Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the PetroChoice Holdings, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016 and the related statement of changes in net assets available for benefits for the year ended December 31, 2017 and 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Form 5500 Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2017, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PETROCHOICE HOLDINGS, INC. 401(k) Plan

Notes to the Financial Statements

December 31, 2017 and 2016

NOTE 1 - DESCRIPTION OF PLAN

The following description of the PetroChoice Holdings, Inc. 401(k) Plan (the Plan) provides only general information. Users of these financial statements should refer to the Plan agreement for a more complete description of the Plan's provisions. Any subsequent references to "Company" shall mean PetroChoice Holdings, Inc.

General: The Plan is a defined contribution Plan covering all regular full-time employees, and employees whose regularly scheduled service is 1,000 or more hours of service, who have completed 90 days of service, and are age twenty-one or older, by the next plan entry date. The Plan entry dates are monthly on the first day of the month. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year participants may contribute up to 75% of pretax compensation and 100% of bonuses, as defined in the Plan. Contributions are subject to annual deductibility limits specified under the Internal Revenue Code. The annual limitation was \$18,000, or \$24,000 including catch-up, for 2017. Participants may elect all or a portion of their deferrals as Roth Elective Deferrals. The Plan has a provision for automatic deferral of 3% of compensation upon eligibility if the participant has not affirmatively elected a specified deferral amount.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 34 mutual funds as investment options for participants. The Company made and funded a matching contribution to the Plan for each contribution period in an amount equal to 50% of the employee's deferral to eligible employees up to the first 7% of compensation. The Company, at its discretion, can amend the Plan and change the required Company contribution percentage. The Plan does not have a provision for employer profit sharing contributions.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service for each year he/she performed 1000 hours of service.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$500 and up to a maximum of \$50,000, or 50% of their vested account balance, whichever is less. The Plan allows up to two outstanding loans at one time. The loans are secured by the balance in the participant's account. Interest rates on notes receivable from participants range from 3.25 percent to 6.0 percent, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits: On termination of service a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or a roll-over distribution. If the participant's account balance is \$5,000 or less, a lump-sum distribution is required and participant consent is not required.

Employees with five or more years of service are entitled to retirement benefits beginning at normal retirement age, 59 1/2 years. Employees who attain 55 years of age and have 6 or more years of service may elect early retirement.

In-service distributions may be made to a Participant who has not separated from service provided the Participant has attained age 59 1/2. Hardship withdrawals are permitted if certain criteria are met.

Notes to the Financial Statements

December 31, 2017 and 2016

NOTE 1 - DESCRIPTION OF PLAN (CONT.)

Termination: Upon termination of employment participants forfeit their non-vested balances. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions. For the year ended December 31, 2017 and 2016 forfeited non-vested accounts totaled \$164,103 and \$65,765 respectively. These accounts are used to reduce future employer contributions. Forfeitures used to reduce Company contributions for 2017 were \$84,789 and for 2016 were \$31,376.

Administrative Expenses: Fees related to the administration of the notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees and recordkeeping fees are allocated to participant accounts and included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Plan Amendments: The Administrative Services Agreement was amended December 1, 2014 to establish the use of an ERISA Budget Account for revenue sharing funds and payment of plan expenses.

A plan amendment was adopted effective August 1, 2015 which changed the Plan name from PetroLiance L.L.C. 401(k) Plan to PetroChoice Holdings L.L.C. 401(k) Plan; increased the length of service requirement from 2 months to 90 days; increased the participant allowable contribution maximum from 50% to 75% of pretax compensation; decreased the employer matching contributions from up to the first 8% of compensation and not more than 50% of the employee's deferral, to up to the first 7% of compensation and not more than 50% of the employee's deferral; recognizes service with companies acquired by PetroChoice; removed the benefit payment provision for participants who become disabled; and added an early retirement provision.

A plan amendment was adopted effective May 1, 2016 which changed the Plan name from PetroChoice Holdings L.L.C. 401(k) Plan to PetroChoice Holdings, Inc. 401(k) Plan.

The plan amendment adopted on January 27, 2017 stated that the former employees of Universal Lubricants, LLC and Guarantee Oil Company retained by the Company as of May 2, 2016 shall be automatically enrolled in the Plan effective May 2, 2016 or as soon as administratively possible thereafter. In addition, former employees of Miller Industrial Fluids, LLC retained by the Company as of January 27, 2017 shall be automatically enrolled in the Plan effective January 27, 2017 or as soon as administratively possible thereafter.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Fully Benefit-Responsive Investment Contracts: Investment contracts held by a defined contribution Plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution Plan which are attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. The Statements of Net Assets Available for Benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value relating to the investment contracts. The Statements of Net Assets Available for Benefits are prepared on the contract basis. The adjustment from fair value to contract value was \$0 at December 31, 2017 and \$0 at December 31, 2016. The fair value of the Plan's interest in the funds was based on information reported by the issuer of the common/collective trust at year end. The contract value of the fund represents contributions plus earnings, less participant withdrawals and administrative expenses. The average yield of the underlying investment contracts was 2.462% and 1.963% in 2017 and 2016, respectively. The average yield credited to participants in 2017 and 2016 was 2.175% and 1.803% respectively.

Investment Valuation and Income Recognition: Except as noted above, investments are reported at fair value and are measured by quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Participant Loans Receivable: Participant loans receivable are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits: Benefits are recorded when paid.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of annual report compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, effective July 1, 2016, has certified to the completeness and accuracy of all investments, at fair value; the adjustment from fair value to contract value for interest in common/collective trust relating to fully benefit-responsive investment contracts; notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits, the Schedule of Assets (Held at End of Year) as of December 31, 2017; and the investment income (loss) components, interest income from participant notes receivable, and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.

NOTE 4 - INVESTMENTS

The following table presents the fair value of investments that represent 5% or more of the Plan's net assets at December 31, 2017 and 2016 as follows:

	2017	2016
Common/Collective Trusts:		
Invesco Stable Asset	\$ 1,536,286	\$ 1,611,720

Total Investments	<u>\$ 33,910,113</u>	<u>\$ 24,074,939</u>

During 2017 the Plan's investments (including investments purchased and sold as well as held during the year) increased in value by \$ 4,910,860 as follows:

Common/Collective Trusts	\$ 403,623
Registered Investment Companies	4,507,237
	<u>\$ 4,910,860</u>

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair market value hierarchy under FASB ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none">▪ Quoted prices for similar assets or liabilities in active markets;▪ Quoted prices for identical or similar assets or liabilities in inactive markets;▪ Inputs other than quoted prices that are observable for the asset or liability;▪ Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

PETROCHOICE HOLDINGS, INC. 401(k) Plan

Notes to the Financial Statements

December 31, 2017 and 2016

NOTE 5 – FAIR VALUE MEASUREMENTS (CONT.)

The asset or liability fair market value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Shares of registered investment companies: Investments in shares of registered investment companies are reported at fair value based on the quoted market prices of the funds, which represent the asset value of shares held by the Plan at year-end.

Shares of common/collective trusts: Investments in shares of common/collective trusts are reported at fair value based on the quoted market prices of the funds, which represent the asset value of shares held by the Plan at year-end.

Participant Loans: Participant loans are reported at their unpaid principal balance.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All investments in the Statements of Net Assets Available for Benefits are reported at fair value. The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2017 and December 31, 2016, respectively.

	Assets Measured at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Common/Collective Trusts	\$ 4,138,666	\$ 109,121	\$ -	\$ 4,247,788

Total Assets at Fair Value	\$ 33,800,991	\$ 109,121	\$ -	\$ 33,910,113

PETROCHOICE HOLDINGS, INC. 401(k) Plan

Notes to the Financial Statements

December 31, 2017 and 2016

NOTE 6 - PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - PLAN MERGER

Effective January 27, 2017, participants of the Miller Industrial Fluids, LLC 401K Plan (former employees of Miller Industrial Fluids, LLC) were allowed to roll over any outstanding loan and fund balance from Miller Industrial Fluids, LLC 401K Plan into the PetroChoice Holdings Inc. 401(k) Plan. The total amount transferred in to the Plan as a result of the merger was \$2,471,608 during the year ended December 31, 2017.

NOTE 8 – DOL LIMITED SCOPE AUDIT

The DOL's Rules and Regulations for Reporting and Disclosure under ERISA allow for a limited scope audit with respect to investment information prepared and certified by a certified institution. The limited scope exemption applies only to the investment information and does not extend to participant data, contributions, benefit payments, and other information.

NOTE 9 - TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan is a prototype non-standardized profit sharing plan with CODA that received a favorable opinion advisory letter from the IRS dated July 16, 2014. The Plan has been amended since receiving the determination and advisory letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 10 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are held and managed by State Street Global Advisors. These investments qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in the net appreciation in fair value of the investment; as they are paid through revenue sharing rather than a direct payment. The Plan made direct payments for fees that amounted to \$0 for the years ended December 31, 2017 and 2016. Revenue sharing funds received amounted to \$82,623 and \$64,769 for the years ended December 31, 2017 and 2016, respectively. The fees paid through revenue sharing funds amounted to \$68,218 and \$46,468 for the years ended December 31, 2017 and 2016, respectively.

Recordkeeping services are provided by ADP Retirement Services. These services qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services are allocated to participant accounts as appropriate. The Plan made direct payments for fees that amounted to \$16,097 and \$9,202 for the years ended December 31, 2017 and 2016, respectively.

December 31, 2017 and 2016

NOTE 11 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 12 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and 2016 to Form 5500:

December 31, 2017 and 2016

NOTE 13 – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS

Objectives of the Stable Value Fund

The Fund's key objectives are to provide preservation of principal, maintain a stable interest rate, and provide daily liquidity at contract value for participant withdrawals and transfers in accordance with the provisions of the Plan.

Nature of Investment Contracts

To accomplish the objectives outlined above, the Fund invests primarily in investment contracts such as traditional guaranteed investment contracts (GICs), separate account insurance contracts and wrapper contracts (also known as synthetic GICs). In a traditional GIC, the issuer takes a deposit from the Fund and purchases investments that are held in the issuer's general account. The issuer is contractually obligated to repay the principal and a specified rate of interest guaranteed to the Fund. In a separate account insurance contract, the underlying investments are segregated from the insurance company's general account in a Separate Account (SA) set up specifically for the plan or a group of plans. The Fund purchases a contract from an insurance company and that contract amortizes the realized and unrealized gains and losses on the underlying fixed income investments over the duration of the investments, through adjustments to the future interest crediting rate (which is the rate earned by participants in the Fund for the underlying investments). The issuer of the contract provides assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero. An interest crediting rate less than zero would result in a loss of principal or accrued interest.

In a wrapper contract structure, the underlying investments are owned by the Fund and held in trust for plan participants. The Fund purchases a wrapper contract from an insurance company or bank. The wrapper contract amortizes the realized and unrealized gains and losses on the underlying fixed income investments, typically over the duration of the investments, through adjustments to the future interest crediting rate. The issuer of the wrapper contract provides assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero. An interest crediting rate less than zero would result in a loss of principal or accrued interest.

Calculating the Interest Crediting Rate in Wrapper Contracts

The key factors that influence include:

- The level of market interest rates
- The amount and timing of participant contributions, transfers, and withdrawals into/out of the contract
- The investment returns generated by the fixed income investments that back the contract
- The duration of the underlying investments backing the contract

Separate Account and wrapper contracts' interest crediting rates are typically reset on a monthly or quarterly basis. While there may be slight variations from one contract to another, most contracts use a formula that is based on the characteristics of the underlying fixed income portfolio:

$$CR = [(1 + YTM) \times (MV/CV)^{1/Dur} - 1] - F$$

Where: CR = Contract interest crediting rate

YTM = Yield to maturity of underlying investments

MV = Market value of underlying investments

CV = Contract value (principal plus accrued interest)

Dur = Duration of the portfolio

F = Contract fees

Over time, the crediting rate formula amortizes the Fund's realized and unrealized market value gains and losses over the duration of the underlying investments.

Notes to the Financial Statements

December 31, 2017 and 2016

NOTE 13 – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS (CONT.)

Because changes in market interest rates affect the yield to maturity and the market value of the underlying investments, they can have a material impact on the contract's interest crediting rate. In addition, participant withdrawals and transfers from the Fund are paid at contract value but funded through the market value liquidation of the underlying investments, which also impacts the interest crediting rate. The resulting gains and losses in the market value of the underlying investments relative to the contract value are represented on the Fund's Statement of Assets and Liabilities as the "Adjustment from Fair Value to Contract Value". If the Adjustment from Fair Value to Contract Value is positive for a given contract, this indicates that the contract value is greater than the market value of the underlying investments. The embedded market value losses will be amortized in the future through a lower interest crediting rate than would otherwise be the case. And if the Adjustment from Fair Value to Contract Value figure is negative, this indicates that the contract value is less than the market value of the underlying investments. The amortization of the embedded market value gains will cause the future interest crediting rate to be higher than it otherwise would have been.

All contracts provide for a minimum interest crediting rate of zero percent. In the event that the interest crediting rate should fall to zero and the requirements of the contract are satisfied, the issuers will pay to the plan any withdrawal shortfall needed for participants to maintain principal and to maintain the interest crediting rate at zero. This helps to ensure that participants' principal and accrued interest will be protected.

Events That Limit the Ability of the Fund to Transact at Contract Value

In certain circumstances, the amount withdrawn from the contract would be payable at fair value rather than at contract value. These events include termination of the plan, a material adverse change to the provisions of the plan, if the employer elects to withdraw from a contract in order to switch to a different investment provider, or if the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the contract issuer's underwriting criteria for issuance of a clone contract.

The events described above that could result in the payment of benefits at fair value rather than contract value are not probable of occurring in the foreseeable future.

Issuer-Initiated Contract Termination

Examples of events that would permit a contract issuer to terminate a contract upon short notice include the plan's loss of its qualified status, un-cured material breaches of responsibilities, or material and adverse changes to the provisions of the plan. If one of these events was to occur, the contract issuer could terminate the contract at the market value of the underlying investments (or in the case of a traditional GIC, at the hypothetical market value based upon a contractual formula).

NOTE 14 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued. To fulfill its fiduciary obligations with respect to the Plan, the Investment Committee (the "Named Fiduciary") has appointed an ERISA 3(38) Investment Manager who will employ a logical and diligent process to select a menu of investment options that will provide Plan participants with the range of choices necessary to assist them in meeting their retirement needs, and protection against excessive investment risk. The change from a 3(21) to a 3(38) ERISA Investment Manager was effective as of August 3, 2018.

No other events were identified for this period, except the one mentioned above.
