntary withdrawals from the two funds have been suspended. The funds are continuing to be liquidated through a soft wind-down process. Quarterly distributions will be made as cash becomes available until the funds are fully liquidated. There were no hedge funds with unfunded commitments as of December 31, 2017 and 2016.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

There were no changes to the valuation techniques used during the years ended December 31, 2017 and 2016. The Plan's management reaffirms its understanding of the valuation techniques used by its pricing services at least annually.

Quantitative Information About Significant Unobservable Inputs Used in Fair Value Measurements

The Plan's financial instruments as of December 31, 2017 and December 31, 2016 include hedge funds, which contain certain redemption restrictions as stated above. The fair value of the hedge funds as of December 31, 2017 and December 31, 2016 was \$12,054,295 and \$41,094,980, respectively.

Changes in Financial Instruments with Significant Unobservable Inputs

The following is a reconciliation of the beginning and ending balance for assets measured at fair value on a recurring basis using significant unobservable inputs:

	<u>Hedge Funds</u>
Investment balance, January 1, 2016	\$ 37,803,305
Gains (realized/unrealized)	<u>3,291,675</u>
Investment balance, December 31, 2016	41,094,980
Sales	(30,239,788)
Gains (realized/unrealized)	<u>1,199,103</u>
Investment balance, December 31, 2017	<u>\$ 12,054,295</u>

Note 4 - Income Taxes

The IRS has determined and informed the Plan, in a letter dated February 27, 2018, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

**THE DP MEDIA NETWORK - DENVER NEWSPAPER GUILD
(EXCLUDING NEWSROOM) EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

Note 4 - Income Taxes (continued)

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Plan pays the cost of certain administrative, accounting, and legal services. Fees incurred and paid directly by the Plan for investment management services for the years ended December 31, 2017 and 2016 were \$78,309 and \$62,063, respectively, which are included in administrative fees on the statements of changes in net assets available for benefits.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments include a pooled separate account managed by Prudential. Other Plan investments include two hedge funds that are managed by an owner of the Company. There are no fees charged to the Plan associated with these funds. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 7 - Accumulated Plan Benefits

The Plan's actuary, Aon Hewitt ("Hewitt"), estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries and present employees or their beneficiaries are based on varying pension benefit formulas as outlined in the Plan. Benefits payable under all circumstances (retirement, death, disability, or termination of employment) are included to the extent they are deemed attributable to employee service rendered to the Freeze Date. The actuarial valuation was performed as of January 1, 2017 and 2016. Had the valuation been performed as of December 31, there would be no material difference.

- (1) Changes in actuarial assumptions relate to changes in the assumed rate of return on investments and the mortality rate assumption.
- (2) Other changes represent the normal operation of the Plan, consisting primarily of those items of Plan experience that are not associated with Plan asset performance.

Notes to Financial Statements

Note 7 - Accumulated Plan Benefits (continued)

The significant actuarial assumptions used by Hewitt in its January 1, 2017 and 2016 calculations are as follows:

Assumed rate of return on investments	7.00% (2017 and 2016).
Probability of retirement - active participants	10% at ages 55-60, 15% at ages 61-64, 25% at ages 65-69, and 100% at ages 70+ (2017 and 2016).
Probability of retirement - terminated vested participants	10% at age 55, 5% at ages 56-61, 25% at age 62, 10% at ages 63-64, and 100% at ages 65+ (2017 and 2016).
Mortality basis	2017 Static Mortality Table for Annuitants and Non-Annuitants (2017). 2016 Static Mortality Table for Annuitants and Non-Annuitants (2016).
Actuarial cost method	Standard Unit Credit Cost Method (2017 and 2016).

The effective interest rate assumption changed to 5.92% as of January 1, 2017 from 6.11% as of January 1, 2016.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Decrement Timing	Middle-of-year decrements (except that retirement is assumed to occur at the beginning of the year, for ages where the assumed retirement rate is 100%).
Surviving Spouse Benefit	It is assumed that 70% of males and 70% of females have an eligible spouse, and that males are three years older than their spouses.
Benefit Limits	Projected benefits are limited by the current IRC section 415 maximum benefit of \$215,000.
Valuation of Plan Assets	<p>Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.</p> <p>A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).</p>
Expected Return on Assets	
2015 Plan Year	Lesser of 7.50% and the 3 rd segment rate. Actual rate of 6.81%.
2016 Plan Year	Lesser of 7.00% and the 3 rd segment rate. Actual rate of 6.65%.
2017 Plan Year	Lesser of 7.00%, and the 3 rd segment rate. Actual rate of 6.48%.
Trust Expenses Included in Target Normal Cost	The Target Normal Cost includes estimated administrative expenses (based on the prior years' actual amounts) plus the estimated PBGC premiums for the current year. For 2017, this amount is \$850,000.
Actuarial Method	Standard unit credit cost method.
Valuation Date	January 1, 2017.

