(1) Description of Plan

The following description of the Bimbo Bakeries USA Savings Plan (the Plan) provides only general information. Participants should refer to the plan document, including plan amendments, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers certain eligible employees of BBU, Inc. (the Company) as defined in the plan document. Earthgrains Baking Companies Inc. (Earthgrains) was acquired by the Company on November 6, 2011. Earthgrains salaried employees who were participants in the Bimbo Bakeries USA 401(k) Plan for Former Sara Lee Associates (Sara Lee Plan) on December 31, 2011 were transferred into the Plan on January 1, 2012 in accordance with the amended and restated plan document. Each employee who, as of December 31, 2012, was a participant in the Butter Krust Baking Company, Inc. Employees Profit Sharing and 401(k) Plan became a participant in the Plan as of January 1, 2013. Each other employee shall be eligible upon 60 days of service and 18 years of age.

Wholesome Harvest Baking, Inc. (f/k/a Canada Bread) was acquired by the Company on May 23, 2014. Each employee who, as of January 1, 2015, was a participant in the Mapleleaf Foods USA Retirement Plan as of December 31, 2014, became eligible to participate in the Plan effective January 1, 2015.

Effective January 1, 2015, each non-collectively bargained hourly employee who was a participant in the Sara Lee Plan became a participant in the Plan.

The administration of the Plan is overseen by Bimbo Bakeries USA Benefits Committee (the Committee). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan participates in the Bimbo Bakeries USA Defined Contribution Savings Plan Master Trust (Master Trust).

(1) Description of Plan, Continued

Contributions

Each plan year, participants may contribute from 1% up to 75% of their pretax annual compensation, as defined by the Plan. Participants may also elect to contribute a percentage of their after tax annual compensation as Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment choices daily and their deferral percentages upon notification to the plan administrator.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled at 5% in the Plan unless they affirmatively elect not to participate in the Plan. Effective January 1, 2017, each January 1, all eligible employees who have made an affirmative election to have their salary deferred in an amount less than 5% of their compensation, shall be deemed to have elected to increase their salary deferral to 5%, unless the participant elects not to participate in this plan feature.

The Plan includes an auto-increase provision whereby each plan year following the employee's initial enrollment, the participant shall be deemed to have made an annual election to increase their deferral by an additional 1%, up to a maximum of 10%. Automatically enrolled participants may a) elect not to participate in the auto-escalation provision or b) elect to have an automatic annual increase of between 1% and 5% applied to their deferral rate each year. Automatic annual increases are effective May 1 of each year.

The Company matches 100% up to the first 5% of the participant's contributions. In addition, the Company shall contribute for certain qualifying employees a transition credit, which is based on each participant's points. The points are calculated based on the employee's age and periods of service and will entitle certain individuals to the transition credit ranging from 1% to 6% of the participant's compensation. The Company shall contribute for certain eligible Earthgrains participants a transition contribution equal to 2% of the participant's compensation.

There is an option for the Company to provide an additional discretionary contribution to the employees. However, for 2017 and 2016, the discretionary contribution was not made by the Company.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan, Continued

Vesting

Participants are vested immediately in their contributions and the transition contribution portion of their accounts, plus actual earnings thereon. Vesting in the Company's matching contribution and discretionary contribution portion of their accounts, if any, is based on years of continuous service. Participants become 100% vested in their Company matching and discretionary contributions after two years of service. Participants become 100% vested in certain transition contributions upon five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, less the highest outstanding loan balance in the previous 12 months. Any such loan is secured by the balance in the participant's account and bears interest at the daily prime rate as reported by Reuters on the last day of the month prior to loan issuance, plus 1%. Participants may only have one loan outstanding at a time. Certain former participants of the Sara Lee Plan who transferred into the Plan on January 1, 2015, are permitted to have two general purpose loans outstanding at a time. Repayments are made through payroll deductions over a term of up to five years, or fifteen years if the loan is used to purchase a primary residence. Loan interest rates range from 3.25% to 8.75% at December 31, 2017.

Payment of Benefits

Upon termination of service or due to death, disability, or retirement, participants may elect to receive lump sum amounts equal to the vested portion of their account. Certain participants may elect to receive their benefit in quarterly or annual installments over a period no greater than ten years. Amounts may not be withdrawn from the Plan while a participant is an active employee of the Company, except in cases of hardship, permanent disability, or after age 59 ½, as defined in the Plan.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled $643,500 and $543,617, respectively. These accounts will be used to reduce future employer contributions or to pay reasonable expenses of the Plan. During 2017 and 2016, administrative fees were reduced by $26,824 and $57,292, respectively, from forfeited nonvested accounts.

(1) Description of Plan, Continued

Forfeited Accounts, Continued

During 2018 and 2017, true-up employer contributions amounting to $826,986 and $608,936, respectively, were made to make certain participants whole for the 2017 and 2016 plan years' employer matching contributions. These contributions were entirely funded by forfeited nonvested accounts.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan retains an interest in the Master Trust which holds investments in various funds (see Note 5). Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Bimbo Bakeries USA Benefits Investment Subcommittee determines the Plan's valuation policies utilizing information provided by the investment advisors and plan trustee. See Note 4 for discussion of fair value measurements.

The Plan holds investments in unallocated insurance contracts which carried over as an investment option from a previous plan. These insurance contracts are held by an insurance company and are valued at their cash surrender value in the accompanying financial statements.

