**Statement by Enrolled Actuary**  
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

| <b>Part I</b> | <b>Service Provider Information (see instructions)</b> |
|---------------|--------------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

**1 Information on Persons Receiving Only Eligible Indirect Compensation**

- a** Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions).. . . . . ☐ Yes ☒ No
- b** If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

## REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Participants and Administrator

**Electrodynamics, Inc. Pension Plan for Members of Local 134, I.B.E.W.**

### Report on the financial statements

We were engaged to audit the accompanying financial statements of Electrodynamics, Inc. Pension Plan for Members of Local 134, I.B.E.W. (the “Plan”), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year then ended, the statement of accumulated plan benefits as of December 31, 2016, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements (collectively referred to as the “2017 financial statements”).

### Management's responsibility for the 2017 financial statements

Management is responsible for the preparation and fair presentation of these 2017 financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's responsibility

Our responsibility is to express an opinion on these 2017 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion on the 2017 Financial Statements paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements.

### Basis for disclaimer of opinion on the 2017 financial statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note 8, except for comparing such information with the related information included in the 2017 financial

statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained a certification from this entity as of and for the year ended December 31, 2017, stating that the certified information provided to the Plan administrator is complete and accurate.

**Disclaimer of opinion on the 2017 financial statements**

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2017 Financial Statements paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on these 2017 financial statements.

**Other matter**

The financial statements of the Plan as of and for the year ended December 31, 2016 were audited by other auditors. Those auditors expressed an unmodified opinion on those financial statements in their report dated September 7, 2017.

**Report on form and content in compliance with DOL rules and regulations for the 2017 financial statements**

The form and content of the information included in the 2017 financial statements, other than that derived from the certified information described in Note 8, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

***1. Plan Description***

On December 31, 2016, following the merger of L-3 Communications Holdings, Inc. ("L-3 Holdings") with and into L-3 Communications Corporation, L-3 Communications Corporation changed its name to L3 Technologies, Inc. (the "Company"). The following brief description of the Electrodynamics, Inc. Pension Plan for Members of Local 134, I.B.E.W. (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

The Plan is a contributory defined benefit plan covering all members of Local 134, I.B.E.W. at the Electrodynamics subsidiary of the Company. Participation in the Plan begins on the first day of the first calendar month following the later of (i) attainment of age 21, (ii) one year of eligible service or (iii) the date on which the employee became covered by the terms of a collective bargaining agreement between the Company and Local 134, I.B.E.W. There were no active employees' accumulated contributions with interest for both of the years ended December 31, 2017 and 2016. Employee contributions were credited interest at a rate of 2.36% and 2.17% for the years ended December 31, 2017 and 2016, respectively. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is frozen with respect to new participants hired on or after January 1, 2007. As such, any employees hired on or after January 1, 2007 are not eligible to participate in the Plan. Additionally, active participants were given a one-time opportunity effective April 1, 2007, to freeze participation in this Plan in exchange for receiving an employer contribution to the L3 Technologies Master Savings Plan.

In 2015, the Company announced the shutdown of its Electrodynamics, Inc. facility. As a result of this shutdown, there is no benefit accrual for services performed on or after January 1, 2015 under the Plan. Additionally, active participants in the Plan were assumed to terminate and retirement eligible participants were assumed to retire effective January 1, 2015.

***2. Summary of Significant Accounting Policies***

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

Interest in Master Trust

Investment assets of the Plan are maintained in the L-3 Communications Corporation Master Trust (the "Master Trust"), administered by The Bank of New York ("BNY") Mellon, as Trustee. The Plan participates in the Master Trust along with other defined benefit plans sponsored by the Company (collectively, the "L3 Participating Plans"). The Plan is sponsored by Electrodynamics, Inc., but is maintained with plans sponsored by the Company. The fair value of the Plan's undivided interest in the Master Trust is determined based on the beginning of year value of the Plan's undivided interest in the Master Trust plus actual contributions and allocated investment income (loss) less

actual distributions and actual administrative expenses. Assets held in the Master Trust primarily consist of equity securities, fixed income securities, a mutual fund, a commingled trust fund and short term investments. See Note 6 for a description of the valuation methodologies of the assets of the Master Trust.

The Master Trust records investment transactions on the trade-date, dividend income on the ex-dividend date, interest income as earned, and determines realized gains and losses on sales of securities based on the average cost method.

Net Investment Income from Master Trust

The net investment income from the Master Trust includes interest and dividend income and net appreciation or depreciation in the fair value of investments, which includes net gains or losses realized upon disposition of investments and net unrealized appreciation or depreciation of investments. The net investment income or loss is allocated to the L3 Participating Plans based upon the relationship of each plan's respective ending monthly balances in the investment pool to the total investments of the Master Trust, as determined on a monthly basis.

Benefit Payments

Benefit payments are recorded when paid.

Plan Expenses

The administrative expenses of the Plan are paid for by the Plan. Administrative expenses are allocated to the Plan at the direction of the Company based upon the Plan's respective portion of the expense. Investment management fees are allocated to the L3 Participating Plans based upon the relationship of each plan's respective ending monthly balances in the investment pool to the total investments of the Master Trust, as determined on a monthly basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make significant estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, disclosures of contingent assets, liabilities and benefit obligations, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results may differ from those estimates.

Risks and Uncertainties

Plan contributions and the actuarial present value of accumulated plan benefits are determined based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption

process, it is at least reasonably possible that changes in the estimates and assumptions in the near term would be material to the financial statements.

The investments held in the Master Trust are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the investments and related allocation reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

#### New Accounting Standards Implemented

In February 2017, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2017-06, which requires the plans to disclose (1) the plan’s interest in the master trust and any change in that interest to be presented in separate line items in the statement of net assets available for benefits and in the statement of changes in net assets available for benefits, respectively, (2) the dollar amount of their interest in each of those general types of investments, which supplements the existing requirement to disclose the master trust’s balances in each general type of investment and (3) the master trust’s other asset and liability balances and the dollar amount of the plan’s interest in each of those balances. This update is effective for fiscal periods beginning after December 15, 2018, and early adoption is permitted. The Plan has elected to early adopt ASU 2017-06 for the year ended December 31, 2016. The adoption of this standard did not impact the Plan’s statements of net assets available for benefits, statements of changes in net assets available for benefits or statements of accumulated plan benefits and changes in accumulated plan benefits. See Note 5 for additional information.

#### Subsequent Events

The Plan evaluated its December 31, 2017 financial statements for subsequent events for recognition or disclosure through October 10, 2018, the date the financial statements were available to be issued. There were no subsequent events that would require recognition or additional disclosure in the Plan’s financial statements.

### **3. Contributions**

Generally, the Company’s funding policy is to contribute amounts in accordance with the Internal Revenue Code (“IRC”) that are at least equal to the minimum funding requirements under ERISA. There was no minimum funding requirement in 2017 and 2016. There were no contributions made in 2017 or 2016. Minimum contributions are calculated using the Unit Credit Actuarial Cost Method, as prescribed by law. Under this method, the liability is measured on an accrued-to-date basis using mandated mortality tables and interest rates with no salary projection past the end of the year. Assuming all assumptions are met (including the investment earnings implicitly assumed by the interest rate), funding the minimum required contribution is generally designed to achieve the following: (1) if the plan is underfunded, funding at the minimum level would achieve 100% funding

---

within seven years, and then contributions would equal the target normal cost, or (2) if the plan is overfunded, there will be no required contributions unless the target normal cost exceeds the overfunding.

Participants who earn more than \$10 annually may voluntarily contribute 4% of the excess. These employees can at any time elect to withdraw 100% of their voluntary contributions, together with accumulated interest.

***4. Plan Benefits***

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service that employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

The Plan provides a benefit which equals the greater of (i)  $1\frac{1}{2}\%$  of the participant's annual compensation up to \$10 for each year of credited service plus  $1\frac{3}{4}\%$  of the participant's annual compensation in excess of \$10 for each year of credited service provided that the participant makes contributions in accordance with the Plan document, or (ii) an annual benefit of forty-eight dollars multiplied by the participant's years of credited service. Benefits vest 100% after 5 years of service and are payable at age 65.

The Plan permits early retirement for participants at age 55 with at least 10 years of service. The benefit may begin at the date of early retirement, reduced by 6% for each of the first 5 years prior to age 65 and by 5% for each of the next 5 years prior to age 60. Retirees may elect to receive their pension benefits in the form of a joint and survivor annuity or a life annuity payable monthly from the date of retirement. Under the joint and survivor annuity, if a vested participant dies prior to the date pension benefits commence, the surviving spouse of the deceased vested participant receives benefits equal to 50% of the amount which would have been payable to the retiree under a joint and survivor annuity. Under the life annuity, there are no continuing payments after the death of the retiree. If participants are terminated before completing 5 years of service, they forfeit the right to receive their accumulated benefits.

---

The actuarial present value of the accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of December 31, 2016 and 2015 were:

|                 |                                                                                                                                                 |
|-----------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| Mortality basis | Total Collar RP-2014 Mortality Table (adjusted back to 2006), projected generationally with the 2014 SSA Intermediate – Cost Projections Scale. |
| Retirement      | 100% at age 65.                                                                                                                                 |
| Discount Rate   | 8%                                                                                                                                              |

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors may be applicable in determining the actuarial present value of accumulated plan benefits. The computation of the actuarial present value of accumulated plan benefits was made as of January 1, 2017 and 2016. Had valuations been performed as of December 31, 2016 and 2015 there would be no material differences.

The Plan, through the Master Trust, may enter into foreign currency forward exchange contracts primarily to hedge against foreign currency exchange rate risks on its non-U.S dollar denominated investment securities. When entering into a foreign currency forward contract, the Plan agrees to receive or deliver a fixed quantity of foreign currency for an agreed-upon price on an agreed future date. The Plan's net equity therein, representing unrealized gain or loss on the contracts, as measured by the difference between the forward foreign exchange rates at the dates of entry in the contracts and the forward foreign exchange rates at the reporting date is included in Plan's statement of net assets available for benefits. Realized and unrealized gains and losses are included in the Plan's statement of changes in net assets available for benefits. These instruments involve market and/or credit risks. The Plan, through the Master Trust, manages exposure to credit risk by entering into foreign currency forward exchange contracts only with major institutions that are expected to fully perform under the terms of such contracts. The average notional amounts for the years ended December 31, 2017 and 2016 were \$134 and \$4,642, respectively.

At December 31, 2017 and 2016, the Plan had no foreign currency forward exchange contracts.

**6. *Fair Value Measurements***

The Plan's assets and liabilities are measured and recorded at fair value. The Benefit Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. The standards establish a framework for measuring fair value and expand related disclosures. The standards define fair value as the price that would be received for an asset or the exit price that would be paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants. It establishes a fair value hierarchy that gives the highest priority to observable inputs and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described below.

Level 1: Quoted market prices available in active markets for identical assets or liabilities as of the reporting date. The Plan's Level 1 assets primarily include equity securities, a mutual fund classified under Fixed Income – Investment Grade and Real Estate Investment Trusts ("REITs"), all of which fair value is derived from quoted market prices.

Level 2: Pricing inputs other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date. The fair value is determined using a valuation model based on observable market inputs. The Plan's Level 2 assets primarily include money market accounts and both investment grade and high-yield fixed income securities.

Level 3: Pricing inputs that are generally unobservable inputs and not corroborated by market data. The Plan has no Level 3 assets.

The table below reports by level, within the fair value hierarchy, the assets held in the Master Trust at fair value as of December 31, 2017 and 2016, including a description of the valuation methodologies. As required by the standards, each asset is classified based on the lowest level of input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2017 and 2016. There were no transfers between Levels 1, 2 or 3 during the years ended December 31, 2017 and 2016.

<sup>(1)</sup> Equity securities consist of investments in common stock of U.S. and international companies. The fair value of equity securities is based on quoted market prices available in active markets at the close of a trading day, primarily the New York Stock Exchange (NYSE), National Association of Securities Dealers Automated Quotations (NASDAQ), and various international exchanges.

