NOTE 1 - DESCRIPTION OF PLAN

The following description of the Yellowstone Landscape, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Yellowstone Landscape, Inc. and its subsidiaries (collectively the Company). Following the completion of one year of service and attainment of age 21, employees are eligible to participate in the Plan on the first day of the month coinciding with or following the meeting of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan's trustee is Ascensus Trust Company and the record-keeper is Ascensus, Inc.

Contributions: Participants may elect to make salary deferral contributions to the Plan up to 100% of eligible compensation, subject to limits provided under the Internal Revenue Code (IRC). Effective January 1, 2013, the Plan was amended to allow participants to make Roth contributions. Participants' who have attained the age of 50 within the plan year are permitted to make catch-up contributions in accordance with the IRC. Participants may stop their salary deferral contributions at any time. Participants may change their salary deferral contribution on the first day of each month of the plan year.

Effective May 15, 2017, the Plan was amended to allow the Company to make discretionary matching and profit sharing contributions. Participants are eligible to receive the employer match or the profit sharing contributions if they (1) are participants at the plan year-end, and (2) have completed more than 1,000 hours of service in the plan year, or are terminated in the plan year due to death, retirement, or total and permanent disability.

For the year ended December 31, 2017, the Company elected to make voluntary matching and profit sharing contributions to the account of each eligible employee equal to 100 perfect of deferrals that do not exceed 4 perfect of eligible compensation. Employer matching contributions for the year ended December 31, 2017 totaled in the amount of $208,846. The Plan is participant-directed and participants may change their investment options at any time. Participants may make rollover contributions to the Plan subject to the approval of the Plan administrator.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, plan earnings, and plan administrative expenses. Allocations are based on a participant's eligible compensation or account balance, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are at all times fully vested in their contributions, rollover contributions, and the appreciation or depreciation thereon. Vesting in the Company's contributions plus earnings thereon is based on years of continuous service. Participants vest 20% per year after one year of service and are 100% vested after five years of service.

Forfeited Accounts: Forfeitures of non-vested employer matching and profit- sharing contributions are used to reduce Plan expenses or employer contributions. The forfeitures balance at December 31, 2017 and 2016 was $0 and $1,680, respectively.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits: A participant shall be immediately vested upon death, retirement, or total and permanent disability. Normal retirement age under the Plan is the later of attainment of age 65 or the fifth anniversary of the first day of the plan year in which participation in the Plan commenced. Participants with a rollover contribution may receive a distribution at any time, limited to the total of their rollover contribution and related earnings. The Plan also allows for hardship withdrawals from a participant's pretax deferral account and Roth account. Participants receive distributions in a lump-sum amount equal to the value of their vested interest.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested balance. The notes bear interest at reasonable rates as determined at the date of the note and are secured by the participant's vested account to the extent of the principal amount of the note, plus accrued interest. Principal and interest are paid ratably through payroll deductions for periods ranging up to five years, or longer for the purchase of a primary residence. Participants may only have one note outstanding at any time.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their account balances.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to notes receivable from participants and withdrawals are charged directly to the participant's account and are included in administrative expenses. Other investment related expenses are included in net appreciation in fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. At December 31, 2017 and 2016, no allowance was considered necessary by the Plan administrator.

Excess Contributions: Refunds of excess participant deferral contributions may be required to satisfy the relevant nondiscrimination provisions of the Plan. Such refunds are accrued as a liability and reduction in contributions in the Plan year in which the excess deferrals were made to the Plan.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits: Benefits are recorded when paid.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

> Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
>
> Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
>
> Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(Continued)

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Investments measured at fair value on a recurring basis are summarized below:

		Fair Value Measurements at December 31, 2017 Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 2,002,887	$ 2,002,887	$ -	$ -
Total	$ 2,002,887	$ 2,002,887	$ -	$ -

		Fair Value Measurements at December 31, 2016, Using

Mutual funds	$ 1,434,837	$ 1,434,837	$ -	$ -
Total	$ 1,434,837	$ 1,434,837	$ -	$ -

NOTE 4 - INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS - UNAUDITED INFORMATION

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Ascensus, Inc., as agent for Ascensus Trust Company, the trustee of the Plan. This information has not been audited by independent auditors.

NOTE 5 - INCOME TAX STATUS

According to Internal Revenue Service (IRS) Announcement 2011-49, employers that adopt approved nonstandardized prototype plans and meet certain additional guidelines can rely on the prototype plan's opinion letter, dated March 31, 2008, rather than file for a new letter. The Sponsor has elected to rely on the prototype plan opinion letter in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).

The prototype plan document was restated and an approved opinion letter was received March 31, 2014. The Sponsor adopted the restated prototype plan effective October 1, 2015.

(Continued)

NOTE 5 - INCOME TAX STATUS (Continued)

Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others.