Purchases and sales of securities are recognized on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Continued...

(2) Summary of Significant Accounting Policies, Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the Plan's interest in Master Trust investment income.

New Accounting Pronouncement

In February 2017, the Financial Accounting Standard Board (FASB) issued Accounting Standards Update (ASU) 2017-06, *Defined Contribution Pension Plans (Topic 962): Employee Benefit Plan Master Trust Reporting.* This ASU requires an amended presentation and additional disclosures of the plan's interest in the master trust. The amendments are effective for the Plan's year ending December 31, 2019, with early adoption permitted. The Plan elected to forego early adoption.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued.

(3) Financial Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA.

Continued...

(3) Financial Information Certified by the Trustee, Continued

Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company (Fidelity) as complete and accurate, except for comparing such information certified by Fidelity to information included in the Plan's financial statements and supplemental schedule. Fidelity has certified the following as complete and accurate:

The Plan investments are as follows at December 31:

	2017	2016
Investment in Master Trust, at fair value	$ 898,070,314	$ 782,487,778
Notes receivable from participants	$ 18,992,313	$ 18,968,981

The Plan's income certified by the trustee was as follows for the years ended December 31:

	2017	2016
Plan's interest in Master Trust investment income	$ 130,881,534	$ 53,309,033
Interest income on notes receivable from participants	$ 788,564	$ 803,578

(4) Fair Value Measurements

FASB *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

Continued...

(4) Fair Value Measurements, Continued

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan's interest in the Master Trust: See Note 5.

The life insurance contracts are presented at the cash surrender value and not fair value; hence, they are excluded from the scope of FASB ASC 820.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Interest in the Master Trust

The Plan's investments are in the Master Trust which was established for the investment of assets of the Plan and other retirement plans sponsored by the Company. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by Fidelity.

The value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2017 and 2016, the Plan's interest in the net assets of the Master Trust is approximately 89%. The investments in the Master Trust are allocated to the individual plan based upon the individual participant balances of those participants that are included in each respective plan.

Continued...

(5) Interest in the Master Trust, Continued

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity as complete and accurate, except for comparing such information certified by Fidelity to information included in the Plan's financial statements.

Fidelity has certified to the accuracy and completeness of the investment in the net assets of the Master Trust as of December 31, 2017 and 2016, and the investment income for the years then ended as summarized below.

The Master Trust's investments are as follows at December 31:

	2017	2016
Registered investment companies	$ 240,827,769	$ 215,694,404
Common collective trusts	763,524,748	661,412,950
Money market account	847,622	758,671
Total Master Trust investments, at fair value	$ 1,005,200,139	$ 877,866,025

Investment income of the Master Trust was as follows for the years ended December 31:

	2017	2016
Net appreciation in fair value of investments	$ 138,524,096	$ 55,018,706
Interest and dividends	7,481,782	4,752,128
	$ 146,005,878	$ 59,770,834

Following is a description of the valuation methodologies used for assets of the Master Trust at fair value.

Registered investment companies and money market account: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

(5) Interest in the Master Trust, Continued

Common collective trust – fixed income: Invests in conventional and synthetic guaranteed investment contracts issued by insurance companies and banks with excess cash invested in cash equivalents. The common collective fund allows for earnings stability regardless of the volatility of the financial markets. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Common collective trusts – other: Valued at the NAV of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017

[a] In accordance with FASB ASU 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the total Master Trust investments.

There were no significant transfers among investment levels during the years ended December 31, 2017 and 2016.

The following table summarizes investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2017 and 2016, respectively.

	Fair Value at December 31, 2017	Fair Value at December 31, 2016	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts	$ 763,524,748	$ 661,412,950	None	Daily	No defined period [b]

[b] Were the Master Trust to initiate a full redemption of the collective trusts, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that the securities liquidations will be carried out in an orderly business manner.

(6) Prohibited Transactions

During 2017 and 2016, the Company failed to remit certain participant contributions to the Plan in a timely manner, as defined by ERISA. These transactions are considered prohibited transactions. The Company estimated the amount of corrective payments due to the Plan and will make the necessary contributions to compensate plan participants affected for lost earnings relating to these prohibited transactions.

(7) Related Party Transactions and Party-In-Interest Transactions

Plan investments are investments in the Master Trust managed by Fidelity, the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Fees incurred by the Plan for the investment management services are included in the Plan's interest in Master Trust investment income. Other fees paid by the Plan to Fidelity for administrative expenses amounted to $678,723 and $736,656 for the years ended December 31, 2017 and 2016, respectively. The Company pays directly certain other fees related to the Plan's operations.

(8) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(9) Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 17, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Effective January 1, 2017, the Plan was amended and restated, which was not included in the March 17, 2017 determination letter. The Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The 2014 plan year was under audit by the IRS and has concluded as of April 30, 2018. There were no issues identified as a result of the audit.

(10) Risks and Uncertainties

The Plan, through its interest in the Master Trust, invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(11) Transfers (to) from Affiliated Plans

During 2017 and 2016, transfers of net assets to the Plan from the Bimbo Bakeries USA Union Savings Plan (Union Plan) amounted to $244,100 and $116,470, respectively. Transfers of net assets from the Plan to the Union Plan amounted to $821,886 and $122,644 during 2017 and 2016, respectively.