<sup>(2)</sup> Real Estate Investment Trusts (REITs) consist of securities that trade on the major exchanges and invest directly in real estate, either through properties or mortgages.

<sup>(3)</sup> Approximately 62% at December 31, 2017 and 2016 of plan assets that are invested in the Fixed Income — Investment Grade asset category consist of a mutual fund offered by a registered investment company (the Fund) and fixed income securities. The Fund invests in investment grade fixed income securities, mortgaged-backed securities, U.S. treasury and agency bonds and corporate bonds. These investments are classified by the Company as a Level 1 measurement within the fair value hierarchy, as mutual funds are required to publish their NAV daily and transact at that price, they are deemed to be actively traded. The remaining 38% at December 31, 2017 and 2016 of plan assets are fixed income securities, primarily investment grade corporate bonds from various industries held directly by the Master Trust. The fair values of these investments are based on yields currently available on comparable bonds of issuers with similar credit ratings, quoted prices of similar bonds in an active market, or cash flows based on observable inputs and are classified as Level 2. The breakout of mutual funds into types is no longer required.

<sup>(4)</sup> Fixed Income — High Yield consists of investments in corporate high-yield bonds from various industries. The fair values of these investments are based on yields currently available on comparable bonds of issuers with similar credit ratings, quoted prices of similar bonds in an active market, or cash flows based on observable inputs.

<sup>(5)</sup> Short term investments consist primarily of money market accounts, which invest primarily in short-term, high quality money market securities such as government obligations, commercial paper, time deposits and certificates of deposit.

<sup>(6)</sup> In accordance with ASU 2015-07, certain investments that are measured at fair value using the net asset value (NAV) per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in Note 5.

<sup>(7)</sup> All of the plan's other investments measured using NAV as a practical expedient at December 31, 2017 and 2016 consist of a regulated commingled equity trust fund, for which fair value is based on the NAV at the end of each month. The NAV is calculated by the fund manager based on the fair value of the fund's holdings, primarily equity securities traded in active markets, determined as of the end of each month as a practical expedient to estimating fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Withdrawals are permitted, with notice by the 20th day of each month, based on NAV.

<sup>(8)</sup> There were no restrictions on redemption or unfunded commitments at December 31, 2017 and 2016.

**7. *Tax Status***

The Internal Revenue Service has determined and informed the Company by a letter dated October 25, 2017, that the Plan is designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's counsel believe that the Plan is designed and is currently being operated in compliance with the applicable regulations of the IRC; therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions by the Plan and has concluded that as of December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan recognizes accrued interest and penalties related to unrecognized tax benefits in tax expense. There were no interest and penalties included in the Plan's financial statements.

**8. *Plan Interest in Master Trust Certified By Trustee***

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2017, and investment income for the year then ended, that is disclosed in the accompanying financial statements, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee of the Plan.

**9. *Parties-in-Interest and Related Party Transactions***

Certain plan investments held in the Master Trust are units of a commingled trust fund managed by BNY Mellon, the Plan's trustee. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various related party service providers. These transactions are exempt party in interest transactions under ERISA.

**10. *Termination Priorities***

While the Company has not expressed any intention to do so, it is free to discontinue its contributions at any time and to terminate the Plan, subject to the provisions set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated as specified by the Plan in accordance with ERISA, generally to provide the following benefits in the order indicated:

- a. Benefits attributable to employee contributions, taking into account those paid out before termination.

**ELECTRODYNAMICS, INC. PENSION PLAN  
FOR MEMBERS OF LOCAL 134, I.B.E.W.  
NOTES TO FINANCIAL STATEMENTS - continued  
(Dollars in thousands)**

---

- b. Benefits attributable to participants who have retired at least three years before the termination date of the Plan or those participants who were eligible to retire and receive pension benefits at least three years before, but who did not elect to retire at that time.
- c. Benefits commencing at retirement age to participants who are eligible to receive guaranteed benefits under ERISA.
- d. All vested and non-vested benefits.

Whether participants receive all benefits to which they are entitled under the terms of the Plan should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation, up to specified limits.

