(1) Description of Plan

The following brief description of the PTM Union 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, as restated on January 1, 2011, for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined-contribution plan covering substantially all domestic eligible employees of Local 1326 of International UAW (PTM Union). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Pall Corporation (the Company or the Plan Sponsor), a wholly-owned subsidiary of Danaher Corporation, established the Pall Corporation Master Savings Plan Trust (the Master Trust). The Master Trust was terminated effective January 1, 2016. As such the Plan's assets were transferred to a single employer trust. Fidelity Management Trust Company, the Trustee of the Plan and Master Trust (the Trustee or Fidelity), maintained separate records of investments and investment activity attributable to each of the participating plans under the Master Trust.

(b) Contributions

Effective January 1, 2002, participants may contribute, on either a pre-tax or after-tax basis, specified percentages from 1% to 50% of eligible compensation to the Plan. The Plan does not permit total contributions to any participant's account to exceed the lesser of $53,000 during both 2017 and 2016, as adjusted for increases in the cost of living under Section 415(d) of the Internal Revenue Code (IRC), or 100% of a participant's eligible compensation during the year. The maximum amount that a participant can elect to defer on a pre-tax basis under a 401(k) plan is $18,000 for calendar years 2017 and 2016. Pursuant to the Economic Growth and Tax Relief Reconciliation Act of 2001, all participants who have attained the age of 50 before the close of the Plan year are eligible to make an additional "catch-up" contribution up to $6,000 for both Plan years 2017 and 2016.

In accordance with the PTM Union collective bargaining agreement, the Plan provides an employer matching component. The employer matches the participant's contribution up to a maximum of 3% of eligible compensation for the Plan years ended December 31, 2017 and 2016.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, based upon the earnings of the investment funds selected by the participant as described in note 1(e) below, and charged with an allocation of administrative expenses. Allocation of the Plan's earnings is based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon, and become vested in Company contributions, and earnings thereon, in accordance with the following schedule:

(i) For employer matching contributions made after December 31, 2001:

Years of service	Vested percentage
Less than 2	—%
2	20
3	40
4	60
5 or more	100

(ii) A participant shall be entitled to full and immediate vesting of his or her account balance when he or she attains normal retirement age (65), dies, or incurs a disability.

(e) Management of the Plan

The Plan is managed by the Trustee under the terms of the Trust agreement. The board of directors of the Company has appointed a Committee (the PTM Union 401(k) Plan Committee) to serve as plan administrator of the Plan.

The Plan requires that participants select the investment funds into which their account is invested. The participant may select from a variety of investment options.

(f) Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested account balance, subject to certain restrictions outlined in the Plan and approval by the plan administrator. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% and 9.25%, for both years ended December 31, 2017 and 2016, which are commensurate with local prevailing rates at loan inception as determined by the plan administrator and maturing through 2024 for the years ended December 31, 2017 and 2016. Principal and interest are paid ratably through payroll deductions.

(g) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive payment equal to the value of the participant's vested interest in his or her account in a lump sum. For termination of service due to other reasons, a participant may elect to receive payment equal to the value of the vested interest in his or her account as a lump sum at any time after termination. However, in the event a distribution is not elected by a participant upon termination of service, payment equal to the value of the vested interest in his or her account will commence no later than the end of the calendar year in which the participant attains age 65.

(h) Forfeited Accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled $24,618 and $13,535, respectively. The accounts will be used to reduce future employer contributions. During the years ended December 31, 2017 and 2016, no forfeitures were used to reduce employer contributions.

(2) Summary of Accounting Policies

The following are the significant accounting policies followed by the Plan:

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant cease to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(e) Benefit Payments

Benefits are recorded when paid.

(f) Risks and Uncertainties

The participants may direct investment of their account balances in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(g) Administrative Expenses

During 2017 and 2016, the Company paid certain Plan administrative costs, which were not paid by the Plan (note 5).

(h) Subsequent Events

The Company has evaluated subsequent events for possible disclosure through October 11, 2018, the date the financial statements are issued.

(3) Plan Information Certified by the Trustee (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information certified by Fidelity as complete and accurate, except for comparing such information certified by the Trustee with the information included in the Plan's individual financial statements and supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017.

(4) Fair Value Measurements

Investments are recorded at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The current authoritative guidance discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow), and the cost approach (cost to replace the service capacity of an asset or replacement cost). This guidance utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The following is a brief description of those three levels:

- Level 1: Use of observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Use of inputs other than quoted prices included in Level 1, which are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Use of inputs that are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There were no changes in valuation methodologies used and no transfers among fair value levels during 2017 and 2016.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2017 and 2016:

Money market and mutual funds: Valued at closing price as reported on the active market on which the individual securities are traded.

The following tables present, for each of these hierarchy levels, the investments measured at fair value as of December 31, 2017 and 2016:

		Fair value measurements		
	2017	Level 1	Level 2	Level 3
Money market	$ 293,527	$ 293,527	$ —	$ —
Mutual funds	13,100,767	13,100,767		
	$ 13,394,294	$ 13,394,294	$ —	$ —

	2016	Fair value measurements Level 1	Level 2	Level 3
Money market	$ 303,381	$ 303,381	$ —	$ —
Mutual funds	10,835,745	10,835,745		
	$ 11,139,126	$ 11,139,126	$ —	$ —

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The information above is derived from the information certified by the Trustee.

(5) Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the Trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity for services amounted to $3,219 for the year ended December 31, 2017.

(6) Plan Termination

The Company and Danaher merged the Pall Union employees into the Danaher Corporation & Subsidiaries Retirement & Savings Plan (RSP) on February 2, 2018, which terminated this plan.

(7) Tax Status

The Internal Revenue Service (IRS) determined and informed the Company by letter dated August 15, 2011 that the Plan and related trust, as then designed, were in compliance with the applicable sections of the IRC. In the opinion of the plan administrator, the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The IRS determined and informed the Company by letter dated October 3, 2016 that the Plan and related trust, as then designed, were in compliance with the applicable sections of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(1) Description of Plan

The following brief description of the PTM Union 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, as restated on January 1, 2011, for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined-contribution plan covering substantially all domestic eligible employees of Local 1326 of International UAW (PTM Union). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Pall Corporation (the Company or the Plan Sponsor), a wholly-owned subsidiary of Danaher Corporation, established the Pall Corporation Master Savings Plan Trust (the Master Trust). The Master Trust was terminated effective January 1, 2016. As such the Plan's assets were transferred to a single employer trust. Fidelity Management Trust Company, the Trustee of the Plan and Master Trust (the Trustee or Fidelity), maintained separate records of investments and investment activity attributable to each of the participating plans under the Master Trust.

(b) Contributions

Effective January 1, 2002, participants may contribute, on either a pre-tax or after-tax basis, specified percentages from 1% to 50% of eligible compensation to the Plan. The Plan does not permit total contributions to any participant's account to exceed the lesser of $53,000 during both 2017 and 2016, as adjusted for increases in the cost of living under Section 415(d) of the Internal Revenue Code (IRC), or 100% of a participant's eligible compensation during the year. The maximum amount that a participant can elect to defer on a pre-tax basis under a 401(k) plan is $18,000 for calendar years 2017 and 2016. Pursuant to the Economic Growth and Tax Relief Reconciliation Act of 2001, all participants who have attained the age of 50 before the close of the Plan year are eligible to make an additional "catch-up" contribution up to $6,000 for both Plan years 2017 and 2016.

In accordance with the PTM Union collective bargaining agreement, the Plan provides an employer matching component. The employer matches the participant's contribution up to a maximum of 3% of eligible compensation for the Plan years ended December 31, 2017 and 2016.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, based upon the earnings of the investment funds selected by the participant as described in note 1(e) below, and charged with an allocation of administrative expenses. Allocation of the Plan's earnings is based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon, and become vested in Company contributions, and earnings thereon, in accordance with the following schedule:

(i) For employer matching contributions made after December 31, 2001:

Years of service	Vested percentage
Less than 2	—%
2	20
3	40
4	60
5 or more	100

(ii) A participant shall be entitled to full and immediate vesting of his or her account balance when he or she attains normal retirement age (65), dies, or incurs a disability.

