Plan Description

The following description of the ERP Analysts, Inc. (the Company) 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Effective Date

The Plan became effective in 2006 but remained dormant until employees began making contributions beginning on January 20, 2014. ERP Analysts, Inc., the plan's sponsoring employer, contracted with the plan service provider, Paychex, originally in 2006. On October 20, 2016 the Plan was amended to adopt the volume submitter plan with Transamerica Life Insurance Company.

General

The Plan is a defined contribution plan, covering all employees of the Company, who are age 21 or older and have completed six months of consecutive service. The Plan does not cover collectively bargained employees and non-resident aliens. Participants may begin deferring and receiving employer matching contributions the month following completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make voluntary salary deferral contributions up to 100% of pretax annual compensation, as defined by the Plan, up to the maximum amount imposed by the IRS, not to exceed \$18,000 for 2017. Participants who have attained age 50, before the end of the Plan year are eligible to make catch-up contributions of \$6,000 to the Plan for 2017. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company makes safe harbor matching contributions of 100% of salary deferrals up to the first 3% of plan compensation plus 50% of salary deferral up to the next 2% of plan compensation for eligible participants. The Company made safe harbor matching contributions of \$314,440 and \$230,531 for 2017 and 2016, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings, (c) forfeitures and (d) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Summary of Significant Accounting Principles

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Fair Value Measurements footnote for discussion of fair value measurements.

Net appreciation in fair value of investments is reflected in the statements of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan agreement.

Fair Value Measurements

ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements

December 31, 2017 and 2016

Fair Value Measurements (continued)

Stable Value Fund: Valued at the NAV of units of the stable value fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than reported NAV. Participant transactions (purchased and sales) may occur daily. Were the plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Investments at fair value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 3,324,855	\$ -	\$ -	\$ 3,324,855
*Stable Value Fund	-	-	-	666,772
Total Investments	<u>\$ 3,324,855</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,991,626</u>

Mutual Funds	\$ 1,882,106	\$ -	\$ -	\$ 1,882,106

Total Investments	<u>\$ 1,882,106</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,308,010</u>

Notes to Financial Statements

December 31, 2017 and 2016

Fair Value Measurements (continued)

**Stable Value Fund, which is measure at fair value using the net asset value per share (or its equivalent) practical expedient, has not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits. There were no unfunded commitments or liquidity or redemption restrictions related to the Stable Value Fund.*

Investments in the common/collective trust can be redeemed immediately at the participant level. The Plan is required to provide a 12 month notice to the fund in order to terminate their entire investment interest at the current net asset value per share based on the fair value of the underlying assets. If the Plan offers a “competing fund,” participants are required to invest in a “noncompeting fund” for at least 90 days before transferring into the “competing fund” option. The fair value of investments in this category has been estimated using net asset value per share of the investments.

Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee of the Plan.

	2017	2016
Mutual funds	\$ 3,324,855	\$ 1,882,106
Stable value fund	666,772	425,904
Participant notes receivable	45,511	32,522
Total	<u>\$ 4,037,138</u>	<u>\$ 2,340,532</u>

The Trustee also certified to the completeness and accuracy of the following related to the aforementioned assets for the years ended December 31:

	2017	2016
Net appreciation in fair value of investments	\$ 421,997	\$ 141,145
Dividends and interest	\$ 1,645	\$ 8,261

Notes to Financial Statements

December 31, 2017 and 2016

Party-in-Interest Transactions

Party-in-Interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan paid \$12,443 and \$1,055 of administrative fees to the recordkeeper for years ended December 31, 2017 and 2015, respectively. The Company provides certain administrative services at no cost to the Plan.

Participant notes receivable and the interest payments received qualifies as a party-in-interest transaction.

Tax Status

The Company adopted a defined contribution volume submitter plan and trust basic plan document #04 that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014 which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Notes to Financial Statements

December 31, 2017 and 2016

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan. In the event of termination or partial termination of the Plan, all amounts credited to a participants' account become fully vested.

Prohibited Transactions

During 2017 and 2016, the Company did not remit contributions to the Plan in a timely manner. The financial statements reflect a receivable from the Company for the resolution of the operational failure. The Company is self-correcting the issue under the IRS self-correction guidelines. The Company believes that the matters identified for remediation would not cause the Plan to be disqualified by the IRS; therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has recorded receivables in the amount of \$1,427 and \$658 for timely remittance failures as of December 31, 2017 and 2016, respectively to correct the deficiency.

Corrective Contribution

During 2017 and 2016, the Company did not withhold on eligible wages as defined by the Plan that employees received. The financial statements reflect a receivable from the Company for the self-correction of the operational failure. The Company believes that the matters identified for remediation would not cause the Plan to be disqualified by the IRS; therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has recorded receivables in the amount of \$35,659 and \$44,451, respectively to correct for the operation failure as of December 31, 2017 and 2016.

Subsequent Events

The Plan evaluated subsequent events through October 11, 2018, the date the financial statements were issued.
