Independent Auditors' Report

Participants and Administrator

Pension Plan for Certain Newark Hourly Employees of Anheuser-Busch, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of the Pension Plan for Certain Newark Hourly Employees of Anheuser-Busch, Inc. (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding the Plan's net assets available for benefits as of December 31, 2017 and 2016, and changes therein for the years then ended, and its financial status as of December 31, 2016, and changes therein for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Effective Date

The following plan provisions reflect those in the plan document restated and effective on January 1, 2016.

Plan Year

The twelve-month period ending December 31.

Coverage and Participation

All employees are eligible to participate under the plan on the first day of hire. "Employee" means any person who is covered by the collective bargaining agreement between the Company and Local 102, International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers of America; Laborers International Union of North America, Local 1153, AFL-CIO; and Local 475, United Association of Journeyman and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada, AFL-CIO. The plan formulas will be closed effective February 28, 2019.

SCHEDULE SB ATTACHMENTS – PART V – SUMMARY OF PRINCIPAL PLAN PROVISIONS

Normal Retirement Benefit

Normal Retirement Date: For Local 102 employees (brewers, machinists, plant clericals, or office clericals), the first of the month coincident with or next following age 65. For all other employees, the first of the month coincident with or next following the earlier of age 65 and five years of credited service or age 67.

Monthly Benefit Formula:

For Local 102 employees (brewers, machinists, plant clericals, or office clericals), the Benefit Unit times credited service (no limit) is \$119.02 for Dates of Termination on or after 3/1/2013.

For Local 102 employees (production workers, quality assurance), the Benefit Unit times credited service, which is limited to 40 years, is \$121.96 for Dates of Termination on or after 3/1/2013.

For Local 1153 and Local 475 employees, the Benefit Unit times credited service, which is limited to 35 years, is \$121.96 for Dates of Termination on or after 5/1/2013.

Normal Form of Benefit: Life Annuity with five years certain.

Optional Forms of Benefit: Life annuity with 10 years certain, 50% joint and survivor, 75% joint and survivor, and 100% joint and survivor. Actuarial equivalence is based on a discount rate of 6.5% and mortality assumption of the UP84 mortality table for all the forms.

Late Retirement

If retirement occurs after the normal retirement date, the late retirement income will be equal to the normal retirement benefit calculated using credited service as of the late retirement date, offset by the actuarial equivalent value of any retirement payments received.

Early Retirement Benefit

Eligibility:	Age 55 and 10 years of vesting service.
Monthly Benefit:	<p>If at least age 55 (age 57 for Local 102 brewers, mechanists, plant clericals, or office clericals) with at least 25 years of credited service, the accrued benefit as of the early retirement date is unreduced.</p> <p>If at least age 60 with at least 10 years of vesting service, the accrued benefit as of the early retirement date is unreduced.</p> <p>If at least age 55 with at least 10 years of vesting service, the accrued benefit as of the early retirement date is reduced by 1/6 of 1% for each month that early retirement precedes the Normal Retirement Date.</p>

Disability Benefit

Eligibility:	Total and permanent disability of participant prior to normal retirement date, 5 years of credited service, and eligible to receive Social Security disability benefits.
Monthly Benefit:	The accrued benefit without reduction for early commencement.

Vested Benefits Upon Termination of Service

A participant is 100% vested upon completion of 5 years of vesting service. However, all participants become 100% vested upon reaching their Normal Retirement Date.

Death Benefits for Participants in Active Service

Eligibility:	Must be a vested participant.
Benefit:	The participant's spouse of at least one year will receive a monthly retirement income payable for life in an amount equal to 50% of the amount the participant would have received if he had terminated on his date of death (or actual termination date if earlier), survived to his earliest retirement date, elected to commence receiving benefits under the qualified joint-and-50% survivor option, and then immediately died.

Demographic Assumptions

Inclusion date

The valuation date coincident with or next following the date on which the employee becomes a participant.