**Actuarial Assumptions and Methodologies (Funding)**

Certain assumptions are prescribed as described below. The other assumptions are estimates derived from historical and recent experience as well as market observations, combined with professional judgment about future expectations. Sibson Consulting's reports as of November 29, 2011 and January 12, 2015 show recent analysis upon which these assumptions are based.

Interest:

The interest rates used for the 2017 plan year are the 24-month average corporate bond segment rates for September 2016 subject to funding stabilization. Under stabilization, the interest rates used for funding purposes are calculated in the usual manner (24-month average corporate bond rates) but are then constrained to be within a corridor around a 25-year average of those same bond rates. For 2017, the stabilization corridor is 10%. It is scheduled to remain at 10% through 2020, then increase by 5% per year until it reaches 30% for 2024. The rates are as follows:

|                                        | Payments in the First 5 Years | Payments in Years 6 – 20 | Payments Thereafter | Effective Interest Rate |
|----------------------------------------|-------------------------------|--------------------------|---------------------|-------------------------|
| Current Year, reflecting stabilization | 4.16%                         | 5.72%                    | 6.48%               | 5.89%                   |
| Current Year, without stabilization    | 1.52%                         | 3.80%                    | 4.79%               | 4.09%                   |
| Prior Year, reflecting stabilization   | 4.43%                         | 5.91%                    | 6.65%               | 6.08%                   |
| Prior Year, without stabilization      | 1.34%                         | 4.03%                    | 5.06%               | 4.32%                   |

The segment rates used to determine the PBGC variable rate premium are the standard PBGC premium rates. These rates are 2.04% for payments in the first 5 years, 4.03% for payments in years 6-20, and 4.82% for payments thereafter.

These interest rates are based on the plan sponsor's election subject to the constraints established by law.

| <b>Mortality rates:</b>                          | RP2000 combined annuitant and non-annuitant healthy mortality tables (sex-specific) with static projection using scale AA and no collar-adjustment. Mortality is projected from 2000 through the valuation date plus another 7 years for annuitants, and through the valuation date plus another 15 years for non-annuitants. This assumption is one of the choices allowed by the regulations.                                                                                                                                                                                                                                                |                                        |                                      |                                             |

| <b>Age difference:</b>                           | For participants for whom a spouses' date of birth was not provided, it was assumed that husbands were 3 years older than wives.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |                                        |                                      |                                             |
| <b>Administrative expenses:</b>                  | An expense assumption is required under the funding rules. Plan-related expenses of \$130,000 are expected to be paid by the plan during the year. (Previously, plan-related expenses of \$120,000 were assumed). This assumption is based on recent historical data adjusted to reflect estimated future experience and professional judgment.                                                                                                                                                                                                                                                                                                |                                        |                                      |                                             |
| <b>Asset method:</b>                             | As selected by the plan sponsor, assets are determined by averaging the market value as of the valuation date and the adjusted market values as of the preceding two years. The resulting value is limited to between 90% to 110% of market value of assets. The adjusted market values reflect cash flow and expected earnings to the valuation date. The expected earnings are based on an assumed rate of return of 7.50%, not to exceed the applicable third segment rate of 6.81% for 2015 and 6.65% for 2016.                                                                                                                            |                                        |                                      |                                             |
| <b>Funding method:</b>                           | Funding method is unit credit actuarial cost method, as prescribed by law. The liability is measured on an accrual-to-date basis using mandated mortality tables and interest rates with no salary projection past the end of the year.<br><br>If all assumptions are met (including the investment earnings implicitly assumed by the interest rate), funding the plan at the minimum required contribution level is generally designed to achieve a 100% funded status within seven years. Once that is achieved, or for overfunded plans, the required contribution will generally equal the target normal cost reduced by any overfunding. |                                        |                                      |                                             |

**Statement by Enrolled Actuary**  
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

| Vesting percentage:                   | 100% of accrued normal retirement benefit based on Annual Earnings, Credited Service, and employee contributions at date of termination. Benefit is payable from age 65. Employee may elect payment as early as age 55, with 10 years of Vesting Service; in this case payments are reduced in the same way as at early retirement. If participant is not vested at termination, employee contributions with interest may be withdrawn. |