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of The DP Media Network - Denver Newspaper Guild (Excluding Newsroom) Employees' Pension Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a non-contributory defined benefit plan established April 1, 2001 by The Denver Newspaper Agency, LLP (the "DNA"). When the DNA was dissolved on August 26, 2009, The Denver Post LLC continued the Plan as a successor employer. Effective June 30, 2010, the Plan name changed from Denver Newspaper Agency - Denver Newspaper Guild Employees' Pension Plan to The Denver Post - Denver Newspaper Guild (Excluding Newsroom) Employees' Pension Plan. Effective June 28, 2017, DP Media Network LLC (the "Company") assumed sponsorship of the Plan, and the Plan name changed to The DP Media Network - Denver Newspaper Guild (Excluding Newsroom) Employees' Pension Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective December 31, 2007 ("Freeze Date"), the DNA froze the Plan, ceasing additional benefit accruals for credited service after that date. New employees as of January 1, 2008 are not eligible to participate in the Plan.

Prior to January 1, 2008, eligible employees became participants in the Plan on the first day of the month coincident with or following the later of (1) the date the employee completes one year of participation service or (2) the date the employee commenced covered employment. Covered employees are defined as employees of the DNA who were not covered by another plan of the Company, leased employees, or independent contractors.

The Company has elected committees that administer the Plan. Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. (collectively, "Prudential") serves as trustee, manages Plan assets, and maintains the Plan's records.

Funding Policy

The funding target attainment percentage is obtained by dividing the Plan's net plan assets by the plan liabilities on the valuation date. The funding target attainment percentage was 90.17% at January 1, 2017 and 94.95% at January 1, 2016.

Contributions to the Plan are based on actuarial determinations provided by the Plan's actuary. All contributions are made by the Company in cash in amounts adequate to meet the minimum funding requirement of ERISA. Contributions of \$1,400,000 and \$200,000 were made to the Plan for the years ended December 31, 2017 and 2016, respectively.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting and Payment of Benefits

Participants earn one year of vesting service for each calendar year in which a participant is credited with at least 1,000 hours of service. Generally, all of a participant's service prior to April 1, 2001 with Scripps, DPC, and their subsidiaries will be credited for vesting purposes using the vesting service calculations of the participant's predecessor plan.

Pension benefits are provided to participants under several types of retirement options based upon years of service and age. Normal retirement commences as of the participant's normal retirement date (age 65). Participants with five years of vesting service may receive reduced retirement benefits for early retirement (age 55). A participant may also elect late retirement (after age 65). A participant who, prior to normal retirement age, becomes disabled and who has completed five years of vesting service is eligible to receive a disability benefit, calculated as specified in the Plan document. A participant who terminates employment and is not eligible for normal, early, or late pension benefits, but who has completed five years of vesting service, is eligible to receive a deferred vested retirement benefit once the participant reaches the age of 55. Pension benefits are subject to an annual maximum, as described in the Plan document. The normal form of benefit payment is a single life annuity; however, participants may elect various forms of joint and survivor annuities. Participants can elect lump-sum payments in certain situations, as defined in the Plan document.

The spouse of a participant who dies while employed and has completed five years of vesting service, or after termination with normal, early, late, deferred, or disability retirement benefits but before the participant's annuity starting date, as defined in the Plan document, is entitled to a death benefit. The death benefit is payable in the form of a qualified joint and 50% survivor annuity or in the form of a qualified joint and 100% survivor annuity if the proper elections have been made. The death benefit becomes payable no earlier than the date the participant would have become eligible to receive benefits. Participants transferring from the Plan and The Denver Post Non-Union Employees' Pension Plan have different calculations of death benefits, as defined in the Plan document.

The spouse, or the designated beneficiary if the proper elections have been made, of a participant who dies after normal, early, late, deferred, or disability benefits have commenced is entitled to death benefits payable as elected when the participant became eligible for the benefit, as defined in the Plan document. However, if the participant is unmarried, the designated beneficiary is eligible for death benefits, as described in the Plan document, payable in a single lump sum.

Benefit payments to participants are recorded when paid.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event the Plan terminates, the net assets of the Plan would be allocated for payment of Plan benefits to the participants in an order of priority determined in the Plan document. The Pension Benefit Guaranty Corporation guarantees the payment of all non-forfeitable (vested) benefits subject to certain limitations prescribed by ERISA.

(EXCLUDING NEWSROOM) EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The investments of the Plan are comprised of mutual funds, a pooled separate account, and hedge funds, which are stated at fair value.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statements of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' benefits and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

As of December 31, 2017 and 2016, four and two investments accounted for approximately 91% and 85%, respectively, of total investments at fair value. During the years ended December 31, 2017 and 2016, three and two investments accounted for approximately 100% and 93%, respectively, of net appreciation in fair value of investments.

(EXCLUDING NEWSROOM) EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Subsequent Events

The Plan has evaluated subsequent events through the auditors' report date, which is the date the financial statements were available to be issued. There were no additional material subsequent events that required recognition or disclosure in the financial statements.

Note 2 - Investments Certified by the Trustee

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2017 and 2016 and the income earned or losses incurred thereon for the years then ended, as reflected in the accompanying financial statements, supplemental schedule of assets (held at end of year), and supplemental schedule of reportable transactions, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5(c) and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements, supplemental schedule of assets (held at end of year), and supplemental schedule of reportable transactions.

Note 3 - Fair Value Accounting

Accounting principles generally accepted in the United States of America require disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

**THE DP MEDIA NETWORK - DENVER NEWSPAPER GUILD
(EXCLUDING NEWSROOM) EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

Investments measured at fair value as of December 31, 2017 are as follows:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 23,967,274</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 23,967,274
Investments measured at net asset value ("NAV")				<u>20,908,216</u>
Total investments				<u>\$ 44,875,490</u>

Investments measured at NAV are not required to be reported within the fair value hierarchy but are included to reconcile to total investments.

As of December 31, 2016, no investments were required to be presented in the fair value hierarchy. As of December 31, 2016, investments of \$43,977,992 were measured at NAV.

Investments in mutual funds are reported at the last reported sales price at the end of the respective periods using quoted market values.

The Plan's investments in a pooled separate account ("separate account") and hedge funds are recorded at NAV reported by the funds' managers as a practical expedient to estimating the fair value as these investments do not have readily determinable fair values. Hedge fund assets for which no external pricing sources are available are valued at fair value based upon estimates made by the funds' managers using what management believes, in its discretion, to be appropriate techniques consistent with market practices for the relevant type of investments. Due to the nature of these investments, changes in market conditions and the economic environment may significantly impact the recorded NAV of the separate account and hedge funds and, consequently, fair values of the funds' interest in the funds. The fair value of these investments is measured using the NAV per share of the Plan's ownership interest in the separate account and hedge funds on an equivalent measure where it is not probable that the fund will sell a separate account or hedge fund at a price other than NAV.

The separate account is redeemable daily and has a one-day notice period. The separate account had no redemption restrictions or unfunded commitments as of December 31, 2017 and 2016. The KLS Diversified Fund, Limited is redeemable as of the last day of any calendar quarter-end upon 60 days' prior notice. The Alden AGBPI Fund, Limited is redeemable as of any month-end upon 90 days' prior notice. The Alden Global CRE Opportunities Fund is redeemable in four quarterly installment payments equivalent to 25%, 33 1/3%, 50%, and 100% of the fund's balance as of any calendar quarter-end upon 90 days' prior notice. The redemption notice may be reduced to 60 days; however, it becomes subject to a 5% withdrawal fee. The withdrawal amount may exceed 25%; however, all excess balances withdrawn over 25% become subject to an additional 10% withdrawal fee if 60 days' notice is given or a 5% withdrawal fee if standard notice is given.

**THE DP MEDIA NETWORK - DENVER NEWSPAPER GUILD
(EXCLUDING NEWSROOM) EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

Alden gave notice that they are closing the AGBPI Fund, Limited and Alden Global CRE Opportunities Funds. Voluntary withdrawals from the two funds have been suspended. The funds are continuing to be liquidated through a soft wind-down process. Quarterly distributions will be made as cash becomes available until the funds are fully liquidated. There were no hedge funds with unfunded commitments as of December 31, 2017 and 2016.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

There were no changes to the valuation techniques used during the years ended December 31, 2017 and 2016. The Plan's management reaffirms its understanding of the valuation techniques used by its pricing services at least annually.

Quantitative Information About Significant Unobservable Inputs Used in Fair Value Measurements

The Plan's financial instruments as of December 31, 2017 and December 31, 2016 include hedge funds, which contain certain redemption restrictions as stated above. The fair value of the hedge funds as of December 31, 2017 and December 31, 2016 was \$12,054,295 and \$41,094,980, respectively.

Changes in Financial Instruments with Significant Unobservable Inputs

The following is a reconciliation of the beginning and ending balance for assets measured at fair value on a recurring basis using significant unobservable inputs:

	<u>Hedge Funds</u>
Investment balance, January 1, 2016	\$ 37,803,305
Gains (realized/unrealized)	<u>3,291,675</u>
Investment balance, December 31, 2016	41,094,980
Sales	(30,239,788)
Gains (realized/unrealized)	<u>1,199,103</u>
Investment balance, December 31, 2017	<u>\$ 12,054,295</u>

Note 4 - Income Taxes

The IRS has determined and informed the Plan, in a letter dated February 27, 2018, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

**THE DP MEDIA NETWORK - DENVER NEWSPAPER GUILD
(EXCLUDING NEWSROOM) EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

Note 4 - Income Taxes (continued)

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Plan pays the cost of certain administrative, accounting, and legal services. Fees incurred and paid directly by the Plan for investment management services for the years ended December 31, 2017 and 2016 were \$78,309 and \$62,063, respectively, which are included in administrative fees on the statements of changes in net assets available for benefits.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments include a pooled separate account managed by Prudential. Other Plan investments include two hedge funds that are managed by an owner of the Company. There are no fees charged to the Plan associated with these funds. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 7 - Accumulated Plan Benefits

The Plan's actuary, Aon Hewitt ("Hewitt"), estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries and present employees or their beneficiaries are based on varying pension benefit formulas as outlined in the Plan. Benefits payable under all circumstances (retirement, death, disability, or termination of employment) are included to the extent they are deemed attributable to employee service rendered to the Freeze Date. The actuarial valuation was performed as of January 1, 2017 and 2016. Had the valuation been performed as of December 31, there would be no material difference.

