We were engaged to audit the accompanying financial statements of Industry State Bank 401(k) Employee Stock Ownership Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (the "DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Industry State Bank and Ascensus Trust Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodians hold the Plan's investment assets and execute investment transactions. The Plan Administrator has obtained a certification from the custodians as of and for the year ended December 31, 2017 and 2016, that the information provided to the Plan Administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2017 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

The financial statements of the Plan as of December 31, 2016, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodians. Their report, dated July 21, 2017, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodians, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Industry State Bank 401(k) Employee Stock Ownership Plan

Notes to Financial Statements

December 31, 2017 and 2016

(1) Description of Plan

The following description of the Industry State Bank 401(k) Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

Industry Bancshares, Inc. (the "Company") established the Plan effective as of December 31, 1996. As of December 9, 2009, the Plan was amended and operates, in relevant part, as a leveraged employee stock ownership plan ("ESOP"), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended ("IRC") and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, ("ERISA"). The Plan is administered by Industry Bancshares, Inc. Industry State Bank and Ascensus Trust Company are the Plan's custodians.

The Plan purchased Company common stock using the proceeds of a bank borrowing (see Note 6) guaranteed by the Company, and holds the common stock in a trust established under the Plan. The borrowing is to be repaid over a period of five years by fully deductible Company contributions to the trust fund. Based upon principal and interest payments, an appropriate percentage of stock will be allocated annually to eligible employee's accounts in accordance with applicable regulations under the IRC. Shares vest fully upon allocation.

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2017 and 2016, and for the years then ended, present separately the assets and liabilities and changes therein pertaining to:

(1) the accounts of employees with vested rights in allocated common stock (allocated) and

(2) common stock not yet allocated to employees (unallocated).

(b) Eligibility

Employees of the Company and its participating subsidiaries are generally eligible to participate in the Plan after one year of service providing they worked at least 1,000 hours during such Plan year.

(Continued)

(1) Description of Plan (continued)

(c) Contributions

The Company is obligated to make contributions in cash to the Plan which equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its notes payable.

Participants may elect to defer not less than 1% nor more than 50% of compensation, as defined in the Plan, subject to Internal Revenue Service limitations. The Company can make additional discretionary matching contributions to the Plan in amounts determined annually by the Board of Directors. For the year ended December 31, 2017, the Company matching contributions totaled 100% of each participant's contribution, up to a maximum of 7% of the participant's compensation. The Plan also allows the Company to make discretionary profit sharing contributions. There were no discretionary profit sharing contributions for the years ended December 31, 2017 and 2016.

(d) Participant Accounts

Each participant's account is credited with the participant's contribution, the employer matching contributions, and an allocation of (a) the Company's discretionary contribution, and (b) Plan earnings. In addition, participant’s accounts are credited with an allocation of shares of the Company’s common stock released by the trustee from the unallocated account and forfeitures of terminated participants’ nonvested accounts. Allocations are based upon the participant annual earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

(e) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Company contributions are 20% vested to the participant after two years of service as defined by the Plan, 20% for each additional year of service and 100% vested after six years. Participants become 100% vested in all accounts upon death, disability or retirement at or after age sixty-five.

(f) Voting Rights

The trustee of the Plan will vote all Company stock held as part of the Plan assets except for certain exceptions.

(1) Description of Plan (continued)

(g) Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

(h) Notes Receivable from Participants

Participants may borrow from the vested portion of their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balances. Loan terms generally may not exceed five years. The loans are secured by the participant's account and bear interest at a rate determined by the Plan Administrator. The loan interest rates range from 4.25% to 5.25%. Principal and interest are paid ratably by payroll deductions.

(i) Payment of Benefits

Participants may choose to receive account distributions either in the form of a lump sum payment or installments over a period of time as defined in the Plan Agreement. However, if the participant's vested balance does not exceed $ 1,000, the Plan may distribute funds in the form of a lump sum payment without the consent of the participant. Withdrawals by a participant while employed are limited to those requested due to event of financial hardship as defined by the Plan.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations. No shares have been repurchased.

(j) Forfeitures

If an employee terminates before his or her matching and discretionary contribution accounts have become fully vested, such portion of the account is forfeited. At December 31, 2017 and 2016, forfeited non-vested accounts totaled $32,797 and

(j) Forfeitures (continued)

$44,490, respectively. Participant forfeitures are used to reduce future employer contributions or to pay for plan expenses. Forfeitures used to pay administrative fees totaled $10,699 and $44,260 in 2017 and 2016, respectively.

(k) Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(2) Summary of Significant Accounting Policies (continued)

(c) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are paid. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

(d) Payment of Benefits

Benefits payments to participants are recorded upon distribution.

(e) Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

(f) Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(g) Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (“allocated”) and (b) stock not yet allocated to employees (“unallocated”), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

(3) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Industry Bancshares, Inc., common stock: Fair value of the Company common stock is determined by an annual independent appraisal. This appraisal was based on a combination of the market and income valuation approaches consistent with prior years. The appraiser took into account historical and projected cash flow and net earnings, weighted average cost of capital, market comparables, and applicable discounts and premiums.

The Employee Benefits Administration Committee, under the supervision of the Company's Board of Directors, determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques

(3) Fair Value Measurements (continued)

are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

		Fair Value Measurements Using		
	Fair Value December 31, 2017	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

		Fair Value Measurements Using

Mutual funds	11,022,107	11,022,107	-	-
Total assets in the fair value hierarchy	$ 21,875,696	11,022,107	-	10,853,589

(4) Information Certified by the Custodian

The financial information included in the Plan financial statements, except for notes payable, other liabilities, contributions, benefits paid to participants, interest expense and administrative expenses, have been derived from information certified as complete and accurate by Industry State Bank and Ascensus Trust Company, the custodians of the Plan, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(5) Investments

The Plan's investments at December 31, 2017 and 2016 are presented as follows:

Industry Bancshares, Inc., common stock:

	2017		2016	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	290,402	53,061	262,581	80,887
Cost	$ 4,713,233	1,331,831	4,014,809	2,030,255
Fair value	$ 10,411,091	1,902,237	8,297,571	2,556,018

(6) Long-Term Debt

The Plan's long-term debt at December 31, 2017 and 2016 consisted of the following:

	2017	2016
Note payable to a bank, bearing interest at Wall Street Journal Prime plus .05% (4.55 percent at December 31, 2017), due in annual installments of $700,000 plus interest through November, 2019, secured by stock	$ 1,400,000	2,100,000

Repayment of existing long-term debt is scheduled as follows:

Years Ending December 31,	
2018	$ 700,000
2019	700,000

Interest expense totaled $75,223 and $89,863 for the years ended December 31, 2017 and 2016, respectively.

The Plan Sponsor is obligated to make contributions in cash to the Plan which equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its loan.

(7) Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated May 1, 2017, stating that the Plan is qualified under the Internal Revenue Code (the "IRC") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2017, to Schedule H of Form 5500:

Benefits paid to participants per the financial statements	$	797,853
Deduct: Amounts allocated to withdrawing participants at December 31, 2016		(97,834)
Benefits paid to participants per Schedule H of Form 5500	$	700,019

(9) Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Employee Benefits Administration Committee directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

(10) Related Party and Party in Interest Transactions

The Plan invests in Company common stock and has indebtedness guaranteed by the Company. These are related party and party in interest transactions. The Plan Sponsor provides the Plan with certain management and administrative services for which no fees are charged. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

(11) Risks and Uncertainties

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherit in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock and values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(12) Subsequent Events

The Plan has evaluated subsequent events through September 25, 2018, the date at which the financial statements were available to be issued.
