1. Description of Plan

The following description of the DPR Construction 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a salary deferral arrangement established under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan was established in 1992 by DPR Construction (the "Company") to provide benefits to eligible employees of the Company and its subsidiaries, as defined in the Plan document. The Plan document was most recently amended and restated on January 1, 2016. The Plan defines eligible participants as all employees except those who are subject to a collective bargaining agreement, leased, casual or field labor, and non-resident aliens. The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended.

Plan Administration

The Company is the administrator of the Plan and has appointed an administrative committee to manage the operation and administration of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the trustee). Vanguard Fiduciary Trust Company ("Vanguard") is the appointed trustee for the Plan and acts at the direction of the Plan's administrator.

Participant Contributions

Participants are automatically enrolled in the Plan at 4% of eligible compensation increased each year by 1% up to 10%, unless the participant opts out. Employees who elect to participate in the Plan may contribute up to 100% of their salary into the Plan not to exceed limits imposed by Section 402(g) of the IRC. After tax Roth deferrals are also permitted. Participants who participate in the Plan accept an equivalent reduction in taxable compensation for pre-tax contributions. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer Contributions

The Company makes matching contributions of 50% of each participant's elective deferral, which may not exceed 6% of the participant's compensation. Employer matching contributions amounted to approximately $7,242,000 in 2017. The Plan also allows for a discretionary profit sharing contribution. Participants must be employed on the last day of the Plan year to be eligible for any discretionary profit sharing contributions. For the year ended December 31, 2017, the Plan Sponsor approved and funded a profit sharing contribution in the amount of $8,500,000.

Participant Accounts

Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's contribution, if any. Allocation of the Company's contribution is based on participant contributions or eligible employee compensation, as defined by the Plan document.

Continued

1. **Description of Plan**, continued

Participant Accounts, continued

Certain fees are charged to the funds and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participants are immediately vested in their 401(k) contributions and the Company's 401(k) matching contributions. Participants vest 25% in the Company's discretionary profit sharing contribution after two years of credited service and an additional 25% for each year of service thereafter. Participants are fully vested after six years of service. Participants with service greater than five years are automatically vested in the profit sharing.

Participant Notes Receivable

The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance and may have two outstanding loans at a time. Participant notes receivable are secured by the participant's vested balance. Such participant notes receivable bear interest at the available market financing rate and must be repaid to the Plan within a five year period, unless the loan is used for the purchase of a principal residence, in which case the maximum repayment period may be longer than five years. The specific terms and conditions of such participant notes receivable are established by the Plan administrator. Outstanding participant notes receivable as of December 31, 2017 were $4,215,104 and carry interest rates of 4.25% to 10.00% per annum.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of mutual funds, brokerage options, and a money market fund offered by the Plan. Upon auto enrollment participants are initially set up under the Target Retirement Funds. Participants may change their investment options at any time.

Payment of Benefits

When participants leave the Company upon normal retirement (age 59½) or for any other reason, those participants (or their beneficiaries) may receive the vested value of their salary deferrals, employer contributions (if any), rollovers and the net earnings thereon in a single lump-sum payment. In-service withdrawals are permitted at age 59½ and for certain immediate financial need (Hardship) as defined by the Plan document.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the Plan administrator. Account values will be determined as of the day the distribution is made. The Plan allows for the automatic lump-sum distribution of participant vested account balances that do not exceed $1,000.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. In the event of a mandatory distribution greater than $1,000 if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator.

1. Description of Plan, continued

Forfeitures

Forfeited non-vested employer contributions are utilized to reduce expenses related to the administration of the Plan and to reduce future employer contributions. Forfeited non-vested accounts remaining in the Plan as of December 31, 2017 and 2016 totaled approximately $21,000 and $17,000, respectively.

The Company used $16,000 in forfeitures to offset 2016 employer contributions made during the year ended December 31, 2017.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefit payments are recorded when paid.

2. Summary of Significant Accounting Policies, continued

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. The Company paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses were primarily comprised of legal fees and expenses related to the maintenance of the Plan's records.

3. Information Prepared and Certified by Trustee (Unaudited)

As of December 31, 2017 and 2016, and for the year ended December 31, 2017, the Plan's investments were held by Vanguard. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by Vanguard as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA:

	2017	2016
Mutual funds	$ 284,487,891	$ 217,418,197
Money market fund	7,550,061	9,042,928
Brokerage options	3,620,002	2,988,751
	$ 295,657,954	$ 229,449,876
Participant notes receivable	$ 4,215,104	$ 3,852,626
Net appreciation of investments, net of fees	$ 34,727,018	
Interest and dividends	$ 8,671,023	
Interest on participant notes receivable	$ 176,395	

4. Fair Value Measurements

Accounting Standards for fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurements, continued

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$284,487,891	$ -	$ -	$284,487,891
Money market fund	7,550,061	-	-	7,550,061
Brokerage options	3,620,002	-	-	3,620,002
	$295,657,954	$ -	$ -	$295,657,954

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$217,418,197	$ -	$ -	$217,418,197
Money market fund	9,042,928	-	-	9,042,928
Brokerage options	2,988,751	-	-	2,988,751
	$229,449,876	$ -	$ -	$229,449,876

The Plan's valuation methodology used to measure the fair values of mutual funds, common stock, and money market funds were derived from quoted market prices as all of these instruments have active markets.

5. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments in mutual funds, common stock, and money market funds are managed by Vanguard, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

6. Tax Status

The Plan has adopted a prototype Non-Standardized Profit Sharing Plan document that has obtained an opinion letter dated May 28, 2014, in which the Internal Revenue Service ("IRS") stated that the prototype Plan document, as then designed, was in compliance with the applicable requirements of the IRC and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes. The Plan has been amended since receiving that determination letter; however, the Plan sponsor and tax counsel believes the Plan is currently designed and operating in accordance with those provisions.

7. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any non-vested employer contributions and distributions would be made to participants as described in the Plan agreement.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks will occur in the near term that could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

9. Delinquent Participant Contributions

In the year ended December 31, 2016, the Company failed to remit in the time frame required, certain employee deferrals to the Plan of $71,645. The Company is in the process of computing lost earnings on these employee deferrals.

10. Contingencies and Other Employer Contributions

Certain computational and coding errors were identified relating to employer match calculations relating to employee catch up contributions. The Plan Sponsor is in the process of calculating these errors and lost earnings, and intends to correct the affected participants account balances in 2018. An estimate of these corrections is approximately $93,000 in employer contribution and $24,000 of lost earnings, for a total correction of approximately $117,000, reflected in these financial statements.

11. Subsequent Events

Effective January 1, 2018, the Plan was amended to allow RQ Construction, LLC, a fully owned subsidiary of the Company, to become a participating employer of the Plan.

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 12, 2018, the date which these financial statements were available to be issued. Management concluded that, other than above, no material subsequent events have occurred since December 31, 2017 that require recognition or disclosure in such financial statements.
