Independent Auditor's Report

The Plan Administrator
Woodward FST Employees' Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Woodward FST Employees' Pension Plan (Plan) as listed in the accompanying table of contents, as of December 31, 2017 and 2016 and for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules, as listed in the accompanying table of contents, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WOODWARD
FST EMPLOYEES' PENSION PLAN

Notes to Financial Statements

December 31, 2017 and 2016

(1) Description of Plan

The following description of the Woodward FST Employees' Pension Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined benefit pension plan covering substantially all Fuel Systems Textron (FST) employees of Woodward, Inc. (Company) hired prior to September 30, 1999. The Plan and related trust were established on June 15, 1998 pursuant to the purchase of the FST Division of Textron, Inc. by the Company. The Plan was amended to freeze service as of September 30, 1999 but allow salary increases for salaried employees. Effective January 1, 2007, the Plan was further amended to exclude compensation earned after December 31, 2006 from participants' retirement benefit calculation. The Plan was further amended and restated effective January 1, 2016 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective July 22, 2016, the Company amended the Plan to permit a special distribution election allowing a participant who satisfies certain requirements to elect an immediate distribution of his or her fully vested retirement pension benefits without regard to age or vesting service for purposes of retirement pension benefit eligibility. The Company made a lump-sum offering to participants between July 22 and August 22, 2016, resulting in distribution payments totaling approximately \$1,461,000.

The Company further amended the Plan effective January 1, 2017 to allow retired members to return to work without disruption of their pension benefits.

(b) Pension Benefits

The Plan provides benefits to participating employees upon normal or early retirement, upon termination of employment, upon disability if eligible for disability benefit, and upon death if eligible for a pre-retirement spouse's benefit.

The normal retirement benefit is payable at age 65. The benefit formula for salaried employees is a final average pay formula which is integrated with Social Security which, as of January 1, 2007, excludes compensation earned after December 31, 2006. The benefit for hourly employees is a flat monthly dollar benefit of \$20 multiplied by the years of service as of September 30, 1999.

**WOODWARD
FST EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

The early retirement benefit is based on the pay and service as of the termination date and is calculated under the same formula as the normal retirement benefit. Participants are eligible for early retirement at age 55 if they meet the service requirement. Benefits are reduced for commencement of benefits prior to age 65. Also, unreduced benefits at age 62 are available if the participant meets certain service requirements, as specified in the Plan document.

A participant who terminates prior to attaining eligibility for early retirement is eligible for a deferred vested benefit. The benefit is the accrued normal retirement benefit and is reduced for commencement prior to age 65.

The normal form of benefit payment is a life annuity. All other benefit forms are actuarially equivalent to the life annuity.

(c) Death and Disability Benefits

A participant who terminates employment due to a total disability and has met the eligibility requirements for a disability benefit is entitled to a disability benefit. Disability benefits will begin upon the later of the expiration of any temporary disability benefits or six months after the date the individual was first eligible to receive Social Security disability benefits. A pre-retirement spouse's benefit is provided upon the death of a participant.

(d) Vesting

All participants are 100% vested.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Date of Management's Review

Subsequent events were evaluated through September 28, 2018, which is the date the financial statements were available to be issued.

WOODWARD
FST EMPLOYEES' PENSION PLAN

Notes to Financial Statements

(c) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(d) Investment Valuation and Income Recognition

Under the terms of the Trust agreement between The Vanguard Fiduciary Trust Company (Trustee) and the Plan, the Trustee manages trust funds and executes investment transactions as directed by the Plan. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Capital gains distributions are included in dividend income. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(e) Payment of Benefits

Benefit payments to participants are recorded upon distribution.

(f) Administrative Expenses

Services provided by the Plan actuary, record keepers, Plan auditors and Trustee are paid by the Plan. Indirect investment fees are netted against the net appreciation in fair value of assets. Certain administrative expenses, including functions performed by officers or employees of the Company, are incurred by the Company at no charge to the Plan.

