1. Description of Plan

The following description of TUUCI, LLC 401(k) Plan ("Plan"), provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all full-time employees of Tuuci, LLC ("Plan Sponsor") who have nine months of continuous service and are age 21 or older. The Plan was established on January 1, 2007 and amended and restated on February 1, 2011. On June 1, 2015, the Plan's name was changed from The Ultimate Umbrella Company, Inc. 401(k) Plan to Tuuci, LLC 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is intended to be a qualified defined contribution plan which satisfies the requirements of Section 401(k) of the Internal Revenue Code (the "Code"). Under the Code, participants are not liable for federal income taxes on employee contributions, Plan Sponsor contributions, or Plan earnings until such time as they are partially or completely withdrawn from the Plan. The Plan Administrator is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator.

B. Contributions

Each year, participants may elect to contribute pre-tax dollars to the Plan by having their compensation reduced by a maximum of the lesser of (a) 100% of compensation, (b) the IRS defined limit for the year, or (c) such other amount as shall be determined by the plan administrator from time to time as defined in the Plan. Participants may elect to make after-tax contributions to the plan. Upon consent of the plan administrator, participants can also elect a direct rollover of an existing balance from a tax-qualified retirement or saving plan into the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions in addition to the IRS defined limit for the year. Participants may elect to contribute to any of the investment options offered by the Plan's Trustee and may transfer among funds as often as is permitted under the investment alternatives chosen. The Plan Sponsor contributes 100 percent of the first 4 percent of base compensation that a participant contributes to the Plan. Participants direct the investment of their allocated share of the Plan Sponsor's contributions into investment options provided by the Plan.

1. Description of Plan (Continued)

C. Participants' Accounts

Each participant's account is credited with the participant's contribution and Plan Sponsor safe harbor contributions, as well as allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are vested immediately in their contributions, their allocated share of the Plan Sponsor's safe harbor contributions, and actual earnings thereon.

E. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at prime rate, as defined. Principal and interest is paid ratably through bi-weekly payroll deductions.

F. Payment of Benefits

On termination of service due to death, disability, or retirement, a participant receives a lump sum amount equal to the value of the participant's vested interest in his or her account.

2. Summary of Significant Accounting Policies and Other Information

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

2. Summary of Significant Accounting Policies and Other Information (Continued)

C. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor, and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held at the end of the year.

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

> Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
>
> Level 2: Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
>
> Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

2. Summary of Significant Accounting Policies and Other Information (Continued)

C. Investment Valuation and Income Recognition (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market: Valued at the fair value of the underlying assets held by the fund.

There have been no changes in the methodologies used at December 31, 2017 and 2016.

D. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

E. Payment of Benefits

Benefits are recorded when paid.

F. Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

G. Subsequent Events

The plan has evaluated subsequent events through July 27, 2018, the date the financial statements were available to be issued.

3. Investments

The December 31, 2017 and 2016, Statement of Net Assets Available for Benefits, the investment activities included on the December 31, 2017 Statement of Changes in Net Assets Available for Benefits, the accompanying notes to the financial statements, and the December 31, 2017 and 2016, Schedule of Assets (Held at End of Year) were prepared in part or entirely from information certified by the Trustee/Custodian, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's investments were maintained by the Trustee/Custodian who has certified to the completeness and accuracy of the investments of the Plan as of December 31, 2017 and 2016.

The following presents investments that represented 5 percent or more of the Plan's net assets as of December 31, 2017 and 2016:

5. Related Party Transactions and Party-In-Interest Transactions

The Plan's administrative functions are performed by employees of the Plan Sponsor at no cost to the Plan. Certain Plan administration expenses were absorbed by the Plan Sponsor. The Plan Administrator is also a participant in the Plan.

6. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status of the Plan

The IRS has determined and informed the Plan Sponsor by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2017, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

8. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

1. Description of Plan

The following description of TUUCI, LLC 401(k) Plan ("Plan"), provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all full-time employees of Tuuci, LLC ("Plan Sponsor") who have nine months of continuous service and are age 21 or older. The Plan was established on January 1, 2007 and amended and restated on February 1, 2011. On June 1, 2015, the Plan's name was changed from The Ultimate Umbrella Company, Inc. 401(k) Plan to Tuuci, LLC 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is intended to be a qualified defined contribution plan which satisfies the requirements of Section 401(k) of the Internal Revenue Code (the "Code"). Under the Code, participants are not liable for federal income taxes on employee contributions, Plan Sponsor contributions, or Plan earnings until such time as they are partially or completely withdrawn from the Plan. The Plan Administrator is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator.

B. Contributions

Each year, participants may elect to contribute pre-tax dollars to the Plan by having their compensation reduced by a maximum of the lesser of (a) 100% of compensation, (b) the IRS defined limit for the year, or (c) such other amount as shall be determined by the plan administrator from time to time as defined in the Plan. Participants may elect to make after-tax contributions to the plan. Upon consent of the plan administrator, participants can also elect a direct rollover of an existing balance from a tax-qualified retirement or saving plan into the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions in addition to the IRS defined limit for the year. Participants may elect to contribute to any of the investment options offered by the Plan's Trustee and may transfer among funds as often as is permitted under the investment alternatives chosen. The Plan Sponsor contributes 100 percent of the first 4 percent of base compensation that a participant contributes to the Plan. Participants direct the investment of their allocated share of the Plan Sponsor's contributions into investment options provided by the Plan.

1. Description of Plan (Continued)

C. Participants' Accounts

Each participant's account is credited with the participant's contribution and Plan Sponsor safe harbor contributions, as well as allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are vested immediately in their contributions, their allocated share of the Plan Sponsor's safe harbor contributions, and actual earnings thereon.

E. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at prime rate, as defined. Principal and interest is paid ratably through bi-weekly payroll deductions.

F. Payment of Benefits

On termination of service due to death, disability, or retirement, a participant receives a lump sum amount equal to the value of the participant's vested interest in his or her account.

2. Summary of Significant Accounting Policies and Other Information

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

2. Summary of Significant Accounting Policies and Other Information (Continued)

C. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor, and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held at the end of the year.

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

> Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
>
> Level 2: Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
>
> Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

2. Summary of Significant Accounting Policies and Other Information (Continued)

C. Investment Valuation and Income Recognition (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market: Valued at the fair value of the underlying assets held by the fund.

There have been no changes in the methodologies used at December 31, 2017 and 2016.

D. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

E. Payment of Benefits

Benefits are recorded when paid.

F. Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

G. Subsequent Events

The plan has evaluated subsequent events through July 27, 2018, the date the financial statements were available to be issued.

3. Investments

The December 31, 2017 and 2016, Statement of Net Assets Available for Benefits, the investment activities included on the December 31, 2017 Statement of Changes in Net Assets Available for Benefits, the accompanying notes to the financial statements, and the December 31, 2017 and 2016, Schedule of Assets (Held at End of Year) were prepared in part or entirely from information certified by the Trustee/Custodian, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's investments were maintained by the Trustee/Custodian who has certified to the completeness and accuracy of the investments of the Plan as of December 31, 2017 and 2016.

The following presents investments that represented 5 percent or more of the Plan's net assets as of December 31, 2017 and 2016:

	2017	2016
DFA International Value Portfolio I	226,226	172,739

5. Related Party Transactions and Party-In-Interest Transactions

The Plan's administrative functions are performed by employees of the Plan Sponsor at no cost to the Plan. Certain Plan administration expenses were absorbed by the Plan Sponsor. The Plan Administrator is also a participant in the Plan.

6. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status of the Plan

The IRS has determined and informed the Plan Sponsor by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2017, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

8. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:
