Report on the Financial Statements

We were engaged to audit the accompanying financial statements of SET Environmental, Inc. 401(k) Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company and Fidelity Personal Trust Company, FSB, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Fidelity Personal Trust Company, FSB held the Plan's investment assets and notes receivable from participants as of December 31, 2017, and executed transactions related to these assets for the period October 2, 2017 to December 31, 2017, and that Fidelity Management Trust Company held the Plan's investment assets and notes receivable from participants as of December 31, 2016, and executed transactions related to these assets for the period January 1, 2016 to October 5, 2017. The plan administrator has obtained certifications from the trustees, as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

SET Environmental, Inc. 401(k) Savings Plan

Notes to Financial Statements

December 31, 2017 and 2016

Note 1: Description of the Plan

The following description of the SET Environmental, Inc. 401(k) Savings Plan (Plan) provides only general information. Users of these financial statements should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by SET Environmental, Inc. (Company) and is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation. All employees, except for employees covered by a collective bargaining agreement, are eligible to participate in the Plan. Employees must be 21 years of age to be eligible to participate in the Plan. Through May 15, 2016, eligible employees were automatically enrolled into the Plan at a contribution rate of 4% of pretax compensation. Effective May 16, 2016, the automatic enrollment contribution rate changed to 6% of pretax compensation. Unless eligible employees opt out of the automatic enrollment contribution, the deferral percentage will be increased annually by 1% of pretax compensation, with no limit. Effective September 1, 2017, the annual increase limit changed to 15%.

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation (salary reduction contributions), as defined in the plan document. Participants are permitted to designate a portion or all of the deferral contributions made as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company, at its discretion, may match contributions made by participants on an annual basis. Additional Company contributions may be contributed at the discretion of the Company's Board of Directors. No match or discretionary contributions were made for the years ended December 31, 2017 or 2016. Contributions are subject to certain limitations.

Investment Options

Participants direct the investment of all contributions to various investment options offered by the Plan. The Plan currently offers various registered investment companies, a common or collective trust and a money market fund as investment options for participants. The default investments for automatic enrollment are the registered investment company target date funds.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction contributions, rollover contributions and Company discretionary contributions plus earnings thereon.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan agreement. The Plan provides for normal retirement at age 65 and early retirement on or after attaining age 55 and completing seven years of vesting service. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan. Participants may make withdrawals at age 59½ or for hardship, subject to $500 minimum, prior to termination of employment.

Participants Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. These loans are secured by the balance in the participant's account. The trustee of the Plan will establish the loan interest rates on the first business day of the next month following any change in the prime rate. The loan period cannot exceed five years, unless the proceeds of the loan are used to purchase a primary residence for which the loan period shall not exceed ten years. Principal and interest is paid ratably through bi-weekly payroll deductions.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan and the Company. Additionally, certain employees of the Company provide administrative and trustee services to the Plan and are not reimbursed by the Plan for such services.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions

that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value except for the common or collective trust Stable Value Collective Investment Trust Fund, Series 25157 fund which is fully benefit-responsive and is reported at contract value. The Plan's investments in shares of registered investment companies are valued at quoted market prices. The money market fund is valued at cost, which approximates fair value. The common or collective trust fund Stable Value Portfolio is valued at the net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Note 3: Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*. Fidelity Personal Trust Company, FSB, held the Plan's investment assets and notes receivable from participants as of December 31, 2017, and executed transactions related to these assets for the period October 2, 2017 to December 31, 2017,

and that Fidelity Management Trust Company held the Plan's investment assets and notes receivable from participants as of December 31, 2016, and executed transactions related to these assets for the period January 1, 2016 to October 5, 2017. Accordingly, Fidelity Management Trust Company and Fidelity Personal Trust Company, FSB, the trustees of Plan, have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2017 and 2016
- Investment income components and interest income from participant notes receivable reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017
- Investments and participant loans included in the supplemental schedule of assets (held at end of year) as of December 31, 2017

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 4: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level or any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2017 and 2016.

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Money market funds are valued at cost which approximates fair value (Level 2 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

		Fair Value Measurements at Reporting Date Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2017				
Registered investment companies (included in fair value hierarchy)	$ 19,469,117	$ 19,469,117	$ -	$ -
Investments measured at net asset value (A)	500,400	-	-	-
Total	$ 19,969,517	$ 19,469,117	$ -	$ -
December 31, 2016				
Registered investment companies	$ 14,580,977	$ 14,580,977	$ -	$ -
Money market fund	269,900	269,900	-	-
Investments in the fair value hierarchy	14,850,877	14,850,877	-	-
Investments measured at net asset value (A)	1,290,786	-	-	-
Total	$ 16,141,663	$ 14,850,877	$ -	$ -

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) practice expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2017				
Common or collective trust fund	$ 500,400	$ -	Daily	None
December 31, 2016				
Common or collective trust fund	$ 1,290,786	$ -	Daily	None

Note 5: Stable Value Collective Investment Trust Fund

One of the Plan's investment options is the Stable Value Collective Investment Trust Fund, Series 25157 (the fund), issued by Metropolitan Life Insurance Company (MetLife) to Reliance Trust Company (trustee). The fund is credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fund. Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fund's crediting rate is roughly equal to the contract's yield to maturity. The fund's crediting rate is reset on a periodic basis, usually quarterly using the expected yield of maturity of the underlying contracts. These contracts typically allow for realized and unrealized gains and losses on the underlying assets to be amortized, usually over the duration of the underlying investments, through adjustments to the future interest crediting rate, rather than reflected immediately in the net assets of the fund. The contracts' issuer guarantees that all qualified participant withdrawals will be at contract value.

All of the contracts in the fund are benefit responsive at contract value for all participant-directed transactions.

Note 6: Income Tax Status

Effective October 5, 2017, the Plan began operating under an adoption agreement in connection with a volume submitter profit sharing plan sponsored by Alliance Benefit Group of Michigan Inc. This volume submitter profit sharing plan has been filed with the appropriate agency and has obtained an opinion letter dated November 26, 2014, from the Internal Revenue Service stating that the volume submitter profit sharing plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt as of the financial statement date.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA.

Note 8: Party-in-Interest Transactions

Certain plan investments are managed by the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net depreciation in fair value of investments. Expenses paid to parties-in-interest were $47,529 in 2017.

Note 9: Subsequent Events

Subsequent events have been evaluated through October 5, 2018, which is the date the financial statements were available to be issued.