Mortality

For non-disabled participants, the prescribed mortality assumption under Section 430(h)(3)(A) of the Internal Revenue Code using static tables with separate mortality rates for annuitants and non-annuitants.

Disabled Mortality

For disabled participants: mortality in accordance with Revenue Ruling 96-7.

Retirement

For purposes of determining the Funding Target and Target Normal Cost (both disregarding at-risk assumptions), the rates at which active participants retire are shown below. Terminated vested and vested transfer employees are assumed to retire and/or commence benefits at age 65, except for certain participants who terminated or transferred in 2015 as part of a workforce reduction (assumed to commence immediately if eligible for early retirement as of their termination/transfer date or at age 61 if at least age 50 with 10 years of vesting service as of their termination/transfer date).

At-Risk Calculations

For at-risk calculations, all participants eligible to elect benefits during the current and subsequent ten plan years are assumed to commence benefits at the earliest possible date under the plan, but not before the end of the current plan year, except in accordance with the regular valuation assumptions. In addition, all participants (not just those eligible to begin benefits within the next 11 years) are assumed to elect the most valuable form of benefit under the plan, which is usually the life annuity with five years certain form of payment.

Methods

Valuation date

First day of the plan year

Funding target

Present value of accrued benefits

Target normal cost

Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year

Asset method

Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (4.25% in 2016 and 5.65% in 2015, with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2015 plan year.)

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Benefits not included in valuation

Actuarial increases for terminated vested who deferred commencement past their normal retirement date due to the small number of affected participants.

Participants who transferred out of a covered location who are currently not vested in their benefits are assumed to immediately terminate employment and not be entitled to a benefit under the plan due to the small number of affected participants.

The plan pays small benefits (with a present value up to \$5,000) in a single lump sum payment. Such lump sums are not explicitly valued as such; rather such participants' benefits are valued using the benefit choice assumptions described above.

Sources of Data and Other Information

Employee data was supplied electronically by Milliman USA and Anheuser-Busch and data on persons receiving benefits was supplied electronically by Anheuser-Busch as of 1/1/2017. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. In consultation with plan sponsor, certain assumptions were made for missing or apparently inconsistent data elements and were documented in our memo dated August 4, 2017.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Termination

Termination rates were based on an experience study conducted in 2011, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.

Assumed termination rates differ by age and service because of observed differences in termination rates by age and service.

Termination rates for at-risk funding calculations are as required by IRC 430.

Disability

Disability rates were based on a disability incidence developed by W. Alfred Hayes & Co. (former actuary). Given the lack of credible experience for disabled participants in this plan, and the lack of studies of incidence among comparable disabled participants (i.e., comparable demographics and disability definition comparable to plan's definition), and the materiality of this assumption, there is not a different assumption that the plan actuary believes to be a better estimate.

Retirement

Retirement rates were based on an experience study conducted in 2011, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.

Retirement rates differ by age and service, because of observed differences in retirement rates by age and service.

Retirement rates for at-risk funding calculations are as required by IRC 430.

Benefit Commencement date for deferred vested benefits

Certain deferred vested participants are assumed to begin benefits at earlier ages based on their age and date of termination to reflect subsidies available at earlier ages. Otherwise, deferred vested participants are assumed to begin benefits at their normal retirement age (or current age if later) because the plan's experience is not considered to be credible and the difference between this approach and using assumed commencement rates at earlier ages is not expected to be significant.

Form of payment

Optional form of payment elections were based on the pension experience study performed in 2011.

Independent Auditors' Report

Participants and Administrator

Pension Plan for Certain Newark Hourly Employees of Anheuser-Busch, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of the Pension Plan for Certain Newark Hourly Employees of Anheuser-Busch, Inc. (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding the Plan's net assets available for benefits as of December 31, 2017 and 2016, and changes therein for the years then ended, and its financial status as of December 31, 2016, and changes therein for the year then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

(Dollars in thousands, unless otherwise stated)

1. Plan Description

The following description of the Pension Plan for Certain Newark Hourly Employees of Anheuser-Busch, Inc. (the Plan) provides only general information. Participants should refer to the Plan Document for a complete description of the Plan's provisions.

General

The Plan is a defined benefit plan that provides normal retirement, early retirement, disability and death benefits to union and nonunion employees of Anheuser-Busch, LLC (the Employer or Company), who have met certain service and age requirements, as defined in the supplemental provisions of the Plan Document. Employees do not contribute to the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Administration

The Plan Administrator is the Company. The Plan's custodian and trustee is The Bank of New York Mellon (Mellon). Mellon holds all Plan assets and is responsible for benefit payments from the Anheuser-Busch Companies, LLC Master Defined Benefit Trust (Master Trust) according to information submitted by the Plan Administrator.

Plan Benefits

Plan benefits are determined in accordance with the provisions of each supplement to the Plan Document.

Vesting service is used in determining eligibility for early retirement and disability benefits, as defined in each supplement to the Plan Document.

Expenses of the Plan

Under the Master Trust Agreement with the Trustee, the Company may pay all expenses incurred in the administration of the Plan, including trustee fees, but is not obligated to do so. Trustee expenses not paid by the Company are paid by the Master Trust and proportionately allocated to participating plans. All other direct expenses are paid by the Plan.

PENSION PLAN FOR CERTAIN NEWARK HOURLY EMPLOYEES OF ANHEUSER-BUSCH, INC.

Notes To Financial Statements (*Continued*)

Plan Termination

The Company anticipates the Plan will continue without interruption but reserves the right to discontinue its participation in the Plan. In the event that such discontinuance results in termination of the Plan, the Plan provides that the net assets will be allocated among the participants and beneficiaries of the Plan in the order of preference and in the manner outlined in the Plan Document. To the extent unfunded vested benefits exist, ERISA provides that such benefits are payable by the Pension Benefit Guaranty Corporation (PBGC) to participants, up to specified limitations. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair market value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities held by the Master Trust are recorded on a trade-date basis. Investment income from the Master Trust includes rental income from real estate properties and net appreciation in fair value of investments. Rental income is recorded on the accrual basis. Net appreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Allocation of Assets in Master Trust

The Master Trust was established for the investment of the Plan's assets and certain other Company sponsored retirement plans.

PENSION PLAN FOR CERTAIN NEWARK HOURLY EMPLOYEES OF ANHEUSER-BUSCH, INC.

Notes To Financial Statements (*Continued*)

The interest of each participating plan is represented in units. Each unit represents an undivided interest in the Master Trust. The value of each plan's interest in the Master Trust is based on the beginning of year value of the plan's interest in the trust plus actual contributions and allocated investment income, net of investment expenses, less actual distributions and allocated administrative expenses. The allocation of investment income and administrative expenses is based on each plan's ownership of Master Trust units at the end of each month.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

Management has evaluated subsequent events through October 10, 2018, the date which the financial statements were available to be issued.

3. Funding Policy

Pension contributions are funded by the Company. Annually, an independent actuary performs a valuation of the Plan and related trust fund to determine the status of the fund and the normal cost and contribution limits prescribed by ERISA. The methods of valuation employed by the actuary were the Traditional Unit Credit Method for liabilities and a smoothed value for assets. The Plan met the minimum funding requirements of ERISA, as determined by the independent actuary for the Plan years ended December 31, 2017 and 2016.

4. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation and credited service. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered up to the valuation date.

PENSION PLAN FOR CERTAIN NEWARK HOURLY EMPLOYEES OF ANHEUSER-BUSCH, INC.

Notes To Financial Statements (*Continued*)

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary by applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment.

Significant actuarial assumptions used in the valuation as of January 1, 2017 and 2016 are as follows:

Mortality:

2017 RP-2014 Mortality Tables for males and females, with blue-collar adjustment, projected generationally from 2006 with scale MP-2016 adjusted to reflect long term mortality improvement trend of 0.75% reached in 2032.

2016 RP-2014 Mortality Tables for males and females, with blue-collar adjustment, increased by 5%, projected generationally from 2011 with scale MP-2015 adjusted to reflect a long-term mortality improvement trend of 0.5% reached in 2029.

