Note 1. Plan Description

The following description of the Toyota & Honda of Santa Maria 401(k) Plan and Trust (the Plan) provides only general information with regard to the Plan. Toyota & Honda of Santa Maria (the Company) is the Plan sponsor. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of the Company, who are age 21 and have met the service requirement of 1 year of service and are not members of a collective bargaining unit or non-resident aliens. Employees enter the Plan on the first January 1 or July 1 that occurs after the employee has completed the eligibility requirements. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan administration:

The Company is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under the ERISA, including oversight of the Plan, appropriateness of investment offerings, and monitoring investment performance.

The trustee, Fidelity Personal Trust Company, has been granted discretionary authority to invest and reinvest the assets of the Plan, subject to the investment discretion of the individual participants over the participant contributions and Company matching contributions, if any.

Contributions:

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants may also designate a portion or all of the deferral contributions as Roth 401(k) contributions that are includable in the participant’s gross income at the time deferred. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation, and their contributions are invested in the designated default fund until changed by the participant. Deferral rates will increase annually by 1% of compensation for participants automatically enrolled until a deferral rate of 50% of compensation is reached unless they affirmatively elect not to increase their deferral percentage. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Company may, in its discretion, make matching contributions, including qualified matching contributions and profit sharing contributions. To be eligible, participants must meet all eligibility requirements and also be employed on the last day of the Plan year. For the year ended December 31, 2017, the Company matching contribution was $100,000, and was allocated to participants based on their deferral. There was no Company profit sharing contribution for the year ended December 31, 2017. Contributions are subject to certain IRS limitations.

Participant accounts:

Each participant's account is credited with the participant's contribution, an allocation of the Company's matching contribution, if any, an allocation of the Company's profit sharing contribution, if any, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. All amounts in participant accounts are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company matching and profit sharing contribution portion of their account, plus actual earnings thereon, is based on years of service as follows:

Years of Service	*Years*
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

If participant dies or is disabled prior to attaining the normal retirement age, the participant becomes 100% vested.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, is set at the prime rate plus 1%, as defined, which has been determined by the Plan administrator as a reasonable rate of interest, commensurate with local prevailing rates, as of the loan date. Principal and interest are paid through payroll deductions or through direct payments from the participants.

Benefit payments and withdrawals:

On termination due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution or installments. Upon termination for any reason, if the terminated participant's vested and non-forfeitable balance is less than $5,000, the participant's balance will automatically be distributed in the form of a lump sum. A participant may withdraw the elective deferral balance of their account for reasons of hardship.

At December 31, 2017 and 2016, there was $0 and $3,291, respectively, of amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

Forfeited accounts:

Forfeitures result from non-vested benefit payments remaining in the Plan for all terminated employees or adjustments, if any. At December 31, 2017 and 2016, there was no forfeited account balance. These accounts will be used to reduce administrative expenses of the Plan, then any remaining forfeitures may be used to supplement employer contributions. There was $448 of forfeitures used to pay administrative expenses for the year ended December 31, 2017.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash and cash equivalents:

The Plan considers cash equivalents to be highly liquid debt instruments purchased with an original maturity of three months or less.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor's management determines the Plan's valuation policies utilizing information provided by the custodian and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net

appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Refundable excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

Payment of benefits:

Benefits are recorded when paid.

Administrative expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are either included in administrative expenses or net appreciation of fair value of investments.

Note 3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investment and interest and dividends for the period March 27, 2017 through December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Personal Trust Company.

Note 4. Investments and Fair Value Measurements

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1

measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the NAV of units of the bank collective trust. NAV is considered a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Cash Surrender Value (CSV) of Life Insurance: Valued at cash surrender value using the current mortality cost charges and a current interest rate.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	*Level 2*	*Level 3*	*Total*
Collective trust funds	$ -	$ 4,656,400	$ -	$ 4,656,400
Mutual funds	1,261,936	-	-	1,261,936
Cash surrender value of life insurance	-	-	5,841	5,841
Total investments at fair value	$ 1,261,936	$ 4,656,400	$ 5,841	$ 5,924,177

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	*Level 2*	*Level 3*	*Total*
Collective trust funds	$ -	$ 3,707,831	$ -	$ 3,707,831
Mutual funds	983,405	-	-	983,405
Cash surrender value of life insurance	-	-	5,806	5,806
Total investments at fair value	$ 983,405	$ 3,707,831	$ 5,806	$ 4,697,042

For the years ended December 31, 2017 and 2016, there were no significant transfers between Levels 1, 2, or 3.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2017:

	Cash surrender value of life insurance
Balance, as of December 31, 2016	$ 5,806
Net increase in value	35
Balance, as of December 31, 2017	$ 5,841

The valuation technique for the Level 3 investment is based on the cash surrender value, which uses the current mortality cost charges and a current interest rate, which estimates fair value. There are no significant unobservable inputs and the balance is not significant to overall plan assets.

Note 5. Related Party and Party-in-Interest Transactions

Fidelity Personal Trust Company is the trustee as defined by the Plan, and therefore, the investment transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Some of the fees incurred by the Plan for investment management services are paid through direct payments, which are included in administrative fees, and some are paid through revenue sharing, which are included in net appreciation in fair value of investments.

CAPTRUST Financial Advisors is the third-party administrator as defined by the Plan, and therefore, the transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Notes receivable from Plan participants and related interest income are also considered party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of the ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

The Company has adopted a standardized volume submitter 401(k) profit sharing plan. The IRS has opined and informed the volume submitter plan administrator by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the volume submitter approval letter, the Plan administrator believes that the Plan is designed,

and is currently being operated, in compliance with the applicable requirements of the IRC; and therefore, believes that the Plan is qualified and the related trust was tax-exempt. As such, no provision for income taxes has been included in the Plan's financial statements. Administration errors, if any, which are insignificant or operational in nature, are handled by the Plan administrator in accordance with applicable IRS correction policies.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan as of December 31, 2017, and is not aware of any uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Reconciliation of the Plan Financial Statements to the Form 5500

Certain amounts included on Schedule H Part I and II on the Annual Return/Report of Employee Benefits Plan (Form 5500) have been grouped differently for purposes of presentation in the financial statements.
