The Calspan Corporation 401(k) Plan (the Plan) was established effective May 1, 2005 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code. The Plan is a defined contribution plan established to cover substantially all employees of the Calspan Corporation and several companies affiliated by common ownership (collectively, the Plan Sponsor or Employers). Effective January 1, 2017, Calspan Air Services, Calspan Business Park, LLC and Calspan Holdings, LLC became participating employers in the Plan.

The following description of the Plan's provisions only provides general information. Participants should refer to the Plan agreement or the Summary Plan Description for a more complete description of the Plan's provisions.

TRIUMPH AEROSPACE SYSTEMS – NEWPORT NEWS, INC. ACQUISITION

In September 2016, The Plan Sponsor acquired Triumph Aerospace Systems – Newport News, Inc. (subsequently renamed Calspan Systems Corporation). Effective October 1, 2016, Calspan Systems Corporation became a participating employer in the Plan. As a result of this acquisition, approximately \$670,000 of assets (including \$143,000 of participant loans) were contributed to the Plan during the fourth quarter of 2016 from former employees of Triumph Aerospace Systems. These assets have been included in rollover contributions during 2016.

PARTICIPATION

Group A - Non-union Employees and Union Employees Hired After May 11, 2014

Through July 29, 2016, eligible Group A employees can make elective deferral contributions and receive basic employer matching contributions immediately upon their date of hire. Effective July 29, 2016, Hourly non-exempt employees of Calspan Air Services are required to complete one year of service, as defined, to participate in all Plan contributions.

In lieu of discretionary employer profit sharing contributions, Group A employees who completed one year of service, as defined, can receive additional discretionary matching contributions.

Effective June 25, 2017, eligible Group A employees may receive discretionary employer profit sharing contributions.

Group B - Union Employees Hired before May 11, 2014 (through June 25, 2017)

Through June 25, 2017, all Group B employees of the Plan Sponsor could make elective deferral contributions and receive non-elective employer contributions immediately upon their date of hire. Group B employees were not eligible to receive employer matching contributions.

Effective June 25, 2017, all Group B employees follow the same participation requirements as Group A employees.

CONTRIBUTIONS

Employee Contributions – All Participants

All participants may elect to defer a specified percentage of compensation, not to exceed Internal Revenue Code limitations. Participants may also make after-tax Roth elective contributions.

Effective January 1, 2017, the Plan Sponsor implemented a Qualified Automatic Contribution Arrangement ("QACA"). This arrangement features automatic deferral contributions with annual escalation, a QACA safe harbor matching contribution, and an additional matching contribution.

Effective January 1, 2017, the Plan Sponsor will withhold 3% of compensation for any participant, unless the participant affirmatively elects a different percentage. The default withholding percentage automatically increases by 1% on January 1st of each Plan year, up to a maximum of 6%, according to the following schedule:

Initial Plan year of participation	3%
Second Plan year of participation	3%
Third Plan year of participation	4%
Fourth Plan year of participation	5%
Fifth Plan year of participation	6%

Group A Employer Contributions

Prior to January 1, 2017, The Plan Sponsor could make discretionary basic matching contributions to all Group A participants. For Calspan Corporation employees, basic matching contributions for 2016 were an amount equal to 100% of a participant's elective deferral contributions, disregarding any elective deferral contributions in excess of 4% of the participant's compensation. For Calspan Systems Corporation employees, basic matching contributions from October 1, 2016 through December 31, 2016 were an amount equal to 50% of a participant's elective deferral contributions, disregarding any elective deferral contributions in excess of 6% of the participant's compensation.

Effective January 1, 2017, the Plan Sponsor makes QACA safe-harbor matching contributions to all Group A participants in an amount equal to 100% of a participant's elective deferral contributions, disregarding any elective deferral contributions in excess of 4% of the participant's compensation.

The Plan Sponsor may also make discretionary additional matching contributions to all Group A participants. Prior to January 1, 2017, Group A participants needed to complete 1,000 hours of service during a Plan year and be employed on the last day of the Plan year to share in additional matching contributions (no hour or last day requirement in 2017). These contributions are allocated based on elective deferral contributions and participant earnings, as defined in the Plan. There were no additional matching allocations in 2017 or 2016.

