Independent Auditors' Report

**The Retirement Committee of the
Mat-Su Regional Medical Center 401(k) Plan:**

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Mat-Su Regional Medical Center 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 (in liquidation) and 2016 (ongoing), the related statements of changes in net assets available for benefits for the years ended December 31, 2017 (in liquidation) and 2016 (ongoing), and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Trust Company, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Principal Trust Company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from Principal Trust Company as of and for the years ended December 31, 2017 (in liquidation) and 2016 (ongoing), that the information provided to the plan administrator by Principal Trust Company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

As described in Note 1(a) to the financial statements, the Mat-Su Regional Medical Center 401(k) Plan was frozen effective August 6, 2017, and then subsequently terminated effective March 15, 2018. As a result, the Plan has changed its basis of accounting from the ongoing basis used in presenting the 2016 financial statements to the liquidation basis used in presenting the 2017 financial statements. Our opinion is not modified with respect to this matter.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by Principal Trust Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

MAT-SU REGIONAL MEDICAL CENTER 401(K) PLAN

Notes to the Financial Statements

December 31, 2017 (Liquidation Basis) and 2016 (Ongoing Basis)

(1) Description of plan

The following description of the Mat-Su Regional Medical Center 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan and covered substantially all salaried employees of Palmer-Wasilla Health Systems, LLC dba Mat-Su Regional Medical Center (the "Plan Sponsor") whose employment was governed by a collective bargaining agreement that had six months of service ("participants"). The Plan Sponsor is a subsidiary of CHS/Community Health Systems, Inc. and Subsidiaries (the "Company"), a wholly-owned subsidiary of Community Health Systems, Inc. There was no age requirement in order to participate in the Plan. Employees who were not eligible to participate in the Plan included leased employees, certain non-resident aliens, and employees who were eligible to participate in other retirement plans maintained by the Company that were intended to be qualified under Internal Revenue Code (the "Code") Section 401(a) that also provided for a cash-or-deferred arrangement or contained a qualified Roth contribution arrangement. The Retirement Committee, which consists of members approved by the Board of Directors of the Company (the "Administrator"), controls and manages the operation and administration of the Plan. Principal Trust Company serves as the trustee of the Plan and holds, invests and administers the trust assets and contributions of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Company and Principal Trust Company executed a master trust agreement (the "Master Trust") whereby all of the Plan's investments are included in the Master Trust. The Master Trust, which includes five participating plans of the Company, provides for pooling and commingling of assets, solely for investment purposes, and facilitates the investment of such assets on a diversified basis. The four affiliated plans included in the Master Trust are the CHS/Community Health Systems, Inc. Retirement Savings Plan (the "CHS RSP Plan"), the CHS/Community Health Systems, Inc. Spokane 401(k) Plan, the CHS/Community Health Systems, Inc. Standard 401(k) Plan (the "CHS Standard Plan"), and the Health Management Associates, LLC Retirement Savings Plan.

On August 6, 2017, the Plan was frozen and certain participant accounts merged into the CHS RSP Plan and the CHS Standard Plan. Assets in the amount of \$26,352,958 and \$16,811,677 were transferred from the Plan to the CHS RSP Plan and the CHS Standard Plan, respectively, during August 2017. The participant accounts remaining in the Plan as of December 31, 2017 will be distributed as soon as administratively feasible. See Note 10 for information regarding plan termination.

(b) Contributions

Each year, participants could contribute up to 50% of compensation, not to exceed the maximum amount as determined by the Code.

MAT-SU REGIONAL MEDICAL CENTER 401(K) PLAN

Notes to the Financial Statements

December 31, 2017 (Liquidation Basis) and 2016 (Ongoing Basis)

The Plan provided for automatic enrollment at a 3% deferral rate, which increased on a scheduled annual basis by 1% up to a maximum of 6% unless the participant made a different deferral election. The Company automatically withheld an eligible employee's elected or automatic deferral each payroll period and contributed that amount to the Plan as a pre-tax 401(k) deferral unless the employee waived participation in the Plan. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company made 50% matching contributions on the first 3% deferred by a participant. Additionally, the Company contributed a discretionary amount equal to 5.5% of total compensation for certain eligible employees for the years ended December 31, 2017 and 2016. The Plan also provided for additional contributions to be made at the discretion of the Administrator. For the years ended December 31, 2017 and 2016, the Company made no additional contributions to the Plan. Plan Sponsor contributions could not exceed the maximum amount allowable for federal income tax purposes. Company matching contributions relating to January 1, 2017 through August 6, 2017 were funded to eligible participant accounts in the CHS RSP Plan and the CHS Standard Plan during 2018.

