THE WADDINGTON GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 1 DESCRIPTION OF PLAN

The following description of The Waddington Group (Company) 401(K) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

GENERAL - The Plan is a defined contribution plan covering all full-time employees of the Company who have completed 90 days of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS - Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions and the employer contributions into various investment options offered by the Plan. The Plan currently offers under a Group Annuity Contract one general investment account and twenty pooled separate accounts as investment options for participants. The Company may make matching contributions equal to a discretionary percentage to be determined by the Company each year. During 2017 and 2016, the Company contributed 50% of the first 6% of base compensation that a participant contributes to the Plan. Contributions are subject to certain IRS limitations.

PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after four years of credited service.

NOTES RECEIVABLE FROM PARTICIPANTS - On March 6, 2014 existing loan balances were transferred from Precision Packaging Products, Inc., a newly acquired division, as a one-time rollover from the Precision Packaging Products, Inc. 401(K) Plan and Trust. These loans will be paid off and no new loans will be allowed.

PAYMENT OF BENEFITS - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, substantially equal installments, partial withdrawals, or joint & 100% survivor annuity. If the account is greater than \$1,000 the distribution may be deferred.

FORFEITED ACCOUNTS - At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$0 and \$45,003, respectively. These accounts will be used first to reduce expenses related to the administration of the Plan and then to reduce company contributions to the Plan.

AMENDMENTS - Effective July 12, 2016, the Trustee Declarations Page of the Plan was modified. The Board of Directors appointed Reliance Trust Company as Trustee with respect to The Waddington Group 401(K) Plan. The Board also authorized the plan recordkeeper, Massachusetts Mutual Life Insurance Company, as an agent of the Trustee as indicated in the Trust Agreement.

THE WADDINGTON GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 2 SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING - The financial statements of the Plan have been prepared on the accrual basis of accounting.

USE OF ESTIMATES - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION - Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

PAYMENT OF BENEFITS - Benefits are recorded when paid.

EXPENSES - Expenses of maintaining the Plan are paid by the use of forfeitures and then by the Company.

SUBSEQUENT EVENTS The plan has evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled Separate Accounts (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

General Investment Account: Valued at the estimated liquidation value determined within contract specifications. Mass Mutual uses Barclay's Capital Index to determine liquidation value.

NOTE 4 INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2007, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with MassMutual Retirement Services (MassMutual). MassMutual maintains the contributions in pooled separate accounts and a general investment account. The general investment account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. MassMutual is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the issuer. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

THE WADDINGTON GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 5 RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by MassMutual. MassMutual is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions.

Employees of the plan sponsor provide administrative service to the Plan. These services include Plan oversight and day-to-day Plan administration. The Plan is not charged by the company sponsor for the services of the employees to the Plan.

The plan sponsor paid plan administration expenses of \$11,800 and \$11,400 for the years ended December 31, 2017 and 2016, respectively.

NOTE 6 PLAN TERMINATION

In 2016, The Waddington Group, the Plan sponsor, was sold to Newell Brands. The Waddington Group 401(K) Plan remained in place until its funds were liquidated on December 29, 2017 and then wire transferred on January 2, 2018 to the Newell Brands Employee Savings Plan.

NOTE 7 TAX STATUS

The IRS has determined and informed the Company by a letter dated May 11, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for and tax periods in progress.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 CHANGE IN ACCOUNTING PRINCIPLE

Effective January 1, 2016, the Plan adopted FASB ASU No. 2015-07, *Fair Value Measurement* and FASB ASU No. 2015-12, *Plan Accounting*. Due to this change, the investment contract is reported separately at contract value on the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016. There is no effect on income or ending net assets available for benefits for years ending December 31, 2017 and 2016.

THE WADDINGTON GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 1 DESCRIPTION OF PLAN

The following description of The Waddington Group (Company) 401(K) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

GENERAL - The Plan is a defined contribution plan covering all full-time employees of the Company who have completed 90 days of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS - Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions and the employer contributions into various investment options offered by the Plan. The Plan currently offers under a Group Annuity Contract one general investment account and twenty pooled separate accounts as investment options for participants. The Company may make matching contributions equal to a discretionary percentage to be determined by the Company each year. During 2017 and 2016, the Company contributed 50% of the first 6% of base compensation that a participant contributes to the Plan. Contributions are subject to certain IRS limitations.

PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after four years of credited service.

NOTES RECEIVABLE FROM PARTICIPANTS - On March 6, 2014 existing loan balances were transferred from Precision Packaging Products, Inc., a newly acquired division, as a one-time rollover from the Precision Packaging Products, Inc. 401(K) Plan and Trust. These loans will be paid off and no new loans will be allowed.

PAYMENT OF BENEFITS - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, substantially equal installments, partial withdrawals, or joint & 100% survivor annuity. If the account is greater than \$1,000 the distribution may be deferred.

FORFEITED ACCOUNTS - At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$0 and \$45,003, respectively. These accounts will be used first to reduce expenses related to the administration of the Plan and then to reduce company contributions to the Plan.

AMENDMENTS - Effective July 12, 2016, the Trustee Declarations Page of the Plan was modified. The Board of Directors appointed Reliance Trust Company as Trustee with respect to The Waddington Group 401(K) Plan. The Board also authorized the plan recordkeeper, Massachusetts Mutual Life Insurance Company, as an agent of the Trustee as indicated in the Trust Agreement.

THE WADDINGTON GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 2 SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING - The financial statements of the Plan have been prepared on the accrual basis of accounting.

USE OF ESTIMATES - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION - Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

PAYMENT OF BENEFITS - Benefits are recorded when paid.

EXPENSES - Expenses of maintaining the Plan are paid by the use of forfeitures and then by the Company.

SUBSEQUENT EVENTS The plan has evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled Separate Accounts (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

General Investment Account: Valued at the estimated liquidation value determined within contract specifications. Mass Mutual uses Barclay's Capital Index to determine liquidation value.

NOTE 4 INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2007, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with MassMutual Retirement Services (MassMutual). MassMutual maintains the contributions in pooled separate accounts and a general investment account. The general investment account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. MassMutual is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the issuer. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 5 RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by MassMutual. MassMutual is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions.

Employees of the plan sponsor provide administrative service to the Plan. These services include Plan oversight and day-to-day Plan administration. The Plan is not charged by the company sponsor for the services of the employees to the Plan.

The plan sponsor paid plan administration expenses of \$11,800 and \$11,400 for the years ended December 31, 2017 and 2016, respectively.

NOTE 6 PLAN TERMINATION

In 2016, The Waddington Group, the Plan sponsor, was sold to Newell Brands. The Waddington Group 401(K) Plan remained in place until its funds were liquidated on December 29, 2017 and then wire transferred on January 2, 2018 to the Newell Brands Employee Savings Plan.

NOTE 7 TAX STATUS

The IRS has determined and informed the Company by a letter dated May 11, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for and tax periods in progress.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 CHANGE IN ACCOUNTING PRINCIPLE

Effective January 1, 2016, the Plan adopted FASB ASU No. 2015-07, *Fair Value Measurement* and FASB ASU No. 2015-12, *Plan Accounting*. Due to this change, the investment contract is reported separately at contract value on the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016. There is no effect on income or ending net assets available for benefits for years ending December 31, 2017 and 2016.