**THE DP MEDIA NETWORK - DENVER NEWSPAPER GUILD
(EXCLUDING NEWSROOM) EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

Note 7 - Accumulated Plan Benefits (continued)

The following table sets forth the accumulated plan benefits:

Total actuarial present value of accumulated plan benefits	<u><u>\$ 44,244,999</u></u>	<u><u>\$ 44,803,439</u></u>

The change in present value of accumulated plan benefits was as follows:

Benefit payments	<u>(2,461,802)</u>
Actuarial present value of accumulated plan benefits as of January 1, 2017	<u><u>\$ 44,244,999</u></u>

- (1) Changes in actuarial assumptions relate to changes in the assumed rate of return on investments and the mortality rate assumption.
- (2) Other changes represent the normal operation of the Plan, consisting primarily of those items of Plan experience that are not associated with Plan asset performance.

(EXCLUDING NEWSROOM) EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

Note 7 - Accumulated Plan Benefits (continued)

The significant actuarial assumptions used by Hewitt in its January 1, 2017 and 2016 calculations are as follows:

Assumed rate of return on investments	7.00% (2017 and 2016).
Probability of retirement - active participants	10% at ages 55-60, 15% at ages 61-64, 25% at ages 65-69, and 100% at ages 70+ (2017 and 2016).
Probability of retirement - terminated vested participants	10% at age 55, 5% at ages 56-61, 25% at age 62, 10% at ages 63-64, and 100% at ages 65+ (2017 and 2016).
Mortality basis	2017 Static Mortality Table for Annuitants and Non-Annuitants (2017). 2016 Static Mortality Table for Annuitants and Non-Annuitants (2016).
Actuarial cost method	Standard Unit Credit Cost Method (2017 and 2016).

The effective interest rate assumption changed to 5.92% as of January 1, 2017 from 6.11% as of January 1, 2016.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of The DP Media Network - Denver Newspaper Guild (Excluding Newsroom) Employees' Pension Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a non-contributory defined benefit plan established April 1, 2001 by The Denver Newspaper Agency, LLP (the "DNA"). When the DNA was dissolved on August 26, 2009, The Denver Post LLC continued the Plan as a successor employer. Effective June 30, 2010, the Plan name changed from Denver Newspaper Agency - Denver Newspaper Guild Employees' Pension Plan to The Denver Post - Denver Newspaper Guild (Excluding Newsroom) Employees' Pension Plan. Effective June 28, 2017, DP Media Network LLC (the "Company") assumed sponsorship of the Plan, and the Plan name changed to The DP Media Network - Denver Newspaper Guild (Excluding Newsroom) Employees' Pension Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective December 31, 2007 ("Freeze Date"), the DNA froze the Plan, ceasing additional benefit accruals for credited service after that date. New employees as of January 1, 2008 are not eligible to participate in the Plan.

Prior to January 1, 2008, eligible employees became participants in the Plan on the first day of the month coincident with or following the later of (1) the date the employee completes one year of participation service or (2) the date the employee commenced covered employment. Covered employees are defined as employees of the DNA who were not covered by another plan of the Company, leased employees, or independent contractors.

The Company has elected committees that administer the Plan. Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. (collectively, "Prudential") serves as trustee, manages Plan assets, and maintains the Plan's records.

Funding Policy

The funding target attainment percentage is obtained by dividing the Plan's net plan assets by the plan liabilities on the valuation date. The funding target attainment percentage was 90.17% at January 1, 2017 and 94.95% at January 1, 2016.

Contributions to the Plan are based on actuarial determinations provided by the Plan's actuary. All contributions are made by the Company in cash in amounts adequate to meet the minimum funding requirement of ERISA. Contributions of \$1,400,000 and \$200,000 were made to the Plan for the years ended December 31, 2017 and 2016, respectively.

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting and Payment of Benefits

Participants earn one year of vesting service for each calendar year in which a participant is credited with at least 1,000 hours of service. Generally, all of a participant's service prior to April 1, 2001 with Scripps, DPC, and their subsidiaries will be credited for vesting purposes using the vesting service calculations of the participant's predecessor plan.

Pension benefits are provided to participants under several types of retirement options based upon years of service and age. Normal retirement commences as of the participant's normal retirement date (age 65). Participants with five years of vesting service may receive reduced retirement benefits for early retirement (age 55). A participant may also elect late retirement (after age 65). A participant who, prior to normal retirement age, becomes disabled and who has completed five years of vesting service is eligible to receive a disability benefit, calculated as specified in the Plan document. A participant who terminates employment and is not eligible for normal, early, or late pension benefits, but who has completed five years of vesting service, is eligible to receive a deferred vested retirement benefit once the participant reaches the age of 55. Pension benefits are subject to an annual maximum, as described in the Plan document. The normal form of benefit payment is a single life annuity; however, participants may elect various forms of joint and survivor annuities. Participants can elect lump-sum payments in certain situations, as defined in the Plan document.