(g) Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump sum distributions, which are attributable under the plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the plan are based on employees' compensation during the last six years ended on or before December 31, 2006. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the

WOODWARD
FST EMPLOYEES' PENSION PLAN

Notes to Financial Statements

extent they are deemed attributable to employee service rendered through December 31, 2006. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by the Company's consulting actuaries and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of January 1, 2017 and 2016 were (a) discount rate of 6.75% in 2017 and 7.0% in 2016 (b) the life expectancy of participants (based up the RP-2014 statutory tables) (c) retirement age assumptions (assumed retirement age was between 55 and 70), (d) no compensation increases included after December 31, 2006, (e) assumed plan related expenses added to the normal cost were \$315,000 in 2017 and \$180,000 in 2016, and (f) investment rates of return based upon the interest rate corridors of MAP-21. These rates are intended to represent the net yield after investment expenses over an extended period of time in the future. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

(3) Funding Policy

Annual contributions are made by the Company in amounts determined with the assistance of the actuary to fund benefits to be paid to Plan participants. The Company intends to contribute to the Plan no less than the minimum amount required to satisfy the minimum funding standards of the Internal Revenue Code. The Company contributions for the years ended December 31, 2017 and 2016, respectively, satisfied the minimum funding requirements of ERISA.

(4) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

WOODWARD
FST EMPLOYEES' PENSION PLAN

Notes to Financial Statements

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- b. Other vested benefits insured by the Pension Benefit Guarantee Corporation (PBGC), a U.S. Government Agency, up to the applicable limitations discussed below.
- c. All other vested benefits not insured by the PBGC.
- d. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For plan terminations occurring during 2017 that ceiling is \$5,369 per month.

That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination, whichever comes later. For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

(5) Certification of Financial Information

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Vanguard Fiduciary Trust Company has certified that the Plan's investments, interest and dividends, and net appreciation in fair value of investments as reported to the Plan and included in the accompanying financial

WOODWARD
FST EMPLOYEES' PENSION PLAN

Notes to Financial Statements

statements and supplemental schedule are complete and accurate as of December 31, 2017 and 2016 and the years then ended.

(6) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurements authoritative literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Mutual funds are valued at the quoted net asset value of shares held by the plan at year end.

At December 31, 2017 and 2016 the plan's assets consisted of mutual funds which were all considered Level 1 assets.

(7) Related Party Transactions

Certain Plan investments are shares of mutual funds managed by and sold through affiliates of Vanguard Fiduciary Trust Company (Vanguard). Vanguard is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain administrative expenses, including functions performed by officers or employees of the Company, are incurred by the Company at no charge to the Plan.

(8) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated May 10, 2017 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe

**WOODWARD
FST EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The actuarial assumptions that are not mandated by IRC § 430 and regulations, represent the enrolled actuary's best estimate of anticipated experience under the plan, subject to the following conditions:

The actuarial valuation, on which the information in this Schedule SB is based, has been prepared in reliance upon the employee and financial data furnished by the plan administrator and the trustee. The enrolled actuary has not made a rigorous check of the accuracy of this information but has accepted it after reviewing it and concluding it is reasonable in relation to similar information furnished in previous years. The amounts of contributions and dates paid shown in Item 18 of Schedule SB were listed in reliance on information provided by the plan administrator and/or trustee.

Form of Payment

Participants are assumed to elect a single life annuity. The normal form of payment for married participants is an actuarially equivalent 50% Joint and Survivor Annuity.

Marriage

For purposes of valuing the pre-retirement surviving spouse's benefit, 80% of eligible participants are assumed to be married and male spouses are assumed to be 3 years older than female spouses.

Employees

It was assumed there will be no new or rehired employees.

Timing of Benefit Payments

Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.

Valuation Date

First day of plan year.

Funding Target

Present value of accrued benefits as required by regulations under IRC §430.

SCHEDULE SB ATTACHMENTS

Target Normal Cost

Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year as required by regulations under IRC §430.

Actuarial Value of Assets

Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2016 plan year.)

