NOTES to FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION of PLAN

The following brief description of the **River Rock Academy, Inc. 401(k) Profit Sharing Plan and Trust** (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General

The Plan is a discretionary profit sharing plan with a 401(k) provision covering all eligible employees of River Rock Academy, Inc. and River Rock Day Treatment, Inc. River Rock Academy, Inc. is the Plan Sponsor and is responsible for the oversight of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2016, the Plan was amended and restated, as the Plan changed recordkeepers. Also, effective January 5, 2016, Plan assets were held by a new custodian. Effective January 1, 2017, the Plan was amended to list River Rock Day Treatment, Inc. as a participating employer in order to memorialize its continued participation under the Plan. There were no other significant changes to the Plan.

Eligibility

An employee becomes eligible to participate in the Plan after he or she has obtained age 21. For purposes of salary deferrals, rollover contributions, and employer contributions, the employee becomes eligible to participate in the Plan on the date on which the eligibility requirement is satisfied. In order to be eligible for profit sharing contributions, the employee must also be employed on the last day of the Plan year unless employment has been terminated during the Plan year by reason of retirement, disability, or death.

Contributions

Participant Contributions - Participants may contribute up to the lesser of 100% of their compensation, including bonuses, or the maximum allowed by law. This contribution is in the form of an elective contribution (salary deferral). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Rollover Contributions - Participants may make rollover contributions after meeting the eligibility requirements for participation in the Plan.

Matching Employer Contributions - In addition, with respect to each Plan year, the employer may contribute a discretionary matching contribution to each eligible participant in accordance with the nondiscriminatory formula established by the employer. The employer made discretionary matching employer contributions of \$151,702 and \$117,548 for the years ended December 31, 2017 and 2016, respectively.

Profit Sharing Employer Contributions - With respect to each Plan year, a discretionary profit sharing employer contribution may be allocated to each eligible participant. The profit sharing employer contribution is allocated to each eligible participant in proportion to each eligible participant's compensation after taking into account the employer's contribution to Social Security. For the years ended December 31, 2017 and 2016, no discretionary profit sharing employer contributions were made.

All contributions are invested as directed by each participant according to their investment allocation elections.

NOTES to FINANCIAL STATEMENTS
(Continued)

NOTE 1 - DESCRIPTION of PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions made on his or her behalf, his or her share of any forfeited amounts, and investment results. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined by the Plan's Adoption Agreement and fee schedule. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their salary deferrals including catch-up contributions and rollover contributions, which include actual earnings or losses thereon. If a participant in the Plan terminates employment other than by retirement, disability, or death, employer contributions and earnings or losses thereon vest in accordance with the following table:

Years of Service	Vesting Percentage
Less than 2	0
2	20
3	40
4	60
5	80
6	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the vested balance in the participant's account and bear interest at reasonable rates determined by the Plan Administrator by reviewing the interest rate charged for similar types of loans by other lenders. Principal and interest is paid ratably through bi-weekly payroll deductions. Participants are only permitted to have one outstanding loan at a time.

Retirement Benefits and Distributions

Payment Options - Upon retirement, disability, death, or termination of employment, the participant's account may be paid in a lump sum as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable. Account balances of terminated participants up to \$1,000 may be distributed to them without their consent. In the event of a mandatory distribution, unless otherwise elected by the participant, account balances of terminated participants between \$1,001 and \$5,000 shall be distributed in a direct rollover to an individual retirement account designated by the Plan Administrator. Account balances of terminated participants in excess of \$5,000 may remain in the Plan and are subject to minimum required distribution requirements at age 70½.

Normal Retirement - A participant's account is 100% vested and is payable upon retirement at age 65.

Early Retirement - A participant may choose to retire early upon attaining the age of 55. No accelerated vesting based on age shall be provided prior to the participant's attainment of normal retirement age.

NOTE 1 - DESCRIPTION of PLAN (Continued)

Retirement Benefits and Distributions (Continued)

Late Retirement - If a participant continues working after their normal retirement date, he or she will remain in the Plan as an active member. The participant's account is 100% vested and will become payable when he or she actually retires from active employment, subject to minimum distribution rules at age 70½ or later.

Disability - If a participant becomes totally and permanently disabled, he or she will be 100% vested in their account, regardless of the number of years of service.