The spouse of a participant who dies while employed and has completed five years of vesting service, or after termination with normal, early, late, deferred, or disability retirement benefits but before the participant's annuity starting date, as defined in the Plan document, is entitled to a death benefit. The death benefit is payable in the form of a qualified joint and 50% survivor annuity or in the form of a qualified joint and 100% survivor annuity if the proper elections have been made. The death benefit becomes payable no earlier than the date the participant would have become eligible to receive benefits. Participants transferring from the Plan and The Denver Post Non-Union Employees' Pension Plan have different calculations of death benefits, as defined in the Plan document.

The spouse, or the designated beneficiary if the proper elections have been made, of a participant who dies after normal, early, late, deferred, or disability benefits have commenced is entitled to death benefits payable as elected when the participant became eligible for the benefit, as defined in the Plan document. However, if the participant is unmarried, the designated beneficiary is eligible for death benefits, as described in the Plan document, payable in a single lump sum.

Benefit payments to participants are recorded when paid.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event the Plan terminates, the net assets of the Plan would be allocated for payment of Plan benefits to the participants in an order of priority determined in the Plan document. The Pension Benefit Guaranty Corporation guarantees the payment of all non-forfeitable (vested) benefits subject to certain limitations prescribed by ERISA.

(EXCLUDING NEWSROOM) EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The investments of the Plan are comprised of mutual funds, a pooled separate account, and hedge funds, which are stated at fair value.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statements of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' benefits and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

As of December 31, 2017 and 2016, four and two investments accounted for approximately 91% and 85%, respectively, of total investments at fair value. During the years ended December 31, 2017 and 2016, three and two investments accounted for approximately 100% and 93%, respectively, of net appreciation in fair value of investments.

**THE DP MEDIA NETWORK - DENVER NEWSPAPER GUILD
(EXCLUDING NEWSROOM) EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Subsequent Events

The Plan has evaluated subsequent events through the auditors' report date, which is the date the financial statements were available to be issued. There were no additional material subsequent events that required recognition or disclosure in the financial statements.

Note 2 - Investments Certified by the Trustee

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2017 and 2016 and the income earned or losses incurred thereon for the years then ended, as reflected in the accompanying financial statements, supplemental schedule of assets (held at end of year), and supplemental schedule of reportable transactions, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5(c) and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements, supplemental schedule of assets (held at end of year), and supplemental schedule of reportable transactions.

Note 3 - Fair Value Accounting

Accounting principles generally accepted in the United States of America require disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

**THE DP MEDIA NETWORK - DENVER NEWSPAPER GUILD
(EXCLUDING NEWSROOM) EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

Investments measured at fair value as of December 31, 2017 are as follows:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 23,967,274</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 23,967,274
Investments measured at net asset value ("NAV")				<u>20,908,216</u>
Total investments				<u>\$ 44,875,490</u>

Investments measured at NAV are not required to be reported within the fair value hierarchy but are included to reconcile to total investments.

As of December 31, 2016, no investments were required to be presented in the fair value hierarchy. As of December 31, 2016, investments of \$43,977,992 were measured at NAV.

Investments in mutual funds are reported at the last reported sales price at the end of the respective periods using quoted market values.

The Plan's investments in a pooled separate account ("separate account") and hedge funds are recorded at NAV reported by the funds' managers as a practical expedient to estimating the fair value as these investments do not have readily determinable fair values. Hedge fund assets for which no external pricing sources are available are valued at fair value based upon estimates made by the funds' managers using what management believes, in its discretion, to be appropriate techniques consistent with market practices for the relevant type of investments. Due to the nature of these investments, changes in market conditions and the economic environment may significantly impact the recorded NAV of the separate account and hedge funds and, consequently, fair values of the funds' interest in the funds. The fair value of these investments is measured using the NAV per share of the Plan's ownership interest in the separate account and hedge funds on an equivalent measure where it is not probable that the fund will sell a separate account or hedge fund at a price other than NAV.

The separate account is redeemable daily and has a one-day notice period. The separate account had no redemption restrictions or unfunded commitments as of December 31, 2017 and 2016. The KLS Diversified Fund, Limited is redeemable as of the last day of any calendar quarter-end upon 60 days' prior notice. The Alden AGBPI Fund, Limited is redeemable as of any month-end upon 90 days' prior notice. The Alden Global CRE Opportunities Fund is redeemable in four quarterly installment payments equivalent to 25%, 33 1/3%, 50%, and 100% of the fund's balance as of any calendar quarter-end upon 90 days' prior notice. The redemption notice may be reduced to 60 days; however, it becomes subject to a 5% withdrawal fee. The withdrawal amount may exceed 25%; however, all excess balances withdrawn over 25% become subject to an additional 10% withdrawal fee if 60 days' notice is given or a 5% withdrawal fee if standard notice is given.

**THE DP MEDIA NETWORK - DENVER NEWSPAPER GUILD
(EXCLUDING NEWSROOM) EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

Alden gave notice that they are closing the AGBPI Fund, Limited and Alden Global CRE Opportunities Funds. Voluntary withdrawals from the two funds have been suspended. The funds are continuing to be liquidated through a soft wind-down process. Quarterly distributions will be made as cash becomes available until the funds are fully liquidated. There were no hedge funds with unfunded commitments as of December 31, 2017 and 2016.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

There were no changes to the valuation techniques used during the years ended December 31, 2017 and 2016. The Plan's management reaffirms its understanding of the valuation techniques used by its pricing services at least annually.

