Note A - Description of Plan

The following description of The Raymond Chevrolet – Ray Chevrolet 401(K) Plan (the "Plan") is provided for general information purposes only. Participants should refer to The Raymond Chevrolet – Ray Chevrolet 401(K) Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Raymond Chevrolet, Inc. (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). All employees, unless specifically excluded, who have completed at least two months of service with the Company, as defined in the Plan, and are age 18 or older are eligible to participate in the Plan for deferral and matching contributions. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of available investment options.

Contributions

Participants may make voluntary contributions to the Plan. Contributions are limited to 90% of pretax annual compensation, as defined in the Plan. Participants may also make after-tax Roth contributions. The combined pretax and Roth contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participants who have attained age 50 before the end of the Plan year are eligible to make "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make discretionary matching contributions in an amount, and allocation, as determined by the Company on an annual basis. During 2017, the Company matched 25% of the first 6% of eligible compensation that a participant contributed. Additional qualified matching contributions and discretionary nonelective contributions may be contributed at the sole discretion of the Company's board of directors. There were no qualified matching contributions or discretionary nonelective contributions for 2017.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's qualified matching contributions and discretionary nonelective contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in the account balances of their salary deferral and rollover contributions. In the event of termination of employment, a participant is entitled to receive a percentage of the amount in their Company matching and profit sharing contributions based on the number of years of service prior to such termination. A participant is 100% vested in Company matching contributions, qualified matching contributions, and discretionary nonelective contributions after six years of credited service.

Note A - Description of Plan (continued)

Notes Receivable from Participants

The Plan administrator may direct the custodian of the Plan to make loans to active participants. The minimum loan amount that can be taken is $1,000 and the maximum loan amount is limited to 50% of the participant's vested account balance or $50,000, whichever is less. The interest rate on all loans is determined by the Plan administrator at the inception of the loan and is fixed for the duration of the loan. Interest rates are commensurate with local prevailing rates at the time funds are borrowed.

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum amount equal to the value of his or her vested account. Vested balances less than $1,000 are automatically paid in a lump-sum to the participant. The Plan also allows for hardship withdrawals due to reasons listed in the Plan document.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled $6,830 and $1,025, respectively. Forfeitures are used to reduce future employer contributions or plan administrative expenses. During 2017, forfeitures used to reduce employer contributions or plan administrative expenses were $5,542

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Note B - Summary of Significant Accounting Policies (continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. As of December 31, 2017 and 2016, contributions payable for participant contributions in excess of amounts allowed by the IRS were $61,770 and $38,756, respectively.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain administrative expenses of the Plan are paid by the Plan and totaled $1,200 for the year ended December 31, 2017. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2018, the date on which the financial statements were available to be issued. No subsequent events were noted.

Note C – Information Prepared and Certified by the Plan's Trustee - Unaudited

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the "trustee" of the Plan).

Note D - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Note D - Fair Value Measurements (continued)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commissions. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: Valued at the NAV of units of a collective trust held by the Plan at year-end. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Fair Value Measurements at December 31, 2017			
	Total	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 7,711,151	$ 7,711,151	$ -	$ -
Total assets in the fair value hierarchy	$ 7,711,151	$ 7,711,151	$ -	$ -
Investments measured at net asset value (a)	563,528			
Investments at fair value	$ 8,274,679			

	Fair Value Measurements at December 31, 2016			
	Total	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 6,256,514	$ 6,256,514	$ -	$ -
Total assets in the fair value hierarchy	$ 6,256,514	$ 6,256,514	$ -	$ -
Investments measured at net asset value (a)	791,765			
Investments at fair value	$ 7,048,279			

Note D - Fair Value Measurements (continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are not intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Investments Measured Using NAV per Share Practical Expedient: The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2017			
	Fair Value	**Unfunded Commitments**	**Redemption Frequency (if eligible)**	**Redemption Notice Period**
Fidelity Advisors Stable Value Fund	$ 563,528	No	Daily	None for participant

	December 31, 2016			
	Fair Value	**Unfunded Commitments**	**Redemption Frequency (if eligible)**	**Redemption Notice Period**
Fidelity Advisors Stable Value Fund	$ 791,765	No	Daily	None for participant

Note E - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contribution accounts.

Note F - Tax Status

The IRS has determined and informed the Plan Committee by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note G- Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note H - Related-Party and Party in Interest Transactions

The Plan investments are held, invested and maintained by Fidelity Management Trust Company, the trustee, as defined by the Plan and these transactions qualify as party-in-interest transactions. The fees for these services paid by the Plan were approximately $1,200 for the year ended December 31, 2017.

Note I – Amount Owed to Participants Withdrawing from the Plan

There were no amounts owed to participants who have withdrawn from the Plan and requested payment as of December 31, 2017 and 2016.

Note J - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the net assets reported on the Form 5500, Schedule H, Part I as of December 31, 2017 and 2016:
