Independent Auditor's Report

To the Plan Administrator
Santikos Enterprises, LLC Retirement Savings Plan
San Antonio, Texas

We have audited the accompanying financial statements of the Santikos Enterprises, LLC Retirement Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017, and the changes in net assets available for benefits for the year ended December 31, 2017, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H - Line 4i - Schedule of Assets (Held at End of Year, as of December 31, 2017 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Description of the Plan

The following description of the Santikos Enterprises, LLC Retirement Savings Plan (the Plan) provides only general information. Therefore, participants should refer to the Plan agreement or Summary Plan Description (SPD) for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan available to all eligible employees of Santikos Enterprises, LLC. The plan was established on January 1, 2017 and is designed to comply with the Employee Retirement Income Security Act of 1974 (ERISA), and the Internal Revenue Code (IRC). The Plan is administered by the Company and the third party administrator, Slavic Integrated Administration, Inc. and the assets of the Plan are held by Fidelity Management Trust Company (the Custodians).

Eligibility

Substantially all employees of the Company who have completed at least 6 months of service and who are age 21 or older are eligible to participate in the Plan. Participation begins on the first day of the next calendar quarter following eligibility requirements being met.

Participant Contributions

Participants may elect to contribute up to 95% of their annual compensation as defined in the Plan, subject to the maximum dollar amount allowable under the IRC which was $18,000 in 2017. Participant contributions may be designated as pretax or after tax Roth contributions, subject to IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $6,000 for 2017. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

This Plan also contains an automatic enrollment feature. Employees are subject to automatic enrollment and have to choose to decline participation in the Plan. On the first day of the next calendar quarter following the employee's completion of at least 6 months of service and ability to meet other participation requirements of the Plan, the employee is automatically enrolled in the Plan with a 6% deferral rate. Employee contributions are invested in a target date retirement fund that corresponds with the employee's retirement age. The employee has the ability to change his or her investment allocation to other funds. Upon automatic enrollment in the Plan, the employee has 90 days in which to opt out and have his or her contributions returned.

Employer Contributions

The company makes non elective, Safe Harbor contributions equal to 3% of an employee's eligible compensation. Safe Harbor matching contributions are made regardless of the employee's elective participation in the Plan and totaled $364,955 for 2017.

1. Description of the Plan (Continued)

Employer Contributions (Continued)

The company may also make discretionary matching and/or discretionary non elective contributions in addition to the Safe Harbor contributions. Discretionary matching contributions are made for participating employees and are restricted to the first 6% of the employee's eligible compensation. The discretionary match cannot exceed 4% of total eligible compensation. For 2017, the company elected to match 50% of employee deferrals up to 6%. Discretionary matching contributions totaled $294,978 for 2017.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer's contributions and earnings or losses, and may be charged with certain administrative expenses. Plan earnings or losses are applied to a participant's account balance based on the investment experience of the funds held and the number of shares owned in each fund by the participant.

Vesting

Participants are immediately vested in their contributions and employee safe harbor matching contributions and actual earnings or losses thereon. Vesting in the Company's discretionary, if any, contributions is based on years of service as follows:

Years of Service	Percent Vested
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Forfeitures

Forfeitures of terminated participants' non-vested account balances are retained in the Plan and may first be used to pay administrative expenses. Remaining amounts will be used to reduce future employer contributions to the Plan.

Payment of Benefits

The benefit to which a participant is entitled equals the value of the participant's vested interest in his or her account. Upon termination of service due to death, disability, severance, or retirement, a participant may elect to receive the vested portion of his or her account as a lump sum payment or as a rollover into another qualified plan or individual retirement account. Upon termination of employment, vested account balances of less than $5,000 may be automatically distributed in a lump sum or rolled over to another qualified plan or an individual retirement account or annuity for the benefit of the participant.

1. Description of the Plan (Continued)

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a menu of mutual fund options for investment.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. Participants may have only two loans outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at a rate set by the Plan Administrator, currently between 4.50% and 4.75%. Loans must be repaid over not more than a five-year period, except for the purchase of a principal residence, which must be repaid within ten years. Principal and interest are paid ratably through payroll deductions. Participant loans receivable are stated at the unpaid principal balance, plus accrued interest. No allowance for potential bad debt is recorded as the loans are secured by the participant's account balance.

Administrative Expenses

Administrative expenses may be paid by the Employer. However, the Plan may pay transaction fees which are charged directly to the specific participant generating the transaction.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market Participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the trustees. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses for investments bought and sold as well as held during the year.

Payment of Benefits

Benefits paid to Participants are recorded as a reduction of net assets available for benefits when paid.

3. Fair Value Measurements

The accounting standards establish a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy places the highest priority on unadjusted quoted marked prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 inputs such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market Participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following are descriptions of the valuation methods and assumptions used by the Plan to estimate the fair value of its investments:

Mutual funds: The fair value of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

3. Fair Value Measurements (Continued)

The following table presents the Plan's fair value hierarchy by asset class for those assets measured at fair value:

	Fair Value Measurements at December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,359,662	$ -	$ -	$ 2,359,662

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become fully vested in their accounts.

5. Plan Transfers

Previous to 2017, the Company's plan assets were managed by a professional employer organization. The Company separated from the professional employer organization's plan and started the Santikos Enterprises, LLC Retirement Savings Plan. Effective February 2017, the balances in the participant's investment accounts and any outstanding notes receivable were transferred out of the previous plan and into the Santikos Enterprises, LLC Retirement Savings Plan.

6. Tax Status of the Plan

The Company adopted a prototype plan document sponsored by Slavic Integrated Administration, Inc. (Slavic). Slavic received an opinion letter from the IRS dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is subject to income tax examinations for 2017.

7. Voluntary Fiduciary Correction Program

During the year ended December 31, 2017, the Plan Administrator discovered that certain procedural errors relating to the failure to suspend deferral elections after a hardship withdrawal and failure to begin loan repayments for notes receivable initiated during 2017. In addition, the Plan Administrator determined that employer Safe Harbor contributions were not being calculated appropriately in 2017. The Plan Administrator determined that the failures were eligible for self-correction under the terms of the Voluntary Fiduciary Correction Program (VFCP). As of the date the financial statements were available for issue, the Company was finalizing its corrective plan, and calculating the amount the Company will contribute to the Plan to get the Plan into compliance. The final amount will be comprised of participant and employer contributions, as well as calculated lost earnings.

8. Parties-In-Interest

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions conducted by the Trustee Company and its affiliates qualify as party-in-interest transactions.

9. Reconciliation of Financial Statements to Form 5500

The following are reconciliations of net assets available for benefits per the financial statements to the Form 5500.