Quantitative Information About Significant Unobservable Inputs Used in Fair Value Measurements

The Plan's financial instruments as of December 31, 2017 and December 31, 2016 include hedge funds, which contain certain redemption restrictions as stated above. The fair value of the hedge funds as of December 31, 2017 and December 31, 2016 was \$12,054,295 and \$41,094,980, respectively.

Changes in Financial Instruments with Significant Unobservable Inputs

The following is a reconciliation of the beginning and ending balance for assets measured at fair value on a recurring basis using significant unobservable inputs:

	<u>Hedge Funds</u>
Investment balance, January 1, 2016	\$ 37,803,305
Gains (realized/unrealized)	<u>3,291,675</u>
Investment balance, December 31, 2016	41,094,980
Sales	(30,239,788)
Gains (realized/unrealized)	<u>1,199,103</u>
Investment balance, December 31, 2017	<u>\$ 12,054,295</u>

Note 4 - Income Taxes

The IRS has determined and informed the Plan, in a letter dated February 27, 2018, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

**THE DP MEDIA NETWORK - DENVER NEWSPAPER GUILD
(EXCLUDING NEWSROOM) EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

Note 4 - Income Taxes (continued)

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Plan pays the cost of certain administrative, accounting, and legal services. Fees incurred and paid directly by the Plan for investment management services for the years ended December 31, 2017 and 2016 were \$78,309 and \$62,063, respectively, which are included in administrative fees on the statements of changes in net assets available for benefits.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments include a pooled separate account managed by Prudential. Other Plan investments include two hedge funds that are managed by an owner of the Company. There are no fees charged to the Plan associated with these funds. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 7 - Accumulated Plan Benefits

The Plan's actuary, Aon Hewitt ("Hewitt"), estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries and present employees or their beneficiaries are based on varying pension benefit formulas as outlined in the Plan. Benefits payable under all circumstances (retirement, death, disability, or termination of employment) are included to the extent they are deemed attributable to employee service rendered to the Freeze Date. The actuarial valuation was performed as of January 1, 2017 and 2016. Had the valuation been performed as of December 31, there would be no material difference.

Notes to Financial Statements

Note 7 - Accumulated Plan Benefits (continued)

The significant actuarial assumptions used by Hewitt in its January 1, 2017 and 2016 calculations are as follows:

Assumed rate of return on investments	7.00% (2017 and 2016).
Probability of retirement - active participants	10% at ages 55-60, 15% at ages 61-64, 25% at ages 65-69, and 100% at ages 70+ (2017 and 2016).
Probability of retirement - terminated vested participants	10% at age 55, 5% at ages 56-61, 25% at age 62, 10% at ages 63-64, and 100% at ages 65+ (2017 and 2016).
Mortality basis	2017 Static Mortality Table for Annuitants and Non-Annuitants (2017). 2016 Static Mortality Table for Annuitants and Non-Annuitants (2016).
Actuarial cost method	Standard Unit Credit Cost Method (2017 and 2016).

The effective interest rate assumption changed to 5.92% as of January 1, 2017 from 6.11% as of January 1, 2016.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Decrement Timing	Middle-of-year decrements (except that retirement is assumed to occur at the beginning of the year, for ages where the assumed retirement rate is 100%).

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of The DP Media Network - Denver Newspaper Guild (Excluding Newsroom) Employees' Pension Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a non-contributory defined benefit plan established April 1, 2001 by The Denver Newspaper Agency, LLP (the "DNA"). When the DNA was dissolved on August 26, 2009, The Denver Post LLC continued the Plan as a successor employer. Effective June 30, 2010, the Plan name changed from Denver Newspaper Agency - Denver Newspaper Guild Employees' Pension Plan to The Denver Post - Denver Newspaper Guild (Excluding Newsroom) Employees' Pension Plan. Effective June 28, 2017, DP Media Network LLC (the "Company") assumed sponsorship of the Plan, and the Plan name changed to The DP Media Network - Denver Newspaper Guild (Excluding Newsroom) Employees' Pension Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective December 31, 2007 ("Freeze Date"), the DNA froze the Plan, ceasing additional benefit accruals for credited service after that date. New employees as of January 1, 2008 are not eligible to participate in the Plan.

Prior to January 1, 2008, eligible employees became participants in the Plan on the first day of the month coincident with or following the later of (1) the date the employee completes one year of participation service or (2) the date the employee commenced covered employment. Covered employees are defined as employees of the DNA who were not covered by another plan of the Company, leased employees, or independent contractors.

The Company has elected committees that administer the Plan. Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. (collectively, "Prudential") serves as trustee, manages Plan assets, and maintains the Plan's records.

Funding Policy

The funding target attainment percentage is obtained by dividing the Plan's net plan assets by the plan liabilities on the valuation date. The funding target attainment percentage was 90.17% at January 1, 2017 and 94.95% at January 1, 2016.