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Participant Data

The plan sponsor through its third party administrator, Milliman, furnished participant data as of 1/1/2017. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Benefits not Valued

All benefits described in the Plan Provisions section of this report were valued based on discussions with Woodward, Inc. regarding the likelihood that these benefits will be paid. Willis Towers Watson has reviewed the plan provisions with Woodward, Inc. and, based on that review, is not aware of any significant benefits required to be valued that were not.

Assumptions Rationale - Significant Economic Assumptions for Contributions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Administrative expenses	Administrative expenses are estimated by determining the actual expenses paid from the trust the preceding year.

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Disabled Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Assumed termination rates differ by age, gender, and employment type because of expected differences in termination rates by gender and employment type.
Retirement	Assumed retirement rates differ by gender because of expected differences in retirement rates by gender.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

**Change in assumptions
since prior valuation**

The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC §430.

The mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvement, as required by IRC §430.

The assumed plan-related expenses added to the target normal cost were changed from \$180,000 for the prior valuation to \$315,000 for the current valuation to account for higher expected expenses to be paid from the trust.

**Change in methods
since prior valuation**

Credited Service

Salaried:

The lesser of 35 years or the sum of:

1. Credited Service as of June 14, 1998 under the prior plan; and
2. Years and fractions of a year in completed months after June 14, 1998 under this plan.

Hourly:

The sum of:

1. Credited Service through December 31, 1997 under the prior plan;
2. For 1998, one year if the sum of hours under the prior plan and hours under this plan is at least 1,700;
3. For each calendar year after December 31, 1998 one year if at least 1,700 hours are worked; and
4. For each calendar year (including 1998) in which less than 1,700 hours are worked, a fraction equal to the actual hours worked divided by 1,700 rounded to nearest tenth.

Credited service for both salaried and hourly participants is frozen as of September 30, 1999.

Vesting Service

Salaried:

The sum of:

Normal Retirement Benefit

Salaried:

The sum of:

- a. The participant's benefit as of 12/31/1988, multiplied by a fraction, of which the numerator is the final average compensation (FAC) at termination and the denominator is the FAC as of 12/31/1988;

plus

- b. 1% of the participant's FAC multiplied by years of credited service from 12/31/1988 to termination;

plus

- c. 0.5% of the participant's FAC in excess of 82.5% of Covered Compensation multiplied by years of credited service from 12/31/1988 to termination.

In determining the number of years of credited service for parts (b) and (c), the total years of credited service from original date of hire to termination cannot exceed 35 years.

Hourly:

\$20 multiplied by the participant's years of credited service.

Early Retirement Benefit

The Normal Retirement Benefit multiplied by the appropriate factor from the following table based on the participant's age at retirement:

Vested Benefits upon Termination of Service

The Normal Retirement Benefit payable at age 65. The benefit payable at an Early Retirement date is multiplied by the appropriate factor (different than the normal early retirement factors) and reduced from age 65.

Pre-retirement Death Benefits

1. Eligibility: Benefit cannot commence prior to the deceased employee's earliest eligible benefit commencement date or the date at which the employee would have attained age 55.
2. Benefit: 50% Joint and Survivor amount payable to surviving spouse for the remainder of their life.

Optional Forms of Retirement Income in Lieu of Normal Form

Benefits can be paid as a single life annuity or as joint and survivor annuity for both salaried and hourly participants.

Special Provisions for Top-Heavy Plans

Not applicable; the plan has never been top-heavy.

Plan Participants' Contributions

They are not required or permitted.

Forms of Payment

Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above as a life annuity, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Optional forms are a 75% joint and survivor annuity and a 100% joint and survivor annuity. Actuarial equivalence is based on the table found in the plan document.

Maximum on Benefits and Pay

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

Future Plan Changes

No future plan changes were recognized in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected in this valuation.

Changes in Plan Provisions since Last Actuarial Valuation

The plan was amended to include a voluntary distribution window to certain former employees to receive a one-time cash out of their benefit in September or October 2016.

Substantive Commitments

No substantive commitments other than the above plan provisions have been included in this valuation.
