ASURION, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2017 and 2016

(1) Description of plan

The following description of the Asurion, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on January 1, 1994 to provide retirement benefits for employees of Asurion, LLC (the "Plan Sponsor"). The Plan covers substantially all employees who have completed 30 days of service ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In December 2016, the Plan Sponsor sold a division of the company to iCore Networks. In March 2017, participant assets of this division totaling \$7,186,900 were transferred out of the Plan into the IQOR Retirement Savings Plan which is sponsored by iCore Networks.

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may elect to make after-tax contributions in the form of a Roth deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions are permitted up to 100% of compensation.

The Plan Sponsor makes a safe-harbor matching contribution in an amount equal to 100% of each participant's contributions up to 3% of compensation and 50% of the next 2% of compensation contributed to the Plan.

The Plan also provides that the Plan Sponsor may contribute an additional discretionary amount each year as authorized by the Plan Sponsor's Board of Directors; however, an annual discretionary contribution by the Plan Sponsor is not required. No annual discretionary contribution was made by the Plan Sponsor during 2017 or 2016.

Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

ASURION, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2017 and 2016

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, allocations of Plan Sponsor contributions, investment earnings, and administrative expenses allocable to such participants. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Participants are immediately vested in their elective salary deferrals plus actual earnings or losses thereon. Participants are immediately vested in the Plan Sponsor's safe-harbor matching contributions plus actual earnings thereon. Vesting in additional discretionary Plan Sponsor contributions plus actual earnings thereon is based on years of continuous service. Participants vest pro-rata and are fully vested after five years of service.

(e) Notes receivable from participants

Each participant may borrow from his or her account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her vested account balance. The notes are secured by the balances in the respective participants' accounts and bear interest at fixed rates ranging from 3.25% to 5.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are collected through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive either a lump sum payment or installments over a specified period equal to his or her entire account balance. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump sum distribution.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor discretionary contribution portion of their accounts. Forfeitures may be used to pay Plan expenses or may be used to reduce the Plan Sponsor's contributions to the Plan. At December 31, 2017 and 2016, the forfeiture account balance totaled \$61,433 and \$91,793, respectively. During 2017 and 2016, Plan Sponsor contributions were reduced by \$87,706 and \$98,760 respectively, from forfeited nonvested accounts. During 2017, the Plan paid certain administrative expenses totaling \$7,410 from forfeited nonvested accounts.

ASURION, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2017 and 2016

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the Plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the withdrawing participant's vested account balance. Participants are not permitted to defer withholdings for up to six months following a hardship withdrawal.

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Expenses of administering the Plan and fees related to notes receivable from participants are charged directly to the applicable participants' accounts and are included in administrative expenses. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment from the Plan.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

ASURION, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2017 and 2016

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

Management of the Plan Sponsor has evaluated events and transactions that occurred between December 31, 2017 and October 11, 2018, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments and notes receivable from participants reported and disclosed in the accompanying financial statements and supplemental schedules, including investments at fair value and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividend income, and interest income from notes receivable from participants for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Principal Trust Company ("Principal").

Notes to the Financial Statements

December 31, 2017 and 2016

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- (i) *Mutual funds*: Valued based on the funds' reported closing net asset values ("NAV") as of the last business day of the plan year. The funds are deemed to be actively traded.

ASURION, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2017 and 2016

- (ii) **Guaranteed interest account:** The non-benefit responsive guaranteed interest account is valued at fair value based on the amount the Plan Sponsor would receive if the contract was terminated at the reporting date, which is book value less an early withdrawal charge, discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Participant redemptions for termination, death, disability and retirement are made at contract value. If the Plan terminates the contract before the contract matures, the redemption is made at fair value. Contract value approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Fair Value Measurements as of December 31, 2017 using the following inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

- (a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which the fair value is measured using NAV as a practical expedient as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to Plan transactions.

(5) Income tax status

The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") on November 28, 2016. The letter stated that the Plan was designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

ASURION, LLC 401(K) PLAN

Notes to the Financial Statements

December 31, 2017 and 2016

(6) Remittance of participant contributions

The Plan Sponsor is required by Department of Labor regulation to remit participant contributions and loan repayments as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. Certain participant contributions and loan repayments withheld during 2017 and 2016 were not remitted to the Plan timely.

(7) Related party and party-in-interest transactions

Certain Plan investments are units of pooled separate accounts, collective trust funds, and a guaranteed interest account managed by Principal and affiliates of Principal and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers and holds notes receivable from participants which also qualify as party-in-interest transactions.
