PARTNERS HUMAN RESOURCES CO. 401(K) AND PROFIT SHARING PLAN

Notes to Financial Statements

A. Description of Plan

The following description of the Partners Human Resources Co. 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General. The Plan is a defined contribution plan covering all eligible employees of the Partners Human Resources Company (the "Company") and the employer organizations who have adopted the Plan (see "Participating Employer" below), who have met the eligibility requirements established by their respective Participating Employer. The Plan was established on January 1, 2012 and is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

   The Plan is a "multiple employer" plan as described in Section 413(c) of the Internal Revenue Code (the "Code"). The Company provides payroll processing and human resource services to its clients. Each client "employer" of the Company has the option of adopting this plan for the benefit of its employees. A client that adopts this plan is known as a "Participating Employer". Each Participating Employer establishes its eligibility requirements relating to age and length of service for its employees in accordance with the provisions of the Plan and the Code.

   A client that does not adopt this plan may adopt its own retirement plan. Any client adopting its own retirement plan is subject to its plan's regulations and not those of this Plan. Therefore, their plan information is not included in these financial statements.

2. Contributions. Each year, participants may contribute pre-tax deferrals or Roth (after-tax) deferrals as a percent of annual compensation as defined in the Plan to the maximum allowed by the Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

   The Plan does not include an auto-enrollment provision. Eligible employees must enroll if they wish to participate in the Plan.

   The Company and each participating employer may elect to make safe harbor contributions and/or a matching contribution. The Company and each participating employer may also make a discretionary contribution as determined each year. The safe harbor, matching and discretionary contributions are invested as directed by the participant.

A. Description of Plan (continued…)

3. Participant accounts. Each participant's account is credited with the participant's contributions and the Company's or the participating employer's safe harbor and matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting. Participants are vested immediately in their contributions and the Company's or the participating employer's safe harbor contributions plus actual earnings on the contributions. Vesting in the Company's matching and discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after meeting the service requirement established by the participating employer not to exceed the ERISA maximum of 6 years.

5. Notes receivable from participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is commensurate with local prevailing rates as determined quarterly. Principal and interest are paid ratably through payroll deductions.

6. Payment of benefits. Retired or terminated participants may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

   In the event of a participant's death, his or her designated beneficiary may request a distribution of his or her account.

   Withdrawals may also be made in conjunction with IRS hardship distribution regulations.

7. Forfeited accounts. In the event that funds are forfeited, those forfeitures may be used to pay appropriate plan administrative expenses and/or used to reduce the Company's or the participating employers' matching or discretionary contributions.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017, or 2016. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

B. Summary of Accounting Policies (continued…)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding increase to corrective distributions.

Payment of Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued.

C. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets
b. Quoted prices for identical or similar assets or liabilities in inactive markets
c. Inputs other than quoted prices that are observable for the asset or liability
d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

C. Fair Value Measurements (continued…)

Following is a description of the valuation methodologies used for assets measured at fair value.

There have been no changes in the methodologies used at December 31, 2017, and 2016.

1. Common stocks. Valued at the closing price reported on the active market on which the individual securities are traded.

2. Self-directed brokerage accounts. Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

3. Corporate bonds. Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing the value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, those corporate bonds are valued under a discounted cash flow approach that maximizes observable inputs, such as current yields or similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks.

4. Mutual funds and pooled separate accounts. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

5. U.S. government securities. Valued using pricing models maximizing the use of observable inputs for similar securities.

6. TD Bank Institutional Money Market Deposit Account (Institutional MMDA). The Institutional MMDA is valued at book value (principal plus accumulated earnings). Assets are protected by FDIC insurance up to the applicable limit per depositor. The account is provided by TD Bank USA N.A. (“the Bank”), a subsidiary of The Toronto-Dominion Bank. Because the Institutional MMDA is a bank account rather than an SEC-registered money market fund, it has no expense ratio or prospectus. The rate of return may vary with market conditions and is subject to adjustment periodically by TD Bank USA, N.A.