Contributions to the Plan are based on actuarial determinations provided by the Plan's actuary. All contributions are made by the Company in cash in amounts adequate to meet the minimum funding requirement of ERISA. Contributions of \$1,400,000 and \$200,000 were made to the Plan for the years ended December 31, 2017 and 2016, respectively.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting and Payment of Benefits

Participants earn one year of vesting service for each calendar year in which a participant is credited with at least 1,000 hours of service. Generally, all of a participant's service prior to April 1, 2001 with Scripps, DPC, and their subsidiaries will be credited for vesting purposes using the vesting service calculations of the participant's predecessor plan.

Pension benefits are provided to participants under several types of retirement options based upon years of service and age. Normal retirement commences as of the participant's normal retirement date (age 65). Participants with five years of vesting service may receive reduced retirement benefits for early retirement (age 55). A participant may also elect late retirement (after age 65). A participant who, prior to normal retirement age, becomes disabled and who has completed five years of vesting service is eligible to receive a disability benefit, calculated as specified in the Plan document. A participant who terminates employment and is not eligible for normal, early, or late pension benefits, but who has completed five years of vesting service, is eligible to receive a deferred vested retirement benefit once the participant reaches the age of 55. Pension benefits are subject to an annual maximum, as described in the Plan document. The normal form of benefit payment is a single life annuity; however, participants may elect various forms of joint and survivor annuities. Participants can elect lump-sum payments in certain situations, as defined in the Plan document.

The spouse of a participant who dies while employed and has completed five years of vesting service, or after termination with normal, early, late, deferred, or disability retirement benefits but before the participant's annuity starting date, as defined in the Plan document, is entitled to a death benefit. The death benefit is payable in the form of a qualified joint and 50% survivor annuity or in the form of a qualified joint and 100% survivor annuity if the proper elections have been made. The death benefit becomes payable no earlier than the date the participant would have become eligible to receive benefits. Participants transferring from the Plan and The Denver Post Non-Union Employees' Pension Plan have different calculations of death benefits, as defined in the Plan document.

The spouse, or the designated beneficiary if the proper elections have been made, of a participant who dies after normal, early, late, deferred, or disability benefits have commenced is entitled to death benefits payable as elected when the participant became eligible for the benefit, as defined in the Plan document. However, if the participant is unmarried, the designated beneficiary is eligible for death benefits, as described in the Plan document, payable in a single lump sum.

Benefit payments to participants are recorded when paid.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event the Plan terminates, the net assets of the Plan would be allocated for payment of Plan benefits to the participants in an order of priority determined in the Plan document. The Pension Benefit Guaranty Corporation guarantees the payment of all non-forfeitable (vested) benefits subject to certain limitations prescribed by ERISA.

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The investments of the Plan are comprised of mutual funds, a pooled separate account, and hedge funds, which are stated at fair value.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statements of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' benefits and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

As of December 31, 2017 and 2016, four and two investments accounted for approximately 91% and 85%, respectively, of total investments at fair value. During the years ended December 31, 2017 and 2016, three and two investments accounted for approximately 100% and 93%, respectively, of net appreciation in fair value of investments.

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Subsequent Events

The Plan has evaluated subsequent events through the auditors' report date, which is the date the financial statements were available to be issued. There were no additional material subsequent events that required recognition or disclosure in the financial statements.

Note 2 - Investments Certified by the Trustee

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2017 and 2016 and the income earned or losses incurred thereon for the years then ended, as reflected in the accompanying financial statements, supplemental schedule of assets (held at end of year), and supplemental schedule of reportable transactions, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5(c) and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements, supplemental schedule of assets (held at end of year), and supplemental schedule of reportable transactions.

Note 3 - Fair Value Accounting

Accounting principles generally accepted in the United States of America require disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

(EXCLUDING NEWSROOM) EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

Investments measured at fair value as of December 31, 2017 are as follows:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 23,967,274</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 23,967,274
Investments measured at net asset value ("NAV")				<u>20,908,216</u>
Total investments				<u>\$ 44,875,490</u>

Investments measured at NAV are not required to be reported within the fair value hierarchy but are included to reconcile to total investments.

As of December 31, 2016, no investments were required to be presented in the fair value hierarchy. As of December 31, 2016, investments of \$43,977,992 were measured at NAV.

Investments in mutual funds are reported at the last reported sales price at the end of the respective periods using quoted market values.

The Plan's investments in a pooled separate account ("separate account") and hedge funds are recorded at NAV reported by the funds' managers as a practical expedient to estimating the fair value as these investments do not have readily determinable fair values. Hedge fund assets for which no external pricing sources are available are valued at fair value based upon estimates made by the funds' managers using what management believes, in its discretion, to be appropriate techniques consistent with market practices for the relevant type of investments. Due to the nature of these investments, changes in market conditions and the economic environment may significantly impact the recorded NAV of the separate account and hedge funds and, consequently, fair values of the funds' interest in the funds. The fair value of these investments is measured using the NAV per share of the Plan's ownership interest in the separate account and hedge funds on an equivalent measure where it is not probable that the fund will sell a separate account or hedge fund at a price other than NAV.

The separate account is redeemable daily and has a one-day notice period. The separate account had no redemption restrictions or unfunded commitments as of December 31, 2017 and 2016. The KLS Diversified Fund, Limited is redeemable as of the last day of any calendar quarter-end upon 60 days' prior notice. The Alden AGBPI Fund, Limited is redeemable as of any month-end upon 90 days' prior notice. The Alden Global CRE Opportunities Fund is redeemable in four quarterly installment payments equivalent to 25%, 33 1/3%, 50%, and 100% of the fund's balance as of any calendar quarter-end upon 90 days' prior notice. The redemption notice may be reduced to 60 days; however, it becomes subject to a 5% withdrawal fee. The withdrawal amount may exceed 25%; however, all excess balances withdrawn over 25% become subject to an additional 10% withdrawal fee if 60 days' notice is given or a 5% withdrawal fee if standard notice is given.

**THE DP MEDIA NETWORK - DENVER NEWSPAPER GUILD
(EXCLUDING NEWSROOM) EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

Alden gave notice that they are closing the AGBPI Fund, Limited and Alden Global CRE Opportunities Funds. Voluntary withdrawals from the two funds have been suspended. The funds are continuing to be liquidated through a soft wind-down process. Quarterly distributions will be made as cash becomes available until the funds are fully liquidated. There were no hedge funds with unfunded commitments as of December 31, 2017 and 2016.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

There were no changes to the valuation techniques used during the years ended December 31, 2017 and 2016. The Plan's management reaffirms its understanding of the valuation techniques used by its pricing services at least annually.

Quantitative Information About Significant Unobservable Inputs Used in Fair Value Measurements

The Plan's financial instruments as of December 31, 2017 and December 31, 2016 include hedge funds, which contain certain redemption restrictions as stated above. The fair value of the hedge funds as of December 31, 2017 and December 31, 2016 was \$12,054,295 and \$41,094,980, respectively.

Changes in Financial Instruments with Significant Unobservable Inputs

The following is a reconciliation of the beginning and ending balance for assets measured at fair value on a recurring basis using significant unobservable inputs:

	<u>Hedge Funds</u>
Investment balance, January 1, 2016	\$ 37,803,305
Gains (realized/unrealized)	<u>3,291,675</u>
Investment balance, December 31, 2016	41,094,980
Sales	(30,239,788)
Gains (realized/unrealized)	<u>1,199,103</u>
Investment balance, December 31, 2017	<u>\$ 12,054,295</u>

Note 4 - Income Taxes

The IRS has determined and informed the Plan, in a letter dated February 27, 2018, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

**THE DP MEDIA NETWORK - DENVER NEWSPAPER GUILD
(EXCLUDING NEWSROOM) EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

Note 4 - Income Taxes (continued)

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Plan pays the cost of certain administrative, accounting, and legal services. Fees incurred and paid directly by the Plan for investment management services for the years ended December 31, 2017 and 2016 were \$78,309 and \$62,063, respectively, which are included in administrative fees on the statements of changes in net assets available for benefits.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments include a pooled separate account managed by Prudential. Other Plan investments include two hedge funds that are managed by an owner of the Company. There are no fees charged to the Plan associated with these funds. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 7 - Accumulated Plan Benefits

The Plan's actuary, Aon Hewitt ("Hewitt"), estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries and present employees or their beneficiaries are based on varying pension benefit formulas as outlined in the Plan. Benefits payable under all circumstances (retirement, death, disability, or termination of employment) are included to the extent they are deemed attributable to employee service rendered to the Freeze Date. The actuarial valuation was performed as of January 1, 2017 and 2016. Had the valuation been performed as of December 31, there would be no material difference.

Total actuarial present value of accumulated plan benefits	<u><u>\$ 44,244,999</u></u>	<u><u>\$ 44,803,439</u></u>

The change in present value of accumulated plan benefits was as follows:

Actuarial present value of accumulated plan benefits as of January 1, 2017	<u><u>\$ 44,244,999</u></u>

- (1) Changes in actuarial assumptions relate to changes in the assumed rate of return on investments and the mortality rate assumption.
- (2) Other changes represent the normal operation of the Plan, consisting primarily of those items of Plan experience that are not associated with Plan asset performance.

(EXCLUDING NEWSROOM) EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

Note 7 - Accumulated Plan Benefits (continued)

The significant actuarial assumptions used by Hewitt in its January 1, 2017 and 2016 calculations are as follows:

Assumed rate of return on investments	7.00% (2017 and 2016).
Probability of retirement - active participants	10% at ages 55-60, 15% at ages 61-64, 25% at ages 65-69, and 100% at ages 70+ (2017 and 2016).
Probability of retirement - terminated vested participants	10% at age 55, 5% at ages 56-61, 25% at age 62, 10% at ages 63-64, and 100% at ages 65+ (2017 and 2016).
Mortality basis	2017 Static Mortality Table for Annuitants and Non-Annuitants (2017). 2016 Static Mortality Table for Annuitants and Non-Annuitants (2016).
Actuarial cost method	Standard Unit Credit Cost Method (2017 and 2016).

The effective interest rate assumption changed to 5.92% as of January 1, 2017 from 6.11% as of January 1, 2016.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.
