ABCO FIRE PROTECTION 401(K) SAVINGS PLAN

Notes to Financial Statements

December 31, 2017 and 2016 and Year Ended December 31, 2017

NOTE A - DESCRIPTION OF PLAN

The following description of ABCO Fire Protection 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of ABCO Fire, LLC (the Company, Plan Sponsor, and Plan Administrator) who have attained the age of 21 and who have completed one year of service. Effective October 1, 2017, the Plan was amended to reduce the service requirement to three months of service for employee contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to defer up to 100% of their compensation as defined by the Plan on a pre-tax or after-tax basis, or the maximum contribution amounts allowable by law. Employees who have not declined participation or completed a salary deferral agreement as of the date of their eligibility to participate in the Plan will be automatically enrolled in the Plan with a pre-tax deferral rate of 4% invested in a fund designated by the Plan Administrator until changed by the participant. Deferral rates of participants who have been automatically enrolled will increase annually by 1% up to a maximum of 7%. The Plan provides for a discretionary employer matching contribution to eligible participants, which was 50% of the first 7% of annual compensation that a participant contributes to the Plan for the year ended December 31, 2017. The Plan also provides for a discretionary employer profit sharing contribution to eligible participants which was \$-0- for the year ended December 31, 2017. In order to be eligible for the profit sharing contribution, participants must complete 500 hours of service during the year and be employed on the last day of the Plan year. The Plan provides for the acceptance of pre-tax and after-tax rollover contributions from other plans qualified under the Internal Revenue Code (the Code). The Plan also provides for catch-up contributions for participants who reach the age of 50 by the end of the plan year. Participants direct the investment of their contributions into various options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and allocations of the Company's profit sharing contributions and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant account earnings, compensation, specific participant transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are fully and immediately vested in their deferral contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary employer matching and profit sharing contributions plus actual earnings thereon is based on years of continuous service at a rate of 25% per year. A participant is 100% vested after four years of credited service.

Notes Receivable from Participants

Participants may borrow from their pre-tax fund accounts invested in mutual funds a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Notes receivable terms range from 1 - 5 years or longer for the purchase of a primary residence. Notes receivable are secured by the balances in the participants' accounts and bear interest at rates that range from 3.25% to 5.25% at December 31, 2017. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon attaining the age of 59½ or termination of service, a participant may elect to receive a partial distribution, installment payments, or a lump-sum amount equal to the value of the participant's vested account based upon the terms of the Plan document. If the value of the vested benefits credited to a participant's account is \$1,000 or less at the time of termination, the entire amount will be distributed to the participant without the participant's consent. In the event of a mandatory distribution of an amount greater than \$1,000 but not exceeding \$5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan Administrator.

Active participants may request hardship withdrawals from their elective deferral account balance, subject to Plan provisions. A participant who receives a distribution on account of hardship is prohibited from making deferrals for six months after receipt of the distribution.

Forfeited Accounts

Forfeitures are used to reduce Company contributions or pay Plan expenses. Unallocated forfeiture balances as of December 31, 2017 and 2016 were \$-0- and \$1,360, respectively. In 2017, \$3,467 of Plan expenses were paid from forfeited nonvested accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

ABCO FIRE PROTECTION 401(K) SAVINGS PLAN

Notes to Financial Statements

December 31, 2017 and 2016 and Year Ended December 31, 2017

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note D for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make repayments on a note receivable and the Plan Administrator deems the note receivable to be in default, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant and employer contributions are recorded and credited to each participant's account when received by the trustee from the Company. Any contributions attributable to the Plan year but not received by the trustee by the last day of the Plan year are recorded as a receivable.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in investment income (expense) on the accompanying statement of changes in net assets available for benefits.

Notes to Financial Statements

December 31, 2017 and 2016 and Year Ended December 31, 2017

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Company adopted a non-standardized prototype profit sharing plan with cash or deferred arrangement which received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the Plan and related trust were designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2018, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATION

Notes receivable from participants and investment information disclosed in the accompanying financial statements and supplemental schedules, including notes receivable from participants and investments held at December 31, 2017 and 2016, and net appreciation in the fair value of investments, interest, and dividends for the year ended December 31, 2017 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the recordkeeper as agent for the trustee.

ABCO FIRE PROTECTION 401(K) SAVINGS PLAN

Notes to Financial Statements

December 31, 2017 and 2016 and Year Ended December 31, 2017

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Plan's investments accounted for at fair value as of December 31, 2017 and 2016 are summarized below:

	Level 1	
	2017	2016
Mutual funds	\$ 7,285,144	\$ 5,790,692

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2017 and 2016.

Mutual funds are valued at the net asset value of the shares held by the Plan at year end, as reported on the active markets in which the investments are traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

ABCO FIRE PROTECTION 401(K) SAVINGS PLAN

Notes to Financial Statements

December 31, 2017 and 2016 and Year Ended December 31, 2017

NOTE E - INVESTMENT IN GUARANTEED INVESTMENT CONTRACT

The Plan has a traditional fully benefit-responsive guaranteed investment contract with Standard Insurance Company (The Standard) with a balance of \$205,032 and \$92,759 at December 31, 2017 and 2016, respectively. Contributions from the Plan and credited interest are maintained in The Standard's general account. Crediting interest rates are set for the coming quarter by The Standard taking into account yield forecasts from The Standard's asset advisory group and margin considerations. The minimum annual crediting rate under the contract cannot be less than 1% annually. Interest crediting rates are reset quarterly. Contract value is guaranteed by The Standard.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by The Standard, represents contributions made under the contract, plus interest credited, less participant withdrawals and administrative expenses. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balances at contract value.

The repayment of principal and interest credited to participants in the Plan is a financial obligation of The Standard. The Plan's ability to receive amounts due is dependent on The Standard's ability to meet its financial obligations. The Standard's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of The Standard or otherwise.

Certain events may limit the ability of the Plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and liberalization of plan withdrawal or transfer rules. Upon the occurrence of these events, a market value adjustment or other withdrawal restriction may apply.

The Standard may terminate the contract with 30 days advance written notice for reasonable cause, which includes a failure of the Plan to abide by state or federal law, to render performance necessary to comply with the terms of the contract, to maintain assets of at least \$25,000, or Plan disqualification. Upon termination of the contract by The Standard, a market value adjustment may apply. The Plan Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

ABCO FIRE PROTECTION 401(K) SAVINGS PLAN

Notes to Financial Statements

December 31, 2017 and 2016 and Year Ended December 31, 2017

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total participant account balances.

NOTE G - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include the investment in the funds of the trustee, and related dividend income, interest, and the payment of administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - DELINQUENT PARTICIPANT CONTRIBUTIONS

As required by ERISA Section 2510.3-102, the Company is required to segregate participant contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages.

The Company did not remit participant contributions to the trustee, in accordance with ERISA during 2017, 2016, 2015, and 2014 of \$62, \$5,049, \$723, and \$23, respectively. The company also did not remit \$174 of participant loan payments to the Plan's trustee during 2015 in accordance with ERISA. As of December 31, 2017, \$23 of the total delinquent participant contributions plus lost earnings were deposited into the Plan and considered fully corrected. Of the remaining delinquent participant contributions, \$4,347 of participant contributions and \$174 of participant loan payments were remitted to the Plan in 2016, and \$1,071 of participant contributions were deposited into the Plan in 2017. In August 2018, \$354 of participant contributions were deposited into the Plan, and lost earnings were submitted for all the late remittances with the exception of the \$62. As lost earnings had not been submitted for these contributions as of December 31, 2017, they are not considered fully corrected as of December 31, 2017.
