1. Description of the Plan

The following description of the VBM Auto Group 401(k) Plan (the Plan) provides only general information. Therefore, participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is sponsored by VBM Acquisition, LLC dba Toyota of Boerne, Nissan of San Marcos, and Nissan of New Braunfels (the Company or Plan Sponsor) for its employees. The Plan is designed to comply with the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), and the Internal Revenue Code (IRC). The Plan's financial statements and schedule have been prepared in compliance with ERISA and with accounting principles generally accepted in the United States of America (US GAAP).

Eligibility

All employees of the Company who have completed at least 6 months of service and who are age 21 or older are eligible to participate in the Plan.

Participant Contributions

Participants may elect to contribute up to 100% of their annual compensation as defined in the Plan, subject to the maximum dollar amount allowable under the IRC which was $18,000 in 2017. Participant contributions may be designated as pretax or after tax Roth contributions, subject to IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $6,000 for 2017. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions

The Company may make a discretionary matching contribution equal to a percentage of the participant's elective salary deferral contributions to the Plan. The Company did not make any discretionary contributions during the year ended December 31, 2017.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer's contributions and earnings or losses, and may be charged with certain administrative expenses. Plan earnings or losses are applied to a participant's account balance based on the investment experience of the funds held and the number of shares owned in each fund by the participant.

1. Description of the Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary matching contributions plus actual earnings or losses thereon is based on continuous years of service as follows:

Years of Service	Percent Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Upon death or disability, the participant (or his/her beneficiary in case of his/her death) becomes 100% vested in the Plan. Upon reaching normal retirement age or after six years in the Plan, the participant becomes 100% vested in the Plan.

Forfeitures

Forfeitures of terminated participants' non-vested account balances are retained in the Plan and may first be used to pay administrative expenses. Remaining amounts will be used to reduce future employer contributions to the Plan. At December 31, 2017 and 2016 forfeited non-vested accounts totaled $42 and $0, respectively. For the year ended December 31, 2017, there were no forfeited balances applied to administrative expenses or used to offset employer contributions.

Payment of Benefits

The benefit to which a participant is entitled, equals the value of the participant's vested interest in his or her account. Upon termination of service due to death, disability, severance, or retirement, a participant may elect to receive a lump-sum payment equal to the vested portion of his or her account. Upon termination of employment, vested account balances of less than $5,000 may be distributed in a lump sum or rolled over to another qualified plan or an Individual Retirement Account or Annuity for the benefit of the participant. Any balance under $1,000 is automatically paid out as soon as administratively possible.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a menu of options, including collective trust funds, mutual funds and a group annuity for investment.

1. Description of the Plan (Continued)

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. Participants may have only one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at a rate set by the Plan administrator, ranging from 4.25% - 5.25%. Any loan must be repaid within five years unless otherwise approved. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are stated at the unpaid principal balance, plus accrued interest. No allowance is recorded as the loans are secured by the participant's account balance.

Administrative Expenses

Administrative expenses may be paid by the Company. However, the Plan may pay transaction fees which are charged directly to the specific participant generating the transaction.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with US GAAP.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses for investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Recent Accounting Pronouncements

Investments Values at Net Asset Value

In May 2015, FASB issued ASU No. 2015-07, *Fair Value Measurement: Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or its Equivalent)*. The amendments in this ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this ASU are effective for fiscal years beginning after December 15, 2016. The adoption of the new standard did not have a material effect on the Plan's net assets or changes in net assets.

3. Fair Value Measurements

The accounting standards establish a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy places the highest priority on unadjusted quoted marked prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 inputs such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following are descriptions of the valuation methods and assumptions used by the Plan to estimate the fair value of its investments:

Mutual funds: The fair value of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

3. Fair Value Measurements (Continued)

Group annuity: The fair value of group annuity contract investments are based on obtainable, or observable inputs, through the review of existing contracts and readily available financial information for the asset or liability, either directly or indirectly (level 2 inputs).

Common collective trusts: The fair value of participation units held in collective trusts are based on the net asset values (NAV) reported by the fund managers as of the financial statement dates and recent transaction prices (level 2 inputs). The investment objective of the collective trust is to provide preservation of capital and provide relatively stable returns consistent with a low risk profile. The collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The following tables present the Plan's fair value hierarchy by asset class for those assets measured at fair value:

December 31, 2017	*Investments at Fair Value Measurements*			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 277,722**	**$ -**	**$ -**	**$ 277,722**
Group annuity contract	**-**	**133,766**	**-**	**133,766**
Assets measured at NAV*				**1,618,239**
Total investments at fair value				**$ 2,029,727**

December 31, 2016	*Investments at Fair Value Measurements*			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 197,724	$ -	$ -	$ 197,724
Group annuity contract	-	229,755	-	229,755
Assets measured at NAV*				1,204,644
Total investments at fair value				$ 1,632,123

***** In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

3. Fair Value Measurements (Continued)

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share:

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Holding Period
December 31, 2017				
Collective investments trust	**$ 1,618,239**	**N/A**	**Daily**	**None**
December 31, 2016				
Collective investment trusts	$ 1,204,644	N/A	Daily	None

4. Information Certified by the Custodians (Unaudited)

The Plan administrator has elected the method of annual reporting permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Great-West life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively the Custodians), except for comparing such information certified by the Custodians to information included in the Plan's financial statements and supplemental schedule.

The Custodians have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

December 31,	**2017**	2016
Investments, at fair value	**$ 2,029,727**	$ 1,632,123
Notes receivable from participants	**167,507**	191,157
	$ 2,197,234	$ 1,823,280

Year ended December 31,	**2017**
Investment income	
Net appreciation in fair value of investments	**$ 276,530**
Interest and dividends	**16,152**
Total investment gain	**292,682**
Interest income on notes receivable from participants	**5,976**
	$ 298,658

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

6. Tax Status of the Plan

The Company adopted a prototype plan document sponsored by Alliance Benefit Group of Houston, Inc. (ABG). ABG received an opinion letter from the IRS dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan was revised and restated effective January 1, 2016.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

7. Parties-In-Interest

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Company, and certain others. As such, transactions conducted by Great-West Life & Annuity Insurance Company, Great-West Trust Company, LLC, and its affiliates qualify as party-in-interest transactions.

8. Subsequent Events

The Plan administrator evaluated events or transactions that occurred after December 31, 2017, and through October 12, 2018, the date the financial statements were available to be issued.