Effective June 25, 2017, the Plan Sponsor may also make discretionary profit sharing contributions to all Group A participants who complete 1,000 hours of service during a Plan year and are employed on the last day of the Plan year. These contributions are allocated based on participant earnings, as defined in the Plan. There were no discretionary profit sharing allocations in 2017.

Group B Employer Contributions (through June 25, 2017)

Through June 25, 2017, the Plan Sponsor made non-elective employer contributions, which are determined based upon the union collective bargaining agreement. For 2016 and through June 25, 2017, the contribution for Group B participants was \$2.10 per hour worked, subject to a limit of \$84.00 per week.

Effective June 25, 2017, Group B participants receive the same employer contributions as Group A participants.

VESTING

Participant elective deferral contributions are immediately vested upon contribution. The participant's vesting percentage for QACA safe harbor matching contributions is as follows:

Vesting Service (whole years)	Vesting Percentage
Less than 2	0%
2 or more	100%

The participant's vesting percentage in all other Plan Sponsor contributions is:

Vesting Service (whole years)	Vesting Percentage
0	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

FORFEITURES

Participants who leave the Plan Sponsor with less than the required years of service forfeit the nonvested portion of the Plan Sponsor's contributions. Forfeitures may be first used to pay Plan expenses, then used to reduce employer contributions. Approximately \$18,000 and \$48,000 of forfeitures were used to reduce employer contributions during 2017 and 2016, respectively. At December 31, 2017, the Plan has approximately \$41,000 of unused forfeitures.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow up to 50% of their vested elective deferral and employer matching contribution account balances subject to a maximum of \$50,000 and a minimum of \$500. In addition, a participant may have only two loans outstanding, generally at a maximum five-year term. The loans bear interest at a market-based rate.

PLAN TERMINATION

The Plan Sponsor intends to continue the Plan indefinitely, but reserves the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination, participants will become fully vested in their accrued benefit.

2. SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accounting records are maintained on the accrual basis.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

VALUATION OF INVESTMENTS

The Plan's investments are recorded at fair value value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements. Actual results may differ from management's estimates and assumptions.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through the audit report date, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820 *Fair Value Measurements* (ASC 820) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The financial instruments' fair value measurement level is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 - Other significant observable inputs (including quoted prices in active markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- Registered investment companies – Fair value is based on quoted net asset values of the shares held by the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (CONTINUED)

Fair value information for investments held at December 31, 2017 and 2016 is as follows:

4. INVESTMENTS

All investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2017 and 2016, and net investment gains (losses) from registered investment companies, interest on guaranteed investment contract and other income for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Institutional Trust Company, the trustee of the Plan.

The Plan Sponsor entered into a group annuity insurance contract with Voya (Voya Fixed Account). Voya maintains the Plan's original deposits in a general fund to which it adds interest from the underlying investments. The contract is fully benefit responsive, and accordingly, is valued at contract value as determined by Voya. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay Plan benefits and the insurance company's administrative expenses.

The crediting interest rate is based on a formula agreed upon with Voya and is reviewed on a monthly basis for resetting, with a guaranteed minimum crediting rate of 1.0%. The crediting rate was 1.0% for the years ended December 31, 2017 and 2016.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Voya. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

CALSPAN CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

4. INVESTMENTS (CONTINUED)

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are held in a guaranteed investment contract and various mutual funds managed by affiliates of Voya Institutional Trust Company, the trustee of the Plan. Therefore, these transactions and account balances qualify as party-in-interest.

The Plan incurs various management fees and operating expenses for its investments in registered investment companies and common collective trust. These costs are not reflected separately, but are included in the net investment return of these investments.

Substantially all legal and accounting services were provided at the expense of the Plan Sponsor. Expenses paid from Plan assets consisted of recordkeeping and distribution processing fees. Fees paid to parties-in-interest were based upon customary and reasonable rates for such services.

6. TAX STATUS

The Plan has received an opinion letter from the Internal Revenue Service dated September 1, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code"), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Subsequent to the issuance of this opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor has indicated that it will take the necessary steps to maintain the Plan's qualified status.

The Plan Sponsor has concluded that as of December 31, 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdiction. There is currently an audit in progress for the 2016 plan year. The Plan Sponsor believes it is no longer subject to tax examinations for reporting years prior to 2014.