C. Fair Value Measurements (continued…)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017, and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

C. Fair Value Measurements (continued…)

Transfers between Levels

For years ended December 31, 2017, and 2016, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3 and no changes in Fair Value of Level 3 Assets and Related Gains and Losses.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
None	$ -	Discounted cash flow	Credit Risk (basis points)	N/A	N/A
			Liquidity risk (basis points)	N/A	N/A

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017, and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Fund	12/31/17 Fair Value	12/31/16 Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
TD Bank USAl MMDA	11,008	1,502	N/A	Daily	None
TD Bank Instl MMDA FTCIMA	75,290	92,080	N/A	Daily	None

D. Fully Benefit-Responsive Investment Contracts

The Plan did not hold any investments recorded at contract value as of December 31, 2017 and 2016.

E. Rollover Contributions

Rollovers may be accepted from all Participants who are Employees. Distributions may be made at any time from a participant's rollover account.

F. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by various mutual fund companies. Fees incurred within these mutual funds are included in net appreciation in fair value of investments.

During 2017, fees were paid to TD Ameritrade Trust Company, the custodian as defined by the Plan, and to The Finway Group for their advisory and administrative services to the Plan. These fees included investment fees, third party administrative fees, and other professional service fees, and are based on customary charges as agreed upon by the Plan. These transactions qualify as party-in-interest transactions for which there is a statutory exemption.

Certain administrative functions are performed by officers or employees of the Plan's sponsor. No such officer or employee receives compensation from the Plan.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

H. Tax Status

The IRS has determined and informed the Company by a letter dated September 8, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter and the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, that the Plan is tax-exempt.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

J. Reconciliation of Financial Statements to Form 5500

Certain differences may exist between the recording of accruals for financial reporting purposes and IRS/Department of Labor's (DOL) Form 5500 purposes. There were no such differences as of and for the years ended December 31, 2017 and 2016.

K. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016 and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by TD Ameritrade Trust Company, the custodian.

PARTNERS HUMAN RESOURCES CO. 401(K) AND PROFIT SHARING PLAN

Notes to Financial Statements

A. Description of Plan

The following description of the Partners Human Resources Co. 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General. The Plan is a defined contribution plan covering all eligible employees of the Partners Human Resources Company (the "Company") and the employer organizations who have adopted the Plan (see "Participating Employer" below), who have met the eligibility requirements established by their respective Participating Employer. The Plan was established on January 1, 2012 and is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

   The Plan is a "multiple employer" plan as described in Section 413(c) of the Internal Revenue Code (the "Code"). The Company provides payroll processing and human resource services to its clients. Each client "employer" of the Company has the option of adopting this plan for the benefit of its employees. A client that adopts this plan is known as a "Participating Employer". Each Participating Employer establishes its eligibility requirements relating to age and length of service for its employees in accordance with the provisions of the Plan and the Code.

   A client that does not adopt this plan may adopt its own retirement plan. Any client adopting its own retirement plan is subject to its plan's regulations and not those of this Plan. Therefore, their plan information is not included in these financial statements.

2. Contributions. Each year, participants may contribute pre-tax deferrals or Roth (after-tax) deferrals as a percent of annual compensation as defined in the Plan to the maximum allowed by the Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

   The Plan does not include an auto-enrollment provision. Eligible employees must enroll if they wish to participate in the Plan.

   The Company and each participating employer may elect to make safe harbor contributions and/or a matching contribution. The Company and each participating employer may also make a discretionary contribution as determined each year. The safe harbor, matching and discretionary contributions are invested as directed by the participant.

A. Description of Plan (continued…)

3. Participant accounts. Each participant's account is credited with the participant's contributions and the Company's or the participating employer's safe harbor and matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting. Participants are vested immediately in their contributions and the Company's or the participating employer's safe harbor contributions plus actual earnings on the contributions. Vesting in the Company's matching and discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after meeting the service requirement established by the participating employer not to exceed the ERISA maximum of 6 years.

