The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. The Plan provides for a fixed employer matching contribution. The Company will match 100% up to the first 3% of a participant's salary contributed to the plan and will match 50% of the next 2% of the participant's contributions. Contributions are subject to certain statutory limitations

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contribution and (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A – DESCRIPTION OF THE PLAN (Cont'd)

Vesting

Participants are 100% vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions plus actual earnings thereon is based on each participant's years of continuous service with the Company. Employer matching contributions are 100% vested upon completion of two years of service.

Notes Receivable from Participants

Participants may borrow from their plan accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a fixed rate which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably over the loan term through weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant receives a lump-sum amount equal to the value of the participant's vested account balance. Benefits are recorded when paid. For the plan year ended December 31, 2017, benefits paid to participants amounted to $565,025.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled $13,894 and $34,192, respectively. These accounts will be used to reduce future employer contributions. In 2017, $47,564 of employer contributions were reduced by forfeited nonvested accounts.

Administrative Expenses

Administrative expenses are paid by the Plan from Plan assets and are deducted from participant accounts.

Fidelity Bond

The Plan sponsor obtained a fidelity bond in the amount of $200,000.

NOTE A – DESCRIPTION OF THE PLAN (Cont'd)

Investment Options

Upon enrollment in the Plan, participants may direct their contributions to be invested in any of twenty-five investment options offered by National Life Insurance Company, the Plan's trustee. Investment options within National Life Insurance Company are categorized as follows:

Large-Cap Stock Funds

This category consists of three mutual funds whose primary objective is long-term growth and stability of capital. The fund invests primarily in companies with market values greater than $10 billion.

Mid-Cap Stock Funds

This category consists of one mutual fund whose primary objective is growth of capital. The fund invests primarily in companies with market values between $2 and $10 billion.

Small-Cap Stock Funds

This category consists of one mutual fund whose primary objective is growth of capital. These funds may have less liquidity than those investing in larger, established companies and may be subject to greater price volatility and risk than the overall stock market. These funds mainly invest in companies with market values under $2 billion.

International Stock Funds

This category consists of two mutual funds whose primary objective is long-term growth of capital. This fund invests primarily in companies throughout the world.

Bond Funds

This category consists of three mutual funds whose primary objective is to provide fixed income on capital. The fund invests primarily in bonds.

Capital Preservation Fund

This fund normally invests primarily in options that can be turned into cash relatively easily.

NOTE A – DESCRIPTION OF THE PLAN (Cont'd)

Money Market Fund

This fund seeks to provide current income and preserve principal investment. The fund invests in short-term, high-quality securities with expected returns largely dependent on the current interest-rate environment.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Date of Management's Review of Subsequent Events

Subsequent events were evaluated through October 12, 2018, which is the date the financial statements were available to be issued.

Payment of Benefits

Benefits are recorded when paid.

Expenses

To the extent the expenses are not charged against forfeitures or paid by the employer, or reimbursed by a third party, the Plan charges expenses pro rata at a flat rate per participant based on asset size against participant accounts.

NOTE C – INFORMATION CERTIFIED BY THE TRUSTEES

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2017 and 2016 and net change in fair value of investments and interest and dividend income for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Plan's trustees.

NOTE D – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

NOTE D – FAIR VALUE MEASUREMENTS (Cont'd)

Level 1 Fair Value Measurements:

The fair value of mutual funds is based on quoted net assets values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements:

The fair value for the Fixed Select contract is equal to book value less any contingent deferred sales charge (CDSC).

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

		Fair Value Measurements Using:	
	Fair Value	Quoted Market Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)
December 31, 2017			
Mutual Funds	$ 4,913,083	$ 4,913,083	$ -
Insurance company fixed interest funds	363,625	-	363,625
Money Market Funds	12,791	12,791	-
Total assets at fair value	$ 5,289,499	$ 4,925,874	$ 363,625
December 31, 2016			
Mutual Funds	$ 2,154,611	$ 2,154,611	$ -
Insurance company fixed interest funds	246,932	-	246,932
Money Market Funds	3,266	3,266	-
Total assets at fair value	$ 2,404,809	$ 2,157,877	$ 246,932

NOTE D – FAIR VALUE MEASUREMENTS (Cont'd)

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2017 and 2016, are reported in net appreciation in fair value of investments.

NOTE E – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Nationwide Financial Services, Inc.. Nationwide Financial Services, Inc. is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $23,612 for the year ended December 31, 2017.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their individual accounts.

NOTE G – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – SUBSEQUENT EVENTS

There were 191 employee participants that have been terminated as of December 31, 2017. These terminated participants have balances in the plan that total $607,718, which may be disbursed in 2018 to these terminated participants. Since their accounts are pooled separate accounts, there will be no effect to the other participants in the plan when the terminated employees' accounts are disbursed.

In 2017, there were employees that were eligible under the auto-enrollment plan but did not make any contributions during the year. On October 11, 2018, the Company corrected the employee account balances by remitting $30,001 employer matching contributions to the plan.

On July 31, 2018, the Plan was amended to include union employees as eligible employees.
