Pasadena Refining Systems, Inc. Employees' Savings Plan
Notes to Financial Statements
December 31, 2017 and 2016

Note 1 – Description of Plan

The following description of the Pasadena Refining System, Inc. Employees' Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Pasadena Refining System, Inc. ("Employer") maintains a defined contribution retirement plan with an originally effective date of January 1, 2005. The Plan was most recently restated effective January 1, 2016 to incorporate recent law changes, as required by the Pension Protection Act of 2006.

The Plan covers all full-time, non-union employees of the Employer who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is a safe-harbor plan.

Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan. Participants may also make voluntary contributions to the Plan on an after-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Employer contributes an amount equal to 100% of the employee contributions to the Plan limited to the first 4% of base compensation that a participant contributes to the Plan. The safe-harbor contribution is an enhanced employer match contribution. The employer match contribution is invested in the same ratio of investment options as the participant's contributions.

The Employer may make a discretionary profit sharing contribution, to be determined annually, not limited to current or accumulated net profits. The discretionary profit sharing contribution will be allocated to each participant's account in the same ratio as each participant's compensation bears to the total compensation of all participants. A participant is eligible for this contribution if they are employees on the last day of the plan year and have completed at least 1,000 hours of service during the plan year. The amount of the discretionary profit share contribution made was \$491,622 and \$464,576 for the plan year 2017 and 2016, respectively.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a collective trust fund as investment options for participants.

Participants Accounts

Each participant's account is credited with the participant's contribution and the Employers contribution, as well as allocations of Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, rollovers, safe harbor matching and discretionary employer contributions, plus earnings on contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account.

The loans bear a reasonable rate of interest determined by the local prevailing rates and the rate remains fixed for the duration of the loan. Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Under the terms of the Plan agreement, participants are eligible for distributions on retirement or at date of termination, if earlier. Distributions are made as lump sum cash payments, installment payments, annuity payments, or rollover to other qualified Plans. The Plan also makes provisions for death and disability payments.

In-Service distributions are permitted from elective deferral accounts if the Participant has reached age 59½.

The Plan allows hardship withdrawals in accordance with Internal Revenue Service regulations. Among other requirements, the withdrawal must be necessary in light of immediate and heavy financial needs of the employee and is limited to certain purposes.

Forfeitures

Forfeitures of non-vested participant plan benefits are used to reduce future employer contributions and/or to pay Plan expenses.

As of December 31, 2017, and 2016, forfeitures available totaled \$ - and \$ -. During 2017 and 2016, \$ - and \$ - of forfeited participant accounts were used to reduce the Employers contributions or pay plan expenses.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of Pasadena Refining System, Inc. Employees' Savings Plan have been prepared on the accrual basis of accounting. Investments held by the Plan are required to be reported at fair value.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, as well as the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Please see Note 3 for a discussion of Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plans gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions as required by the Plan.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan did not have any excess contributions for 2017 or 2016.

Benefit Payments

Benefits are recorded as paid.

Plan Costs

Certain expenses incurred in maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of the fair value of investments.

Fees related to the administration of distributions, notes receivables from participants, and certain administrative fees related to investments are charged directly to the participants account and are included as administrative plan expenses in the financial statements. The Plan paid a total of \$- and \$2,181 in administrative expenses and investment advisory fees for 2017 and 2016 respectively, and as reported on the statements of changes in net assets. These expenses are in addition to investment related expenses.

Investment related expenses are deducted from the investment returns. These investment related expenses are included in a fund's expense ratio. Investment related expenses amounted to (expressed as a percentage of Plan Assets) .52% (\$158,927) and .64 % (\$ 167,835) for 2017 and 2016, respectively. Investment related expenses include the investment funds annual operating expenses which may include 12b-1 fees, revenue-sharing payments made to other service providers, management fees, investment advisor fees, sub-transfer agent fees and other such expenses.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2018, the date the financial statements were available to be issued. Subsequent to the plan year ending date, the Plan had a platform conversion with T. Rowe Price. The conversion took place on January 2, 2018.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1 – observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 – observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 – inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pasadena Refining Systems, Inc. Employees' Savings Plan
Notes to Financial Statements

- Stable value collective trust fund – A stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value (“NAV”) of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the plan initiates a full redemption of the collective trust, the issuer reserves the right to require a 12-month notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table details the Plan’s investments at fair value, by value within the fair value hierarchy, as of December 31, 2017 and 2016.

<u>2017</u>				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,851,891	\$ -	\$ -	\$ 24,851,890
Common Collective Trust ^(a)				5,691,703
Total	<u>\$ 24,851,891</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 30,543,593</u>

Common Collective Trust ^(a)				7,291,544
Total	<u>\$ 19,121,044</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 26,412,588</u>

^(a) In accordance with FASB ASU Subtopic 820-10 certain investments that were measured at Net Asset Value (“NAV”) (or its equivalent) have not been classified in the fair value hierarchy. The amounts presented in the fair value table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits are reported in net appreciation in fair value of investments.

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments (other than if an exchange is to be made to a competing fund in which the notice period is ninety days); the redemption notice period is applicable only to the Plan.

Common Collective Trusts ^(b)	\$ 7,291,544	\$ -	Daily	None

^(b) The Collective Trust is a Stable Value Fund ("fund") whose investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve this objective, the Fund invests primarily in Guaranteed Investment Contracts, Bank Investment Contracts, Synthetic Investment Contracts, and Separate Account Contracts. The Fund attempts to minimize risk through diversification.

Note 4 – Information Certified by the Trustee

The Plan's administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to investment information and notes receivable from participants certified by Reliance Trust Company and T. Rowe Price Trust Company, the trustees, which included total investments and notes receivable from participants as of December 31, 2017 and 2016, the total investment income for the years ended December 31, 2017 and 2016, and all information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year).

Note 5 – Related-Party Transactions and Party-in-Interest Transactions

The following is a list of the known parties-in-interest that provided services to the Plan during 2017 and 2016:

- The Employer provides administrative services to the Plan and absorbs administrative costs for the Plan.
- Reliance Trust Company is the directed trustee and custodian of the plan assets holding the plan's investment assets and executing transactions.
- T. Rowe Price serves as recordkeeper of the Plan and custodian of the CCT, holding the Plan's investment assets and executing transactions. Fees paid were \$2,181 for 2016.
- Lockton Investment Advisors, LLC serves as investment advisor of the Plan and aids the Plan in meeting the Plan's fiduciary duties.
- The Plan had participant loans.
- Calvin Martin & Company, PLLC is the Plan auditor.

All of the above transactions are exempt party-in-interest transactions from the prohibited transaction rules under ERISA.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 – Tax Status

The Plan is a standardized prototype of T. Rowe Price. The prototype received a favorable opinion letter from the Internal Revenue Service dated June 1, 2015 regarding the acceptability of the form of the Plan only under Code Section 401(a). Although the Plan has not been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Based on this, no provision for income taxes is necessary.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by these various taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to risk such as interest rate, market, and credit risk. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Reconciliation of Financial Statements to Schedule H of Form 5500
