INDEPENDENT AUDITORS' REPORT

Board of Trustees
The Will-Burt Company Employee Stock Ownership Trust and Plan
Orrville, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of The Will-Burt Company Employee Stock Ownership Trust and Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017, and the changes in net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

The financial statements of The Will-Burt Company Employee Stock Ownership Trust and Plan as of December 31, 2016, were audited by predecessor auditors whose report dated October 13, 2017, expressed an unmodified opinion on those financial statements.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) and schedule of reportable transactions as of or for the year ended December 31, 2017 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 DESCRIPTION OF PLAN

The following brief description of The Will-Burt Company Employee Stock Ownership Trust and Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of The Will-Burt Company and its wholly owned subsidiary, Will-Burt Advanced Composites, Inc. (collectively, the Company). The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Employees of the Company who have reached 18 years of age and who have completed 6 months of continuous service are eligible for the Plan. Participants who do not have at least 1,000 hours of service during a plan year or who are not employed on the last working of a plan year are generally not eligible for an allocation of Company contributions for such year unless employment termination is due to death, disability, or retirement at or after age 65.

Payment of Benefits and Contributions

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to their beneficiary or, if none, to their legal representative), or otherwise terminates employment with the Company. Distributions are made only in cash. The Company is obligated to fund these distributions through contributions.

Distributions of participants account balances are made as lump-sum distributions, if less than $5,000. Account balances greater than $5,000 are paid out over a period of five years. Participants who are receiving their third or fourth payment may elect to receive a lump-sum distribution of their remaining account balance. Terminated participants are not allowed to hold investments in Company stock indefinitely. At each Plan year-end, participants who are not receiving periodic payments will have approximately one fifth of their investment in Company stock cashed-out and converted to an alternative investment. Account balances are based on the most recent valuation.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of the Plan participants and beneficiaries. As of December 31, 2017 and 2016, all shares held by the plan were allocated to participants.

Participant Accounts

A separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with employer contributions, income earned on investments and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company will receive an allocation in accordance with the Plan provisions. Allocations are based on a participant's eligible compensation relative to total eligible compensation.

Vesting

Vesting in participant accounts is based on years of continuous service. A participant is 100% vested after 3 years of vesting service. A participant is immediately 100% vested in their participant account due to qualified disability, death, or after attaining normal retirement age.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash. Shares repurchased at December 31, 2017 and 2016 were 4,693 and 8,795, respectively

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Diversification

Diversification is offered to participants close to retirement in order that they may have the opportunity to move portions of the value of their investment in Company stock into other retirement plan options. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account over a six-year period. In each of the first five years, a participant may diversity up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution.

Forfeited Accounts

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated nonvested account balances allocated to remaining participants at December 31, 2017 and 2016 were $3,153 and $16,249, respectively. There were no balances in forfeited nonvested accounts at December 31, 2017 and 2016.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The assets of the Plan are valued at fair value. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The difference between fair value and the cost of investments, if any, is reflected in the statements of changes in net assets available for benefits as net appreciation in fair value of investments.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Plan fees and expenses, including fees and expenses connected with the providing of administrative services by internal providers, are paid by the Plan or Company.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2018, the date the financial statements were available to be issued.

NOTE 3 ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Company common shares, are held by the trustee of the Plan. The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan document.

Company contributions are held and managed by the trustee, which invests cash received and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 4 PLAN AMENDMENT AND TERMINATION

The Company has the right to amend the Plan if it determines that it is necessary and desirable to do so. Further, the Company intends to continue the Plan indefinitely, but reserves the right to terminate it at any time, provided it will not be undertaken in such a manner to constitute a violation of any applicable provisions of ERISA. In the event of Plan termination, participants will receive a distribution of the balance in their respective accounts in accordance with the terms of the Plan.

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

Company Common Stock: The fair value of the Will-Burt Company common stock held by the Plan is valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of company assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

The valuation process involves Plan management's selection of an independent appraiser under contract for a term of one year with the right to cancel such contract at any time. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report which plan management, along with the ESOP trustees, reviews in detail, discusses, and approves. The results of this process are documented in minutes of the Board of Trustees.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2017			
	Level 1	Level 2	Level 3	Total
Interest-Bearing Cash	$ 3,362	$ -	$ -	$ 3,362

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management has evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2017 and 2016, there were no significant transfers in or out of Levels 1, 2, or 3.

The following tables set forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31:

	2017 The Will-Burt Company Common Stock
Balance - Beginning of Year	$ 20,972,142
Realized Gains/Losses	-
Unrealized Gains/Losses Relating to Assets Still Held at the Reporting Date	5,386,572
Purchase of Shares	800,886
Sale of Shares	(1,842,711)
Balance - End of Year	$ 25,316,889

	2016 The Will-Burt Company Common Stock
Balance - Beginning of Year	$ 22,821,325
Realized Gains/Losses	-
Unrealized Gains/Losses Relating to Assets Still Held at the Reporting Date	94,468
Purchase of Shares	-
Sale of Shares	(1,943,651)
Balance - End of Year	$ 20,972,142

Gains and losses included in changes in net assets for the period above are reported in net unrealized appreciation in fair value of investments in the statements of changes in net assets available for benefits.

NOTE 6 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2017	2016
Net Assets Available for Benefits per Financial Statements	$ 26,524,268	$ 22,083,456

Net Increase (Decrease) in Net Assets Available for Benefits per Form 5500	$ 4,440,812	$ (2,119,490)

NOTE 7 TRANSACTIONS WITH PARTIES-IN-INTEREST

Transactions with parties-in-interest consist of purchases and sales of Company stock and payment of administrative expenses. Other than as previously described, the Plan has no agreements or transactions with any parties-in-interest.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 PLAN TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 29, 2017, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
