NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Santmyer Oil Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Santmyer Oil Company, Inc. and the related company SOCI Petroleum, Inc., (collectively, the Company) that are at least 21 years of age and have attained three months of credited service, as defined. Once eligible, employees may enroll in the Plan on the first day of the subsequent calendar quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute to the Plan up to 75% of their pre-tax or after-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Effective January 1, 2017, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatically enrolled participants will have that deferral increased annually until a deferral rate of 5% is reached. Also effective January 1, 2017, the Plan changed its matching contributions from discretionary matching contributions determined annually to safe harbor contributions equal to 100% of the first 3% and 50% of the next 2% of compensation that a participant contributes to the Plan. The Company may also authorize discretionary profit sharing contributions to the Plan. These contributions are funded in the year subsequent to their authorization. There were no discretionary profit sharing contributions authorized for the year ended December 31, 2017. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contributions, rollover contributions, allocations of the Company's contributions, and Plan earnings or losses as defined by the Plan agreement. Allocations of the Company's profit sharing contribution are given only to participants employed at the end of the Plan year who have completed at least 1,000 hours of service during the Plan year, and are based upon participants' compensation for the Plan year relating to the contribution. Plan earnings or losses are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts is based on years of credited service, as defined. A participant is 100% vested after 6 years of credited service.

Payment of Benefits

Upon attaining age 59 $\frac{1}{2}$, or termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant's account balance is less than \$1,000, the plan administrator directs the custodian or trustee to make a lump-sum distribution. Distributions of the participant's elective deferral portion of a participant's account balance may be authorized at any time by the plan administrator under certain hardship conditions.

Forfeited Accounts

Forfeited non-vested accounts are used to reduce administrative expenses or to reduce future employer contributions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled approximately \$71 and \$1,300, respectively. During 2017, approximately \$1,825 was used to reduce employer contributions or administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Accounting Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's money market and mutual funds are reported at fair value by TD Ameritrade Trust Company (TD Ameritrade) as of December 31, 2017, and Fidelity Management Trust Company (Fidelity) as of December 31, 2016, the custodian and trustee of the Plan, respectively. The Plan's stable value collective trust fund is reported at fair value by Fidelity as of December 31, 2017 and 2016. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee, and custodian. See Note 4 for discussion of fair value measurements.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Certain assets of the Plan as of December 31, 2017, are held in separate accounts of a trust administered by TD Ameritrade representing investments in a money market fund and mutual funds. Fidelity held a stable value collective trust fund at December 31, 2017.

Assets of the Plan were held in separate accounts of a trust administered by Fidelity as of December 31, 2016, representing investments in a money market fund, mutual funds, and a stable value collective trust fund.

Investment of participant's contributions and the Company's contributions into these investments are at the direction of each participant.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Company is in the process of determining the correction of the excess contributions payable and expects to resolve it prior to December 31, 2018.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Income Taxes

In accordance with GAAP, the plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability for any significant uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2017 and 2016, and for the year ended December 31, 2017, the Plan did not have a liability for unrecognized tax benefits.

Subsequent Events

Plan management has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued.

NOTES TO THE FINANCIAL STATEMENTS

3. INFORMATION CERTIFIED BY TRUSTEE/CUSTODIAN

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by TD Ameritrade and Fidelity, the custodian and trustee, respectively.

The following information included in the accompanying financial statements and supplemental schedule of assets held at end of year was obtained from data that has been prepared and certified to as complete and accurate by TD Ameritrade as of December 31, 2017, and for the period from April 17, 2017, through December 31, 2017, and by Fidelity as of December 31, 2016, and for the period from January 1, 2017, through April 16, 2017.

	<u>2017</u>	<u>2016</u>
Investments – At fair value	\$ 2,999,413	\$ 2,993,890
Interest and dividends	40,933	
Net appreciation in fair value of investments	339,870	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2017 and 2016.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Money market and mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value collective trust fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner, otherwise redemptions are allowable daily with no notice. A full redemption was requested during March 2017 as part of the transfer of Plan assets to TD Ameritrade. Full liquidation and transfer of the stable value collective trust fund was finalized on March 1, 2018.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value are comprised of Level 1 money market and mutual funds at December 31, 2017, totaling \$2,999,413 and a stable value collective trust fund measured using NAV as a practical expedient which totaled \$233,555.

Assets measured at fair value are comprised of Level 1 money market and mutual funds at December 31, 2016, totaling \$2,763,529 and a stable value collective trust fund measured using NAV as a practical expedient which totaled \$230,361.

The Plan did not hold any Level 3 assets during the year.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were managed by Fidelity and TD Ameritrade. TD Ameritrade and Fidelity are the custodian and trustee, respectively, as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

Effective April 17, 2017, TD Ameritrade provides certain administrative services to the Plan pursuant to a service agreement between the Company and TD Ameritrade. TD Ameritrade receives revenue from mutual fund service providers for services TD Ameritrade provides to the funds. This revenue is used to offset certain amounts owed to TD Ameritrade for its administrative services to the Plan.

NOTES TO THE FINANCIAL STATEMENTS

5. PARTY-IN-INTEREST TRANSACTIONS (Continued)

If the revenue received by TD Ameritrade from such mutual fund service providers exceeds the amount owed under the service agreement, TD Ameritrade remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or may remain in the Plan's revenue account until TD Ameritrade is instructed to disburse it. During 2017, there were no excess amounts. The Plan or the Company may make a payment to TD Ameritrade for administrative expenses not covered by revenue sharing.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Plan has adopted a volume submitter plan provided by Fidelity. Fidelity has received an opinion letter dated March 31, 2014, from the IRS stating that the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Effective January 1, 2018, the Company adopted an amended and restated version of its previous Plan document. There were no significant changes to Plan provisions as a result.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. OPERATIONAL ERRORS

The Company is in the process of self-correcting certain operational errors. These errors do not have a material impact on the Plan's net assets available for benefits, and the Company does not expect the errors to affect the Plan's tax status.