(e) Management of the Plan

The Plan is managed by the Trustee under the terms of the Trust agreement. The board of directors of the Company has appointed a Committee (the PTM Union 401(k) Plan Committee) to serve as plan administrator of the Plan.

The Plan requires that participants select the investment funds into which their account is invested. The participant may select from a variety of investment options.

(f) Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested account balance, subject to certain restrictions outlined in the Plan and approval by the plan administrator. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% and 9.25%, for both years ended December 31, 2017 and 2016, which are commensurate with local prevailing rates at loan inception as determined by the plan administrator and maturing through 2024 for the years ended December 31, 2017 and 2016. Principal and interest are paid ratably through payroll deductions.

(g) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive payment equal to the value of the participant's vested interest in his or her account in a lump sum. For termination of service due to other reasons, a participant may elect to receive payment equal to the value of the vested interest in his or her account as a lump sum at any time after termination. However, in the event a distribution is not elected by a participant upon termination of service, payment equal to the value of the vested interest in his or her account will commence no later than the end of the calendar year in which the participant attains age 65.

(h) Forfeited Accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled $24,618 and $13,535, respectively. The accounts will be used to reduce future employer contributions. During the years ended December 31, 2017 and 2016, no forfeitures were used to reduce employer contributions.

(2) Summary of Accounting Policies

The following are the significant accounting policies followed by the Plan:

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant cease to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(e) Benefit Payments

Benefits are recorded when paid.

(f) Risks and Uncertainties

The participants may direct investment of their account balances in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(g) Administrative Expenses

During 2017 and 2016, the Company paid certain Plan administrative costs, which were not paid by the Plan (note 5).

(h) Subsequent Events

The Company has evaluated subsequent events for possible disclosure through October 11, 2018, the date the financial statements are issued.

(3) Plan Information Certified by the Trustee (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information certified by Fidelity as complete and accurate, except for comparing such information certified by the Trustee with the information included in the Plan's individual financial statements and supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017.

(4) Fair Value Measurements

Investments are recorded at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The current authoritative guidance discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow), and the cost approach (cost to replace the service capacity of an asset or replacement cost). This guidance utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The following is a brief description of those three levels:

- Level 1: Use of observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Use of inputs other than quoted prices included in Level 1, which are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Use of inputs that are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There were no changes in valuation methodologies used and no transfers among fair value levels during 2017 and 2016.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2017 and 2016:

Money market and mutual funds: Valued at closing price as reported on the active market on which the individual securities are traded.

The following tables present, for each of these hierarchy levels, the investments measured at fair value as of December 31, 2017 and 2016:

		Fair value measurements		
	2017	Level 1	Level 2	Level 3
Money market	$ 293,527	$ 293,527	$ —	$ —
Mutual funds	13,100,767	13,100,767		
	$ 13,394,294	$ 13,394,294	$ —	$ —

	2016	Fair value measurements Level 1	Level 2	Level 3
Money market	$ 303,381	$ 303,381	$ —	$ —
Mutual funds	10,835,745	10,835,745		
	$ 11,139,126	$ 11,139,126	$ —	$ —

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The information above is derived from the information certified by the Trustee.

(5) Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the Trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity for services amounted to $3,219 for the year ended December 31, 2017.

(6) Plan Termination

The Company and Danaher merged the Pall Union employees into the Danaher Corporation & Subsidiaries Retirement & Savings Plan (RSP) on February 2, 2018, which terminated this plan.

(7) Tax Status

The Internal Revenue Service (IRS) determined and informed the Company by letter dated August 15, 2011 that the Plan and related trust, as then designed, were in compliance with the applicable sections of the IRC. In the opinion of the plan administrator, the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The IRS determined and informed the Company by letter dated October 3, 2016 that the Plan and related trust, as then designed, were in compliance with the applicable sections of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
