NOTE A - DESCRIPTION OF THE PLAN

The following description of the Betterment 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined contribution plan covering all employees of Betterment Holdings, Inc. (the "Company" and "Plan sponsor") who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

From the inception of the plan on January 1st, 2013 until October 31st 2015, the custodian and directed trustee of the Plan was Frontier Trust Company, and the recordkeeper was Ascensus.

From October 31st, 2015 until October 1st, 2016, the custodian was MTG, LLC d/b/a Betterment Securities, the individual trustee was Lucy Babbage, Vice President at the Company, the recordkeeper was Betterment for Business, LLC, and the registered investment advisor was Betterment LLC. MTG, LLC d/b/a Betterment Securities, Betterment for Business, LLC and Betterment LLC are each wholly owned subsidiaries of the Company.

As of October 1st, 2016, the directed trustee is Sunwest Trust ("Trustee"), the recordkeeper is Betterment for Business LLC, and the registered investment advisor is Betterment LLC. The Trustee delegates to MTG LLC d/b/a Betterment Securities, a registered broker dealer, and/or Betterment for Business, LLC certain duties and obligations.

[2] Contributions:

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Employees are automatically enrolled with a 6% deferral rate, unless they elect otherwise. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In no event may participant pre-tax and after-tax contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make a discretionary match and/or nonelective contribution each year.

On March 10, 2017 the Company made a Corrective Qualified Nonelective Contribution in the amount of $1,079, including lost earnings of $42.

Participants direct the investment of participant and employer contributions via selection of an investment strategy based on risk tolerance and time horizon. Once the investment strategy is selected, the funds are allocated to a variety of Exchange Traded Funds ("ETF") based on this strategy selection.

[3] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[4] Vesting:

Participants are immediately vested in their contributions and Company non-elective contributions, plus actual earnings thereon. Vesting in the Company's matching contributions, plus actual earnings thereon, is as follows:

Years of Service	Vesting
0	0%
1	50%
2	100%

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years and may not exceed five years. The loans are secured by the balance in the participant's account and bear interest at 1 percentage point above the prime rate. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

[6] Payment of benefits:

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial withdrawals.

[7] Forfeitures:

Forfeited nonvested accounts are used to reduce future Company contributions and pay Plan expenses. During the year ended December 31, 2017, approximately $36 of forfeiture funds were used to pay Plan expenses. Forfeited nonvested accounts available at December 31, 2017 and 2016 were approximately $55 and $36, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting.

[2] Subsequent events:

The Plan has evaluated subsequent events through October 11, 2018, the date the financial statements were available to be issued.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

Substantially all expenses incurred in connection with the administration of the Plan are paid by the Company.

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

[7] Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Sunwest Trust, the Trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity in the accompanying statement of net assets available for benefits as of December 31, 2017 and 2016, the statement of changes in net assets available for benefits for the year ended December 31, 2017 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2017.

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Exchange Traded Funds ("ETFs") – Valued at the daily closing price. ETFs are investment companies whose shares are traded intraday on stock exchanges at market-determined prices, which may be greater or less than Net asset value (“NAV”). Plans may buy or sell ETF shares through a broker or in a brokerage account just as they would the shares of any publicly traded company. ETFs are registered with the U.S. Securities and Exchange Commission (“SEC”), and generally, are structured as open-ended investment companies (open-ended funds) or unit investment trusts.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017 and 2016:

Investment Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Exchange Traded Funds (ETFs)	$ 12,677,086	$	$	$ 12,677,086
Total investment assets in the fair value hierarchy	12,677,086			12,677,086
Investments at fair value	$ 12,677,086	$	$	$ 12,677,086

Investment Assets at Fair Value as of December 31, 2016

	Level 1	Level 2	Level 3	Total
Exchange Traded Funds (ETFs)	$ 6,290,051	$	$	$ 6,290,051
Total investment assets in the fair value hierarchy	6,290,051			6,290,051
Investments at fair value	$ 6,290,051	$	$	$ 6,290,051

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. There were no transfers into or out of Levels 1, 2 or 3.

NOTE E - TAX STATUS

The Plan has adopted a Volume Submitter Plan sponsored by SunGard Business Systems, LLC. On March 31, 2014, the Internal Revenue Service ("IRS") stated in an advisory letter that the Volume Submitter adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress**.**

NOTE F - RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Both Betterment LLC, the registered investment advisor for the Plan, and Betterment for Business LLC, the recordkeeper of the Plan, are wholly owned subsidiaries of Betterment Holdings, Inc., the Plan sponsor. Sunwest Trust, the directed trustee for the plan, is also the directed trustee for all Betterment for Business LLC customers. In addition, MTG LLC d/b/a Betterment Securities was the custodian of the Plan and Lucy Babbage, Vice President at Betterment Holdings, Inc. was the trustee from October 31, 2015 to October 1, 2016. DWC ERISA Consultants, LLC is the Plan's third-party administrator. Transactions related to the investments in the Plan qualify as related-party and party-in-interest transactions. An addendum to the service agreements between the Plan, Betterment LLC, Betterment for Business, and MTG LLC d/b/a Betterment Securities was executed November 9, 2015 whereby the respective services are provided without charge to the Plan or to the Plan's participants and beneficiaries.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2017 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

NOTE I - NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2016, it was discovered that certain participant contributions were not timely remitted to the Plan. The Plan administrator deposited $1,210 into the Plan on November 16, 2016.

The Plan administrator deposited $0.67 of lost interest into the Plan on April 26, 2017, in order to make the affected participants whole.
