1. DESCRIPTION OF THE PLAN

The following description of the Triad Digital Media LLC 401(K) Plan (the "Plan"), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan, established March 1, 2016, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Great-West Life & Annuity Insurance Company ("GWLAIC") and Great-West Trust Company, LLC ("GWTC") are the trustees of the Plan. The Plan is sponsored by Triad Digital Media, LLC (the "Company"). The Plan covers all employees of the Company who are at least age 21 and have completed 1,000 hours of service within the Plan year, with the exception of collective bargaining employees and non-resident aliens.

Contributions/Eligibility

Deferred Contributions
Employees are eligible to make pre-tax 401(k) contributions as soon as practicable following the employee's date of hire.

Participating employees contribute from 1% to 100% of their eligible pre-tax compensation not to exceed $18,000 in 2017. For the Plan year 2017, the maximum amount of annual compensation that may be taken into account is $270,000.

Participants may make Roth contributions in the Plan.

Catch-up Contributions
Participating employees who have attained age 50 may contribute an additional percentage of eligible compensation as catch-up contributions (up to the annual federal dollar limit for these contributions). During 2017, a participant's maximum catch-up contribution was $6,000. Catch-up contributions are not eligible for Company Matching Contributions.

Safe Harbor Matching Contributions
During the Plan year, the Company may make Safe Harbor Matching Contributions ("Matching Contributions") equal to 3% of the employee's compensation plus 50% of salary deferrals between 3% and 5%, contributed to the Plan but subject to a maximum percentage of compensation limits as defined in the Plan. The Company paid Safe Harbor Matching Contributions in 2017.

Discretionary Matching Contributions
The Company may make additional Discretionary Matching Contributions in an amount not to exceed 6% of Participant's compensation. The Company's fourth quarter 2016 Discretionary Matching contribution of $464,395, was paid in 2017. No Discretionary Matching Contributions were made for the 2017 Plan year.

1. DESCRIPTION OF THE PLAN - (continued)

Contributions/Eligibility – (continued)

Discretionary Non-elective Contributions
The Company may also make a Discretionary Non-elective Contribution. There were no discretionary contributions paid during 2017 or 2016.

Participant Accounts
Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and allocations of any Company contributions and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments
All mutual funds are administered by GWTC and the Guaranteed Interest Fund is administered by GWLAIC. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting
Employee pre-tax contributions, Roth contributions and Catch-up contributions and their related earnings are 100% vested and non-forfeitable. Vesting in Company Matching and Safe Harbor Matching Contributions are also 100% vested.

Forfeited Accounts
At December 31, 2017 and 2016, forfeited non-vested amounts totaled $1,992 and $1,923, respectively. These amounts will be used to reduce future Company contributions and Plan expenses.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balances in the participant's account. The maximum number of permitted loans outstanding at one time is limited to two loans. Generally, loans must be repaid within 5 years for general purpose loans and 10 years for loans used to purchase a primary residence; however, certain loans that were transferred into the Plan have repayment terms beyond 10 years. The term may not extend beyond the participant's employment with the Participating Employer. Loans shall bear an interest rate of 1% over the prime rate published in the Wall Street Journal on the first business day of the month the loan is originated. Interest rates on outstanding loans were 4.25% to 5.25% at December 31, 2017.

Payment of Benefits
Upon termination of service, due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in annual installments over a period determined by the Plan's provisions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP") as of December 31, 2017 and for the year then ended.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to participant contributions. There were no excess contributions during 2017 or 2016.

Use of Estimates
The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of investments.

Subsequent Events
The Plan's management evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued and no additional disclosures were required.

2. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows: Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access; Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, or other inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 3 inputs are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value.

Mutual Funds
Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016

	Investments at Fair Value as of December 31,			
	2017		2016 (Unaudited)	
	Level 1	Total	Level 1	Total
Mutual Funds	$ 16,631,885	$ 16,631,885	$ 12,870,868	$ 12,870,868
Total investments in the fair value hierarchy	$ 16,631,885	$ 16,631,885	$ 12,870,868	$ 12,870,868

3. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

Group Annuity Contract
The Plan holds a GWLAIC group annuity insurance contract. This insurance contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Interest crediting rate is reset quarterly. The actual yield earned by the Plan for the benefit responsive fund is 1.35% and 1.41% for 2017 and 2016, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

4. TAX STATUS

The Plan adopted a volume submitter prototype plan, which received a favorable opinion from the IRS stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

5. RELATED PARTY TRANSACTIONS

The Plan invests in a GWLAIC contract. GWLAIC is the Trustee for this investment, and these transactions qualify as permitted party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. UNAUDITED INFORMATION CERTIFIED BY THE TRUSTEE

The December 31, 2017 and 2016 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustees in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments at fair value of $16,631,885 and $12,870,868, and total investments at contract value of $69,832 and $210,254, respectively, at December 31, 2017 and 2016, and related net investment income of $2,853,682 for the year ended December 31, 2017.