(c) Participant accounts

Each participant's account was credited (charged) with the participant's contributions, allocations of Company contributions, investment earnings (losses) and administrative expenses. Allocations were based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that could be provided from the participant's vested account.

(d) Investment options

Participants directed the investment of their contributions into various investment options offered by the Plan. Contributions to the Plan were invested by Principal Trust Company according to the participant's instructions in one or a combination of several fund options. Participants could change their investment elections or initiate transfers between funds by giving notice to Principal Trust Company. The Plan offered a variety of mutual funds, pooled separate accounts, collective investment trusts and the CHS Stable Value Fund as investment options for participants.

(e) Vesting

Participants were vested immediately in their participant contributions, plus actual earnings thereon. Vesting in Company matching and discretionary contributions was based on years of service. A participant became 100% vested in contributions after two years of service. Termination of participation in the Plan prior to the scheduled vesting period resulted in forfeiture of the unvested portion of the participant's account balance.

MAT-SU REGIONAL MEDICAL CENTER 401(K) PLAN

Notes to the Financial Statements

December 31, 2017 (Liquidation Basis) and 2016 (Ongoing Basis)

(f) Notes receivable from participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the vested balance in the participant's account and bore interest at fixed rates ranging from 3.25% to 5.25%, which was commensurate with local prevailing rates as determined by the plan administrator at the time the loan was taken. Principal and interest were collected ratably through payroll deductions.

(g) Payment of benefits

Distributions from the Plan were permitted upon a participant's death, disability or retirement. In addition, certain payments were permitted if a participant terminated employment for any other reason. On termination of service, if a participant's vested account balance exceeded \$5,000, the participant could generally elect to receive a single, lump-sum payment or installments over a period of time not to exceed the participant's assumed life expectancy. Account balances that did not exceed \$5,000 generally could only be distributed as a lump-sum payment. In-service withdrawals were available for a participant upon attainment of age 59½.

(h) Forfeited accounts

Any portion of Plan forfeitures not allocated in the Plan year in which they were forfeited ("Forfeiture Year") could be allocated in the following Plan year to pay Plan expenses or to offset the Company contributions for the Forfeiture Year. At December 31, 2016, forfeited non-vested accounts totaled \$144,345 and were utilized to reduce the Company contributions during 2017. There were no material forfeited non-vested accounts as of December 31, 2017

(i) Hardship withdrawals

The Plan permitted distributions in the event of a hardship, as defined in the plan agreement. These distributions were taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant was younger than age 59½. Hardship withdrawals were limited to the participant's elective account balance. Participants were not eligible to make contributions to the Plan for six months after taking a hardship withdrawal.

Notes to the Financial Statements

December 31, 2017 (Liquidation Basis) and 2016 (Ongoing Basis)

(j) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, transaction expenses, recordkeeping and investment management services are charged directly to the participant's account and are included in administrative expenses.

(k) Plan termination

The Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of any full or partial plan termination, all amounts credited to the account of any affected participant will become 100% vested and nonforfeitable and any amounts forfeited during the applicable period with respect to any affected participant will be reinstated. The Retirement Committee reviews Company divestitures and other relevant information from time to time, as appropriate, in connection with partial plan termination matters. See Note 10 for information regarding plan termination.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan as of and for the year ended December 31, 2016 were prepared under the accrual method of accounting. As described in Note 1(a), the Plan was frozen effective August 6, 2017, and then subsequently terminated effective March 15, 2018. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis to the liquidation basis of accounting for the year ended December 31, 2017.

