The accompanying notes are an integral part of these financial statements.

**Note 1.** **Description of Plan** - The following description of the Postler & Jaeckle Corporation Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General** - The Plan is a defined contribution plan covering all non-excluded employees of Postler and Jaeckle Corp. (the "Company"). The effective date of the Plan is January 1, 1973, with elective deferrals, with matching contributions, allowed immediately. Employees must complete one year of service to be eligible to participate for the purposes of profit sharing contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions** – Each year, participants may defer a percentage of their compensation as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Participant deferral amounts may not exceed the maximum annual dollar contribution restrictions of ERISA and the Internal Revenue Service. Participants in the plan are automatically enrolled with a 5% deferral. Each year the employer makes a discretionary matching contribution equal to a uniform percentage of salary deferrals. Additionally, each year employer may make a discretionary profit sharing contribution.

**Participant Accounts** - Each participant's account is credited with the participant's contribution and Company matching contributions, as well as allocations of the Plan's earnings, as well as the Company's profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The participants direct their allocation of investments to funds managed by the trustees of the Plan, Voya Retirement Insurance and Annuity Company.

**Vesting** - Participants are immediately vested in their contributions and employer matching contributions plus actual earnings thereon. Vesting for employer profit sharing contributions is based on years of service with participants becoming fully vested after six years of vesting service. Participants will become 100% vested upon reaching the age of 65. Additional vesting breakdowns can be found in the plan document.

**Notes Receivable from Participants** - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loans bear interest at 3.25% to 5.25%, which is commensurate with local prevailing rates of prime plus 1%. Principal and interest is paid ratably through payroll deductions.

**Payment of Benefits** - On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participants vested amount does not exceed $5,000 then a distribution will be made regardless of whether the participant consents to receive it.

**Forfeited Accounts** - Any forfeitures arising under the Plan are first allocated to offset employer contributions and then plan expenses. Any remaining forfeitures are allocated to participants based on their account balances. For the years ended December 31, 2017 and 2016, forfeitures totaled $2,085 and $2,346 respectively.

**Note 2.** **Summary of Significant Accounting Policies**

**Method of Accounting** - The financial statements of the Plan are prepared using the accrual method of accounting.

**Estimates** - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

**Investment Valuation and Income Recognition** - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes Receivable from Participants** - Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

**Payments of Benefits** - Benefits are recorded when paid.

**Administrative Expenses** - Administrative expenses are paid for by the Plan.

**Subsequent Events** - Management has evaluated subsequent events through the date of the report which is the date these financial statements were available to be issued.

## Note 3. Information Prepared and Certified by the Trustee

The plan administrator has obtained certifications from the plan trustee, Voya Retirement Insurance and Annuity Company for the year ended December 31, 2017 and 2016. Accordingly, the trustee has certified that the following information is complete and accurate at December 31, 2017 and 2016:

| | 2017 | (Compiled) 2016 |
|---|---|---|
| Investments at fair value | $ 23,315,473 | $ 20,783,391 |
| Net appreciation in fair value of investments | $ 3,404,944 | $ 988,415 |

## Note 4. Party-in-Interest Transactions

Certain Plan investments are managed by the plan trustee, Voya Retirement Insurance and Annuity Company ("Voya"). As of December 31, 2017, Voya is the trustee as defined by the Plan and, therefore, these transactions qualify as allowable party-in-interest transactions. Additionally, administrative services are provided by Rimkus, Marciano and Associates. Fees paid by the Plan for investment management services amounted to $11,296 for the year ended December 31, 2017.

## Note 5. Fair Value Measurements

ASC 820-10, *Fair Value Measurements,* establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

**Level 1:** Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.
**Level 2:** Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

**Level 3:** Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The following is a description of the valuation methodologies used for investments measured at fair value:

**Mutual Funds and Money Market** - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

**Fixed Income Account** - Valued at the net asset value (NAV) of units of the general account. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value are summarized as of:

| | December 31, 2017 | |
|---|---|---|
| | Level 1 | Total |
| Money market | $ 4,442 | $ 4,442 |
| Mutual funds | 21,325,233 | 21,325,233 |
| Total assets in the fair value hierarchy | 21,329,675 | 21,329,675 |
| Investments measured at net asset value (a) | - | 1,985,798 |
| Investments at fair value | $ 21,329,675 | $ 23,315,473 |

| | (Compiled) December 31, 2016 | |
|---|---|---|
| | Level 1 | Total |
| Money market | $ 2,346 | $ 2,346 |
| Mutual funds | 18,054,162 | 18,054,162 |
| Total assets in the fair value hierarchy | 18,056,508 | 18,056,508 |
| Investments measured at net asset value (a) | - | 2,726,883 |
| Investments at fair value | $ 18,056,508 | $ 20,783,391 |

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

**Note 7. Net Asset Value (NAV) Per Share**

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

**Fair Value Using New Asset Value per Share**
**December 31, 2017**

| | Fair Value * | Unfunded Commitment |
|---|---|---|
| Fixed income account (b) | $ 1,985,798 | $ - |
| Total Investments at fair value | $ 1,985,798 | $ - |

**(Compiled)**
**Fair Value Using New Asset Value per Share**
**December 31, 2016**

| | Fair Value * | Unfunded Commitment |
|---|---|---|
| Fixed income account (b) | $ 2,7268,83 | $ - |
| Total Investments at fair value | $ 2,726,883 | $ - |

* The fair values of the investments have been estimated using the net asset value of the investment.

(b) Strategies seek to invest in a variety of investment contracts offered by major insurance companies and other approved financial institutions and in certain types of fixed income securities.

**Note 8. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

**Note 9. Tax Status**

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since applying for the advisory opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions and the Department of Labor; however, there are currently no audits for any tax periods in progress.

**Note 10. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
