WS Packaging Group, Inc. 401(k) Plan

Notes to Financial Statements

Note 1: Plan Description

The following description of WS Packaging Group, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all non-union employees who are not nonresident aliens, employees of an affiliate that is not a participating employer, or leased or temporary employees of WS Packaging Group, Inc. (the "Company") who have completed two months of service. Upon satisfying the eligibility requirements, an employee is eligible to participate on the first day of the following month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year participants may contribute up to 75% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute pretax amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover). The Plan also allows for Roth contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their pretax deferral rate set at 3% of eligible compensation, increasing their pretax rate 1% annually on the anniversary of enrollment and capping at 6%, and their contributions invested in a designated fund until changed by the participant. The Company may make a discretionary matching contribution of 50% of each participant's first pretax deferrals up to 6% of plan compensation contributed. During the year ended December 31, 2017, the Company made matching contributions of \$2,206,869. The Company may also make a discretionary profit sharing contribution on behalf of eligible employees each plan year, as defined in the plan document. No Company discretionary profit sharing contribution was made for 2017. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contribution, and allocations of (a) the Company's discretionary profit sharing contribution and (b) plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

WS Packaging Group, Inc. 401(k) Plan

Notes to Financial Statements

Note 1: Plan Description (Continued)

Vesting

Participants are vested immediately in their voluntary contributions and any Company discretionary profit sharing contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their account plus actual earnings thereon is based on continuous years of service subject to a six-year graded vesting schedule, as defined in the Plan. Participants vest at a rate of 20% per year beginning with the second year of service. Participants become fully vested after six years of service.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum or installments if the account balance is greater than \$5,000. If the participant's vested account balance does not exceed \$5,000, the plan administrator will pay an involuntary cashout distribution as a single lump-sum payment. In addition, hardship distributions out of the participant's vested account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 ½.

Forfeitures

At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$27,731 and \$151,965, respectively. These accounts will be used first to pay administrative expenses, second to reduce future Company contributions, and third to be allocated to participants in accordance with the plan document. During the year ended December 31, 2017, Company contributions were reduced by \$253,370 from forfeited nonvested accounts.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms shall not exceed five years except for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined quarterly by the plan administrator. Interest rates on existing loans range from 4.25% to 10.25%. Principal and interest are paid ratably through payroll deductions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Note 2: Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

At December 31, 2016, amounts payable to participants totaling \$2,725 for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed 2016 excess contributions to the applicable participants prior to March 15, 2017. There were no excess contributions at December 31, 2017.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances. Interest income is recognized as remitted to the Plan. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net appreciation in fair value of investments.

Note 2: Summary of Significant Accounting Policies (Continued)

Subsequent Events

Subsequent events have been evaluated through October 11, 2018, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would be used only if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 and 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund - Wells Fargo Stable Return Fund O: Valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding and is used as a practical expedient to estimate fair value. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments that are traded on an active market.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Notes to Financial Statements

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends, other, and interest income of notes receivable from participants for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Bank of America, N.A. ("BoA"), the Trustee of the Plan.

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by BoA. BoA is the Trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, since they are paid through revenue sharing rather than a direct payment. Administrative expenses totaling \$16,500 were paid to BoA for the year ended December 31, 2017.

Capital Strategies Investment Group ("Capital") serves as the investment consultant for the Plan; therefore, fees paid to Capital qualify as party-in-interest transactions. For 2017, the Plan incurred expenses of \$40,000 related to investment consulting services, which were paid from revenue sharing funds in the Plan.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Tax Status

The Plan adopted a nonstandard prototype document with an IRS notification letter, which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company discretionary matching contributions.

Notes to Financial Statements

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017, to Form 5500:

	2017
Net assets available for benefits per the financial statements	\$ 149,286,244
Less: Defaulted participants loans	115,549
Net assets available for benefits per the Form 5500	\$ 149,170,695

The following is a reconciliation of net increase in net assets available for benefits to net income per Form 5500 for the year ended December 31, 2017:

	2017
Net increase in net assets available for benefits per the financial statements	\$ 18,267,776
Less: Change in defaulted participant loans.	14,869
Less: Participant loans defaulted in 2017	100,680
Net increase in net assets available for benefits per Form 5500	\$ 18,152,227

Note 10: Reclassification

Certain reclassifications have been made to the 2016 financial statements to conform to the 2017 classifications.