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determined the Plan's valuation policies utilizing information provided by its third-party investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net investment gain includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

MAT-SU REGIONAL MEDICAL CENTER 401(K) PLAN

Notes to the Financial Statements

December 31, 2017 (Liquidation Basis) and 2016 (Ongoing Basis)

(c) Notes receivable from participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants were reclassified as distributions based upon the terms of the Plan document.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Transfers

The Company sponsors other defined contribution plans in which participants of this Plan could become eligible participants. Similarly, participants in the other Company defined contribution plans could become eligible to participate in this Plan. In such situations, the employees' respective participant accounts were transferred to or from these other plans sponsored by the Company. These transactions are included in transfers into or out of the Plan in the statements of changes in net assets available for benefits.

(f) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(g) Recently issued accounting standard

In February 2017, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2017-06, *"Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting (a consensus of the Emerging Issues Task Force)."* ASU 2017-06 removes the requirement to disclose the percentage interest in the master trust for plans with divided interests and requires that all plans disclose the dollar amount of their interest in each of those general types of investments, which supplements the existing requirement to disclose the master trust's balances in each general type of investments. ASU 2017-06 is effective for fiscal years beginning after December 15, 2018, with retrospective application to all periods presented. Early adoption is permitted. Management of the Plan is currently evaluating the effects of adopting this ASU.

(h) Events occurring after the reporting date

The Plan has evaluated events and transactions that occurred between December 31, 2017 and October 12, 2018, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Summary of information certified by Principal Trust Company

The following information was certified as complete and accurate by Principal Trust Company, as of and for the years ended December 31, 2017 and 2016.

	<u>2017</u>	<u>2016</u>
Interest in Master Trust	\$ <u>44,876</u>	\$ <u>38,718,686</u>

Interest on notes receivable from participants	\$ <u>12,401</u>	\$ <u>18,862</u>

(4) Fair value measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

MAT-SU REGIONAL MEDICAL CENTER 401(K) PLAN

Notes to the Financial Statements

December 31, 2017 (Liquidation Basis) and 2016 (Ongoing Basis)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- (i) *Contingent value rights ("CVRs")*: Valued based on quoted prices in an active market. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year.

The CVR entitles the holder to receive a cash payment of up to \$1.00 per CVR (subject to downward adjustment but not below zero), subject to the final resolution of certain legal matters pertaining to Heath Management Associates, Inc. ("HMA"), which was acquired through a merger agreement with one or more subsidiaries of the Company on January 27, 2014, as defined in the CVR agreement. The CVR is listed on the NASDAQ (ticker: CYHHZ) and the valuation at December 31, 2017 and 2016 is based on the quoted trading price for the CVR on the last day of the period. For further discussion on the CVR and the management of the legal matters assumed in the HMA merger, see the Community Health Systems, Inc. Annual Report on Form 10-K for the year ended December 31, 2017, filed with the Securities and Exchange Commission on February 28, 2018.

- (ii) *Mutual funds*: Valued at the net asset value ("NAV") of shares held by the Plan at year end based on quoted market prices in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2017:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

(5) Interest in Master Trust

All of the Plan's investments are included in the Master Trust which was established for the investment of assets of the Plan and other related benefit plans. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by Principal Trust Company. At December 31, 2017 and 2016, the Plan's interest in the net assets of the Master Trust was approximately 1% or less. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average monthly balances invested by each plan.

The following table presents the investments of the Master Trust as of December 31, 2017 and 2016:

	<u>2017</u>	<u>2016</u>
Contingent value rights	\$ 16,739	\$ 12,929

Notes to the Financial Statements

December 31, 2017 (Liquidation Basis) and 2016 (Ongoing Basis)

(6) Income tax status

The Plan obtained a favorable determination letter on August 7, 2017, in which the Internal Revenue Service ("IRS") stated that the Plan was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and is, therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. Currently, an audit of the 2015 Plan year is in progress.

(7) Related party and party-in-interest transactions

Certain investments are managed by Principal Trust Company. Therefore, these transactions qualify as party-in-interest transactions under ERISA. The Plan also held notes receivable from participants which qualified as party-in-interest transactions. As described in Note 1, the Plan paid expenses to various service providers which also qualify as party-in-interest transactions.

(8) Reconciliation of financial statements to the Form 5500

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2017 and 2016:

	<u>2017</u>	<u>2016</u>

(9) Risks and uncertainties

The Plan utilized various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(10) Subsequent event

Effective March 15, 2018, the Plan was terminated and participants became 100% vested in their account balances. All remaining Plan assets will be distributed as soon as administratively feasible.