Death Benefits - If a participant dies while an active member of the Plan, his or her account is 100% vested and will be payable to the designated beneficiary or beneficiaries. If the participant is married, his or her spouse will automatically become the beneficiary unless the participant specifies otherwise with the written consent of the spouse.

In-Service Distributions - Participants may elect to withdraw all or a portion of the vested account balance of a participant who has not separated from service provided that he or she has attained age 59½ or normal retirement age.

Forfeitures

Forfeitures occur as of the earlier of the last day of the Plan year in which a former participant incurs five consecutive one-year breaks in service or the distribution of a participant's entire vested account balance. Forfeitures may be used to pay Plan administrative costs or to offset the employer's discretionary matching or profit sharing contribution obligation under the Plan. Forfeited non-vested account balances amounted to \$10,728 and \$3,146 at December 31, 2017 and 2016, respectively. Forfeitures totaling \$50 and \$24,234 were used to reduce employer contributions for the years ended December 31, 2017 and 2016, respectively.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP). Current US GAAP standards are contained in the Accounting Standards Codification (ASC) as set forth by the Financial Accounting Standards Board (FASB).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as determined and certified to by the Plan's custodians. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Capital gain distributions and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Results

Interest earnings and fund value increases or decreases are allocated each year to Plan members in proportion to each member's account balance.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

The Plan generally pays for all administrative fees including record keeping services, custodial services, and investment advisory services. The Plan Sponsor may absorb certain other administrative costs of the Plan.

NOTE 3 - INFORMATION PREPARED and CERTIFIED by the CUSTODIANS (Continued)

During the years ended December 31, 2017 and 2016, the Plan's investments in registered investment companies (including gains and losses on investments bought and sold, as well as held during the year), appreciated in value by \$431,774 and \$248,903, respectively.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset and liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016:

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	4,528,563	-0-	-0-	4,528,563

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	3,554,235	-0-	-0-	3,554,235

Level 1 and 2 Transfers

No transfers in and out of Levels 1 and 2 occurred during the Plan years ended December 31, 2017 and 2016.

Level 3 Gains and Losses

There were no level 3 investments as of or during the years ended December 31, 2017 and 2016.

NOTE 5 - TERMINATION of PLAN

It is the intention of the Plan Sponsor that the Plan will continue indefinitely, but the continuance of the Plan is not assumed as a contractual obligation of the Plan Sponsor. The Plan Sponsor may terminate the Plan at any time subject to the provisions of ERISA. In the event of a full or partial Plan termination, affected participants would become 100% vested in their discretionary employer matching and profit sharing contributions.

NOTE 6 - TAX STATUS

On January 1, 2016, the Plan Sponsor adopted a volume submitter profit sharing plan. The Plan has not received a tax determination letter and relies on the advisory letter associated with the volume submitter defined contribution plan document dated March 31, 2014, in which the IRS stated that a plan, designed within the parameters of the volume submitter defined contribution plan document, would be in compliance with the applicable requirements of the Internal Revenue Code (IRC). The volume submitter defined contribution plan document has been amended and restated since receiving the advisory letter. However, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

NOTE 6 - TAX STATUS (Continued)

US GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS and UNCERTAINTIES

The Plan invests in various investment securities. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - RELATED PARTY and PARTY-in-INTEREST TRANSACTIONS

For the years ended December 31, 2017 and 2016, certain Plan investments were in a registered investment company managed by Charles Schwab Bank. Charles Schwab Bank is the custodian for the Plan assets and, therefore, these transactions qualify as party-in-interest transactions. The fair value of the investments managed by the custodian totaled \$52,666 and \$44,119 at December 31, 2017 and 2016, respectively.

As previously discussed, the Plan may issue loans to participants that are secured by participant account balances. Participant loans totaled \$8,521 and \$21,144 at December 31, 2017 and 2016, respectively. Interest income from participant loans was \$620 and \$591 for the years ended December 31, 2017 and 2016, respectively. All of these transactions qualify as party-in-interest transactions.

The Plan pays for certain administrative fees charged by Conrad Siegel Actuaries and Benefit Consultants Group, parties-in-interest to the Plan for the years ended December 31, 2017 and 2016, respectively. These fees do not constitute a prohibited transaction and amounted to \$29,875 and \$24,241, for the years ended December 31, 2017 and 2016, respectively.