Discount Rate:

2017 3.80%

2016 4.25%

Retirement:

2017 According to a graded retirement schedule based on years of service and age
Years of service – less than 25 years or 25 years or more
Age – ranges from age 55 to age 68

2016 According to a graded retirement schedule based on years of service and age
Years of service – less than 25 years or 25 years or more
Age – ranges from age 55 to age 68

The foregoing actuarial assumptions were based on the presumption that the Plan will continue using the traditional unit credit method. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Direct Financing Lease

The Company has contributed real estate properties to the Master Trust, which are leased back to the Company through a direct financing lease. Revenue from the direct financing lease is recognized over the lease term on the interest method, which results in a level rate of return on the net investment in the lease.

The components of the Master Trust's direct financing lease at December 31, 2017 and 2016 are as follows:

	<u>2017</u>	<u>2016</u>
Future minimum rentals receivable	\$ 182,572	194,639
Unearned income to be recognized in future years	<u>(72,837)</u>	<u>(82,031)</u>

Cumulative appreciation in fair value of real estate properties	68,696	59,996
Cumulative rental income received	<u>11,499</u>	<u>8,626</u>
Fair value of real estate properties	\$ <u><u>189,930</u></u>	<u><u>181,230</u></u>

Future minimum rentals receivable under the direct financing lease at December 31, 2017 are as follows:

Year	Amount
2018	\$ 12,370
2019	12,679
2020	12,996
2021	13,321

Fair Value Measurements

The Master Trust follows current accounting guidance, which provide a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Master Trust has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for investments measured at fair value:

Collective Trust Funds

Valued at the net asset value (NAV) of units in the collective trust funds. The NAV, as provided by the collective trust funds, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Real Estate Properties

The fair value of the real estate properties held is valued on the basis of its market value based upon independent appraisals of each property conducted by an independent, MAI-certified appraiser. The appraisals were based upon a combination of the sales comparison and income capitalization approaches, consistent with prior year. The appraiser takes into account historical and projected cash flow, the terms of the lease on the property and comparable sales, and as a result, the investment is classified as a Level 3 asset in the fair value hierarchy.

The valuation process involves the Plan's independent fiduciary's selection of an independent, MAI-certified appraiser. The independent fiduciary and representatives of the tenants accumulate the data concerning the properties for the appraiser. The appraiser prepares draft reports for each property which the Plan's independent fiduciary reviews in detail and discusses with the appraiser. The final report for each property is approved by the independent fiduciary and delivered to the Plan's Trustee. Management reviews the results of the certified appraisals and believes the results are fairly stated.

Short-Term Investments

Short-term investments are considered to be cash equivalents due to their short maturities and are valued at cost, which approximates fair value.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Transactions with Parties-In-Interest

The Master Trust holds investments in collective trust funds managed by the Trustee. Therefore, these transactions are allowable party-in-interest transactions under ERISA.

The Master Trust also holds operating properties that are leased to the Company. The fair value of the properties at December 31, 2017 and 2016 was \$189,930 and \$181,230, respectively. The Master Trust received rental payments for the years ended December 31, 2017 and 2016 of \$12,073 and \$11,778, respectively. These transactions are allowable party-in-interest transactions under ERISA.

7. Income Tax Status

The IRS has determined and informed the Company by a letter dated April 6, 2017 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (the Code). Therefore, the underlying trust of such a plan is exempt from federal income taxes under Section 501 of the Code. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

Investment securities are exposed to various risks, such as world events, interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

9. Subsequent Events

Effective September 13, 2018, the assets and benefit obligations of certain participants in the Anheuser-Busch Companies Pension Plan, the Retirement Plan for Certain Agricultural, Brewery and Packaging Hourly Employees and the Retirement Plan for Certain Employees of Anheuser-Busch and InBev USA were merged into the Plan. Effective September 14, 2018, the Plan was renamed the Anheuser-Busch Defined Benefit Plan.