5. Notes receivable from participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is commensurate with local prevailing rates as determined quarterly. Principal and interest are paid ratably through payroll deductions.

6. Payment of benefits. Retired or terminated participants may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

   In the event of a participant's death, his or her designated beneficiary may request a distribution of his or her account.

   Withdrawals may also be made in conjunction with IRS hardship distribution regulations.

7. Forfeited accounts. In the event that funds are forfeited, those forfeitures may be used to pay appropriate plan administrative expenses and/or used to reduce the Company's or the participating employers' matching or discretionary contributions.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017, or 2016. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

B. Summary of Accounting Policies (continued…)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding increase to corrective distributions.

Payment of Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued.

C. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets
b. Quoted prices for identical or similar assets or liabilities in inactive markets
c. Inputs other than quoted prices that are observable for the asset or liability
d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

C. Fair Value Measurements (continued…)

Following is a description of the valuation methodologies used for assets measured at fair value.

There have been no changes in the methodologies used at December 31, 2017, and 2016.

1. Common stocks. Valued at the closing price reported on the active market on which the individual securities are traded.

2. Self-directed brokerage accounts. Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

3. Corporate bonds. Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing the value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, those corporate bonds are valued under a discounted cash flow approach that maximizes observable inputs, such as current yields or similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks.

4. Mutual funds and pooled separate accounts. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

5. U.S. government securities. Valued using pricing models maximizing the use of observable inputs for similar securities.

6. TD Bank Institutional Money Market Deposit Account (Institutional MMDA). The Institutional MMDA is valued at book value (principal plus accumulated earnings). Assets are protected by FDIC insurance up to the applicable limit per depositor. The account is provided by TD Bank USA N.A. (“the Bank”), a subsidiary of The Toronto-Dominion Bank. Because the Institutional MMDA is a bank account rather than an SEC-registered money market fund, it has no expense ratio or prospectus. The rate of return may vary with market conditions and is subject to adjustment periodically by TD Bank USA, N.A.

C. Fair Value Measurements (continued…)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017, and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

C. Fair Value Measurements (continued…)

Transfers between Levels

For years ended December 31, 2017, and 2016, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3 and no changes in Fair Value of Level 3 Assets and Related Gains and Losses.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
None	$ -	Discounted cash flow	Credit Risk (basis points)	N/A	N/A
			Liquidity risk (basis points)	N/A	N/A

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017, and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Fund	12/31/17 Fair Value	12/31/16 Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
TD Bank USAl MMDA	11,008	1,502	N/A	Daily	None
TD Bank Instl MMDA FTCIMA	75,290	92,080	N/A	Daily	None

D. Fully Benefit-Responsive Investment Contracts

The Plan did not hold any investments recorded at contract value as of December 31, 2017 and 2016.

E. Rollover Contributions

Rollovers may be accepted from all Participants who are Employees. Distributions may be made at any time from a participant's rollover account.

F. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by various mutual fund companies. Fees incurred within these mutual funds are included in net appreciation in fair value of investments.

During 2017, fees were paid to TD Ameritrade Trust Company, the custodian as defined by the Plan, and to The Finway Group for their advisory and administrative services to the Plan. These fees included investment fees, third party administrative fees, and other professional service fees, and are based on customary charges as agreed upon by the Plan. These transactions qualify as party-in-interest transactions for which there is a statutory exemption.

Certain administrative functions are performed by officers or employees of the Plan's sponsor. No such officer or employee receives compensation from the Plan.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

H. Tax Status

The IRS has determined and informed the Company by a letter dated September 8, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter and the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, that the Plan is tax-exempt.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

J. Reconciliation of Financial Statements to Form 5500

Certain differences may exist between the recording of accruals for financial reporting purposes and IRS/Department of Labor's (DOL) Form 5500 purposes. There were no such differences as of and for the years ended December 31, 2017 and 2016.

K. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016 and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by TD Ameritrade Trust Company, the custodian.

SUPPLEMENTAL INFORMATION
